PULLED UP THEIR STAKES

The Council of East Toronto Village Interferes With the Progress of the Toronto Railway Company Toward Munro Park.

The committee representing East Toronto Council has intimated to the Toronto Street Railway that it intends to stick to the stand it took at the last meeting of the council, viz., to concede to the company the right of way along Queen-street to Munro Park, only when the railway gave the single fare to the city on the Scarboro line, and restored the system of 8 limited tickets for the quarter. To demonstrate that this letter was no mere tissue of words, the committee last evening went down to Queen-street and jerked up the stakes which the company's surveyors had put in the ground, between Balsam and Beach-avenues, to mark their proposed line to the Park. One of the committee who was seen on Saturday morning, said that if the Toronto Street Railway Company refused to grant the requested single fare, he was of opinion that the G.T.R. authorities could be induced to put the suburban in running order again by lowering the assessment on the company's large property in East Toronto. Owing to the abandonment of that service, which, he believed, was paying its way, but not bringing in profits, the village, he declared, had lost ground in its population. The councillor said that no doubt the village would waive the question of the eight tickets, but on that of the single fare it would stand as firm as a rock.

SCHOOLS BOUNDARY CASE.

There Seems to Be Good Feeling Between East Toronto and Little York.

Arbitrators School Inspector Fotheringham, T. F. Wallace, reeve of Woodbridge, and J. G. Harvey of Todmorden met at Little York on Saturday, morning to adjudicate in the matter of the boundary dispute between schools No. 6 of East Toronto and No. 26 of York. Representations were received from the latter, stating the territory which it was desired to have incorporated with it and from the council and School Board of East Toronto as to what the village is willing to concede. A portion of school section No. 6 lies north of the G.T.R. tracks, and to reach the school, some 40 children had either to cross a dangerous bridge or pay extra for their teaching in the nearer but distinct school section of York. It was to remedy this that the arbitration was convened. The best of feeling prevailed, and an agreement was quietly reached as to the extent of the boundary. It lies to the north-west of the village, and is assessed at $175,000. The court will meet again on May 20, at County Council Chamber, when the few remaining formalities will be concluded.

THE IMPENDING ELECTIONS.

Where Voters' Lists Can Be Seen—Those Who Are Entitled to Vote.

Scores of inquiries are every day being made at the City Hall and elsewhere by citizens desirous to know if they have votes for the impending elections. The City Clerk has nothing to do with the Dominion lists and is not in a position to give information. A complete list of the city, East and West York voters and of a number of outside constituencies can be seen at the Conservative Club, 12 and 14 Melinda-St.

The lists on which the election will take place were settled 18 months ago. With a few exceptions all who were qualified to vote at the last general election for the Legislative Assembly will be voters for the House of Commons and in respect of the same ad-ress. This includes all the manhood franchise voters who registered by personal attendance. In looking for a name, the address of about 2 years ago should be given. Non resident property owners and tenants are also entitled to vote in Dominion elections.

THREE DAYS IN OPEN BOATS.

The Distressing Voyage of the Crew of the British Bark Centaur.

San Francisco, May 9.—The steamer Monowai, which arrived to-day brings advices from Honolulu, under date of April 29, to the effect that on the 26th of April the captain, first mate and second mate and the crew of 21 men of the British bark Centaur arrived at Hilo after a distressing voyage of nine days in two open boats. The Centaur was laden with wheat from San Francisco for Marysborough, Queensland. The cargo caught fire and the vessel was abandoned on the 18th, being then 800 miles from Hilo.

A Heavy Failure.

Akron, O., May 9.—Ferdinand Schumacher, the millionaire oatmeal king, president of the American Cereal Co. of Chicago, the Schumacher Gymnasium Co. of this city, the Marseilles Land and Water Power Company, the Illinois River Paper Company of Marseilles, Ill., and the Tennessee Land Company of Harriman, Tenn., assigned this afternoon. The liabilities are estimated at $1,500,000 and the assets at $3,000,000. The assignment was a voluntary one.

Still Chasing Ras Sebath.

Rome, May 9.—A despatch has been received at the War Office from Gen. Baldissera, commanding the Italian corps in Abyssinia, stating that Col. Stevahi is continuing the pursuit of Ras Sebath, the Abyssinian leader who was defeated a few days ago by the Italians.

Death Came Suddenly.

Port Hope, May 9.—George Walkey, long-time and respected resident of this district, died suddenly at the breakfast table in his home on Strachan-street this morning. Deceased, who all his life was a farmer, was about 70 years of age. He came to this country with his father from Cornwall, England, about 50 years ago and settled in Pickering.

They have a great reputation for the cure of Dyspepsia and Liver Complaint." Mr. Chas. A. Smith, Lindsay, writes: "Parmalee's Pills are an excellent medicine. Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago:

Wheat—The market has ruled firm all day. St. Louis parties bought heavily at the opening. Damage reports by hot winds and bugs came in thick and fast from winter wheat districts. Commission houses had buying orders from southwestern connections. Reports from Red River Valley told of damage to wheat by wet weather. On the rise there was some realizing by early buyers, but no pressure to sell. Market has a strong undertone, and we would advise buying. Northwest receipts were 351 cars to-day, an increase over last year of 177 cars. Private cables quoted wheat steady to ¼d lower, and closing Liverpool spot and future wheat steady. The range to-day was between 63⅝c and 64½c, closing at 63⅝c to 63⅞c July.

Corn and oats were higher to-day. We think that they are low enough, and should be bought at these prices.

Provisions lower. Receipts of hogs overran the estimates. New York sold July lard and pork freely. Cudahy sold ribs. Receipts to-day, 21,600, and estimated for Monday, 38,000.
