OUR OWN COUNTRY.

Items of General Interest Received by Mail and Wire.

There was a heavy snowfall east of Belleville yesterday.

There are 810 telephones in use in Hamilton and Dundas.

Rev. George Grant, of Simcoe, has been appointed inspector of the new school district of Parry Sound.

There are but four cases of smallpox at Smith's Falls, and the Kingston nurses have returned home.

Octave Cossette's mill and factory at Valleyfield, Que., was destroyed by fire Friday morning. Loss, $50,000; insurance, $40,000.

The Brush Electric Co. of Cleveland were on Friday awarded the contract for supplying the plant for the Kingston Electric Light Co.

The rain of the last three days has caused severe freshets in the Belleville district. Part of the Midland division of the Grand Trunk has been washed out.

Gustave Mercier, of the Banque Nationale, Montreal, confessed after his arrest in New York to the embezzlement of $16,000, but as he could not be extradited he was discharged.

La Presse, of Montreal, says Sir Hector Langevin has caused the sale of the pamphlet "Le Metier De Ministre" written against him, to be prohibited on Canadian Pacific trains.

Large quantities of butterine arrive daily at Montreal. Much of it is being sold as genuine butter, and a charge of fraud in connection therewith is now being investigated against a Montreal merchant.

The Nova Scotia house of assembly has passed the second reading of a very stringent license measure by an almost unanimous vote. It is much more stringent than either the Scott act or Canada Temperance act.

The New Brunswick legislature was prorogued and dissolved on Friday. Nominations 19th inst., elections 26th. Among the bills assented to was one enabling unmarried women and widows to vote at municipal elections.

Hamilton's custom receipts for March, 1886, were $94,481.77, against $65,891.52 in the corresponding month of last year. The inland revenue receipts were $14,515.98, against $24,818.30. The increase in the first quarter of the year compared with the first quarter of last year is $98,200.70.

A solemn anniversary requiem service for the repose of the soul of Father Fafard, one of the missionaries murdered at Frog Lake, was chanted at St. Cuthbert, Que., his native place, Friday morning. Among those present were Archbishop Taché, Bishops Fabre, Lafleche and Grandin.

The Halifax city council has voted to purchase Dalhousie college building for a city hall, for the sum of $25,000 and a block of city property in the south end of the city. Ex-Chief Justice Sir William Young gives $20,000 towards a new college building.

Edmund, second son of John Bowes, Elora, was bathing a horse a night fore leg when he suddenly fell forward, causing the horse to plunge and kick the lad so severely as to break his right leg, cut his head and terribly bruise his body. Mr. Bowes was present, and was also badly hurt in endeavoring to rescue his son. Young Bowes lies in a precarious condition.

—Weak lungs, spitting of blood, consumption and kindred affections, cured without physician. Address for treatise, with 10 cents in stamps. World's Dispensary Medical Association, 663 Main Street, Buffalo, N. Y.

Stephen English.

From the Instigator.

Stephen English, editor of the Insurance Times, died at his home, No. 874 Lafayette avenue, Brooklyn, N.Y., March 24, after a long illness, aged 65 years. Mr. English had been a prominent figure in insurance journalism in this country for over twenty years, and in many respects was a most remarkable man. He was a man of strong convictions and always fearlessly displayed the courage of these convictions. He was a good friend and a most uncompromising enemy. Socially he was genial and kind-hearted. He was the friend of the poor, the down-trodden and the oppressed.

Mr. English was born in the county of Clare, Ireland, in 1821. He was educated in Trinity college, Dublin, and after graduating at that institution went to England, where he was appointed chief constable at Leeds and Newport, a position he held for about twenty years. While occupying this office he received a handsome medal from the Humane society for bravery displayed in saving some person from drowning near Yarmouth. He came to this country about twenty-five years ago, and shortly after coming to New York became the editor of the Insurance Monitor. After severing his connection with that paper he started the Insurance Times in January, 1868.

Mr. English had no relatives in this country, but had a sister and several nephews and nieces in Ireland. He leaves considerable property, both real and personal, among the latter being a rare and most valuable collection of steel and other engravings, bronzes and valuable brio-a-bráo.

—A. S. Smith, the hat manufacturer, has received the style of silk hat for spring both in American and English, in which he is prepared to fill orders either in the easy fitting wire brim or the regular solid brim. Ask your hatter for the wire brim hat in best quality. edx

Grip on Sunday Concerts.

From the Dominion Churchman.

Grip is responsible for the following: "The learned pastor of the Bloor street Methodist church, and his scholarly brother of the Carlton ditto, are said to be greatly interested over the following fragment lately exhumed at Athens—'Paul the apostle, will preach at Mars Hill to-morrow, at 7 a.m., subject, 'The great Unknown.' The Macedonian quartet will sing. Star soloist. Full chorus. Organ and cornet accompaniment.'" It is coming to "a pretty pass" indeed, when Grip has to look after the manners and customs of religious bodies!

But Grip would have said not a word if the musical advertisements he enforces had been put out by the god of his idolatry—Mr. Howland.

—Mr. John McCarthy, Toronto, writes: "I can unhesitatingly say that Northrop & Lyman's Vegetable Discovery is the best medicine in the world. It cured me of heartburn that troubled me for over thirty years. During that time I tried a great many different medicines, but this wonderful medicine was the only one that took hold and rooted out the disease."

Mr. Mundella, president of the Board of Trade, stated in the imperial house of commons yesterday afternoon, that the government had ordered a thorough investigation to be made into all the circumstances attending the loss of the steamer Oregon.

Hoarseness and Bronchitis.

—Among the many remedies used for the cure of coughs and colds, none more speedily gains the confidence of the sufferer than "Hallamore's Expectorant." For hoarseness and bronchitis its rapid effect is surprising. In private sale during 25 years it has gained for itself an enviable reputation and produced wonderful results. In 25 cent bottles at all drug stores. edx

A bill enfranchising the police passed its second reading in the house of commons Wednesday evening. It is understood that it will be amended so as to exclude the Irish constabulary.

—One trial of Mother Graves' Worm Exterminator will convince you that it has no equal as a worm medicine? Buy a bottle, and see if it does not please you.

The Grashdinan newspaper of St. Petersburg advocates a Russian military occupation of Bulgaria on a basis similar to that on which Austria occupies Bosnia.

The Russian fleet only left Suda bay to replenish. An order for their return has been issued. Russia is acting in accord with the powers.

—Hard and soft corns cannot withstand Holloway's Corn Cure; it is effectual every time. Get a bottle at once and be happy.

The Turks are hastening to put the final touches on their war preparations previously to the making of a demonstration against Greece.

A. H. West and Jesse Collings, liberal members for Ipswich, have been unseated on charges of illegal electioneering practices.

It Acts Like a Charm.

—Ex-Ald. George Evans, 449 Queen street west, testifies to the efficacy of "Hallamore's Expectorant" as follows: "It is undoubtedly far superior to all other advertised remedies for coughs and colds, especially in the case of children, with whom it acts like a charm." edx

The labor riots in Belgium are said to have been nothing but an anarchist saturnalia.

—Joseph Rusan, Perry, writes: "I was induced to try Dr. Thomas' Eclectric Oil for a lameness, which troubled me for three or four years and found it the best article I ever tried. It has been a great blessing to me."

FEATHERY FUN.

When the bakers rise they follow the example of the yeast.

Few things make the whole world look smiling to a man like putting on an old pair of trousers and finding a ten-cent piece in the pocket.

No, gentle reader, "The Last of the Mohicans" has nothing to do with the shoe-shop. The Mohicans tabooed shoes early in life.

The approach of spring makes very little difference on the temperature of a red-haired woman when something occurs to make her angry.

Don't despise the "journalist." After a little of his freshness has worn off he can be taken in hand, and perhaps will turn out a very fair newspaper man.

Science has recently made some wonderful strides, but up to the hour of going to press the actual horse-power of an auctioneer's jaw is still an unsolved mystery.

At almost every great crisis some intrepid soul is found to mesh the emergency, and in every group of politicians one man is found with a bag full of chewing tobacco.

The difference between the habitual drunkard and the habitue of Wall Street is this: The former takes no stock in water, while the latter does take water in his stock.

"Are you on time, George?" asked the familiarly loquacious passenger of the conductor, who never saw him before in his life. "No, sir," was the polite answer. "We are on wheels."

If the gentleman who brought in the original poem on Spring yesterday and carried off the tap on the right toe of the editorial boot as he flew down stairs will return the latter to the office he will be liberally rewarded.

Miss Eugenia—"Ah, tell me, Mr. Fogg, did you ever have your horoscope cast?" Mr. Fogg—"Well really, Miss Eugenia, I can't say that I ever had any. My parents were not very well off, and I don't think they ever bought one for me."

The victorious in a Maine municipal election assembled for a little celebration on the eve of election day, and some wax mixed a lot of yeast with their beer. When captured he explained that he was only helping in his humble way to swell the majority.

A cattle dealer in Pomerania was trying to teach a calf to drink by letting it suck his fingers. In the operation the calf sucked off a ring from the hand of the dealer, who didn't then notice the loss. He sold the animal, and a week after read in the Butchers' Gazette that in the stomach of a calf slaughtered in Berlin his ring, minutely described, had been found.

—Severe colds are easily cured by the use of Bickle's Anti-Consumptive Syrup, a medicine of extraordinary penetrating and healing properties. It is acknowledged by those who have used it as being the best medicine sold for coughs, colds, inflammation of the lungs, and all affections of the throat and chest. Its agreeableness to the taste makes it a favourite with ladies and children.

The trial of the socialists implicated in the Hyde park riots will begin on April 6.

Public Notice.

—All testimonials in favor of Hallamore's Expectorant are from well known residents of Toronto. Mr. S. J. Willcock, 199 Spadina avenue, says: "I have used Hallamore's Expectorant for coughs and colds for thirteen years, and would not be without it. It never fails to cure me." edx

Slavery has been abolished in Corea.

The roof of a theatre at Heromal, Japan, recently fell in and killed 150 people.

The municipal council of Paris has voted 3,000,000 francs towards the fund for the exhibition in 1889.

—So rapidly does lung irritation spread and deepen, that often in a few weeks a simple cough culminates in tubercular consumption. Give heed to a cough, there is always danger in delay, get a bottle of Bickle's Anti-Consumptive Syrup, and cure yourself. It is a medicine unsurpassed for all throat and lung troubles. It is compounded from several herbs, each one of which stands at the head of the list as exerting a wonderful influence in curing consumption and all lung diseases.

They Should Have Swapped Hands.

From Temple Bar.

Two sisters with their arms entwined, there stand
Before a fortune-teller, bowed with age,
Who slowly turns with feeble, faltering hand
The cards prophetic, like a mystic page.

One dark, one fair, and both fresh as the morn;
One like the flower which blooms in autumn late,
The other like to spring's pale, sad first-born.
Together there they wait to learn their fate.

"In life, alas! I see no joy for thee,"
The gypsy said to her, the dark-eyed maid;
"Tell me, I pray, will he at least love me?"
"Yes." "That alone is happiness," she said.

"Love on thy heart shall shed no gladdening ray,"
The gypsy said to her with snow-white brow;
"Shall I love him at least, tell me, I pray?"
"Yes." Then for me that will be bliss enow."

—*From the French of Coppee.*

Catarrh.

—Catarrh, on account of its prevalence in this country, is attracting a good deal of attention, more especially now when there is a probability of a visit from cholera, for where either is a muco-purulent discharge, such discharge forms a nidus very inviting for cholera germs, and very favorable for their reproduction in a more virulent form, thus placing sufferers from catarrh at a great disadvantage in the event of a cholera visitation.

Catarrh is a contagious disease. It is a muco-purulent discharge, caused by the presence of a vegetable parasite in the lining membrane of the nose. These parasites reproduce themselves in great multitudes, and each generation is more virulent. They spread up the nostrils and down the fauces or back of the throat, causing ulceration of the throat, up the eustachian tubes, causing deafness, burrowing in the vocal cords, causing hoarseness; usurping the proper function of the bronchial tubes, ending in pulmonary consumption and death.

The reason that catarrh has become so prevalent a disease is entirely due to the fact that it has not been understood. Physicians have been unanimous in treating it as a simple inflammation of the membrane and have signally failed to produce cures, but microscopic research has revealed the presence of the parasite, and now sufferers from this disease who appreciate the fact that it is by way of its secondary effects a most deadly one, will be glad to learn that a wonderfully successful treatment has been formulated, whereby the most aggravated cases of catarrh have been permanently cured in from one to three simple applications. The interesting pamphlet descriptive of this new treatment, from which we glean the above, is sent free to all applicants on receipt of stamp by A. H. Dixon & Son, 305 King street west, Toronto, Canada. -The Star 15

Timber Sale.

Take notice that there will be offered for sale, subject to a reserve price, at Public Auction at the Queen's Hotel, in the Village of Forest, in the County of Lambton, in the Province of Ontario, on WEDNESDAY, the 14th day of APRIL next, at 2 o'clock p.m., all the Cedar of seven inches in diameter and over at the butt, and all other saleable Timber of thirteen inches in diameter and over at the butt, *excepting Birch and Maple*, on the Indian Reserves at Kettle Point and on the River Aux Sable, in the said County of Lambton.

The purchaser, in addition to the price paid as bonus (which must be in cash at the time of sale), will also be required to pay dues on all timber cut on the Reserves, according to the ordinary Tariff of Dues of the Department, and an annual ground rent of $1 per square mile.

The purchaser will also be required to furnish security by a bond to be executed by himself and two responsible parties as sureties that he will work the limit continually and otherwise comply with the conditions of the License, which will not be renewed after the expiration of the year ending 30th April, 1889.

L. VANKOUGHNET,
Deputy of the Supt. General of Indian Affairs.
Dept. of Indian Affairs,
Ottawa, 17th March, 1886. 36-51

Notice.

Sealed Tenders, addressed to the undersigned, and endorsed "Tender for Indian Supplies," will be received at this office up to noon of TUESDAY, 20th APRIL, 1886, for the delivery of Indian Supplies during the fiscal year ending 30th June, 1887, consisting of Flour, Bacon, Beef, Groceries, Ammunition, Twine, Oxen, Cows, Bulls, Agricultural Implements, Tools, &c., duty paid, at various points in Manitoba and the North-West Territories.

Forms of tender, giving full particulars relative to the Supplies required, dates of delivery, &c., may be had by applying to the undersigned, or to the Indian Commissioner at Regina, or to the Indian Office, Winnipeg.

Parties may tender for each description of goods (or for any portion of each description of goods) separately or for all the goods called for in the Schedules.

Each tender must be accompanied by an accepted cheque in favor of the Superintendent-General of Indian Affairs on a Canadian Bank for at least five per cent. of the amount of the tenders for the Manitoba and North-west Territories, which will be forfeited if the party tendering declines to enter into a contract when called upon to do so, or if he fails to complete the work contracted for. If the tender be not accepted the cheque will be returned.

Tenderers must make up in the money columns in the Schedule the total money value of the goods they offer to supply, or their tender will not be entertained.

Each tender must, in addition to the signature of the tenderer, be signed by two sureties acceptable to the Department, for the proper performance of the contract.

In all cases where transportation may be only partial by rail, contractors must make proper arrangements for supplies to be forwarded at once from railway stations, to their destination in the Government Warehouse at the point of delivery.

The lowest or any tender not necessarily accepted.

GRATEFUL—COMFORTING.
EPPS'S COCOA.
BREAKFAST.
"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctor's bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—"Civil Service Gazette."
Made simply with boiling water or milk. Sold only in packets by Grocers, labelled thus: JAMES EPPS & Co., Homœopathic Chemists, London, England.

I CURE FITS!
When I say cure I do not mean merely to stop them for a time and then have them return again, I mean a radical cure. I have made the disease of FITS, EPILEPSY or FALLING SICKNESS a life-long study. I warrant my remedy to cure the worst cases. Because others have failed is no reason for not now receiving a cure. Send at once for a treatise and a free bottle of my infallible remedy. Give Express and Post Office. It costs you nothing for a trial, and I will cure you. 44 Dr. H. G. ROOT,
Branch Office, 37 Yonge St., Toronto.
