S.S. GREAT EASTERN, Sept. 6th, via LONDON.

We are close to the Skillings, going to buoy, and hope to make the final splice to-day. The cable is in perfect condition.

—LONDON, Sept. 7.

Mario, the famous tenor, has been arrested in Venice for violation of the press law. His residence has been searched and he has been taken to Turin for examination.

It is stated that the Carlists are blockading Pampeluna.

A fire in Mclnengen, Germany, destroyed half the place; loss on buildings 3,000,000 thalers. Upwards of 700 families are homeless, and there is great destitution among them.

—LONDON, Sept. 8.

THE SPANISH CIVIL WAR.

Marshal Serrano will soon take command in person of the Army of the North.

Carlists are stated to be blockading Pampeluna.

EPITOM MACMAHON.

Advices from France report the suspension of *L'Univers* by the Government for the recent publication of a bitter article against President Serrano.

PLAGUE.

The Portuguese Minister of the Interior has issued a notice that Arabian ports on the Red Sea are infected with a plague.

THE NEW CABLE.

Favorable news regarding the progress in laying the new Anglo-American cable has been received from the Faraday. The cable was once broken and lost, but was afterwards recovered, and at last accounts the insulation was perfect.

—NEW YORK, Sept. 8.

Grit Bribery—The P. E. I. General Confesses to Corruption—The Quebec Government.

—OTTAWA, Sept. 2.

The Cornwall controverted election trial concluded satisfactorily. In the course of the evidence of the Postmaster General, he admitted having promised to find employment for Duncan Macdonald, if he voted for respondent, and he actually gave him a berth in his own department. Judgment was given this morning, when the Court declared that the election was void, on the ground of bribery by the agents of the respondent, Macdonald, who is condemned, to pay costs.

The Commissioners of International Revenue, House of Commons, meet next week.

It is said Dube, who was sent to canvass in Napierville election, will be recommended for Chief Messenger over heads of old servants.

Agent General Jenkins arrived at Quebec and is expected at Ottawa to-morrow.

The Governor General arrived to-night. Hon. Mr. Robertson having resigned, it is said the whole Quebec Government has resigned.

The Opposition are not strong enough to form a Government except a coalition.

Card and Cabinet Photos, in cameo and enamels, at Notman's.

A Historical Society to be formed.

Several gentlemen have arranged to meet in the Mechanics' Institute to-morrow evening for the purpose of forming a Historical Society. The idea is to affiliate it with the Mechanics' Institute—the Directors having offered their room for the Society's meetings on certain conditions. The society will devote its attention at first to the collection of documents, etc. relating to the history of New Brunswick. Gentlemen who have been searching out the early history of the city and Province have found many valuable documents and much information. They are willing to place what they have in the hands of the Society, and, in a short time, no doubt, much more would be added. Joseph Lawrence, Esq., is a prominent mover in the affair, and has given the subject a great deal of study. His collection of old papers, &c., is said to be very large. He has been engaged to lecture in the Mechanics Institute course, and will discuss the first fifty years of our history. The question of a Historical Society has been frequently mooted; and this effort to organize one will probably be successful.

The Moheur Stabbing Affray.

The Magistrate at 2 o'clock this afternoon gave his decison in the above case. He adjudged John McCarthy guilty of stabbing McDonald, and sentenced him to six months in the Penitentiary with hard labor. In sentencing him the Magistrate said he took the evidence of Captain Calhoun rather than that of the man who was stabbed. Had McDonald remained at the wheel instead of going into the forecastle—no doubt for a drink—the affair would not have happened. He hoped that henceforth and forever he (McCarthy) would eschew liquor, and when he came out of prison would resolve to lead a sober life. The young man seemed to feel the position in which he was placed, and was visibly affected by the Magistrate's remarks.

LIBERALITY OF PHYSICIANS.—It has always been said that physicians would disparage any remedy, however valuable, which they did not originate themselves. This has been disproved by their liberal course towards Dr. J. C. Ayer's preparations. They have adopted them into general use in their practice, which shows a willingness to countenance articles that have intrinsic merits which deserve their attention. This does the learned profession great credit, and effectually contradicts the prevalent erroneous notion that their opposition to proprietary remedies is based in their interest to discard them. We have always had confidence in the honorable motives of our medical men, and are glad to find it sustained by the liberal welcome they accord to such remedies as Ayer & Co.'s inimitable remedies, even though they are not ordered in the books, but are made known to the people through the newspapers.—*New Orleans Delta.*
