CLIFFORD'S SECOND SPECIAL.

Rey El Santa Anita Easily Beaten in a Two Horse Race.

Gravesend Race Track, Sept. 28.—There were 18 horses originally entered in the Speculation, but only four faced the starter's flag. Arapahoe and Harry Reed ran like a team for a quarter of a mile. Arapahoe took the lead at the stretch and won easily by two lengths. The Second Special for $2000 had in it Clifford and Rey El Santa Anita. Clifford was a prohibitive favorite. The race was nothing more than an exercise gallop for Clifford, who romped over the course, leading from flag fall to finish. He won, eased up by a length. Summaries:

First race, 3-4 mile—Preston, 111 (Griffin), 6 to 1, 1; Harrington, 122 (Simms), 6 to 5, 2; Stonenellie, 108 (Reagan), 15 to 1, 3. Time 1.15 1-2. Integrity, Illusion, The Sage, Pop Gray, Captain T. also ran.

Gravesend Races.

Gravesend Race Track, Sept. 28—The weather was decidedly cool at the race track to-day. The card was unusually attractive, however, and more than the usual Saturday crowd was on hand. The features were the Second Special, with a number of cracks in it, and the Speculation Stakes.

There were 18 horses originally entered in the Speculation, but only four faced the starter's flag. Arapahoe and Harry Reed ran like a team for a quarter of a mile. Arapahoe took the lead at the stretch and won easily by two lengths. The Second Special for $2000 had in it Clifford and Rey El Santa Anita. Clifford was prohibitive favorite. The race was nothing more than an exercise gallop for Clifford, who romped over the course, leading from flag fall to finish. He won eased up by a length. Summaries:

First race, 3-4 mile—Preston, 111 (Griffin), 6 to 1, 1 Harrington, 122 (Sims), 6 to 5, 2; Stone Nellie, 108 (Reagan), 15 to 1, 3. Time, 1.15 1-2. Integrity, Illusion, The Sage, Pop Gray, Captain T. also ran.

Second race, 1 1-16 mile—Dear Slayer, 107 (Doggett), 7 to 2, 1; April Fool, 109 (Griffin), 1 to 2, 2; Sabilla, 107 (Reiff), 2 to 1, 3. Time, 1.52 3-4. Three starters.

Royal Toronto Sailing Skiff Club.

On Saturday afternoon the re-sail came off in the 18-foot class under the auspices of the Royal Torontos. There was a heavy southeast wind, with a big sea rolling. The competitors were Ethel, Algonquin and Frou Frou. The start was at 3 p.m. On approaching the line the bottom pin of the rudder post of the Ethel broke off, but she worked on and soon had one in its place. Frou Frou went aground, but worked off after a little delay, so the Algonquin got away first and had a big lead on the others, but Frou Frou soon picked up and was in the lead on the first round. The Ethel started 17 minutes after the others. The finish was in the following order: Frou Frou, Algonquin, Ethel. The regular monthly meeting of the club will be held on Tuesday, Oct. 1, at 8.30 p.m. in the club-house.

Sailing in a Gale

On Saturday afternoon the four N.Y.S. C. class races were sailed. The wind, though blowing a strong gale did not prevent the boats from starting at 3 o'clock. In the special class the Florence won. The first-class boats did not finish the course. In the second the Halcyon won and in the third the Wilmot. In the evening a grand smoking concert was given to wind up the season's sailing with the distribution of prizes to the lucky winners. A choice program had been arranged, consisting of the very best of talent: S. Wellwood's orchestra; C. H. Fielding, reader; H. Bennett, comedian; T. Corrigan, clog dancer; W. Franks, 'cello solo; E. P. Kelly, banjo solo; W. Young, reader; H. Howle, J. Oldham, A. Prosser and C. Abbey, songs, and C. Davis, accompanist.

Young Caps Defeat Cornwall.

Ottawa, Ont., Sept. 28.—The Young Capitals defeated the Cornwalls this afternoon 6 to 1. Only three of the regular Cornwall's team were on—Broderick, Lewis and Tobin. But the Cornwalls had a pretty lively team and made better play than the score indicated, though they were largely on the defensive. The Capitals were short of Pat Murphy. At times the home put up beautiful combination work. The defence, however, was ragged. The weather was cold and only about five hundred were out. Mike Egan was referee. If the Capitals defeat the Nationals next Saturday in Montreal they will be intermediate champions.

A Mile in 151 3 4.

Waltham, Mass., Sept. 28.—Two new world's records were made on the Waltham cycle track this afternoon, Eddie Mr Duffie of Malden and Nat Butler of Boston, always the bitterest of rivals, mounted the same tandem twice in one day and pushed it faster each time than a similar wheel ever before had gone under the conditions. In the first attempt a mile was made in 1.51 3-4 seconds, beating the record a whole second, with a quadruplet setting the pace. Their second attempt was for an unpaced half mile, they going in 53 4-5 seconds, beating the old world's record of O'Connor and Rhodes. Sanger's hold upon the unpaced mile record of 2.07 2-5 remains his still. Maddox, the fast Asbury Park man, tried to beat it, but could not do better that 2.18.

ENGLISHMEN 206 BEHIND.

PHILADELPHIA SCORES 404 IN THE FIRST INNINGS.

Bohlen Credited With 115 Runs, Patterson 74, Noble 57 and Cregar 35—Oxford-Cambridge Make 49 for the Loss of Two Wickets in Their Second—Looks Like an Innings Defeat.

Philadelphia, Sept. 28.—Perfect weather, a crowd of 10,000 people and a great batting exhibition by the home eleven were the features to-day in the International Cricket Club at Haverford. When play ceased last evening the Philadelphias had made 98 without the loss of a wicket, and when their last wicket went down this afternoon they had put together the fine total of 404 runs, 206 more than the Oxford-Cambridge teams' first innings netted them. The Englishmen started their second innings, and when play ceased for the night they had scored 49 for two wickets. The play of the Philadelphians to-day at the wickets was excellent. The crease favored them some, despite the all day's play upon it yesterday, and it held good throughout. They also showed much greater confidence than in the last match and punished the English bowlers unmercifully. As the score mounted the Englishmen's fielding also grew loose, and several times their wild throws to the wicket netted a boundary hit, and a number of chances were missed in the field. Score:

The Granites L. T. Championship.

The championship of the Granite Club was decided Friday afternoon, when Mr. F. G. Anderson again carried off the cup and medal, defeating Mr. S. Forde, his competitor in the finals, by 3—5, 6—1, 6—4, 6—4. The tennis put up by both players was exceedingly good, and the score is an indication that the players are as nearly even as possible. Forde plays a hard baseline game and also lobs fairly well, while Andersons volleys at every opportunity and smashes very hard. Forde serves probably better than any man in the city and his cross counting at times is grand, although he does not try to pass his opponent at the net enough.

Brown Bros. Bicycle Race.

The employes of Brown Bros., of King-street east, held a 10-mile handicap bicycle race on Saturday afternoon from the 5mile post, five miles and return. There were 10 starters, of whom the first three to get home were: Ernest Carr, 1, W. Robinson 2, W. Macdonald 3. The best time, ie., 35 minutes, was made by the scratch man, Mr. E. R. Lee. After the race a number of valuable prizes were given away in the parlor of the Ontario House, which was crowded with friends of the competitors, among whom were a number of ladies. The prizes, which included a handsome solid silver cup, a silver flower urn, a pair of boxing gloves, a parlor lamp and a silver salt and pepper set, etc., were presented by Mr. Henry Brown, senior member of the firm. In awarding the cup to Mr. Ernest Carr, Mr. Brown said that it had been donated by the firm to be competed for each year and to become the property of the holder would have to be won three times. The silver urn fell to W. Robinson. Mr. Brown, whose speech was full of humor, was loudly applauded. Mr. Roden, secretary of the club, also made a capital speech.

THE NEW YORK A.C. GAMES

ONLY A SINGLE VICTORY FOR THE ENGLISHMEN.

Wilkins Wins the 1 1-2 Mile Race, Having 40 Yards Start on Orton—New Records by Wefers and Chase—Cambridge Athletes Did Not Compete—An Enormous Crowd.

Travers Island, Sept. 28.—The 55th semi-annual games of the New York Athletic Club were held to-day at Travers Island. The weather was clear and pleasant, and between 6000 and 7000 persons availed themselves of invitations, as there were no charges for admission. In addition to American talent, which was well represented, the presence of several members of the London Athletic Club added interest to the meeting, and it was hoped that the advent of cooler weather would have been more to the Englishmen's taste, and that they would recover some of the laurels lost by them on Manhattan Field. With one exception, however, the Londoners failed to retrieve their fallen fortunes.

Starting in seven out of the 10 events, the wearers of the green and gold won one first, one second and were unplaced five times. The defeat of the mighty Bradley in the 50 yards was quite unexpected, but it must be said in justice to the English champion, he got the worst of a wretched start, being left fully a yard, and that he finished with a magnificent burst of speed and was beaten only by inches for second place. Shaw's close finish with Chase at Manhattan Field last Saturday induced many to believe that the English champion would overthrow the American to-day, but the Londoners' captain did not make nearly so good a showing as on the first meeting, and scarcely did inside 16 seconds.

The one bright particular star in the firmament of the London A.C. just now is E. J. Wilkins, who ran so pluckily with Conneff last Saturday. The one and a half mile to-day developed one of the finest and most exciting finishes ever seen at Travers Island, Wilkins beating out Orton, the Canadian, by a foot. In the other events the Englishmen were completely outclassed.

The absence of the Cambridge men who were all entered in the different events on the programme was a disappointment, as none of them started.

E. B. Wefers, the conqueror of Bradley and Crum, made his third world's record to-day by covering 300 yards in 31 1-5 seconds, which beat Lon Meyers' American record of 31⅗ seconds and Woods' English record of 31½ seconds for the distance.

Stephen Chase earned his world's record to-day of 21 2-5 seconds in the 120-yard hurdle race. He made the same time last Saturday, but it was not allowed as a record by the A.A.U., he having knocked a hurdle. He made no mistakes to-day and deserves the full credit of this magnificent performance. Chase also placed the 220-yard hurdle to his credit. The field events, with one or two exceptions, call for no special mention. M. K. Sweeny won the high jump with six feet two inches, and failed in an exhibition jump at six feet six inches. Summaries:

Fifty-yard run, scratch—C. T. Stage, N. Y.A.C., 1; C. A. Bradley, London A.C., 2; E. P. Bloss, N.Y.A.C., 3. Time 5 4-5s.

FEAST OF ST. MICHAEL.

Just Fifty Years Since the Corner Stone of the Cathedral Was Laid.

The feast of St. Michael, the Archangel, was celebrated in the Catholic churches of the city yesterday. At the Cathedral the services were of the solemn order. Pontifical high mass was celebrated by Rev. Father Ryan, S. J. During the mass a pastoral letter was read on the work now being done towards the education of ecclesiastical students in this archdiocese. At the conclusion of the mass the archbishop personally addressed the congregation, reviewing the progress made in this city during the last half century, and pointing out that 50 years ago to-day the corner stone of St. Michael's was laid, also touching on his own 40 years of pastoral work in Upper Canada.

In the evening musical vespers was sung. The sermon preached by Rev. Father Ryan was an eloquent effort on the temporal power of the Pope. He reviewed concisely the various arguments, pro and con touched upon the present political condition of Italy, and closed by urging his hearers to fervent prayer for the ultimate restoration of his temporal possessions to the Holy Father.

A trio was rendered by Mr. Charles Wagner, violin; Mr. Heinrich Telgmann, violin; and Mr. J. H. Lemaitre, organ.

Chinese Officials Openly Furious.

Foo-Chow, China, Sept. 28.—The whole Kucheng commission of inquiry into the Hwasang massacre is disgusted with Chinese official duplicity. All the members feel that unless they are more strongly supported than now they had better return to Foo-Chow. The British consul, W. R. Mansfield, has been grossly insulted. The Chinese officials are openly furious towards Christians for giving to the foreign consuls the names of the murderers.

The prefect, it is reported, threatens vengeance after the departure of the commission. The magistrate issued three weeks ago an offensive proclamation. On the demand of the consuls another proclamation was issued publicly, but the offensive one was reissued privately to all heads of villages. The result is that disorder is spreading. The commission's position is perilous. The total destruction of the Christians' work is probable. Prompter, stronger action is needed.

A Public Painter Recommended.

The World has received a communication from Mr. Joseph Bell of 538 Ontario-street, in which he urges the Public School Board to employ a painter of its own instead of having the work done by contract. "So keenly have the contractors been cutting each other in regard to prices, it is simply impossible," says Mr. Bell, "for any contractor who does painting for the Public School Board to honestly do the work according to specifications. The time has come in the interest of the ratepayers and of the public itself when it is absolutely necessary that the board should employ a painter to do all its work."

Dear Sir,—It is now about three months ago since I first ntoiticed that a cure of my rupture was being effected by the use of one of your Wilkinson Trusses, and now I am fully convinced that the cure is both complete and effectual. I have on several occasions within the last few weeks taken long walks without truss or support of any kind, and have every confidence that my rupture, which, as you are aware, was of a very severe description, is now permanently healed, and I can assure you that I feel deeply thankful for the beneficial results. I have already recommended your appliances to several of my friends similarly affected.

Yours very sincerely,

J. H. MICKLER, Supt.
