The Wheel.

In Boston Monday afternoon the representatives of England, Ireland and America will commence their six-day contest for the cycling crown in the international bicycle race in Mechanics' building. The track is entirely different from anything ever seen in the way of cycling race tracks, but it will be a fast one and no mistake. The corners are raised four feet from the inside or pole, and the track being 16 feet wide, it makes a good incline. The riders turn these corners at lightning speed, making it look a dangerous operation.

The starters, as selected out of 20 entries, are as follows: For the 48-hour race, A. H. Robb and A. A. Robb of Birmingham, who are two out of the three scratch men of England; J. D. Lumsden of Aberdeen, champion of Scotland; C. W. Ashinger of Ohio, 48-hour champion of America; J. Alberte of New York, W. Lamb and W. Wood of England, Arthur Gilman of Providence, R. I., George Edlin of Coventry and Donald Stage of Glasgow.

The Gaelic foot ball players, it is understood, are talking of picking out eight of their biggest and strongest men, with whom to form a representative Irish team, and so are the members of the Boston Caledonian Club. It is not unlikely that George Godfrey, the well known colored Boston pugilist will captain a team of muscular darkies.

The cash prizes to be given amount to $2000. An entrance fee of $50 will be charged, it is understood, but this will be returned to the teams finishing the competition as it is only demanded as a gnarantee of good faith.

Social at Red Head.

After a few opening remarks from the chairman, Rev. I. N. Parker, the following programme was carried out: solos, Miss Mary Dalzell, Mrs. Parker and Mr. J. H. Tongue. Miss Fannie Maguire presided at the organ.

At the conclusion of the musical portion of the entertainment John Anthony in his own peculiar manner [auctioned off the baskets all filled with good things, after which those present ascended to the room above and surrounded two large tables where the baskets were soon emptied. The entertainment was the most successful ever held at Red Head and great credit is due the Rev. Mr. Parker for his management of affairs. The proceeds amounted to $40.00. The St. John party arrived in the city shortly after midnight with the exception of two young men who started off in the direction of Mispec and who before morning doubtless sang "Home Sweet Home" or "Carry me Back."

They got up to Rothesay at 6 o'clock Saturday night, built a fire, and slept on the shore all night. They started Sunday morning to come down and had a head wind and reached Millageville Sunday night and slept on the shore there, and started again Monday morning and reached home at dinner time.

FIRE IN PARKS' COTTON FACTORY.—About 10 o'clock this morning an alarm was sent in from box 17 on account of a fire in Parks' cotton factory, Clarence street, which brought No. 2 and 4 fire departments quickly on the spot. The fire originated in the picking room where about $2,500 worth of cotton was stored. By hard work of the firemen and salvage corps the fire was extinguished in about an hour's time. The cotton was considerably damaged by the water and by being thrown out of the windows on the street. The loss is covered by insurance.
