CLOUDBURST WRECKS TOWN IN COLORADO

Two People Drowned and Fifty Families Homeless —Damage $150,000.

[Canadian Press.]

Telluride, Col., July 28.—Two persons were drowned, fifty families were rendered homeless, and fifteen business blocks, including a hundred buildings, were partially wrecked last night when a wall of water ten feet high, originating in a cloudburst, descended through Cornet Canyon, broke through the dam and flooded the town. The dead are Mrs. E. E. Blakely and Mrs. John Johnson. The damage is estimated at $150,000

ONE THOUSAND SHEEP CREMATED IN KENTUCKY

Stockyards at Louisville Damaged by Blaze and Cars Burned

[Canadian Press.]

Louisville, Ky., July 28.—Fire which started in the sheep pens of the Bourbon stockyards here last night destroyed a third of that plant, 40 Louisville and Nashville Railroad cars, some of which were loaded with merchandise, cremated a thousand sheep, and damaged more than a score of cottages that lined the streets bordering the stockyards The total damage is approximately $250,000.

A. O. OF H. MEMBERS IN GENERAL CONVENTION

[Canadian Press.]

Providence, R. I., July 28.—Canada, Ireland and all sections of the United States are represented at the opening here today of the general convention of the Ancient Order of Hibernians, Board of Erin. The convention will be in session until Thursday night.

OLD BOYS SUBSCRIBERS WILL RECEIVE BADGES

Those Who Contribute to the Fund Will Be Given Official Decorations.

Old Boys badges of very artistic design are to be given this year to all subscribers to the Old Boys' fund, instead of being sold at a fixed price as in former years. Formerly it was found that many of the badges were left on the hands of the executive, and it was felt that, if badges were to be worn at all, they might as well be worn by everyone who subscribed anything, even a dollar, to the fund.

The decoration consists of a gilt medal of oval shape, bearing the letters L. O. B., the centre letter containing a cut of the old Central School, mounted on a blue ribbon. The members of the executive committee will wear the same badges on a background of white ribbon, and different distinguishing ribbons will indicate membership of different committees.

TEN YEARS IN PRISON FOR SWINDLING PUBLIC

Belgian Banker and Accomplices Get Heavy Sentences.

[Canadian Press.]

Brussels, Belgium, July 28.—Nestor Wilmart, Belgian banker, railroad man, newspaper proprietor and sportsman, was sentenced today to ten years imprisonment and $800 fine on a charge of swindling the public out of $3,400,000 by over-issuing shares in the Ghent-Terneuzen Railroad in 1912.

Five accomplices also were sentenced, Rasquin, the traffic manager, to seven years and $800 fine; Waechter to four years and three others to three years each.

Wilmart disappeared in 1912 and after a world-wide search was arrested at Rheims, France.

LIVE HOGS REACH THEIR TOP PRICE

Shipment Sold at $8.60—Potatoes Continue To Get Cheaper.

In spite of the slowness which characterized Tuesday's market, prices kept up in almost all lines. Vegetables were as plentiful as ever, but remained steady in price. Shoppers were fewer than they have been at a Tuesday market for several weeks.

Potatoes showed a slight drop, selling for 90c and $1 a bushel. This is a drop of 50c and 60c in one week. They were rather plentiful.

Live hogs have taken a decided advance, and a shipment will go to a local concern at $8 60. It is said that this company will take any amount of selected hogs at that price, which is the highest this season. Other meats are decidedly firm, but have remained unchanged in prices for the last week or two.

Hay and oats are steady. Both were scarce on the square this morning.

PRODUCE.

Winnipeg, July 27.—Excessively hot weather over the week-end, and Liverpool cables being unusually strong on the political situation, caused a sharp Opening figures were 1⅜c to 2c higher rise in wheat prices this morning. for wheat, ½c to 1c for oats, and flax was 7⅛c to 8¼c higher. There was heavy trading during the first few hours, but profit-taking developed, and a set back occurred on wheat and flax, while oats was held fairly steady.

The weather map all over the west shows around 90 to 95 maximum temperatures, excepting in Alberta, and this was considered unfavorable. There was no rain recorded. Later news came in that the situation was clearer in Europe, and prices dropped to around normal. Wheat closed ⅝c lower to ⅞c higher; oats ⅛c lower to 1c higher, and flax 1⅜c to 3¾c higher.

The cash demand was good for Nos. 1, 2 and 3 northern wheat, and all offerings were quickly bought up. Cash oats and flax were quiet, there being few offerings. Cash wheat closed ⅜c to ⅞c lower; flax, 3½c lower.

Inspections Saturday, 173 cars; in sight, 300 cars. Deliveries through the clearing house were: Wheat, 116,000 bushels; oats, 59,000 bushels, and flax, 25,000 bushels.

London, July 28.—With the Paris bourse demoralized and the war scare growing no one in the stock market here wants to absorb offerings which are persistent from Berlin and Paris. The opening was weaker and the temporary rally which occurred at midday was soon followed by fresh declines. The market closed flat and depressed with prices practically at the lowest.

One small failure was announced, and others were feared at tomorrow's payday.

Consols touched 75½, recovered a half point and closed 71¾. Rio Tinto showed a loss of six points, and foreign rails and bonds were 1 to 3 lower. The American department opened uncertain, and after a slight rally broke smartly on continental and New York selling. The close was weak.

Money and discount rates were dearer. The Bank of England transacted a large business in loans and of the $5,000,000 gold marketed today and will probably take the balance.

Wall street noon: The list registered further declines in the second hour many important issues falling under yesterday's low, while not a few of the better class, including Canadian Pacific and B. & O. broke to lowest quotations recorded in years. The deliberate decline was attended by cables from various European centres intimating that Austria intended to occupy the Servian capital.

Foreign exchange was again subject to violent fluctuations as a result of the heavy gold outflow, which was increased by additional large shipments to London. Posted rates were only nominal as many bankers and institutions declined to buy or sell exchange at all. Bonds were weak.

Paris, July 28.—Three per cent rentes, 77 francs 25 centimes for the account; exchange on London and private rate of discount not quoted.

FARMER SHOT DEAD; WIFE BADLY WOUNDED

[Canadian Press.]

Schenectady, N. Y., July 28.—Simon N. Putnam, of Patersonville, near here, was shot and killed at his farm today, and his wife was seriously injured by another bullet. C. B. Henry, their son-in-law, was arrested in this city, charged with the shooting.

PRISONER SWOONS UNDER COUNSEL'S SCATHING SPEECH

Mme. Caillaux Could Not Bear Maitre Chenu's Cutting Analysis of Actions.

M. CAILLAUX CRITICIZED

Accused of Bringing Only Discordant Note Into Famous Trial.

[Canadian Press.]

Paris, July 28.—Mme. Caillaux again fainted in court today, and Judge Albanel suspended the sitting.

Mme. Caillaux had been becoming visibly weaker as the sitting continued and appeared unconscious of what was occurring in court. A hot water bottle was placed beneath her feet and a cushion at her back soon after she entered the court.

Meanwhile Maitre Seligman continued his address. He said:

"The sons of Gaston Calmette asked us to bring them to this court to seek justice. We refused to do so, but do not forget, gentlemen of the jury, with what anguish the orphans await your verdict. You have heard witness after witness speak in praise of the late M. Calmette. There has been only one discordant note, and that came from M. Caillaux. What connection with the case has the fortune of the murdered man? How many millions must a man have in order to permit his being assassinated with complete impunity?"

Prisoner Faints.

Following Maitre Seligman came Maitre Chenu, and his cutting analysis of the actions of Mme. Caillaux on the day of the tragedy was too much for the prisoner. She collapsed and fell in a heap on the floor of the prisoners' inclosure.

At the moment Mme. Caillaux swooned, Maitre Chenu was saying:

"I will speak of nothing except the assassination of M. Calmette. I will asked the accused whether, when she spoke of her love for her daughter, she thought of the two children of M. Calmette, whose pictures never left him. I shall not attempt to go into biography of Mme. Caillaux. She is a cool, sensible woman without emotion or pity. She has tears only for herself.

Broke Up a Home.

She worked with tenacity to break up her lover's home. You see the result—the mistress triumphed over the lawful spouse. They are bound up in each other, in their happiness, in their hopes, even in their murder plans.

"M. Caillaux is a man of inordinate and limitless ambition, whose power rests on his own audacity and on the fear he inspires.

"M. Caillaux omitted to tell his wife of the assurances given by President Poincare that Calmette was incapable of printing private letters. They did not fear that. What they feared was the publication of the report by Victor Fabre on the Rochette swindle.

"The husband's violent words at the lunch table decided the wife to substitute herself for him, and she prepared the assassination with as much calm as a society woman fitting in calls between two tea parties.

VILLA'S DEMANDS ON RANCHERS FOR HORSES PROTESTED

Said To Be Extorting Hundreds and Smuggling In Arms—Bryan Asks Carranza To Halt Him.

[Canadian Press.]

Washington, D. C., July 28.—Secretary Bryan appealed today on General Carranza asking him to call a halt upon Villa, who is reported to be making wholesale demands for horses upon ranchers in the State of Chihuahua. Consular advices to the state department also declared the northern general was smuggling arms across the border as rapidly as they were available. There was no doubt in the minds of the people of Chihuahua as to the meaning of Villa's activity, the dispatch to the department added.

Villa a Problem.

Recent reports from the border have intimated that Villa intended to concentrate his forces in Chihuahua, with the aim of demanding certain concessions from Carranza after the Constitutionalists occupy Mexico City. However, in response to an appeal from him to forget personal differences with Carranza, Gen. Villa declared he intended to co-operate with other revolutionary leaders and would do all in his power to inaugurate an era of peace in Mexico.

Excessive Demands.

The consular advices of Villa's new activity confirmed complaints that have reached the state department from individual property owners. In some instances it was declared Villa had demanded as many as one hundred horses from one ranch.

BYLAW-BUSTERS UP

Four of Them Appear in Police Court.

Four men, who broke traffic bylaws, and four charged with begin drunk, comprised the majority of the line-up in police court this morning. Most of the breaches in the traffic bylaws consisted in drivers of automobiles running by street cars, taking on passengers. The men in court charged with breaking the traffic rules were, John Cohen, Harry Allport, Rowland Munroe, and Melville Taylor, who was fined $1. The other three cases were laid over for one week for judgment.

ARMY-WORM ATTACK APPARENTLY SUBSIDING

No Fresh Outbreaks Reported Within Middlesex Today.

Apparently the army worm outbreak in Middlesex is subsiding. No new reports of outbreaks within Middlesex County were reported at the county agricultural office today, but several new outbreaks were discovered yesterday in Middlesex and other counties of Western Ontario.

Reports from around Brucefield last night were most alarming, and the losses to farmers already run into thousands.

Hundreds of bushels of oats not yet matured are being cut, and will be used for feed.

The worms have been discovered in huge quantities in the fields of T. Coleman, Wm. and James Cameron, J. L. Nicholson, Jas McIntosh, George McCarty, Archie McGregor, Jas Boyce, John Johnson, J. Beatty, Hugh Aikenhead, and John Dutot.

The farmers are digging trenches and ploughing furrows.

Yesterday afternoon Mr. Noble visited Tempo, where outbreaks of the army worm were found on the farms of Roy Davis and George James.

Crossed a Lane.

On the Davis's farm the worms were crossing a lane in thousands, and a large part of a field was covered with them. Mr. Noble had a swath cut and a ten inch furrow plowed. Before evening thousands had collected in the furrow. The worms prefer low-lying land or fields where the crops are lying down. Mr. Noble emphasizes the need of detecting the pest early in its operations on a field. It can then be readily isolated and fought.

Oats Destroyed.

The latest news of the plague comes from Port Stanley, where the farmers are considerably excited over a report that oat fields in the neighborhood of Fingal, eight miles from the port, have been attacked and destroyed. A rumor also is current to the effect that they have appeared on the old Kelly farm.

Another suggestion for the extermination of the army worm comes from Mrs. K. Marsh, of Norwich, who remembers the methods that were used 50 years ago with great success. The plan is to make a brush drag by chaining together limbs of trees with long brush and dragging this across the fields where the worms are.

Mrs. Marsh says the brush tears the worms to pieces.

AGREEMENT GOES TO MEN THIS WEEK

Hydro Workers Will Receive Official Notification of the Commission's Decision.

The proposal of the board of public utilities to adopt for a period of two years the wage schedule approved last week, will be submitted to the men some time this week by Ernest Ingles, secretary of the Electrical Workers' Union of this city.

Mr. Ingles has had a conference with General Manager Glaubitz, of the public utilities commission, but while he intimated that the rates set out in the schedule would be satisfactory to the men, he was not prepared to say whether the latter would be willing to enter into a two-year agreement on the basis of that schedule. He promised to put the matter before the men some time during the week.

Officials of the department are confident that no difficulty will be raised by the men, the contention being that the workers realize that they have been accorded very fair treatment, and also it is contended that the men never had any real grievance, that they were induced to make demands for better conditions by the international union.

This Mr. Ingles denies. The members of the union who were not hydro employees, he declared, had never interfered with, or attempted to influence the men employed by the department. The latter had formulated the demand on their own initiative, Mr. Ingles said, and the union merely had backed them up, believing demands were reasonable.
