WILLING TO LIGHT PART OF TOWNSHIP

Western Power Company Would Enter Into Contract With York Township Council.

HYDRO TO FIX RATES

Much Business Was Transacted—Big Increase of Building Permits in Ward Seven.

At the meeting of the council of the Township of York, held yesterday, a letter was received from J. H. Taylor, secretary of the Water, Power and Light Commission of the Village of Weston, stating that his commission have been asked if they are willing to supply street lighting to a portion of the Township of York. He was instructed to inform the York Township Council that they are willing to run a line on Main street, from the southerly boundary of Weston to the Hospital road, or Buttonwood avenue, placing thereon 100 watt lamps on every other pole, at a price of $12 per lamp per annum, or at such a price as the Hydro-Electric Power Commission may direct.

Vaughan Township sent in a resolution which was passed at their last meeting, to the effect that the clerk of the Township of York be notified that Messrs. Ford and Sibbick, lot 26, concession 1, Vaughan, have complained to their council that water is being backed on their premises from the town line, York and Vaughan, also that the owner of property immediately south of the town line refuses to have a ditch opened thru his premises for an outlet. A joint meeting of the two councils or committees would be desirable to meet on the grounds at an early date.

Close Town Line.

L. S. Rudder, resident engineer of the C.P.R. construction, stated that as they have started work preparing for the public road bridge crossing over the C.P.R. tracks near Wexford station, on the town line between the Townships of York and Scarboro, between lot 35, concession 1, Scarboro, and lot 6, concession 1, Yor. They ask that arrangements be completed to have the road closed for two weeks, so that the old bridge can be taken down and permit of the new one being quickly erected.

The trustees of S.S. No. 29 asked for an advance of $1000 on this year's levy, which was granted.

John McKay asked for six car loads of stone for Greenwood and Salmon avenues. The commissioner will get the stone if it can be procured, and Mr. McKay received that promise.

A deputation from Bridgeland avenue, Fairbank, also wanted stone for road improvements. The commissioner will attend to having ditches cleaned out, and will construct four culverts, but no stone can be supplied; also four car loads of stone will be supplied to improve Randolph road.

The commissioner was instructed to report on the advisability of grading and gravelling Blythwood road. He also was instructed to construct a two-plank sidewalk on Coulson avenue, on the south side.

Two sections of the Cedarvale layout have been approved of by the council.

Pase Sesside Plan.

The Leaside subdivision plan has also been presented to the council, and as soon as the York Land Company files a blueprint with the township the plan will be certified.

The next plan for consideration was the Waverley Park subdivision, as far as it projects east of the North Toronto boundaries, which was approved of, as also was the plan of W. G. Trethewey, being part of the Chow property, adjoining Weston.

The commissioner was instructed to fill up holes on St. Clair avenue, near the approach of the subway, and the C.P.R. was notified to put that part of the road under the subway into a passable condition.

The Runnymede Library received a grant of $25.

The solicitor was instructed to prepare the necessary bylaw and conveyances in connection with the closing up of old Yonge street, and for the opening up of a new street at and near the new grounds of St. Andrew's College, York Mills.

Accounts have been passed and ordered to be paid to the amount of $8843.80.

A bylaw was passed to name a place for holding nominations, fix polling places, appoint deputy returning officers and poll clerks for the year 1913. Ward Seven

A Dundas car in charge of motorman 970 and conductor 415 collided with a horse and wagon belonging to Swift's Canadian Company, about 6 o'clock last night at Humberside avenue. A huge cement-mixer used in laying the asphalt on Humberside avenue blocked the northern side of the street, and the driver of the wagon, Thomas Prince of 35 Moutray avenue attempted to pass it in front of the westbound car. The horse became unmanageable, but was restrained by a number of spectators, and no one was hurt. The fender of the car and the front windows were broken, however, and the wagon somewhat damaged. The accident occurred at a very busy time, and a large crowd quickly gathered.

The list of building permits issued during November, given The World last night by Building Inspector W. J. Armstrong, shows a total number of 54, including 52 dwellings, with a total estimated cost of $190,885. The first eleven months show an increase of $946,611 over the corresponding month of 1911, and a considerable increase over the whole of last year. Very few larger items appear on last month's list, with the exception of the bank block with three stores, built by Wells, Gray & Co., at Keele street and St. Clair avenue.

The customs receipts for November, prepared by A. B. Rice, collector for the West Toronto station, also show an increase. The duties collected last month amount to $79,712.68, an increase of $35,352.93 over last November.

Miss Ball won the first ladies' prize, Mr. Dean got the gentleman's prize, and the booby prizes went to Mrs. Brennand and James Shakleton.

PROF. HART'S TRIP

Will Visit Important Agricultural Centres—Satisfactory

GALT, Dec. 2.—(Special.)—Prof. Hart of the O. A. C. left last night under official leave of absence for the western states to visit agricultural colleges and experimental farms in search of new ideas in the line of modern progressive scientific farming. Mr. Hart is the originator of the rural school fair in Ontario. In this connection he will pay a visit to Miss Fields, superintendent of rural schools, Clarinda, Iowa, which state leads in these institutions. In farmers' institutes, women's institutes, county boards of agriculture, farmers' clubs and rural school fair work the County of Waterloo stands first in the province.

The Juvenile Court.

A juvenile court is one of the best assets that a city could have, particularly when there is a big hearted, broad-minded man in charge of it, such as we have in Toronto. But it is largely wasted effort when there is nothing beyond it. Experience has shown in other cities which have been notably successful in this kind of work, that the beyond the court is what has counted most in the task of making straight fellows out of crooked little ones. There should be some proper place to send boys; some place in which they will be surrounded by proper influences and in which they can come constantly under the commissioner's eye. He should be allowed to do his follow-up work—the most important of all—under the proper conditions. Here, in Toronto, he isn't. Why not? Just on the policy of doing enough to smooth the dear old municipal conscience and not of doing things properly. Most of our reforms go just far enough to prevent people from saying that we haven't got them and that is all.

New Napoleon Story.

The French newspaper Figaro quotes from a book which has been prepared by M. Louis Passy on the campaign of 1812, a hitherto unpublished story of Napoleon. One night the French troops then retreating, crossed the Russian lines. To right and to left burned the camp fires of the Cossacks' bivouacs, and the blaze was very near. Napoleon turned suddenly to one of the officers of his escort.

"If I am going to be taken," he said brusequely, "kill me!"

M. Passy takes the story from the memoirs of the officer to whom the words were spoken.

No More Neuralgia Headache Cured

A Journalist Tells of the Advantages of Keeping Nerviline Handy on the Shelf.

Fifty years ago Nerviline was used from coast to coast, and in thousands of houses this trusty liniment served the entire family, cured all their minor ills and kept the doctor's bill small. Today Nerviline still holds first rank in Canada among pain-relieving remedies—scarcely a home you can find that doesn't use it.

From Fort Hope, Ont., Mr. W. T. Greenaway, of The Guide newspaper staff, writes: "For twenty years we have used Nerviline in our home, and not for the world would we be without it. As a remedy for all pain, earache, toothache, cramps, headache, and disordered stomach I know of no preparation so useful and quick to relieve as Nerviline."

Let every mother give Nerviline a trial; it's good for children, good for old folks—you can rub it on as a liniment or take it internally.

Wherever there is pain, Nerviline will cure it. Refuse anything but Nerviline. Large family bottles, 50c; trial size, 25c, at all dealers, or The Catarrhozone Co., Buffalo, N.Y., and Kingston, Ont.
