FIGURING UP THE LOSSES.

The Deseronto Blaze Caused $200,000 Damage, of Which About $120,000 Will be Paid Over by Insurance Companies.

Deseronto, May 27.—The total loss by fire here Monday is now estimated at $200,000 to $225,000, and the total insurance at about $120,000. The following estimate of their losses was made by the Rathbun Company to-day: Cedar mill stock loss $50,000, insurance $30,000; flour mill stock, including the elevator and the bran house, loss $100,000, of which about $75,000 is on the buildings, the mill being a fine stone structure with excellent modern equipment; about $150,000 is on the stock in the elevator, and the remainder on the stock in the flour mill and bran house. The insurance is $60,000. On the company's buildings the loss is about $8000, and the insurance $4000. The insurance is placed in four companies, the Royal, Western, London, Liverpool & Globe, and the Commercial Union. The company is not able as yet to state the proportions in which these companies are interested. The flour mill is the only building whose destruction will affect the operations of the company; the destruction of the cedar mill stock simply means that so much more timber will be got out of the company's limit. Very few of the workingmen will be thrown out of work.

Rather more than 80 families are rendered homeless by the fire, and $50,000 will not be too large an estimate of their losses. In addition to the insurance placed by the Rathbun Company, Mr. John McCullough had placed insurance amounting to $26,500 on buildings and articles destroyed in five companies.

These companies are the Lancashire, which is the heaviest loser, having risks amounting to $11,490; the Agricultural, which comes next, with risks amounting to $10,700; the North British, which has risks amounting to $3,100; the Norwich Union, which loses only $300, and the Manchester, which loses $500. The total loss may thus be placed at from $200,000 to $225,000. The Roman Catholic Church was worth about $3000 and insured for $1400.

Children's Tournament Day.

The little ones are especially interested in the military tournament of next week, from the fact that there is to be a special matinee on Tuesday afternoon, for which the admission fee for children has been fixed at 10 cents, while reserved seats will be sold at 50 cents. There will be a number of most interesting special displays, in addition to the assault-at-arms and trials of skill, in which officers and men of every branch of the service will be seen. The veterans of '66 will attend the matinee in a body, marching from the mounment celebration in Queen's Park. The performance will begin at 3 o'clock, and the musical part of the program will be furnished by the band of the Queen's Own Rifles.

Mrs. Ingleby Charges Her Employer With Assault.

J. W. Siddall, the architect, was before Magistrate Miller yesterday, charged with assaulting Mrs. Gertrude Ingleby. Mrs. Ingleby had been employed by Mr. Siddall as typewriter. There was a balance of salary due her and when she went to collect it, she claims he forcibly ejected her from his office, tearing her dress and bruising her arm and knee. The case was adjourned in order to get the testimony of the police matron as to the bruises.

Mrs. P. says: "My daughter was pale and weakly for two years; she took Miller's Compound Iron Pills for one month and is now well and strong." 50 doses for 25 cents.

Pavilion Friday Night.

The entertainment in the Pavilion Friday night by the Conservatory School of Elocution should attract a large audience. It is under the patronage of the Lieutenant-Governor and Mrs. Kirkpatrick, and is in aid of the new Toronto Western Hospital. The program will consist of recitations, dramatic scenes and tableaux, interspersed with music—vocal and instrumental. The whole will conclude with the third act of "The Fool's Revenge."

J. S. says: "I was in a dreadfully weak and nervous condition, unable to rest and utterly unfit for work, and Miller's Compound Iron Pills cured me."

ROENTGEN MAY COME.

The Discoverer of the X Rays Will Likely Attend the Meeting of the British Association in Toronto Next Year.

The attendance of American, French and other foreign scientists is to be a feature of the Toronto meeting of the British Association next year. As Liverpool this year a hundred foreigners will attend, and Mr. G. Griffith, the permanent secretary of the association, who has been in the city this week consulting with the local committee, reports that during his recent visits to Harvard, Yale and other points in the States, a number of scientists stated their intention of visiting Toronto in 1897. Among others Prof. Roentgen, of X ray fame, may attend. Mr. Griffith while in Ottawa, saw Lord Aberdeen, who will be glad to co-operate in making the Toronto meeting a success. The secretary praises the accommodation to be provided for the association at the University building, which is, in many respects, superior to that in English centres where the association has met. The local arrangements, he finds, to be in an advanced state, and Mr. Cumberland's Conveyance Committee has done good work. Mr. B. E. Walker has had some communication with Maritime Province Governments regarding the entertainment of English visitors there and the prospects are excellent. Mr. Griffith returns to England by way of Washington and Baltimore, sailing from New York by the Lucania, June 6.

Hon. Mr. Foster Corrected.

Editor World: In the course of his speech in East Toronto on Saturday last Mr. Foster repeated a statement which he has been making before other Protestant audiences in Ontario, and which is so grossly misleading that I cannot allow it to go unchallenged. Referring to the Remedial Bill, he said "You will find that there is not a single word, nor line, nor clause which appropriates one single penny of public moneys to the aid of Separate schools in the province."

Let me quote the words of section 74 of the Remedial Bill of last session, which is the clause relating to the grant out of public funds for the Separate schools in Manitoba proposed to be created by that bill:

"The right to share proportionately in any grant made out of public funds for the purposes of education, having been decided to be and being now one of the rights and privileges of the said Roman Catholic minority of Her Majesty's subjects in the Province of Manitoba, any sum granted by the Legislature of Manitoba and appropriated for the Separate schools shall be placed to the credit of the Board of Education (that is the Separate School Board) in accounts to be opened in the books of the Treasury Department and in the Audit Office."

Does Mr. Foster contend that the statement contained in section 74 as to the rights of Separate schools to a proportionate share of the public funds is an untrue statement? Has it been placed there to delude and mislead the friends of the Catholic minority, or is it an honest statement?

We know that Mr. Angers holds it to be an honest statement of the law, and yet he allows his colleague, Mr. Foster, to tell Ontario audiences that it means nothing. Will Mr. Angers remain silent?

From another point of view Mr. Foster's position is still more surprising and inconsistent. He asks for support from Ontario Conservatives on the ground that it is not proposed that a single penny of public money shall go to the aid of Separate schools in Manitoba. Yet I find the Hon. George E. Foster's name among those who passed the famous Remedial Order of 21st March, 1895. That order directed the Manitoba Legislature in peremptory terms to at once restore to the Catholic minority "the right to share proportionately in any grant made out of the public funds for the purposes of education." That order has not been repealed nor modified, and is still doing service as a campaign document in Quebec where Mr. Foster shares in the glory of being one of its authors. It is a pity he forgot to tell that side of the story to the audience in East Toronto.

CANDIDATES IN CONCLAVE

EAST ONTARIO CONSERVATIVES MEET THE MINISTERS

At the Capital—A Satisfactory Conference—Canada to be Represented at the Conference of the International Postal Union—Mr. Lowe Goes to Labrador—The Locomotive Engineers—Ottawa Notes.

Ottawa, May 27.—(Special)—The Canadian Government has been invited, as is customary, since this country joined the International Postal Union, to send representatives to the quinquennial conference of the Union, which is to be held in Washington, D.C., next year. This will be the first time that the conference has met outside of Europe. Canada will, of course, be represented at the gathering, and in order that her delegates may be fortified with the statistics of the amount of mail matter passing through the country, and to facilitate adjusting of accounts between the Dominion and other countries, Mr. W. D. Lesueur, secretary of the Postoffice Department, has been engaged for some weeks past in visiting points along the line of the C.P.R. between Ottawa and Vancouver. At the Union conference the amount which the United States or other countries will owe to Canada on account of the excess quantity of mail matter carried on the China and Japan steamers will be determined, as well as other questions of a kindred nature.

Consulting With the Candidates.

The Conservative candidates for Eastern Ontario districts, or their representatives had a satisfactory conference to-day with Hon. Messrs. Haggart, Montague and Wood. Among those present were Dr. Lavell of Smith's Falls, Conservative candidate in Leeds and Grenville, who was accompanied by Dr. Ferguson, ex-M.P., and J. S. Gould. Bennett Rosamond, South Lanark, accompanied by W. Thorburn and James Rosamond, James Leitch from Stormont, on behalf of Dr. Bergin, Major McLennan, Glengarry, with Messrs. A. J. Grant and D. D. MacPhie, Dr. Reid, South Grenville, accompanied by T. J. Bennett of Spencerville; Mr. Hurtubuise, candidate for Russell; and A. Broder, candidate for Dundas. The meeting was of a most satisfactory nature and will doubtless lead to the strengthening of the party organization in the several counties. The three Ministers left for Belleville to-night, where they will meet Conservative candidates from the central district to-morrow.

Mr. Lowe Goes to Labrador.

A. P. Lowe of the geological survey left, to-day on another expedition to Labrador. He will proceed direct north to Hudson Bay, sail up the east coast and then strike across the northern part of the Labrador peninsula to the Atlantic, and down the Atlantic to Hamilton Inlet, the scene of his recent exploration. Mr. Lowe expects to arrive home about next October or November.

The Locomotive Engineers.

The discussion on the management of the Locomotive Engineers' insurance scheme, which has been in progress for some days, reached a climax to-day, when Secretary-Treasurer H.H. Hay resigned. President Youngson and the trustees have already resigned, but Mr. Hay declined, as his term of office does not expire for two years. He made a proposition that if he be paid $3000, or the equivalent of one year's salary, he would resign. This proposition was considered by a special committee, and this afternoon the committee reported recommending that Mr. Hay be paid $3000, and he immediately resigned. Mr. W. B. Prenter, chairman of the local L.E. committee of convention arrangements will, it is stated, be a candidate for the secretary-treasurership.

The Ladies' Auxiliary concluded its business to-day. Officers were elected; nearly all the retiring executive were successful, being re-elected to office. Mrs. W. A. Murdoch was again elected president, after a very spirited contest, in which Mrs. Cassels, vice-president, was her chief opponent. The officers elected are: Grand President, Mrs. Murdoch, Chicago; Grand Vice-President, Mrs. M. E. Cassell, Columbus, Ohio; Grand Secretary, Mrs. Harry St. Clair, Logansport, Ind.; Grand Treasurer, Mrs. Robertson, Toledo, O.; Grand Chaplain, Mrs. F. S. Bowley, San Francisco, Cal.; Grand Guide, Mrs. B. Baker, Ottawa; Grand Sentinel, Mrs. Adams.

A beautiful silver souvenir is being prepared on behalf of the ladies of the auxiliary, for presentation to Her Excellency Lady Aberdeen, as a token that the ladies appreciate Her Excellency's courtesy to them during their visit here.

WILL MARTIN BE BEATEN?

Mr. J. H. Brock of Winnipeg Says "Yes, by 500"—Hugh John's Popularity Stands Him Well.

Montreal, May 27.—(Special)—"Will Martin be beaten?" was the question put to-day to Mr. J. H. Brock of the Great West Insurance Company of Winnipeg, now in the city and who also presided at the great Tupper meeting.

"Beaten! Yes, as badly as Isaac Campbell was in 1891. Hugh John's majority was then over 500 and this time it will be no smaller. Those who take the least sanguine view claim not less than 300, but I am sure it will be greater. You know there has not been the greatest enthusiasm amongst Winnipeg Conservatives for the past few years, but when Sir Charles Tupper took the premiership and Hugh John Macdonald's name was mentioned it seemed to arouse all the old-time fire with which the party was formerly imbued. People who had held aloof come forward spontaneously and in four days only we secured 2000 names to Hugh John's requisition. These would have been largely increased had there been time or necessity for them."

"But there have been some defections?"

"Only Mr. Whitla, who is a Protestant, but an ardent sympathizer with Greenway, and Ald. Sproule, a brother of Dr. Sproule, but these are more than counterbalanced by the adhesion of such well-known workers as Frank Fairchild and the Kelly brothers, who formerly were supporters of Mr. Martin."

"But Mr. Howell and Mr. Ashdown have also left the party, have they not?"

"Yes, but that was some years ago, before the election of 1891. Mr. Howell is a brother-in-law of D'Alton McCarthy," Mr. Brock continued. "Mr. Macdonald's personal popularity is very great and as he explains the school question, many who were carried away by the national school cry, realize that our schools are much safer in its hands than in Mr. Laurier's. Besides people are asking themselves: 'Is the school question making us rich?' and they know that there are other vitally important questions affecting the material interests of the country and on these they naturally prefer Sir Charles Tupper's developing and progressive policy to that of obstruction, of which Mr. Martin gave such an exhibition in the House last session. Winnipeg and the West are naturally Conservative, and Hugh John Macdonald has rallied around him all the forces which in previous campaigns won the great victories."

METHODIST MATTERS.

District Meetings the Order of May—With the Epworth Leaguers.

The general session of the Centre District of Toronto was held in Elm-street Church yesterday. The report showed a subscription for all purposes by the churches in the district of nearly $60,000. A decrease in membership was accounted for by removals into other districts.

Rev. A. B. Chambers was elected as representative on the Stationing Committee, Rev. J. C. Speer and Warring Kennedy on the Sunday School Committee, Rev. W. H. Hincks and Mr. Albert Ogden on the Epworth League Committee and James Brandon as a member of the Missionary Committee. There were 34 laymen elected as delegates to the annual conference.

The Sunday schools and Epworth Leagues were all reported as flourishing, the latter having raised during the year $900 for Y.P.S.C.E. purposes.

A resolution condemning any coercive measure against Manitoba was carried, and the action of the Quebec bishops disapproved.

CURE CONSTIPATION.

BOTH OPPOSED TO COERCION.

The Two Liberal Candidates in Hamilton Come Out Straight Against Remedial Legislation—Mr. Wood's Manifesto.

Hamilton, May 27.—(Special)—No doubt exists now as to Reform candidates Wood and Macpherson's position on the Manitoba school question, as circulars written by Mr. Wood, and accompanied by a letter from Mr. Macpherson, assuring the electors of his adherence to the substance of Mr. Wood's address, were distributed today. A portion of the manifesto reads:

"Any coercive measure introduced in the House of Commons, no matter by whom introduced, shall have my unqualified opposition.

"I have faith in Manitoba. I have large business interests in that province, and I claim for Manitoba the right for free legislative action, such as we in Ontario would insist upon and maintain. I have no wish to see the future, the great future, of the Prairie Province retarded by the bitterness of racial and religious strife which would inevitably result from coercive legislation at Ottawa.

"The Manitoba Government is the voice of the Manitoba people, and that Government has said that it is both willing and competent to remove all grievances of which any section of its people have a right to complain. I trust the Manitoba people to manage their own affairs, and have the most implicit confidence that, if left to themselves, they will do so without injustice to the minority." Hon. Mr. Laurier, as Premier of the Dominion, will, I am sure, facilitate an early and just settlement without resorting to coercive measures."

In addition to this Mr. Macpherson has written to the local papers the following letter: "I beg to state: First, that I have always been opposed to the Remedial Bill, which, if carried, would have brought about, in my opinion, bitter strife between the two great religious bodies of Canada, and possibly disruption of the Dominion. Second, that under no circumstances would I vote for the coercion of Manitoba."

Conservatives Canvassing Together.

Conservative candidates Barker and Boville, the former a coercionist, and the latter an anti, are canvassing hard together, but everything is not harmonious in the party, the anti-coercion element announcing that they will not support Barker. Messrs Buchanan and Watkins, the temperance candidates, are both opposed to interference with Manitoba, but it is generally conceded that they won't cut much of a figure in the campaign.

TORONTO JUNCTION NEWS.

What Has Transpired Recently in the Railway Town—Appeals Heard.

Toronto Junction, May 27.—The work of revising the new assessment was begun yesterday by the Court of Revision, which considered several appeals. No reductions were made, except in the case of Nicholas Lelean, whose assessment was cut down $120, in correction of an error. The blanket appeal by W. E. Raney was brought up, but, in accordance with the Town Solicitor's opinion, was laid over until June 6, in order that all the ratepayers may be notified, as all are interested. Mr. A. B. Rice was chosen chairman of the court. Solicitor C. C. Going represented the town, and Messrs. W. E. Raney and W. A. Taylor appeared for the appellant ratepayers.

Rev Mr. McWilliam has gone to Scotland for a three months' visit.

The objection of the Junction Lacrosse Club to the admission of Markham into the C.L.A. has been sustained on the ground that the town in question is too far distant from the other playing towns.

The police of the town are hot on the trail of the miscreants who last night broke both large plate glass windows in the residences of Rev. Mr. Du-Vernet and Mr. Graham, Woodside-avenue, and scattered the fragments in the road, causing several bicyclists to come to grief.

SHE WAS NOT INSANE.

Mrs. Maggie Graham Was Discharged by the Magistrate Yesterday—A Peculiar Case in Court.

Mrs. Maggie Graham was brought before the Police Magistrate yesterday morning on the charge of insanity and discharged.

Mrs. Graham is the wife of Dr. W.H. Graham, 193 King-street west. She was Miss Maggie Bryan before her marriage on Saturday, Aug. 31, 1895. She comes from near Simcoe, and her friends residing in the west end of the city.

The evidence produced in court did not go to show that the young woman was insane, but the contrary.

Jealousy appears to have been the cause of the trouble. Dr. Graham, in his testimony, said that his wife was jealous of his patients, his dogs, and his male friends.

Dr. Richardson testified that there were not the slightest symptoms of insanity about the woman.

After the court proceedings, Mrs. Grahom wished to go home with her husband, but he refused to have anything further to do with her.
