BIG EDUCATIONALIST SECURED TO LECTURE TO LONDON TEACHERS

Prof. Dale, Considered Outstanding Figure in Work.

The London Teachers' Association considers itself fortunate in securing for the annual convention to be held on Thursday and Friday of this week a speaker of outstanding prominence in the educational world to deliver a course of lectures. Probably no lecturer who in the past has appeared before the convention has come with higher credentials than Prof. Dale of McGill University, dean of the faculty of education, and recognized as one of the leading educationists of the dominion. An Englishman by birth and education, Prof. Dale has been associated for a number of years with educational interests in Canada, and is said to be a speaker of vigor and ability along the lines of scientific education.

All sessions of the convention are to be held in the Ryerson School, and the three day sessions, as well as the public meeting Thursday evening, will be addressed by Prof. Dale. His subjects are: Thursday afternoon, "What We May Expect From Education"; Friday morning, "Education After School"; Friday afternoon, "The School and Its critics." His subject on Thursday evening is to be, "What is Civilization?"

The convention opens Thursday morning at 9 o'clock.

SUSPENDED MEDICOS RETURN TO LECTURES AFTER FACULTY ROW

Were Under Ban for Second Scrap With Freshies.

Second year medical students at the Western University, suspended for staging initiation practices for a second time, have been reinstated and attended lectures on Monday. According to members of the class, the students were only absent from one lecture.

The suspension, it is said, followed a battle which took place early last week, in which the sophomores vanquished the freshies and compelled them to do a number of initiation stunts. Members of the faculty, it is said, objected because the actual initiation was supposed to have taken place some time ago. The freshmen at that time proved too strong for the second-year class, and turned the tables on it.

LORD'S DAY CAMPAIGN WILL BE INAUGURATED IN LONDON SHORTLY

Rev. Dr. Rochester, general secretary of the Lord's Day Alliance of the Dominion met Monday the local committee in session in connection with a proposed Lord's Day campaign in the city, Rev. J. G. Stuart presiding. A number of the city ministers were present and took part in a lively discussion on the subject of Sabbath observance. It is proposed in the near future to get in touch with manufacturers, garage owners, druggists and others interested to discuss the subject of better observance of the Sabbath with a view to obtaining their co-operation.

With regard to the question of Sunday entertainments to raise money for patriotic purposes, Dr. Rochester expressed his view, as follows:

"It would be a much higher expression of patriotism to keep the places closed on Sunday. Holding Sunday entertainments is simply educating the public to regard the day as given for recreation and amusement purposes only. Moreover, the Sunday entertainment is not an efficient means of raising money and not necessary for that purpose.

INDUCE ALL MEN IN CITY FACTORIES TO BUY BONDS, IS PLEA

Arthur White Tells Rotarians of Co-operation Need.

OWNERS MUST MEET MEN

Meetings in Employers' Time Needed to Explain Workings of Scheme.

The Victory Loan campaign was discussed Monday at the luncheon of the Rotary Club by Arthur W. White, chairman of the groups committee of the central organization. A. E. Silverwood presided.

Mr. White explained that there were in the city 169 employers who had from 20 employees up. It was to interest these employers in the necessity of working with the men to have them take a portion of the Victory Loan the employers had been notified to attend group meetings and hear the matter thoroughly explained. It was necessary to create an atmosphere of enthusiasm and sacrifice.

Co-operation Essential.

"We want to induce the men to save," said Mr. White. "That will be one of the most important features of the campaign. There should be the heartiest co-operation between the men and their employers. I think this can be brought about with very little difficulty. We must tell them that in this they are not giving money away, but that they are getting a fine investment, one of the best ever offered the people of Canada, absolutely safe, and one that can be turned into cash at any time. The bonds are as good as dollar bills. Every employer should meet with his men and discuss the question with them. These meetings should be held in the employers' time, not the men's time.

Every Dollar a Blow.

In the United States, $2,000,000,000 was secured from the men employed in factories. We are aiming at 100 per cent efficiency. We want every man to buy a bond. Easy terms of financing can be arranged. The men who are sacrificing at the front cannot realize on their investment. We have a chance to help here. Let our every dollar be a blow for freedom."

A. E. Silverwood added his word in support of the enterprise. The money was needed badly. Canada must finance its own products, and unless the money is obtained, the country will be in a bad way. Some packing houses were unable to buy hogs because of the money shortage. The Dominion of Canada had financed the sales of cheese for a year.

It was decided to instruct the executive to appoint a committee to assist the Victory Loan organization in any form desired.

FIRST DELEGATES TO CONVENTION WILL COME THIS EVENING

Women's Institute Workers Convene Here Tomorrow.

Arrangements are all completed for the third annual meeting of the Western Ontario Women's Institute branches to be held on Wednesday and Thursday in the Y. M. C. A. Auditorium.

It is expected a number of the delegates will arrive in the city this evening, owing to the fact that branch reports are to be presented during the forenoon session Wednesday from Mitchell, Clifford, Rodney, Bothwell, Glenallan, Lorne Belmore, Kingsmill and Harwich Centre and district reports from S. Perth and W. Huron. Registration and appointment of committees will constitute the rest of the business before luncheon.

Mrs. Neil Grant, Becher, is presiding in the forenoon, and Mrs. J. M. McCallum, Shakespeare, in the afternoon.

The chief features of the afternoon session, apart from addresses of welcome, replies to same and such formalities, will be the address by Dr. W. H. Hill, M. O. H., on "Communicable Diseases," and the anual report of the provincial president of the Women's Institute, G. A. Putnam of Toront. The civic receptions and tea takes place at Smallman & Ingram's at 4:30 o'clock.

FOUR JAIL PRISONERS UNDER NEW REGULATION

Given Until December 15 to Register for Military Service.

Four prisoners at the county jail will come within the meaning of the order-in-council recently issued, extending the time until December 15 for them to register under the Military Service Act. They are short-term prisoners, whose sentences will expire in the near future. Seven other eligibles, who were sentenced to six months each, have been removed to other institutions, and a census will no doubt be taken of them at those places.

The order-in-council reads as follows: The undersigned with the approval of the central appeal judge, and pursuant to the authority of the said act and the regulations thereunder, hereby directs that in respect of all persons who are on the 10th day of November, 1917, confined under sentence of imprisonment in any penitentiary, reformatory, prison or gaol, whether under the control of or administered by Dominion or provincial authority, the time for reporting for military service or for applying for exemption from service limited by the proclamation of 18th October, 1917, calling out Class 1, described in the said act, shall be and the same is hereby extended unto and until the 15th day of December, 1917, inclusive.

Dated at Ottawa this ninth day of November, 1917.

CHAS. J. DOHERTY, Minister of Justice.

Approved:
LYMAN P. DUFF,
Central Appeal Judge.

TAKE VICTORY BONDS IN FULL PAYMENT OF FEDERAL SQUARE BILL

City Will Submit This Proposal To Government.

AID EMPLOYEES PURCHASE

Advance Will Be Made To All Men Who Want To Buy Loan Bonds.

The special committee appointed by the city council to look after the city's end of the Victory Loan campaign met this morning in the board of control rooms, and decided that although the city would not buy any bonds yet, that the employees should be encouraged in every way to invest their savings in Victory bonds. To this end a recommendation was made that the city should advance 90 per cent of two $50 bonds to all its employees, who buy the bonds, this money to be paid back in monthly installments inside of a year. Each employee will get a notice explaining the proposition with his pay checks on the 15th.

City Treasurer J. S. Bell stated that there would be a sinking fund of $120,000 at the end of the year, but the committee did not deem it advisable to take up bonds with it.

Mr. Bell suggested that the Government, owing the city $130,000 on the Federal Square scheme, might possibly pay up in Victory bonds. He thought that the city would be glad to take the money that way. Controller Moore and the rest of the committee thought so to.

The minister of finance will be got in touch with immediately on the subject.

ONE RECRUIT ONLY ADDED BY BOARDS ON EXAMINATIONS

Man Sent Up by Tribunals Is Classed A2.

The military service act, in full effect here for the first time Monday, increased the strength of the Canadian Expeditionary Force to the extent of one man. Only two men were ordered by the exemption tribunals to appear before medical boards at the armories. One man was rejected. The other qualified in Class A 2, and will likely serve with the 1st Depot Battalion, Western Ontario Regiment.

Voluntary examination under the act has ceased, and medical boards are not likely to resume the activity of the few past weeks until the exemption tribunals have been in session some days.

TEACHERS WHO WERE STORM CENTRE HAVE LEFT CITY'S SERVICE

Manual Training Instructors Both Resign From Positions.

The resignation of J. B. Pengally, instructor of manual training in the public schools, has been received by Secretary McElheran of the board of education, to take effect December 21.

Mr. Pengally's brother's resignation was accepted at the last meeting of the board of education.

The two resignations are the closing chapter in an educational row precipitated when members of the London board objected to the criticism of the two manual training instructors sent to the faculty of education. The trustees claimed that the teachers had gone over the heads of the board, and a demand for their resignation was the sequel.

STREET RAILWAY TO RESUME RICHMOND ST. SERVICE THURSDAY

Will Use New Double Track Crossing Over G. T. R.

Regular street railway service on Richmond street will be resumed on Thursday, when the London Street Railway will commence the operation of its cars over the new double track crossing over the Grand Trunk Railway. The speed with which the double-tracking and paving work was put through gave promise that this service would be resumed earlier in the week, but it was decided to allow the concrete base of the pavement to "set" a little longer before applying the top dressing of asphalt and brick.

The new double-track crossing, something sought for years, will, it is confidently believed, mean at least 100 per cent improvement in the street railway service, all lines in the city, with the exception of one—the Dundas line—being affected. Crossing blockades will be reduced to the minimum by the double-tracking.

One of the features of the tracking work has been the speed with which it has been rushed through. Another has been the lack of compaints by street railway patrons over the rearranged routes and stub-line service made necessary by the construction.

ANOTHER ATTEMPT

Aldermen Called Together Tonight to Transfer Coalyard Control.

The city council will meet tonight at 7:30 o'clock to ratify the bylaw transferring the civic coalyard proposition to the utilities commission. A meeting was called for last Saturday afternoon to pass the bylaw, but a quorum failed to appear. The aldermen apparently like to transact all their business after darkness has fallen.

WHAT BILLY SUNDAY SAYS

In one of his meetings at Boston the noted evangelist said, "I believe that every disease can be cured by some weed if we can only discover it. There is not an ailment that God hasn't somewhere an herb growing that will cure that ailment."

The choice medicinal herbs which will cure women's ailments where discovered more than forty years ago, and have been doing their beneficent work for half a century. Lydia E. Pinkham combined them in convenient form in her famous Vegetable Compound, which is to be found in the drug stores where every ailing woman may conveniently get it at small cost. It does the work!

BIG AFTER-WAR PLANS

Return of Race to Ancient Country Gratifies Members in City.

The following telegram has been received today by M. Fishbein, secretary of "Lovers of Zion" Society of this city, from Clarence I. De Sola, president of the Federation of Zionist Societies of Canada:

Montreal, Que., Nov. 12, 1917.

Mr. M. Fishbein,
256 Dundas street, London, Ont.

Congratulations. British Government publicly announces it favors establishment of Palestine as a national home for the Jewish people, and will use its best endeavors to facilitate the achievement of this object. This pronouncement is in conformity with the private views exchanged in confidence between Mr. Balfour and Mr. De Sola last May. Federation joins with you in happiness. Please announce this publicly.

CLARENCE I. DE SOLA, Pres.
ALEXANDER SACHS, Director.

When Hon. Mr. Balfour was in Ottawa last May he sent for Mr. De Sola for an interview, and for some time it has been known to the members of the local Zionist society that the British statesman was favorable to the re-establishment of the Jewish nation in Palestine.

Commenting on the news contained in the telegram, Mr. Fishbein said: "This means that the Jewish people are once more to be established as a nation in Palestine. If the British Government says so it will be so, and the British will be backed by the Allies. Of course, this cannot take place until after the war; but it will probably not be long after until the nation is once more established and the land granted to the Jewish people. This is what the Zionist movement has been working for—the repatriation of the Jewish people in their own country and on their own ancestral lands. In the past forty or fifty years some 42 colonies of Jewish people have been established in Palestine, composed of about 83,000 people.

"The establishment of the Jewish nation in Palestine does not mean, however, that all the Jewish people from all parts of the world will return there. Those who wish to do so can do so, and others will be free to remain where they are. It will be the same as English, Belgian or French people living in Canada or the United States. The point is, we will be a nation once more and not a people scattered to all the ends of the earth."

The "Lovers of Zion" have forty or fifty active workers in London, and in the Dominion there are between 50,000 and 60,000 members of the Zionist Society of Canada. Last week one of the great Zionist leaders, Dr. Lewin, was a visitor in the city, and lectured to a large audience while here.

ALL MEN NOT BORN EQUAL, DECLARES THIS EVANGELIST

Position and Education Possibilities Preclude It.

At the revival meeting at Colborne Street Methodist Church last night, Gordon V. Thompson spoke on the subject, "Make the Most of Yourself," and urged young people to dig up their buried talents and to invest their lives in the unselfish service of a great cause. Ambition should not be stifle but should be redirected along lines of Christian service, the evangelist maintained.

"It has been said that all men are born equal," exclaimed Evangelist Thompson, "but that statement is untrue. Some are born into rich families and receive all the benefits of a liberal education, while others have to sweat and grind from the day of leaving school. Some have great natural gifts, while to others accomplishments come only as the result of great effort. All men are not born equal.

"The final reward would be based, however, on the number they multiplied their original capital by. The man who received two talents and gained other two got exactly the same reward as the man who started with five and gained other five—they both multiplied their stock by two, earned 100 per cent on their original. That was a great encouragement to the one talent man and a warning to the man of many talents.

"The pounds, on the other hand, were little graces that all had an equal chance to manifest, just as every one of the ten servants got one pound each. All could be bright, smiling, helpful, confessing Christians. Smiles were never needed so much as in these days of tears. 'Brighten the corner where you are' should be the motto of each and all.

"In my rounds as a newspaper reporter in Toronto one day, I heard a bird singing in the Union Station. The beautiful liquid notes attracted my attention. I found that the bird's cage was inclosed in a potato sack, but still in the darkness the little bird sent forth its song after song to cheer those who might hear."

Rev. J. E. Richardson, M.A., of Empress Avenue Church, was present and took part in the service. A delegation was on hand from Hill Street Church, as well as visitors from other churches of the city.

Sunday was a big day in the revival, and many come forward to accept the evangelist's invitation to lead a Christian life. Next Sunday night Mr. Thompson will deliver his address on "Heaven and Hell," which is being anticipated as one of his strongest utterances. "The Unpardonable Sin" will be his subject on Wednesday, while on Friday he will tell a story-sermon, entitled "The Prodigal of Today."

Mr. Thompson is known to Londoners as the writer of sacred and patriotic songs, such as "When Your Boy Comes Back to You," "I Want to Kiss Daddy Good-Night," "When Jack Comes Back," "When We Wind Up the Watch on the Rhine," and many others.

On Sunday, at the mass meeting of men held in the Y. M. C. A. Auditorium, Mr. Thompson anounced the Victory Loan with this new chorus, which the men sang with great zest:

Buy a Victory Bond!
Buy a Victory Bond!
Put your coin out to fight
For your flag and for right,
Buy a Victory Bond!

EVERYBODY NEEDS PURE, RICH BLOOD

Pure blood enables the stomach, liver and other digestive organs to do their work properly. Without it they are sluggish, there is loss of appetite, sometimes faintness, a deranged state of the intestines, and, in general, all the symptoms of dyspepsia.

Pure blood is required by every organ of the body for the proper performance of its functions.

Hood's Sarsaparilla makes pure blood, and this is why it is so successful in the treatment of so many diseases and ailments. It acts directly on the blood, ridding it of scrofulous and other humors. It is a peculiar combination of blood-purifying, nerve-toning, strength-giving substances. Get it today.

QUERIES REGARDING MILITARY SERVICE

Send In Your Problems and They Will Be Answered From Official Information by The Advertiser.

Question.—1. I am 35 years old, was born in the United States, and came to Canada in 1909. My father was an American and my mother a Canadian. Am I liable for military service?

2. If questioned on the street, what will I say? C. H. W.

Answer — 1. As your thirty-fourth birthday occurred before January 1, 1917, you are not in class one, and would not be liable even if you were a Canadian. Unless your father became a naturalized British subject before you were 21 years of age, you are still a citizen of the United States, and are not subject to the provisions of the M. S. A.

2. You may be required to produce proof that you are not a British subject.

Question.—1. Will men who are in categories B, C or D, and who have reported at the postoffice, be called to the colors in December, or will A men only be taken?

2. Is a young man of 23, categorized A, who is applying for exemption on the grounds that he has to support his mother, when his father is only 55 and works every day in a mill, liable to get it? READER.

Answer—1. No, not at present, though they might be called up later. They must, however, apply for exemption.

2. Impossible to state here.
