"SMALL FURNACE COAL" IS THE OFFICIAL NAME

Replaces "Stove" by Decision of the Canadian Retail Coal Ass'n —Ladies' Golf Championships.

HAMILTON, June 10.—(Special.)—The fourth annual convention of the members of the Canadian Retail Coal Association was brought to a close this evening, when the following officers were elected:

William Heaman, London, president; J. M. Peregin, Hamilton, vice-president; E. M. Trowern, Toronto, secretary-treasurer. The directors elected were. A. J. McIntosh, Woodstock; J. K. McLaughlin, Owen Sound; J. E. A. Fitzgerald, Peterboro; J. D. Jacques, Toronto; E. Brown, Port Hope; B. Blair, Woodstock.

J. C. Hay, Listowel, the retiring president, was first offered the office again by a standing vote. He was made the recipient of a cabinet of silverware. The only business of public interest transacted was the passing of resolutions condemning discrimination in freight rates between points on the min lines of railways, the objecting to the high assessment which coal dealers have to put up with, the disapproval of the duty of 53 cents per ton on vessel coal and the changing of the name of stove coal to small furnace coal.

The Hamilton retail jewelers defeated a team from Levi Bros. at baseball this afternoon. The retailers made 14 runs and 9 hits and 2 errors, nad Levi's 12 runs 6 hits 3 errors. The features of the game were a two-base hit by A. F. Levi, a one-hand catch by Norman Ellis, a home run by A. Baker; Tos Binkey stole home and Mr. Clasingbowl shone in left field by picking one off his shoe laces.

Deserves Credit, Too.

By an oversight the name of Ald. Jutten was omitted in Tuesday's World from the list of the aldermen who voted in favor of signing a contract at once. In fact, it was he who moved the motion to that effect, and made the aldermen go on record no fewer than four times on the question.

Hamilton Methodist conference concluded its work to-day. The stationing committee sat until 3 o'clock this morning, straightening out the final draft of transfers. Dr. Clarke, a temperance enthusiast, who caused considerable stir at Stony Creek during his pastorate here, goes to Georgetown, Rev. J. W. Magwood is transferred to Oakville, Rev. A. J. Terryberry goes to Grimsby, and in Galt district Rev. J. A. Chapman goes to Waterloo, and Rev. F. L. Barber to Preston.

SERMON TO FOUNDRYMEN APPLICABLE TO OTHERS

Some Valuable Hints at Getting Out the Best of What's in an Employe.

The visiting foundrymen got down to really serious business yesterday, and the process building and machinery hall at the exhibition grounds became regular hives of industry with all sorts of industrial processes under way. The dairy building became a forum for the discussion of technical matters in relation to the trade, but there was plenty of time found for relaxation and in the afternoon the Highlanders' Band gave a concert in the process building.

In the evening all the visitors were the guests of the Canadian Manufacturers' Association on a moonlight excursion on the steamer Cayuga.

"The prevention of accidents in the foundry" was the title of a paper read by Thomas D. West, Sharpsville Pa. On the part of the men, he said, the contributory causes were indolence, smoking and drinking, forgetfulness, stupidity, rashness, deliberate carelessness, independence of orders, callousness regarding the safety of others or, perhaps, deliberate trickery or spite. On the part of the owners might be mentioned, mismanagement, disorder, tyranny, more particularly in the overseers, absence of safety devices and intelligent control of the works on the part of the management. The foreman should understand that he was expected to look after life and property as much as in getting out tonnage. Men in charge were often prevented from exercising proper precautions by the lack of credit they got for it from those higher up. He suggested that the association appoint a committee to investigate the question.

Other papers read were: Production of automobile cylinders, by L. N. Perrault, Waterbury, Conn.; Automobile Cylinder-Making, by F. W. Stickle, Hartford, Conn.; Machine Molding, by E. H. Mumford, Philadelphia, Pa.; Annealing Castings, by W. M. Carr, Chester, Pa.; Specifications for Castings to be Machined, by H. E. Diller, Chicago, Ill.; The Electro-chemical Cleaning of Metals and Its Application to Commercial Uses, by Chas. H. Proctor, Arlington, N.J.; How to Use Your Membership Privileges, by Andrew M. Fairlie, Copperhill, Tenn.; The Outside versus the Inside Man, by W. A. Porter, Toronto, Can.; Core Sands and Mixtures, by Archie M. Loudon, Elmira, N.Y.; Ferro-alloys in the Foundry, by W. M. Saunders, Providence, R.I.; Titanium in Cast Iron, by Dr. R. Moldenke, Watchung, N.J.; Foundry Warehouse Methods, by C. Everitt, Trenton, N.J.; Pattern-making for the Specialty Shop, by H. M. Lane, Cleveland, O.; Foundry Transportation Methods, by David Gaehr, Cleveland, O.; Oxy-Acetylene Welding of Castings, by G. H. Taylor, Philadelphia, Pa.; Further Notes on the Application of Thermit, by N. E. Olds, Toronto.

ECONOMY, CAUTION AND CROPS

Triple Combination Will Bring Prosperity to the West.

Byron E. Walker, president of the Canadian Bank of Commerce, said yesterday that the bank reports from the west indicate splendid crops.

"What Canada needs is a good crop and a year of economy," he said.

"The west may think that the depression was caused by a bad crop. As a matter of fact the bad crop was only an incident. The depression would have come without it. In the States they had good crops, got more for their cereals and their cotton than before, but they had worse trouble financially than Canada had.

"The real cause of depression was the tendency and the practice of people in living ahead of themselves. If there is a splendid crop and Canadians have not learned their lesson, they will start cutting the same wide swath of over-expenditure. Then there will be the same inevitable trouble following. The country needs a year of economy.

"The natural result of a good crop will be that money will be easier. Municipalities will find themselves able to sell their bonds. Some of them, perhaps, will take advantage of this to plunge into improvements on the old large scale. This will not be justified, for the country needs caution as well as crop."

TRUSTEE DAVIS LOSES OUT.

Board of Education Override His Objections 7 to 2.

A special metting of the board of education was held yesterday afternoon, made necessary by Trustee R. N. Davis breaking the quorum last meeting.

After Trustee Rawlinson had criticized Mr. Davis' behavior the latter said that his only object was to have the clause recommending the appointment of a teacher 45 years old referred back until it could be considered by the full board of trustees, but half a minute later, when H. A. E. Kent was talking, Mr. Davis threatened to again leave the meeting and break the quorum, saying, "I'm not going to sit here and let them kill time this way for the purpose of giving other trustees who are late a chance to come and override my objection."

The appointment in question was sustained by a vote of 7 to 2, Messrs. Davis and Rawlinson opposing.

The remainder of reports carried unanimously, giving authority for the closing of the public schools for holidays on June 26, which otherwise could not have been.

HORSE THIEVES BUSY.

Farmers in Vicinity of Galt Suffer Several Losses.

GALT, June 10.—(Special.)—Horse thieves are at work in adjoining counties, and no less than five valuable animals have recently disappeared from the fields of the owners in Ancaster, and shortly afterwards a farmer living within a few miles of Ancaster lost a valuable animal. The latest to suffer is J. M. Irwin, the local banker, who had a horse stolen this week from his farm near Branchton.

Was Weighed With Cattle.

For having himself weighed with cattle at the stockyards and then failing to make delivery, Hugh Nelson was fined $1 and costs in police court yesterday morning.

Cop Kept Up.

ALMOST CHOKED TO DEATH.

Mr. Lionel E. Schwartz, a commercial traveler, writing from Winnipeg, Man., says: "Catarrhozone cured me of Asthma after the doctors had despaired of my recovering. I seldom slept thru a whole night without waking up in a fit of coughing. Sometimes I almost choked to death. I have not been bothered since using Catarrhozone. It has cured me entirely. Catarrhozone is the only remedy I have ever met to give such good results." Sold by all dealers in three sizes, 25c, 50c, $1.00, for two months' treatment, which is guaranteed to permanently cure.
