U. S. JUDGES NOT QUITE SO HAUGHTY

New York, Aug. 3.—One of the passengers not mentioned in the press who sailed yesterday on the steamship Cleveland for Hamburg was a small German lady, Mrs. Anna Meyer Liepmann of Berlin. She came over on the Cleveland about three months ago to attend the woman's congress at Toronto. But she soon disposed of this errand and spent the rest of her time traveling over the United States and visiting the courts. She is a probation officer connected with a court in Berlin. Her husband is a German magistrate, and on the whole she was competent to compare our courts with those of the fatherland.

Frau Liepmann listened to a number of cases at the night court and soon came to the conclusion that petty jurisdiction in Germany and the United States was much the same.

"You are more generous than our judges," she said to Magistrate Herrman. The magistrate smiled. "Some of these prisoners don't think so," he answered.

"Oh, but our judges are so much worried about their dignity!" she went on. "They have a—what is it you say—exaggerated idea of their mightiness?"

Before Frau Liepmann departed she heaved a sigh:

"Ach!" she said wistfully. "New York is just as bad as Berlin as far as people go, but either of them is nothings with Chicago. Ach, Chicago!" And then she shook hands all around and went away to Germany.

CLASSICAL PARANOIC MURUER NOW

White Plains, N. Y., Aug. 3.—Resuming his examination of Dr. Flint at this afternoon's session of the Thaw case proceedings, the witness was asked whether or not a paranoiac was dangerous to be at large. Dr. Flint said: "a persecuted paranoiac is the most dangerous of the insane."

He was led to this conclusion he said, largely by Thaw's family history. "Paranoia," he asserted, "never attacks one of untainted heredity; next by his evident delusions regarding White and his associates, and finally the homicide itself." This act, he termed "a classical paranoiac murder." Lunatics of this class, he said, almost always kill in a theatrical way and never express remorse.

Mr. Morschauser asked the witness about the Matteawan concert alleged to have been arranged for the purpose of "showing up" Thaw before the alienists. The witness admitted that he had given orders not to let Thaw know of this affair in advance, but denied that he had invited several newspaper men to attend so that they might observe Thaw. Dr. Flint said that before Evelyn Thaw testified against her husband at the first week of the hearing she had volunteered before him and counsel to give any information they wanted.

Dr. Wm. Hirsch followed Dr. Flint. Mr. Morschauser said that his cross-examination probably would occupy a large part of tomorrow. Dr. Hirsch called Thaw a degenerated paranoiac and absolutely incurable. In the course of his testimony, Dr. Hirsch said "exaggerated ego" was not a sign of paranoia.

Court adjourned until 11 a. m. tomorrow with Dr. Hirsch on the stand under cross-examination.

DEVELOPMENTS LIKELY IN DRISCOLL CASE

Judge Forbes Criticizes Action of Police Magistrate and Advises Reference to Attorney General.

Yesterday morning in the county court chambers Judge Forbes expressed himself strongly on the fact that Police Magistrate Ritchie had not seen fit to send in the evidence in the case of The King vs. Timothy Driscoll, who was fined for selling beer during prohibited hours, and which is being appealed. Mr. J. A. Barry appeared for the defendant and Dr. A. W. MacRae, K. C., for the liquor license commissioners.

Mr. Barry presented an affidavit in which he set forth the facts in the case and the steps he had taken necessary to appeal. He described visits he had made to the police court in connection with this matter and how the magistrate had told him that he had not taken the necessary steps in time.

A copy of a letter from Mr. Barry to the magistrate calling upon him to send up the evidence and stating that if this was not done it might be necessary to issue a writ of mandamus was read, with an affidavit from his stenographer to the effect that he had delivered the letter. Judge Ritchie's communication in reply was read in which he stated that an appeal did not lie in every case, but "may be had in some cases the sections governing which are not numerous" or ambiguous.

Addressing the judge Mr. Barry said he had proved the service of the appeal and done everything necessary. He did not know why the magistrate had taken the course he did. He suggested that the case be tried on its merits.

His Honor replied that this was scarcely possible.

Mr. Barry then asked that he be allowed to appeal for a mandamus or ask the Attorney General to make the magistrate do his duty.

Judge Forbes said: The magistrate should have sent the evidence up. It did not lie within his province to withhold the evidence when an appeal was entered. He thought it is a great hardship that this man should be kept waiting so long and that he should not be heard. It was a high-handed piece of business, as this man had the right to appeal. He had the power to commit the police magistrate for contempt of court, but he did not think it seemly for one judge to get into a controversy with another. He would advise Mr. Barry to see the Attorney General and when he had done so the matter could come up again.

WHEN TAFT MEETS DIAZ AT EL PASO

El Paso, Tex., Aug. 3.—Standing in the centre of the international bridge at El Paso, the muddy waters of the Rio Grande, the international boundary stream, flowing beneath them, Porfirio Diaz, President of the United States of Mexico, and William Howard Taft, President of the United States of America, will meet and shake hands on October 15, and both rulers will remain on their own territory.

This meeting will take place in the presence of at least four Mexican Governors and three American Governors and as many Cabinet officers of the two republics as can get here at the time.

For years it has been the dream of the people of El Paso to have the rulers of the two great North American republics meet at this point, and when Benjamin Harrison visited El Paso in his first term and William McKinley paid a visit to the city in 1900 efforts were made to have Gen. Diaz as a guest also; but he was unable to get here either time. However, no American President has ever before extended a formal invitation to the President of Mexico to meet him here until the present, when Mr. Taft sent a personal letter to Gen. Diaz expressing the pleasure that such a meeting would give him. Gen. Diaz has formally accepted and will be here to meet Mr. Taft, travelling in his own special train, accompanied by Cabinet officers, a battalion of the Chapultepec castle guard, the Presidential band and a retinue of military, naval and other aides.

UNPOPULAR UMPIRE FLEES FOR SAFETY

Lynn, Mass., Aug. 3.—Turbulent scenes marked today's baseball game between Lynn and Fall River. Scarcely had the game begun when a crowd of several hundred spectators rushed upon the field in the direction of Umpire McLaughlin. A squad of police surrounded the umpire and fought off the crowd, which, foiled in the attempt to seize the object of their wrath, pelted the police and the umpire with stones and other missiles. Flanked by bluecoats, McLaughlin made his way to the club house still followed by the angry fans. As soon as the club house was reached, McLaughlin and six of the officers went inside and turned the key, leaving the other policemen outside to keep back the mob. Gradually the crowd dwindled away and finally when there were but half a hundred of the disturbers remaining, the umpire and his protectors made a dash for safety, running at full speed in the direction of the gate closely pursued and barely succeeded in boarding a trolley car when the crowd came up yelling and making dire threats against McLaughlin. The crowd pursued the car, and when McLaughlin and the officers, after alighting at Central Square, ran for their station, where the umpire was to take a train for Boston, the crowd continued the pursuit. Arriving at the station the pursuers made no attempt at violence, but contented themselves with hooting and jeering. During the melee at the park, McLaughlin was struck on the head with a stone, but was not seriously hurt.

PASSENGERS IN PANIC AS SHIP BURNS

Special to The Standard.

Cobalt, Aug. 3.—The Upper Lake Navigation Company's steamer Adrielexa, while en route from Elk Lake yesterday morning caught fire through the bursting of the packing around the boiler. A panic was narrowly averted among the fifteen passengers on board, who were finally huddled together in the bow of the boat until taken off by the steamer R. J. Booth, of the Montreal River Navigation Company, which responded to the Adrielexa's signals for assistance.

THOUSANDS FLOCKED TO BISHOP'S PICNIC

Annual Outing as Popular as Ever—Wm. Lenehan Fell From Train, But Was Not Seriously Injured.

The Bishop's picnic has again proved that it is one of the most popular events of the season. Yesterday upwards of 3000 people left by train for Torryburn to enjoy the outing. The day was an ideal one and the picnic was one of the most successful ever held.

In the morning the procession of the children from St. Malachi's Hall to the train started at 9.30 and headed by the City Cornet Band proceeded down King street, along Dock and Mill streets to the depot. About 700 children took part in the procession, which was under the supervision of His Lordship Bishop Casey, Rev. A. W. Meahan, Rev. Michael O'Brien, Rev. Wm. Duke, Rev. D. S. O'Keefe.

The first train left the Union Depot at ten o'clock, carrying the children, the band and the Sunday school teachers. On arrival at the ground the picnickers found things in readiness; tents had been put up, and the merry-go-round, swings and other amusements were soon in full operation. The second train arrived at 12.30 o'clock and the last train at 2.30 p. m. carried hundreds of pleasure seekers.

Although there was a very large crowd present there were no disturbances of any kind, and the day passed off quietly. A slight accident occurred on the arrival of the 2.30 p. m. train. Wm. Lenehan, while standing on the car platform, was knocked off, and for a time it was thought that he was seriously injured. He recovered sufficiently to return on the 4.30 o'clock train to the city.

MARITIME BAPTISTS TO SEND THREE MORE MISSIONARIES

Appointments Will be Report-ed at Meeting of Foreign Mission Board Today—Great Progress Being Made with Laymen's Movement—Contributions Show Satisfactory Increase—Two Important Conventions.

Counting on largely increased contributions as a result of the Laymen's Missionary Movement and the satisfactory progress of all churches of the Association, the Foreign Mission Committee of the Maritime Baptists are increasing the force in the foreign mission field by three missionaries and in the course of a few months by probably a fourth. The monthly meeting of the board will be held in St. Joffhn this afternoon and the appointment of three new missionaries, among other important items, will be reported.

Miss Winifred Eaton, of Canard, N. S., and Miss Lois Knowles, of Upper Wood's Harbor, N. S., will leave for India on Sept. 25, going by way of New York. These two young ladies will join a large party of American missionaries in England, and will sail from Southampton on October 5th, arriving at Ceylon about October 25th, and reaching Vizinagram, the objective point, in the first week in November. After this long journey, they will then take up their duties under the direction of the Maritime Board and their excellent recommendations assures good work.

Graduate of Acadia.

Mr. Gordon P. Barss, a graduate of Acadia, has also offered himself for service in India, and has been accepted. He is at present taking a course at Rochester Theological College and on the completion of his studies there he will leave to engage in the Indian work.

Another young man, who is in communication with the Maritime Board, is Rev. M. L. Orchard, B. A., of Fredericton, a preacher of great promise, who offered himself for missionary work under the direction of the Student Volunteer Movement, while a student of the U. N. B. and who is now studying at Colgate College. He will attend the next monthly meeting of the Board.

Rev. I. C. Archibald and his wife, missionaries under the direction of the board, are now home on their third furlough and are conducting a series of meetings in the interest of missions in Victoria and Carleton counties.

The Laymen's Movement.

The Laymen's Missionary Movement is now recognized as a potent fact in missionary work. Last evening a meeting of the Baptist committee of the movement for the Maritime Provinces was held in the Baptist Mission Rooms, Prince William street, for the purposes of making plans for the extension of the movement. Mr. W. C. Cross, chairman of the committee, presided and a good number were present.

The movement has taken root in the large centres but it is planned to take it into every church in the provinces. After some work by the local members of the committee, Rev. W. T. Stackhouse, of Winnipeg, Baptist secretary for the Dominion, will pay another visit here and assist in organizing new branches of the movement.

Marked improvements in the missionary contributions from Fredericton, Sydney, Windsor, Halifax and some churches from St. John are shown as a result of the movement. The members of the board are making up the accounts for the year and the increases range from 50 to 100 per cent. It is understood that the statements of the accounts will not be submitted this afternoon as the balance is not complete.

It was feared during the first months of the fiscal year that owing to the enlarged scope of the work there would be a heavy deficit but the contributions have come in so generously during the last three months that it is likely the discrepancy between receipts and expenditure will be very small.

Two Conventions.

Two conventions of considerable importance to the Baptist are to be held before the end of the month. The Women's Association will meet in Moncton, on August 17-19, and the General Convention of the Maritime Association will be held at Halifax on August 21-24. Delegates from all over the Provinces will attend these gatherings and the largest year's work ever accomplished will likely be reported.

Rev. W. V. Higgins, Field Secretary of the Mission Board, is in the city for the purpose of attending the meeting this afternoon. Rev. Mr. Higgins has been attending district meetings and other denominational gatherings during the summer and will submit a report of his work.

CHATHAM FOLK WAIT FOR BOY WITH $16,000

Special to The Standard.

Chatham, N. B., Aug. 3.—The report about town that Charlie McGrath, son of the late Ambrose E. McGrath found a medal valued at $16,000 was confirmed today by the lad's mother, who lives in Duke street. Mrs. McGrath told your correspondent that Charlie had found the medal or medallion while bathing in Napan river. He brought it home and after it had been cleaned up a row of diamonds was found to encircle the head of the coin. Mrs. McGrath says that Charlie showed the medal to the Lieut. Governor and other gentlemen, and as a result he went with his uncle to St. John. Today her son telephoned her from Burnt Church. She says that he was on his way home and had got $16,000 for the curio. The curious feature of the whole story is that the Governor and two other gentlemen to whom Mrs. McGrath says Charlie showed the coin, declare they never laid eyes on it and believe her story to be a fake.

Charlie comes home tomorrow night by the steamer Alexandria and many will be anxious to see his $16,000.

CASE REMANDED.

Were Before Police Court Yesterday and Hearing was Adjourned until Monday—$500 required.

George Merissis and Nicholas Alutis, who were arrested on Monday evening on a warrant sworn out by Policeman Lucas charging them with unlawfully "selling printed matter which tends to corrupt morals," were before Police Magistrate Ritchie yesterday afternoon.

Mr. Daniel Mullin, K. C., appeared for the defence, while Dr. A. W. MacRae, K. C., and Mr. J. B. M. Baxter, K. C. prosecuted. The case is being tried under section 207 of the Criminal Code, which makes a person or persons selling printed matter which tends to corrupt morals liable to a penalty of two years' imprisonment.

The prosecution called Mr. Arthur E. Firmin, who stated that on Saturday night last he bought three papers from Nicholas Alutis, among which was Free Sueech, a Moncton publication. He paid 18 cents for the three papers. On leaving the store he met Officer Lucas. Witness produced the copy of Free Speech which he purchased from the defendant.

Mr. Mullin said he was not ready to continue the case, as he had been retained but a short time previous to his appearance in court, and asked a postponement. Mr. Mullin also asked that his clients be admitted to bail. The court at first declined to admit them to bail, but counsel for the prosecution intimated that they had no objections to them being bailed, as the case was not so much against the defendants as for the suppression of the publication and the case was to be taken to a higher court in order to suppress the publication.

Mr. Mullin gave an undertaking that while the case was pending his clients would not be concerned directly or indirectly in the distribution of Free Speech.

The case was then adjourned until 10.30 on Monday next and the defendants were each admitted to $500 bail.

I. C. R. SHEDS ARE IN ASHES AT HALIFAX

Special to The Standard.

Halifax, N. S., Aug. 3.—A fire broke out in the I. C. R. coal shed at Richmond this afternoon and for a time threatened to destroy the round house and the cars and property in the Richmond yards. The coal sheds, fifteen box cars, seven coal hoppers, the men's rest house, seven hundred tons of coal and other I. C. R. property, fell a prey to the flames.

Terminal Agent Dustan spoken to in regard to the loss said that it would probably amount to between $6000 and $7000. The cars, while there for repairs were good cars, and their value would be in the vicinity of $3,000.

The burning of the coal shed, Mr. Dustan said, would not inconvenience the railway much. It has lots of coal on hand. There is no insurance on the I. C. R. property. The fire is supposed to have been caused by a spark from an engine.

BREAKING NEW BY-LAW MEANS ARREST ON SIGHT

Council's Efforts to Stop Sale of Scurrilous Publications in the City Will Prove Very Effective

The by-law passed at the meeting of the Council on Monday which subjects persons offering any scurrilous newspaper for sale to a penalty of $2 for each offence will, it is believed, prove particularly effective from the fact that the police will not require a warrant in order to carry out its provisions.

This advantage is secured under the act passed at the last session of the Legislature which gives the police authority to arrest on sight violators of any civic by-law. The new by-law is now in force and as a result any newsboys found selling an objectionable publication will be promptly seized.

Under the provisions of the by-law any person who publishes, offers for sale, or sells within the city of St. John any book, newspaper, or other publication which is obscene, indecent, scurrilous or immoral is liable to a penalty of $2 for each publication or sale or attempt at sale.

It is made the duty of the Chief of Police and police constables to bring copies of such publications as in their judgment may offend against the provisions of the by-law before the police magistrate. If the magistrate certifies in writing that in his opinion the publication contravenes the by-law, the Chief of Police and his officers are bound to receive and destroy all copies of the publication within the city.

FEATURES ARE SCARCE AT KALAMAZOO

Kalamazoo, Mich., Aug. 3.—Features were scarce at the second day of the grand circuit meeting, which was favored by fine weather and an improved, although not fast track. The principal event was the 2.10 early closing pace, in which George Gano winner of the Chamber of Commerce at Detroit, toyed with his field, the second heat being five seconds slower than the first.

While a fast lot scored in the 2.05 pace, Lady Maud C., was jogging at the end of each heat.

Dr. Jack won the 2.17 trot without effort, although he had to keep moving faster in the successive miles.

The only contest of the day was the 2.15 trot. Montell won the first two heats, the second by a neck from Dan K., and then Todd Mac beat him in the next three, taking the race.

The big race of the week is tomorrow a $10,000 event for the 2.14 trotters in which nine will start. Margin, the winner of the M. and M. meets El Victress, Penisa Maid, Jennie Constantine, Marie N. PERMANENT HOME FOR ST. ANDREW'S SOCIETY.

Motion to Provide Funds for Club House to Come Up At Next Meeting—The Eligibility Rule To Be Amended.

It is the desire of some of the members of St. Andrew's Society that the society have a suitable building for club purposes, and to this end Mr. R. B. Macaulay has given the required notice that at the next regular quarterly meeting he will move to amend the constitution by a section that provides that after the capital and unapplied interest of the funds of the society amount to $10,000 the society may direct the treasurer to carry such proportion of each member's dues, as the society shall from time to time direct, to a fund to provide for a building or house for the society. The meeting will be held on Thursday evening, and will be a very important one.

Mr. J. Roy Campbell has given notice that at the same meeting he will move to amend the eligibility rule for membership. AN EDUCATIONAL EXPERT HAS THIS TO SAY OF

Acadia Ladies' Seminary

WOLFVILLE, N. S.

What impressed the writer was the admirable system that prevailed in the management and in every department of work; that kindly personality and tact, the influence of which is so graceful to young people; the genial sympathy in the relations between teacher and pupil, and the interest which each one seemed to feel in the work of the day. An education under such conditions is indeed a great asset.—Educational Review for February, 1909.
