CONDUCTOR HAD A CLOSE CALL

Jumped From His Van Just as Engine Crashed Into It—Collision on G. T. R.

A bad mix-up among freight cars occurred on the G. T. R. yesterday afternoon, and it is a wonder that the men in charge escaped without injuries, as they did. There is a siding to the north of the main tracks, just east of Egerton street, and about 3 o'clock a train of empty freight cars, eastbound, stopped in the east end of it while the engine was sent back for water and coal. The train was in charge of Conductor Johnston and Brakemen Lane and Buchanan, all of Sarnia. Shortly afterwards another freight train, also eastbound and much heavier than the first, pulled into the west end of the siding for the same purpose. It was in charge of Conductor Iles and Engineer Walsh, of Sarnia. The latter either mistook the distance, or some other circumstance was to blame, and the second train creased into the rear of the first, smashing the caboose into splinters and damaging the two box cars and a flat car just in front of it.

Brakeman Westover, of Sarnia, was standing on the front of the rear train, and when he saw that it was not going to stop he jumped in time to avoid being hurt. Conductor Johnston had a narrow escape. He was sitting in the caboose of his train, when he happened to look out of the door and saw the other train approaching. He jumped just in time, and a second later his car was smashed into splinters. Engineer Walsh and his fireman escaped injury.

Traffic was not delayed very long, as the wreckers were on hand in short order and quickly had the road cleared up.
