CITY HALL NOTES.

Ald. Hallam's Scheme Cut Down—The Farquhar Contract Rescinded.

City Relief Officer Taylor told a World reporter yesterday that the condition of the poor seems to be much better than it was a year ago. The applications for relief are not nearly so numerous, and altogether, Toronto is in a more prosperous condition than it was.

Ald. Lamb has had printed for distribution a pamphlet on civic insurance by C. A. Ives of Rhode Island, which outlines a law for use in that state.

Ald. Hallam has been using the ax on his scheme for Island improvement, with the result that he expects to get the figures down to $25,000. The $4000 item for a grand avenue, $1900 for Kimmins' cottage and $1500 for trees will be struck out. It is unlikely that the waterworks expenditure will get through the council, but there is a general desire to improve the sanitary condition of Long Pond and turn the marshes into park land.

Street Commissioner Jones put two trolley sprinklers in the principal business streets yesterday.

Mrs. Annie Farquhar, contractor for the Beverley-street pavement has been notified that the work has progressed too slowly, and that at noon to-day it will be placed in the hands of J. H. Knight, whose tender was $17 higher than the Farquhar offer.

City Commissioner Coatsworth is busily enforcing the laws regarding fire escapes against the owners of public buildings.

Dr. Sheard has counselled the boiling of drinking water for a few days and the Public School Board at to-night's special meeting will discuss the advisability of supplying it to the schools.

The water carts borrowed from Hamilton will be painted before being sent back.

The members of the conference subcommittee appointed by the Citizens' Committee on Tuesday are requested by the convener, Prof. Goldwin Smith, to meet in the council chamber, on Friday at 4 p.m.

LOTS OF MOOSE SHOT.

Lumbermen Who Have Been Buying Moose Meat to be Prosecuted

During last winter large quantities of moose were killed and purchased by lumbermen for use in lumber camps. A circular has been issued by Mr. E. Tinsley, Chief Provincial Game Warden, drawing the attention of lumbermen and their employes to section 2, sub-section 1, of the Game Laws Act, which provides that no deer, elk, moose, reindeer or caribou shall be taken between Nov. 15 and Nov. 1 of the following year, but the period limited shall not, as to moose, elk, reindeer or caribou, apply until Nov. 1, 1900, and no moose, elk, reindeer or caribou, shall be taken before Oct. 25, 1900.

The lumbermen are further informed that officers have been stationed at all points necessary to discover contraventions of the statute, and are requested to assist these officers in maintaining the law. Wood rangers and other Crown officers have been warned against connivance with lawbreakers and threatened with condign punishment if guilty of neglect.

The Veterans Have a Grievance

The Army and Navy Veterans have a grievance against General Gascoigne and Col. Buchan. On Sunday, Nov. 3, the association will hold its annual church parade, and the General was asked to review the members near St. Stephen's Church on College-street, as most of the old men reside in that neighborhood. Col. Buchan writes that General Gascoigne will hold the inspection on Bay-street at 5.15. The veterans consider the action of the authorities in wishing 150 feeble old men to travel three or four miles from their homes is inconsiderate. The Executive last night decided not to comply, and will invite Sir Oliver Mowat or Mr. Laurier to inspect them.

Y.W.C.A. Cooking School.

The second of the Wednesday afternoon demonstration classes of the Y.W.C.A. cooking department was held in the basement of the handsome building of that worthy institution yesterday afternoon, and, while not largey attended, was certainly instructive. The bill of fare consisted of sweetbreads served in bouchet cases, jellied tongue and oysters a l'Americaine, the dishes being prepared by the instructor, Mrs. A. Jones, in a most highly interesting manner, the different stages of preparation being minutely explained to the pupils in attendance.

The various classes are held as follows: Superior cookery, Monday mornings; intermediate, Tuesday and Friday afternoons; demonstration, Wednesday afternoon and Friday evening; nurses' class, Thursday afternoon.

Winter Sailings.

The Allan Line R.M.S. State of Nebraska has been scheduled to open the winter season from Halifax, calling at that port for mails and passengers on Saturday, Nov. 23. The State of Nebraska has excellent accommodation for all classes of passengers. The saloon and first cabin state-rooms are in the central part of the ship. She is lighted by electric light and heated with steam. No cattle carried.

The Numidian will sail one week later, Nov. 30.

Not a Scar Left.

In scrofulous cases under ordinary treatment scars are left when the sores are healed. The action of Burdock Blood Bitters is assisted by applying it externally as well as internally. There is no cutting, no knife, just a natural healing power over abscesses, ulcers, sores, etc., that leaves the flesh as clean and sound as a babe's. 246

Business at New York.

New York, Oct. 23.—The official customs statement of the exports of produce and merchandise from the port of New York for the week ending yesterday is the most important and gratifying exhibit made in many months. The total shipments of all commodities were given at $9,382,884, as against $5,883,033 last week, or an increase of about $3,500,000. During the same week last year the exports were valued at $6,627,094.

We have no hesitation in saying that Dr. J. D. Kellogg's Dysentery Cordial is without doubt the best medicine ever introduced for dysentery, diarrhoea, cholera and all summer complaints, sea sickness, etc. It promptly gives relief, and never fails to effect a positive cure. Mothers should never be without a bottle when their children are teething.
