we have counselled. He is the victim of necessity. In the days of chivalry when a Knight surrendered, rescue or no rescue, he was bound after the battle to seek out his captor, though the had latter been forced from the field, and had retired to the security of his castle. So in politics, if a man appointed to an office to which the condition is annexed, that he shall also be able to obtain a seat in Parliament, if he fails in the condition, he is bound to relinquish the office. This is the practice in the mother country to which there is not a single exception to be met with.

We would wish our friend Hensley to take into his consideration what would have been the consequence, had Mr. John Longworth retained the office of Solicitor General, and been returned in place of Mr. Wm. McGill as he undoubtedly would have been—for McGill himself would have made every effort in his favour—and he had lost—as he has—the represention of Georgetown? Would he have retained the office of Attorney General in that case? Would he not have been called upon to resign in favor of Mr. Longworth? Would he himself have waited to be asked to resign?

We omitted to mention that the dwelling house of Mr. David Moore, Charlotteown Royalty, was consumed by fire last week. It would appear that the fire originated from a spark falling on the roof, which was covered with that fine moss which always grows on shingled roofs, unless painted or otherwise kept clean. There was no want of water, the house being close to the Mill-dam, but there was of ladders. In nine cases out of ten, fires originate in this manner, and we think it a proper time to call the attention of the public to the advertisement of Artificial Slate in our paper of to-day. "No better evidence is required respecting the *fire-proof* qualities of this article than the certificate from A. Scott, Esq., agent for several Insurance offices, who has reduced the rate of premiums on buildings, when the roofs have been covered with this invaluable article.

INCENDIARISM.—It is reported in Charlottetown for the last few days, that a large Barn, the property of Alex. Leslie, Esq., of Souris, situated at Rollo Bay, on a farm held there by Mr. Leslie, was burnt down a few days since. Also, an Out Store, or Shop at Souris (West) on the public high road, at the turn of the road leading to the mill, was also burnt on the same day. The latter property was owned by a son of Mr. Leslie. Both these fires are said to be the acts of an incendiary or incendiaries; owing to information given by Mr. Leslie's son, in his capacity of Preventive officer, against some parties detected in the act of smuggling in the harbour of Souris.—*Isl.*

CASCUMPEQUE, July 26, 1853.

Fires have been ragingin the woods fearfully during the past week, some have lost houses, barns, fences, and all their crops, very few have escaped, without loosing some of their fencing and grain a great number of sheep have been also lost, in fact the extent of all the damage cannot be yet ascertained.

TO THE EDITOR OF HASZARD'S GAZETTE.

SIR;

I observe it is stated in your paper of the 22d inst., in your report of the returns made by the Sheriff, at the Sheriff's Court, held at St. Eleanor's, on the 18th instant, that "Warburton protested against Yeo—cause that his proposer, Charles Craswell, Esq. was not a qualified person." I can assure you, Sir, and Mr. Warburton too, or any others interested, that Mr. Craswell has as good a qualification, in the eyes of the Law, as Mr. Warburton or myself. "Drowning men will grasp at straws" This statement was no doubt put in circulation for a certain purpose, but it will not have the desired effect. By inserting these few lines in your paper, you will oblige Yours, &c.

Halifax, 12th July, 1853.

ARCHIBALD SCOTT, Esq.

SIR,—As the Agent of various *Fire Insurance Companies*, I beg to bring under your notice my *PATENT ARTIFICIAL SLATE*. This composition has been upwards of, three years extensively used in New Brunswick, Newfoundland and Prince Edward Island, the Canadas and Nova Scotia, principally for covering shingled roofs, as you will perceive by the accompanying circulars of certificates. It has been severely tested, and proved most successfully its fire proof qualities under most extraordinary circumstances; so much so, that I am of opinion that Fire Insurance Companies should encourage its general application to all kinds of wood building (where the color would be no objection to its being used, such as the back walls of dwellings in the city, out houses, ware-houses, &c., as well as the roofs) by lowering the premium of insurance on such buildings as are covered.

I have the honor to be, sir,
Your obedient servant,
J. W. ROSS.
Patentee and Manufacturer.

Halifax 14th July, 1853.

SIR,—In answer to your note of the 12th inst. I consider the use of your "Artificial Slate Paint" on shingled Roofs, as greatly diminishing the risk against Fire—I have frequently reduced the premiums on Buildings in the Country, upon its application,

I am, sir, your ob't servant.,
ARCH'D. SCOTT.
Insurance Agent.

John Ross, Esq. Halifax.

Twelvetrees Brothers' Soap Powder

(an entirely new invention.)

IS the cheapest, safest, best, and most effectual article for all washing purposes, a packet of which is equal to ten Pennyworth of Soap!

The saving of Time and Labour is so astonishingly great, that a WEEK'S WASH can be accomplished BEFORE BREAKFAST—no rubbing being required.

This wonderful Article is MORE SERVICEABLE THAN SOAP, as it produces a better and much quicker lather, and is adapted for purposes for which Soap cannot be safely or effectually used.

It will not injure the hands, or the most delicate material; but whilst it is incomparable for permanently whitening Linens, &c., after they have become discoloured by age, or injured by bad Washing, it is also unsurpassable for improving the colors of FLANNELS, BLANKETS, WOOLLENS, COLOURED PRINTS, MUSLIN and LACE.
