BASEBALL.

A MEETING OF THE LEAGUE DIRECTORS.

The Baseball league directors met at Saratoga Thursday night. Buffalo, Cleveland, Chicago, Boston, Troy, Worcester, Providence, and Detroit were represented, with W. A. Hurlburt of Chicago, chairman, and C. H. Delreest of Troy, secretary. A resolution was adopted, agreeing not to hire or play against any other club which employs or presents as a player, manager, or umpire, certain players who are on the list for dissipated habits or insubordination. It was not thought best to make the black list public for the present.

MATCHES PLAYED YESTERDAY.

At Boston: Bostons 6, Clevelands 3.
At Troy: Detroits 7, Troys 0.
At Worcester: Chicagos 11, Worcesters 4.
At Providence: Providences 10, Buffalos 1.

CRICKET.

A friendly game will take place today, on Trinity college ground, between teams from the Victoria cricket club and Parkdale cricket club. Game to commence at 2 p.m. sharp. Following is the Victoria cricket club team: A. G. Brown, S. Donaldson, A. Wright, H. Merritt, G. N. Morrison, J. Featherstonhaugh, sr., J. Featherstonhaugh, jr., H. Ross, R. Ross, A. Denison, L. Lindsay.

THE BICYCLE.

THE TORONTO CLUB.

There was a meeting of this flourishing organization in the Queen's park at six o'clock yesterday morning, fifteen mounted members and President J. B. Boustead being present. After transacting some routine business, Mr. H. Goulding, on behalf of his fellow-members, presented Mr. Boustead with a gold badge to wear on official occasions. The badge bears the word "President" in neat letters, and is of beautiful design and well finished. Mr. Boustead cordially thanked the club for its handsome and unexpected present. The proceedings closed with three rousing cheers for the president, after which the bicyclists whirled away for their morning ride on their slender iron steeds.

The club meets at the military monument in the park at 2.30 this afternoon for a whirl.

THE TURF.

KEENE'S FOXHALL.

LONDON, Sept. 30.—Keene's Foxhall, who won the race for the Grand Duke Michael stakes yesterday, does not incur extra weight in the race for the Cesarewitch stakes in consequence of that victory. He is backed to win an immense stake in the race. Jockey Fordham will probably ride him.

THE ROUS MEMORIAL STAKES.

The race for the Rous memorial stakes, two year olds, five furlongs, was won yesterday by Lord Falmouth's Dutch Oven; Rothschild's Nellie second, Lorillard's Gerald third; six ran. The betting was 5 to 2 on Dutch Oven, 7 to 1 against Nellie, and 6 to 1 against Gerald.

A RIGHT SMART RACER.

Little Brown Jug, in an exhibition race at Louisville, Ky., with a running mate yesterday, paced a mile in 2.12.

YACHTING.

SECOND VICTORY FOR THE MADGE.

The second of the series of races between the Scotch cutter Madge and yachts of the Seawanhaka club was sailed yesterday, the Seawanhaka yacht being the sloop Wave, and it resulted in a second victory for the foreign yacht. For the first part of the race the advantage was altogether with the American boat, and she had gained a lead of a couple of miles to windward.

The measurements of the two yachts are as follows:

	Over all.	Water line.	Beam.
Madge	41 ft. 10 in.	28 ft. 8½ in.	14 ft. 10 in.
Wave	45ft. 8½ in.	38 ft. 9½ in.	7 ft. 9½ in.

The Wave allowed the Madge 13m. 48s. The Madge was sailed, as in the previous race, by her captain, Duncan, and the Wave by her captain, Michael Wallen. The starting signal was given at 10.25.

The wind was about west, the tide last quarter flood. The Wave gained measurably at the start, keeping straight down the channel, the Madge keeping up to windward to "skin" the west bank. In the run up from the buoy to the finish line the racing yachts were joined by about thirty other yachts, presenting a most beautiful marine picture. The breeze was fresh from the westward, and the new catamaran, just built by Thomas Fearon, ran through the fleet, easily outsailing every one of the yachts and even beating the committee steamer. As the Madge drew up towards the Narrows the wind slackened and the Wave once more gained on her, and so much that at the finish she would not have been more than three minutes behind, but that the good fortune which had attended the Madge all day still served her at this point. A squall which had been for some gathering at the north burst just a minute after the Scotch cutter had been timed. The Madge won the race and a second $105 cup, by 20m. 39s.

TORONTO YACHT CLUB.

An open race under the auspices of the Toronto yacht club will take place on Saturday, 15th inst., at 2.30 p.m. The prizes will be as follows: $10 to first, $7 to second, $4 to third, $2 to fourth. Entrance fee $1. Entries to be made not later than the 10th inst. to the secretary, T. Y. C., box 1326. Sailing rules and chart of course can be had on application to the secretary.

FAREWELL ADDRESS.

At the close of the school hours in the collegiate institute yesterday, the masters assembled in the rector's room for the purpose of presenting an address to Henry Montgomery, M.A., B. Sc., who has been the science master for five years back. Mr. MacMurchy read as follows:

As you are about to sever your connection with the Toronto collegiate institute, with which [illegible] been identified during the past [illegible] years, and your relations with the masters and teachers having been during that time of the most cordial character, we the undersigned members of the teaching staff desire to express our sincere regrets at your departure from among us. At the same time we sincerely hope that you may find a field in which an opportunity may be afforded you of bringing into more active play your practical knowledge in the department of natural sciences, of which you have shown yourself, both in your university career and by subsequent research, an ardent a follower.

Mr. Montgomery made a suitable reply. He will continue his connection with the Toronto school of medicine.

A GOOD WORK.

Mr. C. H. Matheson, with the assistance of Messrs. Binsted, Frazer and others, organized on Tuesday night a society which has for its object the religious and social improvement of young men and women. It will also be a total abstinence society. The meetings will be held every Tuesday evening at 8 o'clock in the class-room of the Bible Christian church, Agnes and Temulay streets. In a few months the promoters of the plan intend to have a free library and reading-room, which they hope will have the effect of keeping the young people from attending places where they might spend the evenings with less profit to themselves. It is in fact an institution on the same plan as the Y. M. C. A., with two additions—the presence of young women as well as men, and the adoption of the temperance platform.

Sold by Druggists and Merchants all over the world. ☞ When you want an article that will cure everything, ask for KENNEDY'S LIGHTNING REMEDY. If you doubt it, read this: BRADE, Ont., July 7th, 1879. Mr. James Kennedy, Toronto. Sir: I have been confined to my bed for a month with neuralgia in my head and face. I had two doctors attending me, but they could not cure me. After they gave me up as a hopeless case, I was induced by my wife to try your Lightning Remedy and the first rub relieved the pain, and now am as well as I ever was, but my bottle is all done. Please send me half a dozen more by express, C.O.D. Respectfully yours, DANIEL FREEMAN

INSURANCE

SOLID PROGRESS.

There are different kinds of Life Insurance Agents. Some recognizing their responsibility as men, will work for only the best companies, and accept reasonable remuneration. Others will work only for the company paying the highest salary, irrespective of its standing, and will do any kind of business required of them. One of this class told the writer, two years ago, that he was ready to work for Old Nick's company if he gave him a good salary. He very soon met with an engagement but not on the Ætna's staff.

Certain gentry of this class are now making a bugbear of the fact that the Ætna's Insurance in Force and Income have decreased since 1872. But they forget to explain that everything was done on a greenback basis in 1872, and that there is no American company which has not occasionally made a little "progress backwards" since 1872. The Companies reporting to the New York Insurance Department, aggregate as follows:

In 1872—In Greenbacks	$117,306,029	$2,114,742,591
In 1879—In Gold	77,700,403	1,457,255,512
Contraction during 7 years' hard times	39,605,626	657,486,973

Showing a contraction of 33 per cent. in Income, and of 31 per cent. in Insurance. During the same period the ÆTNA LIFE's contraction was but 27 and 22 per cent., while its

Assets increased during the 7 years, from $18,077,550 66
In 1872, up to, in 1879, 25,636,193 41

Showing an increase of a fraction under 30 per cent.

To say of a firm, or a bank, that its Debts had decreased and its Assets increased would be very strong testimony in favour of that firm's, or bank's, good management and present strength. The following statement shows Real Progress in Assets and in Surplus over all Liabilities—that is, after making provision for the re-insurance of the first column, year by year:—

Year.	Amount at Risk.	Assets.	Surplus.
1872	$100,617,773	$18,077,550	$2,856,362
1873	98,864,149	19,482,417	2,808,789
1874	94,506,992	20,657,603	3,248,660
1875	91,454,011	22,022,734	3,586,650
1876	87,388,456	23,357,648	3,878,498
1877	82,719,074	24,141,125	4,179,039
1878	79,568,066	25,120,894	4,764,695
1879	77,738,038	25,636,195	4,968,633
1880	77,951,819	26,403,440	5,287,773

In 1872, therefore, the ÆTNA had only $480 on hand to each $1,000 of Policy. To-day it has $338 40. In 1872 its Surplus, after laying aside enough to re-insure all its Policies on the New York or Canadian standard was $2,856,362. To-day its Surplus is $5,287,773, an increase of 150 per cent. The amount at Risk has now, with returning good times, increased in 1880 over 1879.

We have given sufficient to satisfy any one that the Ætna Life has all the elements that constitute a strong and reliable Company. But, the gentry above-mentioned say, its death rate "greatly exceeds the average of all the American companies." So it does, and it would be almost a miracle if it did not. For it is one of the oldest companies. But in 1880 its deaths were only $15 per $1,000, while the rate of all the other companies was $14 50 per $1,000, showing but a very trifling difference. But the ÆTNA has the money in hand for them as they come.

For Insurance which Insures, and which never becomes worthless through inability to pay a premium, after two or three years in force, apply to the Ætna Life Insurance Company.
