Presbyterian Assembly.

Montreal, June 9.—The eyes of Canadian Presbyterians are now centered on Montreal, where the supreme court of that church inaugurated its 24th annual assembly last evening, the principal feature of which was the sessional sermon preached by the retiring moderator, Dr. Moore. His chief utterances were in reference to prohibition. He blamed the apathy of the churches, and said they should present an unbroken front to the liquor traffic.

After the sermon an open vote was taken for the high position of moderator, the candidates being Rev. Dr. Bryce, of Winnipeg, and Rev. Dr. Torrance, of Guelph. The vote resulted in the choice of Rev. Dr. Torrance, who has been a minister of the Presbyterian Church for 52 years.

Over 500 delegates are in attendance, representing every district of the Dominion between Cape Breton and Victoria and some 1,200 churches.

Apart from routine work and adoption of reports, three all-important questions are to be discussed—home missions, foreign missions and French evangelization.

The Presbyterian Church in Canada spends $30,000 a year on mission work in the Province of Quebec. Last year there were in this work 28 pastors and ordained missionaries, 17 evangelists, colporteurs and students and 20 teachers, 37 mission fields and 93 mission stations occupied, with a Sabbath attendance of 2,415; 928 families under the care of the committee, with 1,079 church members and 990 pupils attending Sabbath schools and Bible classes. During the year 153 members were added to the church. Of the total amount contributed to the work the converts provided $6,000.

Parliament to Rise.

[Special to The Advertiser.]

Ottawa, June 9.—Prorogation will take place on Saturday. That was the opinion expressed by Sir Wilfrid Laurier and indorsed by Mr. Foster at the opening of today's session.

The premier said that all the estimates and legislation might be got through today, concurrence tomorrow, and prorogation on Saturday.

Mr. Foster saw no reason why this should not be done, and the statement was received with cheers.

Mr. Laurier moved that the Drummond County report from the investigation committee be taken up this afternoon for discussion.

Mr. Foster asked that it be deferred until next session, which the premier agreed to do.

The loan companies' bill, from the senate, was dropped.

Mr. Fitzpatrick then moved that the amendments to the franchise bill made by the senate be struck out.

Mr. Borden (Halifax) maintained that the amendments of the senate were not an attack on the principle of the bill.

Mr. Blair held that the senate had destroyed the fundamental principle of the bill.

Mr. McNeil argued that the senate had the right to amend the bill

The Normal School Again.

What can be the object of the renewed antagonism of leading Opposition journals to the new Normal School in this city?

Is it not settled beyond a doubt that the institution will be built here, and that at a reasonably early date?

The only question not yet solved is the site, decision on which has been more difficult to reach than was at first anticipated.

But in due course that matter will be disposed of, in the best interests of the public, and the school will be finished and in operation at the date originally intended.

Why, it has been asked, has the Government of Ontario, before taking final action, recalled the offer of the London city council to provide a site for the new institution? The answer is simple. The Ministers are the trustees for the whole province, and not for the inhabitants of London only. We can imagine with what strength of invective Mr. Whitney and his associates on the Opposition benches would berate the Government, at the next session of the Legislature, if it proceeded to finally select a site without reference to this offer, seeing it has never been withdrawn. Even now, scarcely an Opposition paper mentions the London Normal School, except for the purpose of opposing its erection. This shows the necessity for Londoners exercising local patriotism irrespective of politics.

It was a very proper thing for the Minister of Education, therefore, to address the mayor and aldermen on the subject and to afford them the opportunity of implementing their offer, and of selecting such a site for the new institution as they deem best. If the council, in its wisdom, declines to implement its offer, and refuses to take steps to choose the site, well and good. The course of the Government will be clear. The Ministers will not be open to the blame of having declined a generous offer, and they will be able to proceed with all due dispatch to secure the best available site in the market.

It may be that the civic representatives might prefer to devise some means whereby a site may be chosen with the special object, not only of the educational advantages accruing from the school, but of promoting the ornamentation of the city, it being the opinion of many Londoners that such a fine pile of buildings should be seen to the best advantage. In any case, it behooves the city council to speak freely and quickly, as there is no time to be lost.

CITY HALL NOTES.

There is a dispute as to whose duty it is to remove the mass of hay on Waterloo street near the Collegiate Institute. It ought to be attended to by some one, for it is most unseemly.

"How would it do," said an ex-alderman today, "to place the new Normal School on a corner of Victoria Park, making up the difference by removing the Gore, closing up the street, and having the western limit of the park face on Richmond street, thereby immensely improving the appearance of the locality and of the popular public resort?" The idea seems to be a good one, if it could be carried out without too large an expenditure.

POLLEY-MURRAY.

Yesterday afternoon an interesting event took place at the residence of Mrs. Cox, 417 Bathurst street, when her friend, Miss Victoria A. M. Murray, of Petrolia, was married to Mr. Robinson Thornbeck Polley, merchant, Petrolia. The officiating clergyman was Rev. John Mahan, the new Methodist minister at Dorchester, brother-in-law of the groom. The bridesmaid was Miss Anna E. Strongman, city, and Mr. Brown, city, attended the groom. On their return they will take up their residence in Petrolia.

METHODIST CHURCH NOTES.

Rev. Joseph Edge, of North Street Church, Goderich, the new pastor of Wellington Street Church, was in the city today. He is a fine specimen of manhood, and has had a very successful ministerial career.

Rev. John Morrison, of Goldsmith, who did good work in Strathroy some years ago, will have charge of the missions in connection with the First Methodist Church, city.

Rev. Walter Rigsby, the new president of the London conference, is reported on all hands to have made a model presiding officer. He rushed business along, yet preserved the utmost good humor in the assembly.

D. H. Tremble, of Gesto, Essex county, will have charge of Hill street mission in connection with Dundas Street Center Church.

There is this change in the final draft: Rev. Mr. Cobbledick goes to Bothwell; Rev. Mr. McTavish goes to Glencoe.

Rev. Dr. Saunders, the coming pastor of the Dundas Center Methodist Church, dropped off here Tuesday evening on his way from conference and informally called at the church, where the teachers were in session. They welcomed him heartily. Rev. Dr. Antliff, of Montreal, a former pastor, also called at the church last night when en route home, and took charge of the prayer meeting.

Will They Come In?

Mayor Wilson Again Before the County Council on Behalf of the Hospital Scheme—The County's Last Chance.

WEDNESDAY.

The first report of the board of directors was adopted. With reference to the petition from the county of Lambton, re jams on the River Aux Sauble, the report recommended that the clerk telegraph the county clerk of Lambton to ascertain what action they intend to take in the matter, and also what steps will be taken in connection with rebuilding the bridge at Thedford. The sum of $121 83 was recommended to be paid to Kent county as Middlesex's share of the Boswell bridge. No action was taken with respect to claims for land appropriated for the Tait bridge. The commissioners were allowed $10 each for expenses in connection with the Boswell bridge matter. The council then adjourned until 10 o'clock tomorrow.

The county council at its session this morning again discussed the question of becoming joint owners in the proposed Victoria Hospital. Mayor Wilson appeared before them, and after pointing out the advantages of going with the city, he summed up by saying that if the county did not go in with the city now it would be their last chance. He wished a decided answer from them, and was opposed to the laying of the matter over, as some of the members wanted to do until the December session. If they did not decide now, so far as he was concerned, they would have to pay the same rate for their patients as other people. The city, he said, did not want the county's money, but were merely inviting them to come in as joint owners. He assured them that the cost of the hospital when built and equipped would not be more than $73,000. He told them in plain words that the cost of county patients would be materially increased. They now paid 6 per cent rental on the capital stock of $25,000, and if they did not come in it would mean that they would have to pay a similar rate on the $73,000, additional capital stock.

Councilor McLeod opposed the scheme on the ground that the building was much too large for all general purposes. He did not believe in looking fifty years ahead. A small hospital would do for many years to come.

Mr. George B. Campbell felt ill-disposed towards the scheme, because the committee had met the city several times, and the latter had given no definite information.

The matter will come up again at this session.

It became chronic, and I had given up hopes of ever being cured when advised by a friend to try Dr. Chase's Catarrh Cure. A DINNER PILL.—Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment, it becomes a poison to the system. Dr. Parmelee's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open the secretions and convey the food partaken of into healthy nutriment. They are just the medicine to take if troubled with indiges-
