THE HOOVER MANUF'G. CO. Ltd
WINNIPEG.

BOOTS AND SHOES VERY FIRM.

Arthur Congdon, wholesale boots and shoes, Winnipeg, returned this week from an eastern trip, visiting the principal shoe manufacturing points between Toronto and Boston. He also took occasion to visit his old home in Nova Scotia. He found the country suffering from drought at the way from Western Ontario to the Atlantic coast. In some sections scarcely any rain has fallen this season, and the drought is very severe throughout all these eastern provinces and New England states. At the shoe factories the principal feature of interest is the strong market. Some advances have been made lately in prices, and manufacturers say they will have to make a general advance in prices, on account of the increased cost of their raw materials and higher wages. About everything that goes to make a shoe is said to cost more. This being the case, it is expected that the new lists for the spring trade will show a considerable advance, especially on staple goods. New lists will be out from July to September.

Fifty cents a ton advance has been made on Galt coal at the mines.

Jas. H. Peck, of Peck, Benny & Co., nail manufacturers, Montreal, died last week at his residence in that city.
