THE VETERANS WILL PROTEST

Because the Body of Cornell, the Old Soldier of the Queen, Did Not Get Decent Burial.

The Army and Navy Veterans of Toronto are all worked up over the disappearance of the body of Cornell, the old pensioner and former gardener, whose body was found some time ago on the ice opposite the Gooderham distillery. They claim that there was $9 in the old man's pockets, sufficient to pay for his burial, that the order was given to the undertaker for his burial, and when the undertaker went to the morgue the body had disappeared. It had gone, it is said, to one of the dissecting rooms. This is the thing which worries the old soldiers of the city. They claim that it was no way to treat the body of a man who had fought for the Queen in the continental wars. So worked up are the veterans, that they intend holding a mass meeting to appoint a deputation to protest to the Attorney-General against using a veteran's body for scientific purposes, when he has left sufficient money to bury him decently. The veterans are also trying to find out what became of the money found in Cornell's pockets when his body was discovered.

Local Council of Women.

The annual meeting of the Local Council of Women of Toronto will be held in the Normal School this afternoon at 2.30, and this evening at 8 o'clock. In the afternoon the reports of the work of the year will be given by the officers and by the various federated societies, and as the aims for which these organizations are formed are very varied the synopsis will be interesting as outlining the work of women in the city in various departments. Short addresses will also be given by visitors from other Local Councils, and the officers will be elected for the ensuing year. In the evening Miss Wilson, corresponding secretary of the National Council, will speak of the great International Congress of Women held in England last summer, and Mrs. Fitzgibbon will tell what has been done towards establishing home industries among the Doukhobor women. Mrs. Boomer of London, who has traveled by ox cart thru that part of South Africa which is now the seat of war, has kindly promised to give some account of the country and of her many adventures. Songs will be sung between the addresses, and altogether the program is a very attractive one. Both meetings are open to the public, who are cordially invited to attend.

TRUE STORY OF THE BOERS.

Mr. Hugo Gorlitz, Joint Manager of Paderewski, is Just Back From the Transvaal.

HOW OUTLANDERS ARE TREATED

Officials, From Kruger Down, Rob Everybody—No Brotherly Love in a Boer Make-Up.

Buffalo, N.Y., Jan. 25.—Hugo Gorlitz of London, England, joint manager for M. Paderewski, the pianist, and who has but recently returned from the Transvaal after a lengthy stay in that Republic, was interviewed to-day by a representative of The Commercial as to matters in President Kruger's land.

Mr. Gorlitz spoke indignantly of the manner in which the Uitlanders were treated by the Boers in Johannesburg, saying that the zarps (the policemen) were armed, and shot down the Uitlanders upon the slightest provocation, sometimes, apparently, without provocation. The British residents, he said, were subjected to constant insult from the policemen and other municipal employes, insults from which they have no redress. Practically, they were under subjection.

Streets Kept Filthy.

"A peculiarity of the country," said Mr. Gorlitz, "is that the English build beautiful houses in the cities, and the municipal authorities take no care of the streets, so that they are in a filthy, unsanitary condition.

"The appearance of the streets is frightful," said he, "because the money put aside for municipal purposes, mostly supplied by the Uitlanders, is put into the pockets of the officials. There is no cleaning of the streets, no improvements of roadways.

Liquor Trade Rank.

"One of the greatest crimes laid at the Boers' door," continued the speaker, "is that they put the vilest of liquor into the way of the natives. One prominent firm there, manufacturing quantities of this nasty stuff, is annually putting large sums of money, not into the pockets of the Government, but into the hands of the officials. I do not except President Kruger from complicity in this matter. He also gets his share.

Boers Are Not God-Fearing.

"As far as the Boers being a God-fearing people is concerned, they show it only by building a lot of churches, but not in their actions. One of the first principles of Christianity is love for one's neighbors, a spirit in which the Boers are utterly lacking. They do not tolerate any other religion than their own, a kind of Unitarianism. No man who professes a creed other than theirs is allowed to hold office.

Boers Are Slave-Drivers.

"The Boers are also slave-drivers. If the Boers win in this struggle, which seems impossible, they will instantly re-establish slavery in South Africa.

All Stories the Same.

"I don't believe any one has visited the Transvaal recently," continued Mr. Gorlitz impressively, "who does not share my opinion in regard to the condition of affairs there and the culpability of the Boers, unless possibly he is directly or indirectly in the pay of the Transvaal Government.

British Forced Into War.

"The British have met with reverses, it is true, but one man entrenched can keep ten men at bay, and the British have been terribly handicapped. The British did not prepare for war, did not, in my opinion, expect war. They were forced into it.

Boers Will Be Vanquished.

"I do not believe the war will be of long duration. It is inevitable that the Boers will in the end be utterly vanquished by the British. When that comes, the natural question is, what will be the future of the Transvaal? Not that country alone, but all of South Africa offers endless opportunities in mining and agricultural industries. It is one of the finest countries in the world, and is capable of high cultivation. Its resources, outside of the great gold mines, are tremendous. It can be developed and civilized into a magnificent country, one of the most valuable of the British colonies, not equaling Australia, possibly, but proving a priceless possession.

Natives Loyal to England.

"But the country is principally valuable to make the connection between Natal and Rhodesia. The natives are loyal to England, feeling that Great Britain is their friend. They have been oppressed by the Boers so long that they will hail British rule with delight.

"The extermination of the Boers as a nation is inevitable," said Mr. Gorlitz, in conclusion, "but it may be that the Boers who are left will settle down and become good colonists and God-fearing people."

RUSKIN'S REMAINS AT REST.

Deposited in Coniston Cemetery Amid Solemnity—Memorial Service in Westminster Abbey.

London, Jan. 25.—The remains of John Ruskin, which were removed from Brentwood yesterday, were interred at Coniston this afternoon amid universal signs of sadness, and with a ceremonial typically rural. The coffin was hidden beneath a mass of blooms, including a floral tribute from the Queen. The body was laid in a grave lined with white tiles and close, according to Mr. Ruskin's desire, to the last resting place of the three Miss Beevers, to whom he had addressed his famous Brentwood letters. All parts of the country were represented at the grave side.

A memorial service in honor of Mr. Ruskin was held in Westminster Abbey this morning, and was largely attended.

A Streak of Economy.

Kingston, Ont., Jan. 25.—Frontenac County Council wants a change in the mode of summoning jurors. It costs the county $530 per year, whereas the work, the Council believes, can be efficiently done for $100. The co-operation of other County Councils to secure the needed legislation will be sought.

The Demon Dyspepsia—In olden times it was a popular belief that demons moved invisibly through the ambient air seeking to enter into men and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who by careless or unwise living invite him. And once he enters a man it is difficult to dislodge him. He that finds himself so possessed should know that a valiant friend to do battle for him with the unseen foe is Parmelee's Vegetable Pills, which are ever ready for the trial. ed

DECISIONS FROM OSGOODE HALL

A Bathing Suit Conviction Quashed—Other Matters of Legal Interest.

The Court of Appeal yesterday upset the judgment of the Divisional Court in the case of the Confederation Life Association and Cordingly.

One Sunday last summer Tony Jaguiwskie of Walkerton was bathing in the Saugeen River. A constable and his wife drove up. Tony went on bathing. He was arrested and fined. Yesterday the Divisional Court quashed the conviction, as no offence had been committed.

Francis Torbitt of Mimico caused a writ to be issued yesterday against Austin Werden of the same place, claiming $3000 damages for injuries caused to him by the plaintiff unlawfully tearing up a sidewalk in the village of Mimico.

A writ was issued yesterday at Osgoode Hall, on behalf of Walter Macdonald of this city against The Olive Gold Mining Company, George E. Foster, F. Asa Hall and Charles B. Murray. The claim is for unstated damages for alleged fraudulent misrepresentations respecting the purchase of certain mining shares by the plaintiff.

The Divisional Court, composed of Chief Justice Armour and Mr. Justice Falconbridge and Mr. Justice Street, yesterday handed out their judgment on the appeals in Patterson v. Pelee Island Gas and Oil Company and in McNeil v. Scott. In the former case they dismissed the plaintiff's appeal from the judgment of the County Judge of Kent. In McNeil v. Scott, an appeal from the decision of Mr. Justice Macmahon in favor of the plaintiff, the court dismisses the appeal, but differs from the trial judge as to the amount of damages, which is, accordingly, reduced by $200.

Chief Justice Meredith yesterday refused the plaintiff's motion in Eby v. St. Leon Mineral Water Company, for the appointment of a receiver after judgment of the book debts of the defendant company to the extent of the plaintiff's claim. His Lordship is of the opinion that the book debts in question are attachable.

Chief Justice Meredith yesterday reserved judgment in the Toronto Railway Company's motion to have the judgment recovered against them by Thomas A. Rowan for $1500 varied, in so far as the judgment clerk had no authority to charge up interest against the judgment while the matter was before the various appellate courts.

Peter Livingstone was yesterday removed by Chief Justice Meredith from his duties as executor and trustee of the estate of the late John Livingstone, thus confirming the report of the Master-in-Ordinary in the matter of Livingstone v. Livingstone.

The Master-in-Chambers yesterday made an order directing John Leonard, who is suing Imrie & Graham for damages for injuries sustained by him in an elevator accident, to attend before Dr. Baines and be examined as to the nature and extent of the injuries he received.

The following is the peremptory list of appeals to be heard by the Court of Appeal on Monday, Jan. 29: Wade v. City of Hamilton, Harris v. Electric Light Company, Gridley v. Britton, Union Bank v. Code, Union Bank v. Morris.

The following is the peremptory list of appeals to be heard by the Divisional Court to-day: Mitchell v. Saylor, Doull v. Thompson, Casey v. Malloughney, Kimball v. Cooney, Anderson v. Burns, Evans v. Evans.

HE BLESSED THE EDITOR.

Cardinal Richard, Archbishop of Paris, Visited the Assumptionist Fathers Yesterday.

Paris, Jan. 25.—An incident which is certain to provoke vigorous protests is the visit of Cardinal Richard, the Archbishop of Paris, to the headquarters of the Assumptionist Fathers (whose order was dissolved yesterday by the correctional tribunal) to present his condolences on yesterday's conviction. The cardinal arrived unexpectedly while the fathers were praying in the chapel. Two fathers met him at the door. The cardinal proceeded to the editorial room of La Croix, which is the organ of the Assumptionists, and strongly anti-ministerial. The prelate blessed the editor, and said: "I urge you to persevere in your work with simplicity and firmness."

GOT A BLOW ON THE HEAD.

Stouffville Young Man Seriously Hurt in a Game of Hockey—Mystery About It.

Stouffville, Ont., Jan. 25.—What may prove a fatal accident occurred here last night at the skating rink to a young man named Fred Nendick. He had been playing hockey during the evening, and in some mysterious way received a blow on the head from which he was found lying unconscious outside the building. Dr. Ira Freel was hastily summoned, and this morning the young man was a little better, altho in a dangerous condition, and still unconscious. What makes it particularly distressing to his family is that a few weeks ago they lost a son very suddenly by fever, and another son has embarked with the second contingent for South Africa.

Strike for Higher Wages.

Buffalo, N.Y., Jan. 25.—About 100 men and boys employed in the press room of John R. Kein & Company's factory are on strike for an advance of 25 cents per day. The firm manufactures bicycle parts and fittings and machine screws, employing about 600 hands. The strikers claim they are only making an average of 75 cents per day.

What's the Matter With Them?

New York, Jan. 25.—Representatives of the constituent parts of the United States Flour Milling Company were in session here yesterday, and are sitting behind closed doors again to-day. It was impossible to learn what was being done. London, Jan. 25.—The scheme proposed by the Dominion Government for the repatriation of the 100th Regiment is commented upon by the St. James' Gazette. The Gazette says that the repatriation proposition should meet with no discouragement in Britain.

COUNTY COUNCIL CHORUS.

York Legislators Received News of Warren's Success and Sang "God Save the Queen."

PRACTICAL SHOW OF PATRIOTISM

Give One Hundred Dollars to National Fund and $50 to Members of Second Contingent.

The report that General Warren had reached the top of Spion Kop came as such news to the County Councillors in session at the Court House yesterday morning that business was at once suspended. Councillor C. E. Lundy, in a strong tenor voice, gave the keynote for the National Anthem, which was readily caught up by the rest of the Council, and the strain sung lustily till its close. Upstairs the judge made enquiries what the noise downstairs was about, and the court proceedings stopped whilst the court crier, in stentorian tones, shouted along the corridors, "Order!" and the judge listened until he recognized the patriotic strain downstairs, and, out of deference to the sentiment of the occasion, kept the magnates before the bar silent until the last bar was sung. The patriotism of the Council, however, did not stop here, for $100 was voted to the Patriotic Fund and $50 each to the county's representatives on the second contingent.

Power to Enforce.

Considerable discussion arose as to the county's right to appoint a committee with power to enforce repairs on the Metropolitan and Scarboro Railways. The Council has now no jurisdiction over the Mimico and Lake Shore, the Toronto Suburban or the Scarboro electric railroads. The Scarboro line had a franchise for 20 years, but, failing to extend to the G. T. R. crossing in seven years, this franchise reverted to a ten years' franchise. This seven years was up last November, and as the line was not extended, Councillor Evans maintains that the county has no further jurisdiction and the Township Council of Scarboro, to whom the power has been abandoned, has full power to deal with any future extension and to see that the road is kept in repair. The bylaw appointing two committees was referred to the solicitor, but, in all likelihood, only one committee will be appointed, and that one will look after the Metropolitan road.

Accounts Examined.

The Board of Audit reported that they had examined 132 constables' accounts, of which 86 were civil cases, paid for by the county, and 52 were criminal justice accounts, paid by the Government. After scrutinizing the accounts, $21.25 was disallowed from the civil accounts and $24.87 from the criminal accounts. Eleven coroners' accounts were also scrutinized, from which $15.70 was deducted, and $3.50 was disallowed from court officials' accounts. The board again desired to call the attention of constables to a clause passed at the last session, insisting upon the name of the complainant in each constable's account.

Made Representatives.

A vote on the names of J. C. Stokes and C. E. Lundy was taken for the Council's representative on the Board of Audit of criminal justice accounts, which consists of the County Judge, a member of the Council and some ratepayer of the county. J. C. Stokes received the appointment and ex-Warden Davidson will be the other county representative.

Gone to Markham.

At 4 o'clock the Council adjourned, so that the members might catch the train for Markham to take in the Burns Club supper.

LASIES MADE A STRANGE THREAT.

In a Month's Time, He Said, "We Shall Be in the Midst of the Carnival."

Paris, Jan. 25.—In the Chamber of Deputies to-day M. Lasies, anti-Semite, presented his interpellation of the Government on the High Court prosecution, but the Premier, M. Waldeck-Rousseau, refused to accept it, and asked for its postponement for a month. M. Lasies then wanted to discuss it next week, but the Government scored by the Chamber agreeing to a postponement for a month, while M. Lasies exclaimed: "The people will say you are afraid. In a month's time we shall be in the midst of the carnival, and that is not a season to assassinate Ministries."

Gained 22 Pounds.

Some time ago I got run down in health, became nervous, could not sleep nor sit still, and at times had dizzy and fainting spells.

I tried two doctors, but got little benefit from their treatment.

I read in the papers what good Burdock Blood Bitters was doing for other people, and thought I would try it.

After I had taken it for a short time my head began to get clear and I noticed a marked change for the better.

By the time I finished three bottles I was perfectly well.

Before I commenced using B. B. B. I only weighed 110 pounds, now I weigh 132 pounds.

I now eat well, sleep well and feel well, all of which I owe to B. B. B. — Mrs. Chas. A. Mills, Linden, N.S.

House Games for Victor Mission.

It has occurred to some of the workers at Fred Victor Mission that in many of the homes of this city there may be some indoor or parlor games that are no longer much used by the families which might be used to splendid advantage by the boys and girls, young men and women who are connected with the various clubs included in the work of Fred Victor Mission. Any interested friends of this work who are in the position to help in this respect can do much good either by sending the games to the Mission, corner Jarvis and Queen streets, or by sending their names and addresses to the superintendent, Rev. Egerton Shore, who will have the articles sent for.

Archie Stewart After "Sinews."

Ottawa, Jan. 25.—In the Exchequer Court this morning the examination of the plaintiff was heard in the case of Stewart v. The Queen. In this case Mr. Archibald Stewart seeks to recover from the Queen the sum of $250,000 for damages sustained by him by the foreclosing of his contract for building locks 1, 2 and 3 of the Soulanges Canal. The evidence was mostly of a technical character.

A Magic Pill—Dyspepsia is a foe with which men are constantly grappling, but cannot exterminate. Subdued, and to all appearances vanquished, in one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument, in which even a breath of air will make a variation. With such persons disorders of the stomach ensue much suffering. To these Parmelee's Vegetable Pills are recommended as mild and sure. ed
