LOCAL NEWS

REPORTED.

Patrick Ensworth, John Delay, James O'Brien, Joseph O'Brien, Frederick McIntosh and Alfred Ronayne have been reported by the police for working in the city without a license.

THE REFINERY.

A meeting of the council of the board of trade was held this morning to discuss the situation which has arisen from the offer of the promoters of the Atlantic sugar refinery to go ahead with the work. Other business of a private nature was also taken up.

WELL PLEASED.

The executive of the citizens' committee met at noon today in the Board of Trade rooms to receive reports on the progress of the election campaign and to discuss plans for the work. The members of the committee are much encouraged regarding the situation and are very optimistic regarding the election of their candidates.

TWENTIETH ANNIVERSARY.

Friends of Mr. and Mrs. William Parks to the number of about forty last evening gathered at their home in Kennedy street to congratulate them upon the twentieth anniversary of their wedded life. A delightful time was spent by all present and on behalf of the gathering George Esty presented to the happy couple a handsome china tea set as a token of friendship and esteem.

THE 62ND REGIMENT.

The drill season of the 62nd Fusiliers began last night, the right half battalion parading at the armory for clothing and equipment. The left half battalion will parade on Thursday night. The season was to have begun on Monday night, but was postponed until last night on account of the signalling school, which is being conducted in the barracks. Drill will be held on Tuesday and Friday nights after April 15. The regiment expect to spend three days in Camp Sussex in the latter part of June.

BURIED TODAY.

The funeral of James Long took place this afternoon from his late home in Main street, Fairville. Funeral services were conducted by Rev. G. A. Ross, and interment was in Cedar Hill.

The body of Mrs. Margaret Flewwelling, wife of Clarence C. Flewwelling, of this city, who died in Allston, Mass., on Monday, was brought to the city this morning on the Boston express and interred in Fernhill. The funeral services were conducted by Rev. R. P. McKim. Mr. and Mrs. Frederick Tapley, parents of the deceased, and C. C. Flewwelling, the husband, accompanied the body to the city.

WELL DONE WILLIAM.

Town Marshal Sullivan of Sackville, formerly of the St. John police force, has a famous hen. The Sackville Post says:—"Town Marshal Sullivan thinks he has the champion hen.. She is a black Minorca and the size of the eggs she is able to produce is "most astonishing." Of course she does not lay these big eggs every day—why should she? One every three or four days would be quite equal to an egg every day by the ordinary hen. Her latest production was placed on our desk yesterday. It measures seven by eight and a half inches and weighs exactly a quarter of a pound. It is equal to three ordinary hen's eggs."

THE STEAMERS.

The S. S. Kanawha arrived in port at two o'clock this morning with cargo.

The S. S. Manchester Exchange left Manchester last night for this port.

The C. P. R. liner Lake Michigan, with a large number of passengers, is not expected until tomorrow.

The C. P. R. liner Empress of Britain, which will sail for Liverpool on Friday, will take away seventy-five cabin, 120 second cabin and 400 steerage passengers.

The C. P. R. liner Lake Manitoba will sail this evening. She was to have gone this morning, but was delayed by the storm.

The S. S. Manchester Mariner will sail for Manchester this evening.

The Donaldson liner Cassandra will probably sail tomorrow for Glasgow with about seventy passengers.

SECRETARY ANDERSON OF BOARD OF TRADE IS PROMINENT IN IT

Port William, Ont. April 3—The first step has been taken towards the formation of what will probably be called the Canadian Association of Commercial Executives. It will be composed of publicity agents, industrial commissioners, secretaries of boards of trades and any others in like positions in Canada. The men most deeply interested in the project met in Port Arthur, to discuss the best means of organizing the body and conducting an educative campaign. H. W. Baker, of Ottawa, formerly of Fort William, was appointed secretary and A. S. Barnstead, industrial commissioner, of Halifax, W. E. Anderson, secretary of the board of trade, St. John; T. L. Brown, secretary of the board of trade of Hamilton; J. C. Henderson, industrial commissioner of London, Ont.; and H. G. Gill, a member of the western publicity commissioners. The first campaign will likely be against the unbusinesslike and reckless granting of bonuses and exemptions to industries.

PRICES ARE UP

Beans have gone to a record price in this market. Ordinary white beans are $2.75 a bushel, wholesale.

Pork and lard are also climbing, but the sugar market is off 10 cents per 100 pounds.

There is a scarcity of timothy and clover seed, and prices are very high. Some samples of timothy seed from Prince Edward Island have been received by local dealers.

Pomeranian, London, March 28.

Virginian, Liverpool, March 29.

Canada Cape, Rotterdam, April 28.

Manchester Exchange, Manchester, April 2.

A BIG YEAR IN SAVINGS BANK

Another sign of Growth of City and Importance of St. John Branch

The annual report of the Dominion Government Savings Bank for the fiscal year just closed has been forwarded to the department at Ottawa by George Robertson, deputy receiver-general. It is decidedly encouraging, showing a large increase in the amount of business transacted over the preceding years. The local bank has a prominent lead over all other dominion government savings banks in other cities of Canada, such as Winnipeg, Victoria, Halifax, and other cities where these banks are established.

Of course, as was explained by Mr. Robertson this morning, all the money on deposit in the local bank is not paid in by local people, but the books show that there are depositors in the Klondike, in Egypt, in the British Isles, and in fact in far remote corners of the world, former St. John people who find it convenient to do their business in this way even though away from their native land.

The matters of exchanges with other banks, keeping the currency clean, both notes and silver, have required far more attention than in other years in consequence of increased business, and the figures in this connection assume large proportions.

For the year ending March 31, 1912, the figures are:—

Cash on deposit, April 1, 1911,	$5,580bg
Deposits....	$927,501.04
Withdrawals..	926,708.28
Cash on deposit, April 1, 1911,	5,580,570.89
Cash on deposit, April 1, 1912,	5,745,289.51
Increase..	$ 164,718.62

WRONG MAN WAS HALED TO COURT

Abner Secord's Appearance a Surprise to His Honor — An Engineering Matter

When the case of Abner Secord, charged with stealing wood and coal, the property of the I.C.R., was called in the police court today. Policeman Scovil Smith, who made the report, said that the man in court was not the one who committed the offence and that a mistake had been made in the names. Mr. Secord was quite indignant that he should be called to court to answer such a charge, and have the matter reported in the newspapers.

"I thought there was some mistake, remarked His Honor, when I saw Mr. Secord coming forward to answer to the charge, as I have known him for some years and know that he would not be guilty of such a thing." The matter was allowed to stand. J. King Kelley, appeared for Mr. Secord.

Three prisoners charged with drunkenness were remanded to jail.

Henry Elliott appeared in court to answer to a charge of operating a steam boiler in the New System Laundry in Elm street, he not having a certificate of competency or service. B. L. Gerow appeared for the defendant, and Factory Inspector Kenney conducted the prosecution.

Mr Kenney contended that under section 49 of the Dominion Factory Act the defendant was liable to a fine for carrying on such work without a certificate. Mr. Gerow produced a letter of recommendation which was received from the defendant's brother in Hartford, stating that the defendant had operated a 50 h. p. boiler in Hartford for two years and was considered competent.

The prosecution held that if such a letter was produced before the board of examiners that Mr. Elliott would be entitled to a certificate.

His Honor allowed the matter to stand to allow of an agreement being reached.

SYLVIA PANKHURST, WHO LECTURED HERE, IS ON THE WAY HOME

New York, April 3—Miss Sylvia Pankhurst, daughter of Mrs. Emmeline Pankhurst, who is now in an English prison for throwing bricks through shop windows for the suffragette cause, sailed for home on the Mauretania this morning.

Miss Pankhurst, who has been on a lecturing tour since January 1 had a midnight reception in her stateroom, surrounded by suffragettes all wearing yellow sashes and all carrying satchels full of suffragette literature, which they distributed to the passenegrs.

Miss Pankhurst is taking several thousand dollars back to England, which she made during her lecture tour. The money will be devoted to suffragette work in London.

DEFENDANT IS ILL

Campbell vs. Pugsley Postponed In Kings County Court

Hampton, N. B., April 3—(Special)—Judge Borden presided in the county court this morning, when the case of Walter B. Campbell vs. John A. Pugsley was called. R. M. Rive appeared for Mr. Lewis, attorney for the defendant, and read affidavits of the illness of the defendant and a certificate from Dr. G. A. G. Addy that the disease was chicken pox and that it would be dangerous for him to attend the court for at least ten days. He asked for an adjournment, which was granted till next term with costs of the day and court on the defendant. R. St. John Freeze was for the plaintiff

The non-jury case of the S. H. White Company, Ltd., vs. Robert W. Graves, will be tried in Chambers in Sussex. The court adjourned sine die.

In chambers, Judge Borden heard affidavits of damages and costs in a case of assumpsit out of the Westmorland county court, wherein Harriet Carter is plaintiff and Nelson Arthur defendant. Damages were assessed at $67.20. R. St. John Freeze was for the plaintiff.

IN NEW QUARTERS SOON.

The remodelling of the new board of trade building in Prince William street has been completed and when the painters are through with the decorating the building will be ready for occupancy. This will be in about ten days and it will not be long before the board will be housed in their new quarters.
