Chicago Gossip.

Marshall, Spader & Co. wired J. G. Beaty (King Edward Hotel) at the close of the market to-day:

Wheat—Market took a rest to-day after recent gyrations. May at low touched 92c and there was some selling of July, but market can be best described as firm, in comparison with recent sessions. Drop of a cent in cables was due to crash in our May prices. Names of bull clique brokers were given up on some of the May trades. Liquidation is practically over. Chicago was reported as offering No. 1 northern in Minneapolis. Receipts here were 215 cars and primary movement was nearly double last year's weekly weather bureau report, condition about seasonable. There was a heavy decrease of 4,414,000 in Bradstreet's, against increase 787,000 last year.

Corn—Was weak early and firm later on covering by shorts. Primary movements are down to normal size and shipments are smaller. Situation is unchanged. Weekly crop report shows some damage in Atlantic States by frost to new crop.

There was no material change in cats values; Bradstreet's showed decrease of 1,556,000 versus decrease of 950,000 on acreage. Contract stocks here are just holding their own.

Provisions—After some liquidation of pork, market turned firm and closed steady. Hogs were 5c to 10c lower at the yards and run was liberal. Trade is giving up all idea of a drop in hog receipts.

Ennis & Stoppani wired to J. L. Mitchell, McKinnon Building:

Wheat—While on the surface wheat has appeared weak, it has ben due to the recent heavy liquidation and a firmer undercurrent was perceptible. The selling today was by smaller holders, the larger lines having been disposed of during the previous rapid decline. On the early break today there was evidence of good buying by operators heretofore prominent on the bear side, which brought about a rally of 85¼c for July. The price of May wheat here has caused those who have large cargoes consigned to this market from the Northwest to make an effort to divert the same to Buffalo, which, if accomplished, should be of benefit here and make it easier for the bulls on July wheat. Considerable May wheat was bought by a leading house, which gave rise to a report that the May deal would be resumed, but we place little credence in it. The rally from the early decline was well held and the close steady. We look for further advance to-day.

Corn—May corn was still on tap this morning, making a heavy and lower market early, but buying was induced by rally in wheat, causing a sharp reaction to above yesterday's latest figures. During the last hour prices held quite firm, with a good trade.

Oats—There was no mistaking the weakness in the oat pit to-day, caused by heavy selling of May. Later in the session early sellers attempted to cover, which caused a quick reaction. Something now unforeseen will have to develop to keep coarse grains from going higher.

Provisions—Market was rather heavy all day, with continued changing operations the only feature.

Puts and calls, as reported by Ennis & Stoppani, 21 Melinda-street, Toronto: Milwaukee July wheat, puts 84⅝c, calls, 85⅛c.

Liverpool, April 25.—A summary of foreign crop conditions, as published in Broomhall's corn trade news to-day, is as follows:

United Kingdom, France, Germany—Crop conditions continue generally favorable and unchanged from a week ago.

Hungary—Good general rains have fallen.

Roumania, Bulgaria—Crop prospects are excellent. The land is well soaked.

Russia—A semi-official report states that winter crops are in a satisfactory condition generally, and in some cases excellent. Spring seeding is progressing favorably.

Italy—There is some talk of reducing the import duty, but Broomhall believes this is unlikely except in the case of flour.

Liverpool Grain and Produce.

Liverpool, April 25.—Wheat—Spot quiet; No. 1 Cal., 6s 9d; futures steady; May, 6s 7½d; July, 6s 7½d; Sept., 6s 5¾d.

Wheat—Sales, 4,800,000 bush futures; spot firm; No. 2 red, 95¾c nominal elevator; No. 2 red, 96⅞c nominal f.o.b. afloat; No. 1 northern Duluth, $1.02⅝ f.o.b. afloat; No 1 hard Manitoba, 97½c f.o.b. afloat. There was a much better undertone to wheat market to-day After a brief early decline, during which new crop months sold at the lowest point of the season, the market recovered and was very firm for the balance of the day, closing partly half cent net higher. The demand was mostly from shorts, coupled with bulls' support based on a bullish statement of world's stocks and a belief that the market was heavily oversold; May, 93⅝ to 95¼c, closed 94½c; July, 89⅝c to 90⅝c, closed 90⅜c; Sept., 84⅝c to 85¼c, closed 85¼c.

Corn—Receipts, 112,875 bush.; exports, 26,054 bush.; sales, 30,000 bush. futures, 80,000 bush. spot; spot firm; No. 2, 58c nominal elevator and 51⅝c f.o.b. afloat; No. 2 yellow, 52⅝c; No. 2 white, 52½c. Option market eased off somewhat after the opening with wheat, but promptly rallied and was firm for the balance of the day on small car lot estimates and continued rain west. The close was ⅝c to ¾c net higher; May, 51¼c to 52c, closed 52c; July, 51⅝c to 52½c, closed 52⅝c.

Oats—Receipts, 94,500 bush.; spot market quiet; mixed oats, 26 to 32 lbs., 35c to 35½c; natural white, 30 to 32 lbs., 35½c to 36½c; clipped white, 36 to 40 lbs., 35¾c to 39c.

Rosin—Steady, $3.20 to $3.25. Molasses—Firm. Pig-iron—Quiet; northern, $16.25 to $18; southern, $16 to $17.75. Copper—Quiet. Lead—Quiet. Tin — Unsettled; Straits, $30.35 to $30.50. Spelter—Quiet. Coffee—Spot Rio quiet, mild steady. Sugar—Raw steady, fair refining, 4c; centrifugals, 96 test, 4⅝c; molasses sugar, 4¾c; refined dull.

The Wool Market.

London, April 25.—The arrivals of wool for the third series of auction sales closed with the following amounts listed: New South Wales, 61,347 bales; Queensland, 6700; Victoria, 48,145; South Australia, 9703 bales; West Australia, 2625; Tasmania, 6524; New Zealand, 126,750; 750; Cape of Good Hope and Natal, 34,028. Total, 296,822 bales. Of this amount 75,500 Australian, 48,000 New Zealand and 27,000 Cape of Good Hope and Natal were forwarded direct to spinners, leaving the net available for the sales 165,822 bales, including 19,500 carried over from the second series.

DOCTOR CHANGES THEORY.

Says Now That Caesar Young Did Not Commit Suicide.

New York, April 25.—Perhaps the most sensational development in the testimony of to-day in the trial of Nan Patterson, charged with the murder of Caesar Young, came when Coroner's Physician O'Hanlon took the witness stand for the prosecution and said in reply to questions that he had changed his opinion that Young had committed suicide. Dr. O'Hanlon performed the autopsy on Young's body after he was shot.

Assistant District Attorney Rand produced the official report of Dr. O'Hanlon, which did not define the case as one of suicide, and the doctor said that he simply expressed the suicide opinion in conversation with Coroner Brown.

When court opened Miss Patterson appeared in a black and white checked dress, in direct contrast to the mourning costume which she has worn during this and previous trials.

When Frederick Michaels, the cab driver, was asked why he did not look in the cab when he heard the shot fired, he replied: "It was not my place. Suppose I had looked in and got shot."

INSURANCE RATES UP.

Four of the largest life insurance companies in New York have increased their premium rates by from 3 to 6 per cent. on all policies which do not confer on their holders the right to share in the dividends of the company. This increase is occasioned thru some of the small companies refusing to comply with a proposal that they should adopt the participating policy. The increase will not in any way affect the premium rates prevalent in Canada, accordin to the statement last night of two or three of the managers of prominent insurance companies in this city. The rates at present in existence here will still be maintained, and no rise is anticipated.

Measure Air Pressure on Cars.

The electric railway test commission, appointed by the authorities of the Louisiana Purchase Exposition early in 1904, to conduct special investigations into the unsolved problems of electric railroading, is now completing its field work by making tests of the air resistance to the motion of different shapes of car fronts at all the speeds reached by interurban lines up to 70 miles an hour, the limit set by the line and motor capacities of the Indiana Traction Company, where the experiments are being conducted.

A special dynamometer car, by which the total air resistance and its several complements may be measured, has been constructed. It consists of a steel flat car, with an independent car body, which can roll freely on rails screwed to the flat car floor. To further determine the several resistances of the main portions and vestibules of the car body these are separately mounted and connected to separate dynamometers.

The pressure of the air upon the body is measured by scale beams especially constructed for the tests, and in order to eliminate all forces but those due to the air the controllers and trolley are mounted on the flat car body. To determine the various speeds the test track has been divided into sections of 1000 feet, marked by large signs, and a voltmeter, the readings of which are directly proportional to the speed, will also be used.

Funeral of Ex-Mayor Quinlan.

Port Hope, April 25.—(Special.)—The funeral of the late James Walker Quinlan, ex-mayor of Port Hope, took place this afternoon. For six years Mr. Quinlan was mayor of Port Hope, and was also largely connected with real estate in town. The funeral was in charge of Ontario Masonic Lodge, No. 26, of which he was a past master. Rameses Temple, Mystic Shrine, Toronto, sent a wreath. Rev. G. H. Broughall of Trinity College School acted as chaplain for the lodge, and Rev. E. Daniel, rector of St. John's, conducted the church services at the grave.

Few Chinese in Canada.

Canada's law imposing a tax of $500 on every Chinese entering the Dominion has had a prohibitive effect. From Jan. 1, 1904, not a single Chinese arrived, with the exception of two who escaped from steamships. In each case the steamship company had to pay the poll tax of $500. The exclusion of Chinese has deprived British Columbia of a handsome revenue. in 1903 the province received from the poll tax $225,000 and the year before over $250,000.

Difference of a Letter.

After the state had introduced most of its testimony in the case against C. F. Taylor, of Chicago, on trial at Nacocdoches, Texas, charged with swindling, the court sustained a motion to quash the indictment because the typewriter had written "any" where the statutes prescribed "and." Taylor was remanded to await further action by the grand jury.

Lady Curzon's Generosity.

Lady Curzon, wife of the viceroy, has invited all the Europeans and Indians injured during the recent earthquakes who are able to be moved to come to the Walker and Ripon hospitals at Simla as her guests. The invitation was sent thru the lieutenant-governor of the Punjab, with an intimation that the American vicereine will gladly defray the expenses.

East Toronto.

East Toronto, April 24.—The bazar to be held under the auspices of the Ladies' Aid of the Y. M. C. A. on Thursday afternoon and evening promises to be a gratifying success. The ladies are actively engaged in decorating the Y. M. C. A. Hall for the occasion, while the sale of work will open at 2 p.m. and close at 10 p.m.

The funeral of the late Mrs. French took place this evening to St. John's Cemetery, Norway. The board of education attended the funeral in a body.

To-morrow evening a special meeting of the town council will be held. A number of important matters will come up, notably that of the extension of the Toronto and Scarboro Railway along Main-street to the northern limits. The citizens generally are invited to be present.

Tom Brownlee, principal of Lansdowne public school, is spending his holidays in Barrie. Mr. Brownlee at the annual meeting of the Ontario Football Association was unanimously elected president.

The death of Joseph Donahue at his father's home on Monday removes a well-known railway man. Mr. Donahue was 32 years of age. The funeral services will be held at St. John's Church, Kingston-road, at 9 o'clock to-morrow morning.

L. A. De Laplante has purchased the lot immediately to the north of Brown's grocery store on Main-street and will shortly erect a large store for the hardware trade.

An appeal was argued before Justice Britton this morning by Mr. Rose on behalf of the G. T. R. for the staying of the injunction which was to have gone into force before May 1, restraining the G.T.R. from pumping any water for their own or the use of the citizens of East Toronto. Justice Britton enlarged the time from May 1 to June 15. In the interval the town must complete their waterworks system or go dry. W. H. Grant appeared for the town.

Newmarket.

The annual convention of the North York Teachers' Association will be held in the Model School on May 25 and 26. Arrangements are being made with the South York Teachers' Association for a joint excursion to Guelph on the last day of the convention.

Prospects for a successful lacrosse season were never brighter. At a rousing meeting of enthusiasts C. Clare was elected hon. president, H. Everist, president; McTavish, vice-president; O. Eves, secretary-treasurer, and C. Epworth, manager.

The Metropolitan Railway are making active preparations for the extension of their line to Lake Simcoe and the building of a switch from Main-street along Botsford-street. The extension will be completed by Aug. 1.

YORK COUNTY AND SUBURBS THREATEN DAMAGE SUITS

Ratepayers at the Junction Will Sue Unless Sewers Are Repaired.

Toronto Junction, April 25.—John Neff was arrested at the Humber last night and this morning appeared before Police Magistrate Ellis, charged with disorderly conduct and also with assaulting the constable in the discharge of his duty. Neff was fined $1 and costs on the first charge and the second was allowed to stand.

The mayor and members of the town council made their annual inspection of streets and sidewalks to-day for the purpose of having everything in shape for the striking of the estimates.

The property committee met to-night, Chairman Bull presiding, and Councillors Chapman, Tovell and Wright present. The principal business was the estimates, the following being recommended: Police department, $3700; fire department, $4800; electric light department, $5550; property, $2515, including $2000 on account of new firehall. Total, $16,565, as compared with $13,804 for 1904. The increase, $2761, is largely due to the setting apart of $2000 for the proposed new firehall.

The board of works met to-night, Chairman Ryding presiding, and Councillors Whetter, Hain and Ford present. Superintendent Haggas of the waterworks department suggested that the water pipes be placed deeper in the ground, to prevent freezing in future, five feet being the proper depth. The cost he estimated at from $300 to $450, and suggested that new services be made in line with this suggestion. The committee decided to adopt the suggestion and placed the necessary amount in the estimates.

Messrs. Brown, Bell and Clouston's request for water services was granted on condition that they make arrangements satisfactory to the superintendent of waterworks and the town solicitor, as they live outside the town limits. Mr. Cornwall complained that a culvert on Kingsley-avenue diverted water into cellars of houses belonging to him, and said it could be easily remedied, and the committee referred it to the street foreman. The matter of the proposed water main on Laughton-avenue was referred to Superintendent Haggas. Padget & Co. notified the committee that the sewer on Dundas-street near Pacific-avenue, had not been in working order for three months, and if it is not attended to at once they would enter an action for damages. The committee decided to have the work done at once, the probable cost being about $100. R. Kennedy asked that a hydrant be placed upon the corner of Kennedy-avenue and D'Arcy-street, and it was referred to Superintendent Haggas. Robert Kennedy wrote that he would take action on behalf of himself and David Kennedy against the town unless something was done to improve Kennedy-avenue, and the matter was referred to the street foreman.

The following estimates were submitted, and will be considered by the executive committee on Thursday night: Works department, $12,500, being $625 more than last year; waterworks department, $13,000, being $500 less than last year, due to a saving of $1000 effected in the consumption of coal at the pumping station.

Humber Bay.

The annual vestry of St. James' Church was held last night with Rev. Canon Tremaine presiding. The rector's warden is F. S. Reeves; people's, F. Bragg; auditors, A. Bell, G. Brown; sidesmen, C. Aymer, jr., George Warner, S. Greenfields, W. Harris, H. Reeves. Receipts were $380.39; expenditures $332. The Y.P. Guild had a balance of $75, which was applied to the church debt. This advisory committee was chosen: R. Churchward, sr., A. Bell and C. Aymer, sr.

Swansea.

The Easter services at St. Olave's Church (Anglican) were conducted by Mr. Ferguson of Trinity College, assisted by Arthur Kelley. The choir, which was augmented for the occasion, rendered the special hymns with pleasing effect. Mr. Ball, organist, played the anthem with expression. The morning and evening sermons were delivered by Mr. Ferguson. Easter lilies were prettily arranged in the altar. The annual vestry meeting will be held on Monday evening, May 1.

The contractors are making a good show of work on Queen-street extension or concession road north of the Grand Trunk Railway tracks. They expect to have their section between the bolt works and Humber River completed in the course of next month.

East York.

Credit Sale—On Thursday, May 4, there will be offered by auction sale two threshing outfits, horses, wagons, implements, etc., on lot 9, concession 3, East York, Gray's Mills, the property of Charles Smith. Spring Sale of Metal Beds

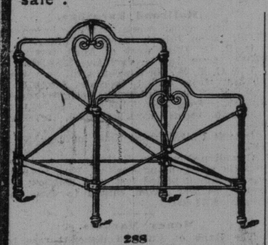
The Furniture Department has secured several hundred Iron and Brass Bedsteads underprice—for the next few days we will be busy selling them in the same way—underpriced.

We don't need to sound the praises of iron and brass as the constituents for bedsteads. Housekeepers know them too for that. We want to claim for these beds that they are very decidedly cheap. You cannot buy old-fashioned beds as cheaply as you can buy these new designs—if you buy them here to-morrow. We cannot ourselves. They are worth from 25 to 30 per cent. more than the figures we quote. They were manufactured primarily for institutions and hotels, and are therefore constructed for strength. They are all colored in pretty shades to harmonize with the rooms they go in. And never, never were metal beds sold in this city so cheap.

Here are those for Thursday, the first day of the sale:



288

No. 288—Bedsteads, strongly braced, finished, colors cream and gilt and blue and gilt, scroll fillings, in sizes 3ft., 3ft. 6, 4ft. and 4ft. 6 wide, on sale Thursday 1.95

No. 682—Bedsteads, continuous post pillars, fancy scroll fillings, head end 62 inches high, finished in colors cream and gilt, and green and gilt, sizes 3ft 6, 4ft and 4ft 6 wide, on sale Thursday 4.69

To Help the Critics.

Albany, April 25.—Senator Cullen of Brooklyn admits that the case of Critic Metcalfe, who was barred from the theatres in New York controlled by the trust, had inspired a bill which the senator has introduced.

It provides that theatrical or amusement proprietors who refuse admission to newspaper critics or others not disorderly and possessing tickets shall be liable to prosecution for misdemeanor.
