LOCAL AND PROVINCIAL.

Organist.

Miss Annie Carman has been appointed organist of St. Ann's Church, in this city.

Moonlight Excursion.

A moonlight excursion will be held early next month under the auspices of the Masonic Lodge.

Bitten by a Dog.

A young lad named Brady was badly bitten on the face by a dog on Brunswick Street on Thursday last.

Accident.

Jas. McAdam, of Stanley, was seriously injured last week while engaged in raising a barn. Dr. Moore attended him

Commenced.

The contractors for the Water Works at Woodstock have begun operations, and expect to have the work completed before the year is ended.

A "Drunk"

caused considerable excitement down town last evening, by brandishing a knife in his hand. He was "run in" by Policemen Phillips and Wright.

Gift.

The friends of the Rev. W. W. Brewer, at Gibson, presented him with a purse of one hundred dollars previous to his departure for Sussex, his new circuit.

At Half Mast.

Flags are flying at half mast from several of the public buildings, hotels and private residences in the city, on account of the death of Hon. Dr. Elder.

Ceased Running.

The steamer "Florenceville" has ceased making her regular trips between here and Woodstock, for the present, owing to the lowness of the water.

Civil Action.

Mr. Jeremiah Hanlan, it is said, is about to bring an action against the city for injuries sustained by falling through a hole in one of the plank sidewalks in the city.

Amireau.

Amireau, the supposed murderer of Mrs. Carleton, at Watertown, Mass., passed through St. John on Saturday, on his way to Boston, in charge of an American officer.

Coal Shed.

The coal shed which is being erected on the line of the N. R. Railway, at Gibson, is for Mr. Jas. S. Neill of this city, and not for Mr. John Neill, of Gibson, as stated in a former issue.

Ran Aground.

The schooner "Susie Prescott" which was on her way to St. John ran aground on the Oromocto shoals on Monday, and had to be relieved of a portion of her cargo before she was got off.

The Reporter

states that "The big blow on Monday brought Mr. Block and his gang of men from the top of the water works chimney to the ground." The extent of their injuries we have been unable to ascertain,

Returned.

Mr. Wm. Scarnell, who left with Captain Gregory on a sea voyage about two months ago, returned home on Saturday last, after visiting Bremen, in Germany, and Cardiff, the principal seaport in Wales.

Pic-Nic.

The St. Dunstan's congregation have decided to hold a pic-nic on the Hermitage grounds, on Wednesday, Aug. 8th. The proceeds will be given to the different branches of the St. Vincent de Paul Society here.

Presentation.

On Monday evening the Rev. Dr. Sprague was waited upon by a committee from his congregation and presented with a purse containing three hundred dollars. The Rev. Dr. left to-day on his extended European trip.

Obituary.

Mr. S. A. Cameron, of Andover, died on Wednesday afternoon last after a short illness. Mr. Cameron was well and favorably known by the people of Andover and vicinity, in whose welfare he always took a deep interest.

Slight Accident.

Mrs. and Miss Perkins, of St. John, while out driving near Springhill, Monday morning, were thrown from their buggy by the horse making too narrow a turn, but escaped with slight injuries. The top of the buggy was badly broken.

Shediac Shooting Case.

The examination of witnesses in this case was concluded on Saturday. The prisoner's counsel and the Attorney General addressed the Jury on Monday, after which Judge Fraser delivered his charge. The jury returned a verdict of manslaughter.

University of N. B.

At the next session of the University, which opens on the 20th of September, the Scholarships for the following counties will be vacant:—Albert, Gloucester, Kent, Sunbury, Queen's, Restiguouche, York, St. John and Westmorland. In addition to these the Wilmot Memorial, and the St. Andrew's Society Scholarships will be open for competition.

A Promising Trotter.

Sheriff Sterling has a four-year old Morris colt which can probably discount any animal of its age in the capital county, and certainly gives great promise of equalling, with proper care, the grand performances of the illustrious Robert R. Saturday the Sheriff sent him around the York Driving Park, which was a trifle lumpy too, in 2.46, which is much better than his sire could do at the same age. The colt stands a trifle over fifteen hands high, has quicker action than Robert, and is called Lee-Morris.—*News.*

Susey Bruin.

For some years past, at this season of the year, people living at Hanwell have missed sheep from their fields, and as no one in the neighborhood was suspected of stealing them it was concluded that "bruin" must have been at work. A farmer, however, wishing to satisfy himself that bruin had been visiting the settlement concealed himself behind a fence at the time when the sheep generally disappeared. This practice was kept up for some time, when one day he espied a two legged bruin named Susey approaching his fields. The farmer immediately charged him with having stolen his sheep when the latter very cooly told him that he could have the sheep if he wanted them, as he himself did not wish to be bothered with them longer.

Rev Mr. Brewer at Sussex.

The attendance at both morning and evening services at the Methodist Church, yesterday, was quite large. The Rev. Mr. Brewer, who has been located on this circuit, preached, and was pronounced a logician of great merit, and his appearance here will be highly appreciated. It is said that notwithstanding the great desire of the people of Gibson to retain Mr. Brewer, the people of Sussex will insist on his remaining on the Sussex Circuit. At the close of the evening service, a meeting of the church members was held and a resolution unanimously carried approving of the action of the Conference in sending Mr. Brewer to Sussex, and expressing a hope that nothing would prevent his early assumption of his new pastorate.—Sussex Cor. to *Telegraph*, July 25th.

Methodist Bazaar.

The Methodist Bazaar which was held on the grounds adjoining the church, on Thursday and Friday of last week, was very largely attended, and proved a success in every particular. A novel feature in the affair was the wigwam which was presided over by Miss Jordan, where baskets and other articles were sold. The magic lake which was in charge of Mrs. Wm. Lamont was very attractive. The fancy work which was sold at the large circular table, in the centre of the grounds was very pretty and found a ready sale. The flower table and ice cream stands were well patronized, as were also the refreshment tables. The Fredericton Brass Band was present on both evenings, and enlivened the proceedings by their fine music. A large locomotive head light suspended from one of the windows of Mr. Thompson's residence threw light upon the scene. The proceeds of the bazaar will go towards liquidating the debt on the church.

Mr. J. G. McNally's Furniture Rooms.

We called last week upon Mr. J. G. McNally and were shown through his establishment. The ordinary customer upon entering his store sees nothing of the extensive business in which he is engaged. His large and extensive warerooms are completely filled with all kinds of furniture. The greater part of the upholstering is done on the premises by experienced workmen, thus lessening very greatly the price of goods, which if imported ready for sale could not be sold at anything like the figure at which they are marked. Every line of goods kept at furniture warerooms are to be found at this establishment, from which a house can be furnished from kiteken to parlor. Mr. McNally frequently visits the old country markets and personally selects his stock of chinaware and cutlery. Some beautiful dinner sets of ivory ware were shown us which were imported direct from England. Some sets of this ware have been sent by Mr. McNally to the United States and to other places. His stock of cutlery is particulary fine and of superior quality. His show cases are well filled with silverware imported direct from the manufacturers. Mr. McNally is doing an extensive business in this line, and is every year making large additions to this department of his business. Some beautiful parlor and bedroom sets in walnut have lately been imported which are superior to anything now in the market. Extensive improvements are being made in the store, in order to make room for new importations, and to show to better advantage his already large stock.

The Legislative Library

was closed to-day out of respect to the memory of Hon. Dr. Elder who was a member of the library committee.

Injunction.

An injunction has been placed by Messrs. Gregory & Blair for the plaintiff upon the sale of the stock of Gunter & Atherton.

Narrow Escape.

Mr. D. O'C. McGinnis had a narrow escape from serious injury on King street, yesterday morning, a heavy flower pot falling from a fourth story window so close to his head that it touched the rim of his hat.—*N. John Sun.*

Strawberry Festival.

A strawberry festival was held at Long's Creek, Upper Kingsclear, on the 13th inst., by the ladies of the Methodist Church at that place. It was largely attended and proved a great success. The proceeds which amounted to $88 will go towards repairing the church.

The Late Dr. Elder.

Judge Fraser, in the Westmorland Circuit, in referring to Dr. Elder's death, said:—He had been associated with Mr. Elder in the most intimate relations both public and social, and he knew that however we might agree or disagree with him in politics, all must agree that Mr. Elder was a man of great intellectual attainments, and of the highest integrity and Christian character. As a journalist particularly he stood in the front rank, and the press of the Maritime Provinces had lost in him one of its brightest stars. His Honor spoke in the most feeling manner and was visibly affected by the very sudden and sad news. All the assemblage in court seemed moved at the melancholy announcement, which cast a gloom over the proceedings of the day.

Captain Webb Loses His Life.

BUFFALO, July 24.—Capt. Webb, the noted English swimmer, perished in an attempt to swim Niagara River whirlpool rapids, this afternoon. He was rowed out in a skiff to a point in the river opposite "Old Maid of the Mist" landing, by John McClay, the ferryman at the Falls, and stepped from the boat at two minutes past four o'clock. The daring swimmer passed the big rapid all right, keeping in the middle of the stream. When he struck the whirlpool he was rushed to the American side where the waves, it is estimated, are from 30 to 40 feet high, and the last seen of him he was throwing up one arm. His intention had been to pass the whirlpool on the Canadian side. His shoot of the rapids was intensely thrilling. The refusal of railroads and hotels at the Falls to have anything to do with what they termed "His going to his death," rendered the affair financially a failure. The river has been searched for two miles below the whirlpool, but no trace of Webb could be found, and it is generally believed that he was engulfed in the whirlpool. Captain Webb leaves a widow and two children in England.

BRIEFS.

The captain of one of the schooners lying in port last week was arrested for drunkenness and fined $4.

Only one session a day will be held at the Normal School till the close of the term.

The very rapid rate at which the curb stones on Queen Street are being laid is the cause of much heated comment.

The Rev. Mr. Nairn, of Harvey, and Rev. Mr. Mowatt exchanged pulpits on Sabbath last.

Plans for the new skating rink are being prepared by Mr. Alex. Mitchell.

The water-works' engines are being placed in position.

The stone-cutters working on the new Kirk struck work yesterday.

KESWICK RIDGE ITEMS.

Rev. Thomas Hall, of Kingston, Ont., delegate from the Union of Ontario and Quebec and missionary Superintendent, addressed the congregation of the Congregation Church on general mission work and more especially in this Dominion, on the evening of the 19th. He is quite an eloquent and witty speaker. He awaked quite an interest. He left by boat on the morning of the 20th for Sheffield.

Two young ladies, the misses Christie, daughters of Mrs. Jerry Christie (widow,) have recently returned from Lynn, Mass., to their home.

Among the improvements this summer here are an extensive addition to the residence of Mr. Fred Estey. Also barns have been erected by Messrs. Harvey Jewett, Thomas McKeen, William Mitchell and Yerxa.

Mrs. Thomas Kee, of St. John, accompanied by part of her family, are visiting friends on the Ridge and vicinity. Most especially during her visit is she the guest of Deacon John Kee.

Rev. C. B. Watham, of Orono, Maine, and his wife are visiting friends on the Ridge and Scotch Settlement. On the Ridge he is the guest of John McKeen, Esq.

WOODSTOCK NOTES.

JULY, 23.—The celebrated "Guy Family," a minstrel troupe of 20 artists, performed in the Rink on Friday and Saturday evenings of last week. The audiences were large and seemed highly pleased with the performances.

Bennett & Moulton's Comic Opera Company open here on July 30th, with "Olivette." This company will also play "The Mascott and Our Pic-Nic."

The Sewing Circle in connection with St. Luke's Church intend holding a Bazaar in the Rink early in September.

The excursion train on Saturday evening carried a large number of young men and old to St. Andrews, to spend Sunday at the Sea-Side.

Engineer Crafts having located the engine house for the water works, work on the building will be proceeded with immediately.

Rev. T. C. Jack preached to a large congregation in the Presbyterian church on Sunday last. His subject was "The Claims of the French Evangelization Scheme."

McAnna Bros., offer for sale their celebrated stud of trotting horses. This stock comprises some of the most fancy pedigreed horses in Woodstock.

Foster Brown has sold his famous trotting mare, "Nellie Brown," to Murchie Bros., for the handsome sum of $2,000.

The weather is all that can be desired for haying, and farmers are working with all their might. X. X.

ST. JOHN NOTES.

DEATH OF HON. DR. ELDER.—The news of Mr. Elder's death which spread through the city last evening was a great shock to every one. The report could scarcely be credited at first. The hon. gentleman was about as usual all day yesterday and until late in the evening, and as he had been in the best of health, your readers may imagine what a shock the news of his death created. He complained of not feeling well about 10 o'clock on Monday evening, and in a very short time he died. To say that Dr. Elder's death will be a severe blow to St. John, is faintly giving the many readers of the GLEANER a brief idea of the high esteem in which he was held by all classes and creeds. In all undertakings, whether political, social or commercial, they found in Dr. Elder a hearty support. The city and County of St. John in the Legislature also loses a representative it will be hard to replace. On all sides an air of genuine sympathy is apparent over the terribly sudden close of a brilliant career.

THE LATE BOAT RACE.—Last Wednesday evening will long be remembered by all who take the least possible interest in aquatic contests, for two reasons. First, because we made sure we had the champion sculler of the world; and secondly, because in a short time afterwards it was learned we were entitled to no such honor On the receipt of the first news—that Ross had won by four lengths—bon fires were set ablaze, flags swung to the breeze and bar rooms dispensed free beverages. Everybody, without waiting for the confirmation of the first telegram, turned themselves inside out, so to speak, and when the correct news was received and had got spread around, the bon fires were put out, the flags quickly taken down, and the bar rooms ceased to dispense free liquors and poor Ross, to all appearances, possessed as few friends in St. John as he did early in the afternoon, when it was difficult to get a man to declare "Pompey" anything but a muddling oarsman. It was always this wise. The *News*, by the way, with that commendable enterprise for which it has always been noticed issued a fourth edition on the evening of the race, giving a full account of Ross' victory. It took it all back next day.

THE EXHIBITION.—A few more steps in advance have been taken by the various committees of our Centennial Exhibition. The entertainment committee have communicated with a number of societies, etc., inviting them to take part in the opening ceremonies and no doubt the display in this respect will be first-class. The manufacturers of the different Provinces are manifesting a considerable amount of interest in the Exhibition, and from the appearances our sister Province of Nova Scotia will be second to none. The Upper Provinces are also preparing for a big display.

THE weather of the past few days has been beautiful, and business in all quarters is very good, in fact better than any time since the spring.

St. John, N. B., July 24th.

There is no excuse for suffering from Headache, Constipation and all the wearying train of symptoms of a disordered liver, when Burdock Blood Bitters is an unfailing remedy, and only costs One Dollar a bottle. Why suffer on without a trial? 25,000 bottles sold during the last three months, with almost universal satisfaction.

KESWICK NOTES.

KESWICK, July 21st.—People here have begun their haying. The crop generally is good with the exception of that on the very low parts of the intervals and islands which is very much damaged by the water, which was kept on it by the jam of lumber at the Douglas boom. A great deal of dissatisfaction has been expressed by the farmers in that neighborhood, whose hay has been damaged, and they are thinking of suing for damages. The loss of hay is estimated at 100 tons.

The old fence at the Episcopal Church which has been so long in a delapidated state, has been removed, and a new and respectable one constructed by Mr. Samuel Yerxa whose painstaking care in this matter is much to be commended.

A new wire fence is being put up on the road through the Keswick Valley, by the N. R. Railway Co. Mr. Benjamin Yerxa has the supervision of the work.

The news of the death of Mrs. James Harvey, at Upper Woodstock, which was received here to-day has cast a gloom over the village. Mrs. Harvey was the second daughter of Mr. Samuel Yerxa.

COMMUNICATION.

County Matters.

To the Editor of the GLEANER,

SIR,—Some persons have made mention of the inconsistencies of some of the members of the Municipality of York County. Now Sir, in looking over the past we observe some strange things. First at the Session of January 1882 we see a move made to have a Record and other offices built in the County Court House, a move which a majority of the board voted against at that time, as they thought that nothing more than the Record Office was required. We see, however, the committee which had the matter in hand laying the whole out to entrap the Board at the July Session which answered the purpose for which it was no doubt designed. According to their wishes, a majority of the Board at the July Session of 1882 voted for the whole thing as now constructed. Again in January 1883 a move was made to give the Secretary Treasurer $100 in addition to his salary as he had had so much trouble in connection with the Court House matter. This move was negatived by a large majority of the members of the Board. In July 1883 a move was made precisely on the same ground as the former and was conceded to by a majority of this august Board giving the Secretary $100 extra. We see again the gentlemen who wanted over $8 worth of stationery and those who wanted $25 more pay for attending the Board as members, voting away the Clerk of the Peace's salary, for the sake of economy. Now sir, if there was no Scott Act in force in Fredericton we might imagine something, but as the Scott Act is in force there can be no suspicion of the kind. These transactions of a body of men doing business for the rate payers look black, very black If the rate payers of the County of York got such a report as they should have for the money they pay for it they would know who these vacillating creatures are, and no doubt would leave them home for a while to "hoe dem taters."

RATE PAYER.

Special Notices.

It is now in season to warn our readers against the sudden attacks of Cholera, Cramp and Colic, and the various Bowel Complaints incident to the season of ripe fruit, vegetables, etc. Dr. Fowler's Extract of Wild Strawberry is the grand specific for those troubles.

MARRIAGES.

On the 18th inst., at the residence of the bride's brother, Tide Head, County Restigouche, N. B., by the Rev. J. C. Herdman, D. D., Mr. Melvin Adams, of Broad Lands, County Bonaventure, P. Q., and Miss Elizabeth Adams, youngest daughter of the late Peter Adams, Esq., Tide Head.

DEATHS.

Suddenly, at his residence, St. John, on the 23rd inst., William Elder, in the 62nd year of his age.

On the 20th inst., at Greenwich, Kings County, Betsy A., beloved wife of Mr. Abram Pitt, leaving a husband and five children to morn their sad loss.

We invite the attention of the public to our New and Beautiful Styles for this year. They will be found, in Design and Musical Capabilities, to far excel anything at present in the market. With an experience of 18 years, and sparing no expense to enable us to produce a Perfect Instrument, we can confidently announce them the Best and Purest Toned Organs made. That they are the best is admitted by the principal Professors, and confirmed by the great number now in use, and the highest awards at the principal exhibitions at home and abroad. Intending purchasers should bear in mind that the Bell Organs are only made in Guelph, Ont., and each Organ warranted to be first-class—a consideration of some consequence from a responsible firm. We employ only the most skilled labor; and our aim shall be in the future, as in the past, to keep the Bell Organ, for tone, appearance, and lasting qualities,

AHEAD OF ALL OTHERS.

Beware of Imitations.

The Bell Organs having become so popular among musicians, some manufacturers in Canada have attempted to imitate the Stencil which they put on the "Bell Organ," and are endeavouring to force it upon the market in place of the world renowned "Wm. Bell Organ." That instrument, however, while it, in build, is somewhat similar to the "Wm. Bell Organ," is a much inferior one, and possesses none of the finer points of the Celebrated Organ. Every one of the "Wm Bell Organs" has its trade mark—TWO BELLS—painted upon it, and NONE ARE GENUINE WITHOUT THIS MARK.

Our Chapel, Sunday School, and Lodge Organs

are without a rival. They are furnished in Walnut back and front, in a solid substantial case in every respect. All the Styles of these Organs contain Sertiver's Patent Qualifying Tubes.
