# LOCAL NEWS.

COMING.—The Dominion dredge is expected to clear out the channel in the river here, which will take a good part of the summer and late in the fall if done properly.

THE FAIRS.—The Lewiston, Me., state fair will be held on September 5, 6, 7 and 8th. The eastern Maine state fair will be held at Bangor, August 29, 30, 31 and September 1st.

KICKED BY A HORSE.—Dr. Currie's little son was kicked by a horse Sunday and rendered unconscious for some time. Although quite badly hurt the little fellow is getting along nicely.

RUN OVER.—A little boy, son of John McAdam, while playing on York street on Saturday night near his home, was struck by a horse, knocked down, and the wheel of the wagon passed over his leg.

INTERRED IN WOODSTOCK.—The remains of the late Mrs. Street were taken to Woodstock on Monday morning at which place the funeral took place. The remains were followed to the grave by a large number of acquaintances and friends.

THE PULPIT.—Rev. Mr. Dennison, of the Gagetown circuit, occupied the Methodist pulpit on Sabbath last, exchanging with rev. Mr. Weddall. The congregation were treated to excellent music by a choir composed of young men, led by H. Winters.

OUT ON BAIL.—James Haney, who was sent up for trial for knocking a man down and robbing him of a watch, was admitted to bail on Thursday. The securities accepted were John Lockard and Miss Haney in $300 each for Haney's appearance at the October court.

ANOTHER GONE WRONG.—Thursday morning the police arrested Mary Jane Thibideau, who has been employed for a short time as servant at Dr. Coulthard's, for stealing money and other articles. She came to Dr. Coulthard's, with a good recommendation from Chatham.

ECONOMY.—The cooling breezes of the week is a saving to the city, in the way of cleaning the streets. The dust is caught up and blown into the eyes of the pedestrian and savely landed upon the goods in the stores. We have water works and a watering cart; but the breezes do the work nicely.

HORSES PURCHASED.—The St. Croix Courier says Fred. B. Coleman of the Barker House has purchased from W. D. Simpson, of St. Stephen, a fine mare, Gypsy, Maine Wilkes dam, by Norridgewock, by Gen. Knox. And Fred. Watson has sold his colt Alfred, by Olympus, dam by King Bird, to J. R. McConnell of Marysville.

"TOM" DIES.—On Saturday evening last, "Tom," W. H. White's trotter, one of the best all round horses owned in this vicinity, fell dead at the bridge road, St. Marys, opposite Reed's harness shop. Mr. White had owned him for thirteen years. His trip from here to Bloomfield ridge in the Pickard-Fraser campaign has for years been current horse lore.

BIG DAM.—Alex. Gibson will have completed on Tuesday next a large dam across the Nashwaak, about five miles above Stanley. The greater part of his logs have passed that point and the new dam will be able to flood them within safe limits. It is thought that the mill will be kept running, although it was believed that a shut down for a few days was certain.

S. S. CONVENTION.—The Queens county Sunday school convention will be held this year at McDonald's corner, July 27th. The morning session will be opened at 10 o'clock. The time of opening for the other two sessions will be decided later. The field secretary, rev. A. Lucas, will also give a lecture in the Baptist church at the Narrows on Wednesday evening, July 26th.

HAGGLED OFF.—The grass around the post office has been cut, and it is to be hoped, housed in good condition. It would be a pity if not. The field now presents an appearance as if the grass were cut with a pair of shears, but some affirm it was done with a scythe. Is it not about time this beautiful field was taken care of and made an object of beauty instead of an eyesore, what it is now?

FORESTERS OUT DOORS.—The Foresters of Marysville are arranging for a picnic under the auspices of the order of which due notice will be given in a later issue. On the twenty-fourth inst. the Foresters of McAdam, St. Stephen, Woodstock and Vanceboro intend holding a monster picnic at the lake shore, Harvey Station. It promises to be the best affair of the season and cheap excursion rates will be issued on all trains.

DROWNED.—Thomas Lafferty, of St. John an employe at the Connor's hotel, St. Francis, while crossing the river St. John in a canoe, capsized and was drowned. An inquest was held, a verdict rendered, accidental drowning. He was buried in the Baptist burial ground. It is said that deceased had a sister in Woodstock and a brother in St. John. Mr. Lafferty was well known in Fredericton having been employed at the Barker house at one time.

STANLEY MOVING ALONG.—Andy Humble is making things hum in the trading line at Stanley where he manages the grange store. Through his exertions a new store is being erected the foundation for it being completed and the carpenters at work. It is forty by sixty feet, two storeys, the upper flat to be finished for a dwelling. Andrew Douglas is also enlarging his premises and Stanley is making progress, but the distance from a railway retards its growth somewhat.

FOR JUSTICE.—An interesting case involving the question of the jurisdiction of a justice of the peace will come up at the next nisi prius sitting of the Supreme court. One Connelly is sueing Messrs. Albery Grass and Abner Smith. of Rusigornis, that they, without jurisdiction, issued a warrant for his arrest, because he did not appear on their summons in a matter over which they had no jurisdiction. Connelly is also sueing the constable who arrested him, for false imprisonment.

BADLY CUT.—Alex. McLelan, of Bloomfield Ridge, while getting out a frame for David McLelan, received a severe cut on the right shoulder a few days since. He was passing a fellow workman, who was hewing, and stepping on a block among the chips lost his balance and fell almost under the axe as the blow descended. It split the shoulder and part of the arm for about three inches. The services of Dr. Wier were necessary who made the sufferer as comfortable as possible.

### The Fly and Line.

On Friday afternoon principal Rodgers of the Model school, R. Davies, of Tennant, Davies & Co., and two St. John friends, returned from an eleven days trip to the salmon waters of the Dungarvon. It was not necessary to ask if they had good luck as a look at the "plump twelve pounders they had with them, was ample evidence. Atty. general Blair, Dr. Steeves and D. C. Call, of New York, went up the main Miramichi yesterday, for a week's outing. It has been a fine season and good catches are made. Some good fish are taken at Boiestown, Jas. Fairley hauling out three large ones a few night's since during an hour's fishing, killing the largest fish in seventeen minutes.

Governor Russell of Massachusetts, Dr. Swan and party returned on Tuesday from a very successful trip during which they took several very large fish.

## JOHN M'LAGGAN KILLED.

### Fatal Accident at Cross Creek on Tuesday Last.

A fatal accident happened about two miles from Cross Creek station on the C. E. railway, on Tuesday last, resulting in the death of John McLaggan and the wounding of Kenneth McLaggan, residents of that neighborhood. John had been up the country a short distance to view a hay field and took a ride back with Kenneth. On coming down a hill with a precipice on one side, with a sheer descent of twenty-five feet the horses which were young began to crowd and one pushed the other over the bank, his weight falling taking the other horse with him. John who was sitting in the back of the wagon was thrown clear of the vehicle and struck on the beach within three feet of the water of the Nashwaak, alighting on some granite boulders. Kenneth and a boy who was with him were struck by the wagon as it crashed over them. The boy escaped uninjured with the exception of some trifling bruises. Kenneth had a badly injured leg. When help arrived it was found that John was dead, killed instantly. Dr. Moore was brought as soon as possible who found the back and neck broken. Deceased was about fifty-five years of age and unmarried. He was a man who had a great many friends and regret is expressed everywhere in the parish at his untimely death.

### Gaspereau Bridge.

The new bridge across Salmon river, just below the mouth of the Gaspereau, is being pushed along as rapidly as is consistent with good work, and good work it is pronounced by all who have seen what has been done. G. G. King of Chipman has the contract, the carpenter work being under the supervision of Robert Logan of Gibson, one of the best carpenters of the province. Mr. King visits the work daily and is so far well satisfied. There are at present thirty men and five teams employed. The bridge is of three spans, one arch burr and two Howe trusses, a total length of 1180 feet. It will be better understood if classed as three bridges as the stream at this point, during freshet divides into three channels. A first class quarry has been opened within a few yards and there is abundance of cedar on the stream. It is Mr. King's intention to make this one of the best wooden structures in the province.

### Broke his Leg.

Robert Brewer and Robert McClay, festive youths of the town portion of Stanley, took in the beauties of the celestial and Marysville on Tuesday afternoon and evening. Brewer considered that if he took a nap he would be better able to get around during the evening and so laid himself down in a quiet hotel and passed into the land of dreams. Not so McClay. He is one of those who make hay while the sun shines and when Brewer removed to the land of dreams, McClay appropriated the horse and cart and took a run up to Marysville to see the "folks." On his return, when opposite James Logan's, below Marysville, he got out of the cart and in crossing the road slipped and fell, breaking one of his legs. He was taken into Mr. Logan's and attended to. When Brewer awoke he concluded that his horse had been stolen and was going to call on Mr. Marsh for aid when he heard that his "chum" had met with the accident.

### Killed on the Rail.

A very sad accident occurred about three miles above Andover, N. B., Wednesday morning, shortly after the excursion train started, by which Charles McMenamon, of Adelaide road, St. John, lost his life. He was on the section hand-car coming down, while the picnic train was going up with flat cars in front. The section crew did not hear the train coming till it was close upon them, and, while attempting to get the hand-carr off the track, McMenamon was run into and killed. He received a severe blow on the head and his neck was broken. The remains were brought to Perth station, where coroner Murphy empanelled a jury which viewed the remains and adjourned till the return of the excursion in the evening.

The body was placed on the train and taken to St. John.

Charles McMenamon leaves a wife and six children, who reside in St. John. The family have the sympathy of the community in their sad bereavement.

### What He Knows About Turnips.

The editor of the Farmer is in a terrific state of excitement just at the present time. Editorially, with a bland smile he points out an error that got into our columns, and by adding to it no doubt tries to convert it into one of his pointless jokes. Talking about turnips, the editor has probably been surveying himself in a looking glass instead of rectifying the glaring mistakes that appear in his unreliable sheet every week. By the way, it is noticeable to the public that to his eye the grass is looking quite green and vigorous on the other side of the fence just now, and he is deliberating about taking a jump over. The fact is, the Farmer is politically in a hole, the conservatives have rallied to the relief and support of another sheet, Temple has shaken the dust of the Farmer from his coat, too changeable for the liberals, and this judge of good turnips is once more thinking of perching upon the fence or booming Foster, if there's money in it.

### Bread and Honey Flowed.

For some time past host Edwards has noticed a leakage of the palatable viands of the Queen hotel, and on closer inspection found the outflow tickled the palates of the admirers of his female help. He promptly and seriously notified them that if he noticed any more wastefulness of this kind, he would stop it by legal means. This warning had not the desired effect. Last Friday night Ella Boyer was noticed supplying her best soldier beau with the good things, and on Thursday morning he caused her arrest and also her beau, lance corporal Brown. Miss Boyer pleaded guilty and was sentenced to fifty days; and the lance corporal will not munch pies, tarts, etc., for three months, unless through the iron bars of the gaol.

### Incendiary Fire.

About half-past one on Monday morning, Frank Gilbert of St. Marys, who through illness in his family was awake chanced to look out of the window and saw the stable of the John McCoy property, St. Marys, on fire. The fire was between two buildings and was making rapid headway. Gilbert gave the alarm and several of the firemen turned out and the fire was quenched. A few minutes more and it would have reached the hay loft which contained quite a quantity of hay. It was plainly a deliberate attempt by someone to set the village afire. A few days previous a similar attempt was made. There is no clue to the perpetrators.

### Changes and Changes.

Mr. Snowball has resigned the management of the C. E. railway and Mr. Gibson has full control. It is just the reverse of the system in vogue a week since. John Yerxa has again put on the conductor's cap and follows John Boyd's engine. Geo. Logan handles the throttle on Al. Logan's train, Dave Vanstone takes out specials, Charles Sterling runs the freight with Pat. Ivory in the cab. T. H. Hoben has the management with Joseph Shaw in the office. Messrs. Waycott and Wetmore will not at present do anything in the railway line. Nick Ivory runs the Indiantown branch which was opened to traffic yesterday.

REMNANT SALE.—Fred. B. Edgecombe's big remnant sale will take place August 1st and following days. Just now he is offering great inducements to purchasers in the carpet room. All the accumulated remnants will be cleared at wonderfully low prices.

### On the Sea of Matrimony.

At Keswick, on Tuesday last, the 18th inst., Miss Jennie Morehouse, a very popular young lady of that district, was married to Edgar Clark, one of the enterprising men of Millville. The ceremony was performed by Rev. G. B. Trafton.

A very pleasant wedding took place at New Maryland on Wednesday afternoon when rev. Mr. Manzer of St. Marys tied the nuptial knot that united Miss Sarah Morgan, daughter of Henry Morgan of that parish, to Fred. Bailey of Nashwaaksis. There were about seventy guests present, many attending from this city and Marysville. The happy couple were remembered by their many friends as the handsome wedding gifts gave ample evidence.

At the bride's residence, Charlotte street, on Thursday afternoon, the marriage of Miss A. Birsa Stanger, one of Fredericton's most talented vocalists, daughter of Thomas Stanger, and Oswald S. Crockett, barrister, was solemnized. There were nearly fifty relatives and friends of the contracting parties at the ceremony, which was performed by the rev. Willard McDonald. The bride looked very charming in a beautiful robe of white silk and was attended by her sister, Miss Annie Stanger, who wore a pretty green silk. The groom was supported by A. P. Crocket. The parlor was very prettily decorated for the occasion with plants and flowers. After lunch the happy young couple left on a trip to Quebec, followed by many good wishes for their future happiness. The bridal presents were many. The gift of the bride's father was a handsome piano, and an elegant silver tea service from her brother, George Stanger. The groom's present was a brooch set with diamonds. THE HERALD tenders congratulations. On their return home they will occupy the house on George street two doors below the Baptist church.

### Personal Mention.

Frank L. Cooper, son of William Cooper, who has been in Kansas city, has returned home and will remain here.

Sterling Thompson, formerly operator in the Western Union here, but now of C. P. R. office, Presque Isle, was home on Sunday and returned to Presque Isle on Monday. His friends were glad to see him.

The St. Andrews Beacon says Miss Edith Hilyard and Miss May Hilyard of Fredericton, are the guests of Mrs. B. R. Stevenson.

The Truro N. S. News says C. K. Palmer, travelling salesman for Brown & Palmer, Fredericton, is in town; and also J. H. Tabor, of this city, "on the road" for White & Co., St. John.

H. C. Risteen, who has been reporting on the Amherst Press, is now in Truro, having secured a good position there.

Miss Gertie Brannen, of Boston, is in Fredericton visiting her sister, Mrs. Nelson Brannen, and relatives.

Miss Ena Gill, of Victoria Corner, Carleton county, is visiting friends and relatives in the city and vicinity.

Dr. Inch, who was attending the summer school of science sessions at Sackville, returned home on Wednesday.

Miss Harriet Rainsford, daughter of H. B. Rainsford, is home visiting her parents.

John Haslin has gone to the world's fair.

Mr. and Mrs. F. I. Morrison left yesterday for St. Andrews where they have engaged rooms at the Algonquin for a few weeks.

Capt. Woods, formerly a widely known resident here, now of Boston, is visiting our city again. It looks like old times to see the captain again in our city, seemingly as young as he was fifteen years ago.

### Through the Gates.

An old soldier, who saw service at Malta and Corfu, who has resided at Maugerville for years, died a few days since at the age of sixty-eight years after a short illness.

On Tuesday afternoon Rev. William Downey, after a lingering illness, passed peacefully away, at his home on the corner of King and Westmorland streets. The rev. gentleman was in his sixty-ninty year, and was a worthy minister of the Free Christian Baptist church. Throughout his circuit he was universally esteemed, and whose counsel to the paths of rightousness was regarded as coming from a man with true conscientous and christian principles. He leaves a widow and several grown up children. The remains were followed to the bridge on Thursday afternoon by members of the orange lodge in regalia, headed by the 71st band, and were conveyed to the mouth of Keswick, accompanied by a number of our citizens, where interment took place.

On Monday morning Mrs. Black, relict of the late John Black, for many years rector of Kingsclear, died from paralysis, in the seventy-seventh year of her age. The deceased lady was a sister of the late judge A. R. Wetmore, and was widely known for her many acts of charity, and while a resident of Spring hill her untiring efforts to relieve the needy will ever be remembered; her kind, pleasing and generous disposition won for her the hearts of all throughout the parish, and while for years removed from the parish her deeds still live fresh in the minds of all. She leaves two sons—William Black, of Richibucto, and John Black of this city; and six daughters all of whom are married—Mrs. H J Robinson, Ireland; Mrs. Hugs, of London, Ont.; Mrs. H. B. Rainsford, Mrs. W T H Fenety, of this city; Mrs. Dixon and Mrs M V Paddock, of St. John. The funeral took place on Tuesday, the services were conducted at the Cathedral by Rev. G. G. Roberts and Rev. F. Alexander. She was buried at Kingsclear.

## A WESTERN HOWLER

### Visits New Brunswick and Nova Scotia.

A violent hail storm visited the California Settlement and Grand Falls portage, Victoria county, on the 12th inst., doing a great deal of damage to crops in that vicinity. The storm lasted forty minutes, the sharp pieces of ice being from the size of a robin's egg to half the size of a hen's egg. The following farmers of the above named places lost all or most of their crops: Charles Shorey, John Hartt, John Wolverton, Chas. Ross. George Parks, Alex. Murchison, Fred Langley, Elijah Wright, Edward Pelchie, Robert Hallet, John Langley, James Dunn, James Barnes. In some places, such as hollows, the hail stones were two feet deep. Trees were stripped of their foliage and left standing without a leaf. Windows were broken, and the hail was so sharp that even the hay was cut clean to the roots. The like of it was never known there before. Fortunately the path of the storm was not more than half a mile in width, and crossed the country in a southeasterly direction, passing over the St. John river at the mouth of Little river, doing considerable damage through Tilley Settlement and on the Tobique.

An unusually heavy rain, accompanied by thunder and lightning, passed over Amherst, N. S., Monday afternoon doing considerable damage to the crops in some places. The root crop was washed completely out.

A fearful thunder, rain and hail storm broke over Liverpool, N. S., on Monday afternoon, doing very much damage to the crops, uprooting trees, tearing down fences, blowing in windows, and damaging the Methodist church to the extent of $100. It was a veritable western cyclone, and in the memory of the oldest inhabitant was unparalleled. The rain fell in torrents, and water ran through the streets like a river. The hail was as large as marbles. The wind was northwest and was terrific.

### Just Over the Line.

A man named Arnold, of Kings county, a short time ago secured a loan from A. J. Gregory giving a bill of sale on his farm, stock and house. On Sunday, the 9th, Mr. Gregory learned that the man, with horses and goods pledged, was on his way to St. Stephen, and Roberts and Gerow started in pursuit, but after a five days hunt, they returned and then learned that Arnold had taken the Houlton road, instead of the St. Stephen road, and had safely landed in the home of the free.

THE history of the introduction of the Yost has been marvellous since its very inception. Never did a radical new comer so rapidly replace its established rivals. Its long awaited improvements, however, gave it a hearty welcome, and to-day its following is world-wide and enthusiastic. Thousands of operators have tried and preferred it, and thousands of others — who lack the courage of their convictions — stick to the old machines from force of habit only — already acknowledge it as THE typewriter. And all of this wonderful success of the past has been won with the early model of the Yost, upon which the NEW YOST is a vast step in advance.

THIS is what ails them: The Fear of Change, which Milton says used to perplex monarchs when they saw a long tailed comet in the sky. The Change is Here; not heralded by a comet but by the New Yost, the perfect writing machine.

NOTICE is hereby given, that by virtue of a power of sale contained in a certain Indenture of Mortgage, bearing date the twenty-seventh day of December, in the year of our Lord, one thousand eight hundred and eighty-six, and made between the said Daniel Murray and Grace A.
