DR. HALSEY'S FOREST WINE.

FROM its one merits and great works, this Wine is fast becoming the favorite medicine among every class of people. Combining in one most efficient remedy for general Debility, Nervous Affections, Consumption, Liver Complaint, Dyspepsia, Kidneys, Blood, and, above all, for diseases arising from Impure Blood and habit of the System, many cures of the Medical Faculty have unanimously and honorably sanctioned the use of it.

Dr. I. A. STANLY, a celebrated Physician, in a letter from Pittsburgh, New Jersey, dated November 18, 1848, declares that in all his experience he had never seen anything to compare with the Forest Wine and Pills, of the Medical Faculty, in the cure of consumption, Debility, and Liver Complaint, in the incredible short time, and in the numbers of the Medical Faculty of New York, who have witnessed the great results of the Forest Wine, are prepared to testify in numerous cases, which will be found the names of the celebrated Dr. M. L. Sherman, Dr. William Rowe, Dr. Thomson, Dr. Chilton, Dr. William Rowe, Dr. Martin, Dr. Ward, and others.

ANTHONY J. HALSEY, Druggist, Agent for the Sale of Hayden's Forest Wine, New York:—

Dr. G. W. HALSEY:—Dear Sir,—I believe the Forest Wine as the King of Medicines. It has done for me in the world what every Physician failed to do in so many years. In 1846, I became a victim of the Heart Disease and Nervous Affection, which have been growing worse and worse, despite every remedy and every Physician I could obtain. Your Forest Wine and Pills, alone, have proved a great and most fortunate relief from my long and painful sickness. During the last two years I was obliged to keep my house nearly all the time, and was not able to do a day's work, in consequence of my ill health. I had nearly lost all hope of recovery, my nervous system was so shattered that I was under a nature which I thought was incurable. Having purchased a bottle of your Wine and Pills, I commenced using them, and before finishing the third bottle I felt like a different person, and was able to resume business, and completely cured, by taking five bottles. Respectfully yours,

JOHNSON BURKE, Waverly Place, N. Y.

HEMPSTEAD, Dec. 1, 1847.

Dr. HALSEY:—A bottle of your Forest Wine was sent me, by Mr. James Carr, (Jeff. Co.), which, (I know,) has done wonders for me. I had been in a state of decline for more than a year, afflicted with a dreadful cough, pain in the breast, general debility, and loss of appetite, so that I was not able to leave my room for more than two months, and despaired of my recovery. Without a bottle of your Wine had been taken, or my consent, I was visited by a physician, who, on hearing my cough, pronounced it the effect of the Forest Wine, and I, on taking the Forest Wine, felt very much better, and my cough was much relieved. I continued taking the Forest Wine three times a day, my appetite began to return immediately, my cough became less, and in five weeks I was able to do a day's work. I have since taken three bottles of your Wine and Pills, which have completely cured me. Yours, respectfully,

MARTIN CALDWELL.

The following Certificate, voluntarily given by Mr. Jas. Cleave, New York, is an evidence which must prove all doubts of the great efficacy of the Forest Wine in GENERAL DEBILITY, NEURALGIA, AFFECTIONS OF THE SPINE AND KIDNEYS:—

This is to certify, that I have used Dr. Halsey's Forest Wine, in my family, with the most satisfactory effects. My wife was badly afflicted with a nervous affection of the kidneys, which, in connection with general debility, rendered her life a burden. She was entirely cured by the use of the Forest Wine.

From my own knowledge of this excellent medicine, I confidently recommend it for the good of others who may be suffering with similar complaints. It is in the best condition with which I am acquainted, and those who are afflicted with the above, or any similar disease, may safely rely on its virtues.

Dr. G. W. HALSEY:—Dear Sir,—Will you please send me one dozen more of your Forest Wine, and one dozen of your Pills, by return of the bearer, Mr. Ayer, who is a Druggist, and will be in the city in a few days. I have found a purchaser for your Wine and Pills, and I want to be prepared to supply him. Yours, respectfully,

HENRY DONALDSON.

Cuba, Ap. 11th, 1850.

The following testimony of a most remarkable character, in which the Forest Wine is spoken of in the highest terms, is from the Mayor of Newark, New Jersey:—

Dr. G. W. HALSEY, Dear Sir,—I have used the Forest Wine and Pills, and recovered by taking the latter from a fit of the Fever and Ague.

The Forest Wine is the cause of the Forest Wine, as I believe, in the case of the Hon. Sol. Brown, of Virginia, who was cured in a few hours' time of a severe attack of Bilious Diarrhœa and general prostration of bodily energy. On the arrival of his patients in New York in March, he was so weak and nervous, from the effects of his disease, that he could not walk without assistance. The Wine was sent him to take in the morning by the use of less than a bottle, and he was able to go to his office.

The Forest Wine and Pills are recommended as an efficient and certain cure in all the following Complaints:—

Dyspepsia, Habitual Costiveness, Liver Complaint, Fever, Pills, Chronic Rheumatism, Bilious Disorders, Pimples, Boils, and unhealthy Color of the Skin, Nervous Complaints, Incident only to Females, Epilepsy, Whitness, Night Sweats, Nervous Disorders, Gravel, Ill Health, and Depressed state of the Constitution.

Sacramental Wafers.

When first applied to the manufacture of the wafers of this Office, I stated that I would not undertake to supply them unless I could make them equal to any in the Province, and superior to most of those imported from the United States. I now beg to state that I have succeeded in my endeavours, and that I can now supply the Clergy of all denominations with a wafer equal in every respect to any imported article, and superior to most of those imported from the United States. I have forwarded a specimen of my wafers to the Lord Bishop of Montreal, who has been pleased to express himself in the following terms:—

"Bishop's College, Lennoxville, 1st Nov. 1850.

"Sir,—I have to thank you for the specimen of Sacramental Wafers which you have forwarded to me. I have no hesitation in preferring them to those which I have been in the habit of using, and shall be glad to have a supply for the future. Your's faithfully,

"(Signed) G. J. MONTREAL."

THE MAYORS CERTIFICATE.
PLANTAGENET MARSH.

In accordance with the requests expressed by the most distinguished Medical Practitioners of the day, I have prepared the Plantagenet Water, and have now the experience of its salutary effects, I cheerfully publish testimony to the excellent medicinal properties of the Plantagenet Water. For general beverage it is delicately refreshing, and its vinous and pleasant spirits, and its remarkable purity, have long been noted by a nation's Editorial and Oracular reputations.

Sold only in Montreal by A. Mason, Clerk, Place d'Armes; and by C. W. Lightbody, Esq., Clerk, Place d'Armes; and by the Proprietor.

PLANTAGENET MARSH.

Among the objects of attraction at the late Science Hall, the celebrated Plantagenet Water held a prominent position, and it is gratifying to the proprietor, we understand, that the Medical Commissioners, with the view to the Great Exhibition, have selected the Waters of Canada, as the most suitable for the purpose, and that the Plantagenet Water is preferable to the Drinks usually taken during the warm season.

A very little, in comparison, will be required for a supply, and the Proprietor, I have found it expedient to have a supply in the city, ready for immediate use, and specially accustomed to the climate. Yours, &c.

THE BRITISH PERIODICALS
AND THE FARMERS' GUIDE.

LEONARD SCOTT & Co.,
No 54, Gold Street, New York,

CONTINUE to publish the four leading British Quarterly Reviews and Blackwood's Magazine (in addition to which they have recently commenced the publication of a valuable Agricultural Work, called

"THE FARMERS' GUIDE TO SCIENTIFIC AND PRACTICAL AGRICULTURE."

By Henry Stephens, F. R. S. of Edinburgh, Author of "Book of the Farm," &c. &c., assisted by Joseph R. Norton, M. Agr. Soc. Harlem, Professor of Scientific Agriculture, Cook College, New Jersey.

This Highly Valuable Work will contain two large octavo volumes, containing over 1600 pages, with numerous engravings, and will be issued in monthly parts, commencing in March, in the United Kingdom, and in the Spring of 1851 in the United States. The work will be illustrated with a Portrait of Sir Robert Peel, the first friend of the farmer, and a Portrait of Lord Ashley, the friend of the Agricultural Population, and will contain a Portrait of Professor Norton, the Author of the American Edition, and a Portrait of Professor Stephens, the Author of the British Work.

The Leading Quarterly Reviews, (Conservative) are:

The London Quarterly Review, (Church of England and Tory) Price 7 shillings.

The Edinburgh Review, (Liberal) Price 7 shillings.

The North British Review, (Free Church of Scotland) Price 7 shillings.

Blackwood's Edinburgh Magazine, (Tory.)

Although these Works are distinguished by the political shades above indicated, yet fully one half of their contents is devoted to purely literary matter. It is their decided character which gives them their great value, and it is that they stand overwhelmingly far above all other periodical literature, that they have been for years, and still are, the mainstay of the monthly periodical press of the United States. Although in ancient antiquity, in a time when there were no Periodicals, Cicero, in his Offices, wrote that "Nothing is more delightful than to read the Orations of those who have spoken in public, Randolph, Mercer, Pinkney, Wirt, Webster, Clay, Calhoun, Hayne, Preston, Legaré, Cushing, Choate, Everett, Bell, Bayard, Dallas, Ingersoll, Binney, Sergeant, Meredith, Chauncey, Ogden, Hoffman, Emmet, Sampson, Van Buren, Tracy, Dexter, Livingston, Lee, Martin, Pinckney, Rush, Ogden, Sergeant, Tilghman, Gaston, Ashmun, Davis, Dana, Evarts, Frelinghuysen, Ingersoll, Binney, Meredith, Sergeant
