ON THE BAY'S GLASSY SURFACE.

Fully 10,000 Persons Enjoy a New Year's Skim in the Iceboats or on Their Skates.

It is estimated that fully 10,000 persons visited the Bay yesterday and enjoyed a skim over its glassy surface on one of the swift ice sailers or on their own winged steels. The whole fleet of iceboats were out and did a thriving business, taking their precious cargoes at phenomenal speed to all points of the Island shore. A favorite contrivance with the skaters was the leg-o'-mutton sail, and half a hundred of these bustled their owners around at a merry rate. The good-natured skate sailers also enjoyed super cargo in the shape of their jolly comrades tacked on behind. There were ladies innumerable who seemed to enjoy the exhilarating sport as much as their brothers. The breeze was a stiff one from the west, that gave the cheeks a ruddy glow, and especially enhanced the beauty of the already fair possessors. There were besides many pedestrians, who appeared to thoroughly enjoy the outing.

NEWS OF THE FIGHTERS.

Peter Jackson Is Still Popular in England About the Coffee Cooler.

Peter Jackson seems to be the idol of the British sporting public despite the advent of the "Coffee Cooler" in England. The London Sporting Life of Dec. 19 prints the following of Jackson's appearance at one of the city theatres:

"On England enjoys the reputation throughout the universe of being the land of the 'brave and the free,' and it may be truly said that she has nobly preserved that honorable distinction from time immemorial up to the present, and whenever this little island of ours has been invaded by a redoubtable athlete, sailing either from over the 'herring pond,' from the Antipodes, or any other remote part of the globe, friendly hands have always been held out, and the most sincere and generous of welcomes extended to the stranger, regardless of his nationality or color. Frank Craig, otherwise the 'Coffee Cooler,' champion colored middle weight boxer of the world, is now with us, gaining fresh laurels almost nightly, but a still greater pugilistic luminary than the 'Cooler' is with us in the person of Peter Jackson, the dusky champion of the universe. Jackson is fulfilling a week's sparring engagement at the Canterbury Hall in conjunction with the stalwart David St. John, the champion of South Wales, and is proving quite as great an attraction as when he first visited our shores. The house was filled in every part on Tuesday night, and at 10.30 the gladiators were introduced in felicitous terms by Mr. Harry Vernon. Cheers followed the brief address, and 'time' was immediately called, when the men shook hands and sparred up for the mimic combat. Jackson at once set off, while St. John, who overtops the stoney warrior by two inches, was busy with right and left, a good rally closing the first round. The next bout was of a similar character, with this difference, that Peter was all over his man. The final round was a merry set-to, the Welshman acquitting himself gallantly, while Jackson indulged in sundry long shots of a smart and effective nature. The two champions are appearing nightly at the Paragon, Mile End-road, where they are drawing crowded houses. At the end of the week they go first to Jarrow-on-Tyne, thence to Glasgow, Manchester and Paris, in the order named."

The Parson and the Fresh Bell Boy.

"Parson" Davies is out close on to $1000 by the calling off of the Ryan-Dempsey fight. This sum was expended in conditioning Ryan and taking the fighter and his retinue of trainers to New Orleans. The betting was as good as 3 to 1 on the Chicago fighter, and it did look as though the odds could not be too great against the "Nonpareil." Ryan should have whipped Dempsey without getting up a sweat. The "Parson" had laid a lot of money on his man, getting a deal of it on at even. Ryan was on feather edge, while Dempsey looked as though his chances were not as good as one in a thousand. In all, to use "Parson's" own language, "I would not have taken the big end of the purse to call my side bets off." When Bowen tottered over under the weight of Lavigne's right in the eighteenth round, Davies got up, shook his head reflectively, and passing out, remarked to Lou Houseman, the Chicago scribe who tells this story so well: "That looks bad for to-morrow night." He got into his cab and drove to the hotel. He left word with the clerk to send a bell boy to his room should Bowen's injuries result fatally. Along about 8 o'clock next morning, or about 45 minutes after Bowen expired, a bell boy, green in the business, and unacquainted with "Parson" or his calling, called him.

There was a silly lear on the boy's face as the manager opened the door for him.

"I came to tell you that Mr. Bowen is dead," he snickered.

"Too bad; when did he die?" returned the "Parson."

"At 7.15, sir," and then he voluntarily chuckled, "that will stop the brutes fighting to-night, won't it?"

Davies clutched at the mosquito bar of his bed for support.

"Yes," continued the bright young bell hopper, "and that will stop that man they call 'the Parson' from degrading the pulpit by betting on a prize fight, won't it?"

"Yes, my son, it will," retorted the backer of Ryan. "What is your name, sir?"

"Willie."

"Well, Willie boy," put in Davies, "you are a nice young man. I am going to give you a chance to live. I don't want to kill you in my own room. Get out of here, and as soon as I have made my toilet I will meet you on the corner of Barrone and Common-streets and kick the head off your shoulders. Duck!"

That Cricket Trip to England.

Another effort will be made to take a Canadian cricket team to England this year and a special meeting of the Canadian Cricket Association has been called for Jan. 7 with this end in view. Messrs. J. H. Forrester and D. J. Le Roy, the original promoters, have a new proposition on hand, which will be discussed at the Walker House next Monday.

A NEW JOCKEY CLUB AT ST. KITTS

St. Catharines Sportsmen Will Patronize the Bangtails—A New Mile Track Beside the Canal.

Another new jockey club will be organized in Ontario at an early date. St. Catharines believes in the bangtails, and Lawyer Collier with several other influential sportsmen have the plan well under way.

The promoters have secured sufficient land, the property of the Government, besides the old half-mile trotting course on the Canal, to make a mile track.

Plans have already been drawn, and the park is expected to be in readiness for St. Kitts' first annual running meeting next June. They expect to get in the Canadian circuit and race for three or four days between Windsor and Montreal.

The new company will seek letters patent under the new Act that will allow betting on their track the same as at Woodbine Park, Hamilton and Windsor.

A Big Crowd at the Island.

Alexander Island, Jan. 1.—Pleasant weather brought out a big crowd to-day. The track was heavy but safe and scratches were few. J. Hill this morning offered $1000 a day for the pooling privileges, which was refused, and the association raised the weighing-in rate from $75 to $100 a day. Owing to the straight-away course being out of condition the first and fourth races were changed to half a mile, and run over the circular course. Summaries:

Queen's Plate Candidates.

Joseph W. Seagram will prepare five candidates for the Queen's Plate, and at present it looks as if the Waterloo turfman would land her Majesty's guineas for the fourth consecutive year. Mr. Seagram will have over 30 thoroughbreds in training next year, divided into two stables, at present they are all doing well. Victorious has been blistered twice, and his legs that troubled him last year are now all right.

Mr. Boyle's 27 Thoroughbreds.

A visit to the Firs, Woodstock, shows the thoroughbreds of that veteran and popular owner, Mr. C. Boyle, sr., in capital condition. C. Boyle, jr., is in charge and the 20 boys keep busy exercising 27 likely racers. They take their work in a large ring on straw.

The 3-year-old bay beauty, Havoc, is a most promising colt. He did well last year (Dig was a 2-year-old) and this stable look for great things of this well-bred animal. The 4-year-olds, Sleight of Hand and Lord Nelson, are both looking well. Strathclyde, aged, is the only ailing one of the lot. He has had colds, but recent firing is expected to improve them. The yearlings that become 2-year-olds to-day are very promising; one, the property of C. Boyle, jr., is expected to show it heels to anything in Canada.

Mr. Boyle's first engagement will be at the May meeting here. His string will be taken through the Canadian circuit.

Steeplechasing on the Coast.

San Francisco, Jan. 1.—First race, 6 furlongs—Jake Johnson 1, Barcaldine 2, Delborte 3. Time 1.25 1-2.

Second race, 6 furlongs—Sir Reel 1, imp Vigor 2, Robinhood 3. Time 1.23.

Third race, 7 furlongs—Don Fulano 1, Grandee 2, imp Percey 3. Time 1.33 1-2.

Fourth race, steeplechase, about 1 mile—Kendlig 1, Floodmore 2, Jim Norvell 3. Time 2.95.

Fifth race, 5 1-2 furlongs—Goldbug 1, Seamoost 2, Blue Banner 3. Time 1.16 1-2.

Turf Gossip.

The longest shot to win during the New Orleans meeting was Oxford, when, at 50 to 1, he landed a purse on Friday week, and in a small field at that. He is by Aretino.

German trotting authorities have just decided that all American trotters having a record under 2.20 shall be handicapped three seconds for each five furlongs on German tracks in the handicaps.

C. T. Bush is general manager of the New Orleans track; Col. Simmons presiding judge, assisted by Clarence McDowell and R. O. Rankin; Sheridan Clark is secretary, and Pettingill handles the starting flag.

On an average nearly a hundred horses leave Chicago every Saturday for London, England. They are mostly western bred stock, and are exported for use in omnibusses and surface cars—tram cars, as they are called in England. Since the introduction of cable and electric traction in most of the leading cities of this country, this class of horses has gone down in value until now they can be bought for an average of $60. In England they readily bring from $215 to $140 per head.

The Detroit Driving Club's running meeting is to begin June 24, will last two weeks, and there is to be a $5000 Derby and nine other stakes of $2000 each. The directors further say that no purses will be less than $500. Entries close February 1. The regular trotting meeting will follow during the week commencing July 22.

The leading winning sires for 1894 on the English turf were as follows: Isonomy, by Sterling, $210,275; St. Simon, by Galopin, $209,430; Hampton, by Lord Clifden, $105,515; Wisdom, by Blinkhoolie, $59,550; Petrarch, by Lord Clifden, $55,685; Barcaldine, by Solon, $55,590; Royal Hampton, by Hampton, $52,350; Springfield, by St. Albans, $49,860; Melton, by Master Kildare, $45,845; Saraband, by Muncaster, $45,125; Galopin, by Vedette, $42,410; Despair, by See Saw, $37,970; Hagiescope, by Speculum, $31,025; Prism, by Uncas, $27,510; Minting, by Lord Lyon, $26,455; Melanion, by Hermit, $26,280; Tristan, by Hermit, $24,015.

THE SKATING CHAMPIONSHIP.

Entries Expected for the Contests at Orange Lake on Jan. 15.

There will be a great gathering of skating talent at the National Amateur Skating Association's annual championship contests on Orange Lake Jan. 15 next. The events are 440 yards, 1 mile, 5 miles and 10 miles.

None of these events came off last winter, owing to the absence of suitable ice at Red Bank, NJ. In the '93 series at Red Bank Howard Moshier of Storm King, N.Y., won the 440-yard event, and is training hard to retain his title. He is having all the skating needed on Orange Lake, as well as all the racing needed to get him on edge. He had a lively experience with Jem Donoghue recently in a match for a $25 medal. The distance chosen was 220 yards, to be covered three times. Jem Donoghue took two heats out of the three and the medal, but Moshier fell when leading in one heat, and the pair will meet again under the same conditions on New Year's day.

Other entries expected for the 440-yard championship are: Jem and Joe Donoghue, Newburgh, N.Y.; C. and W. Clark, Storm King, N.Y.; W. G. Douglas, New York Athletic Club; S. M. Phillips, New York, and John S. Johnson. The last-named celebrity has written expressing his wish to enter for all the events. There were some rumors to the effect that neither Johnson nor Moshier could enter, owing to their connection with class B of the L.A.W., but the skating officials think they are eligible, and the entries will be accepted without question.

Nothing has been heard from Johnson's skating partner, Olaf Budd, who quietly gathered in the one-mile championship in 1893 while Joe Donoghue and Johnson were watching each other. Even if the holder does not turn up the race is bound to be a clinker between the other pair.

The five and ten mile races will find Johnson and Joe Donoghue out for keeps. Johnson holds both titles, and will not let them go without a supreme effort, while Donoghue is equally determined to get the laurels back. A strong representation of the younger element is expected in these events, as many of the junior experts who have not speed enough for the shorter races may wish to try their staying powers.

RECORDS OF THE TROTTER.

The Leading Sires of 1894 and the Number of Their Get in the 2.30 List.

The harness racing season of 1894 being a thing of the past, even including California, where some of the champions are yet vainly waiting for a good day and track, there is nothing left but to sum up the results of the year's work. The question of foremost interest is invariably as to what sires lead in the number of their 2.30 performers.

The most remarkable fact disclosed by a summary of the leading sires is that an outsider has the place of honor, ranking above such uniformly successful sires as Red Wilkes, Wilton, Onward, Nutwood, Alcantara, Sidney and Electioneer.

St. Bel, the leading sire of last season, died three years ago, the property of Miller & Sibley of Franklin, Pa., whose farm, sometimes called the Palo Alto of the East, is at Meadville, Pa., where the veteran trainer and driver Charles Marvin is in charge. When St. Bel died, in September, 1891, he left behind at the Meadville Farm about 30 head of weanlings and yearlings. Marvin predicted that every one of these that would stand training would be in the 2.30 list before the end of 1894.

How close to the facts the trainer's prediction has come the year's summary shows, for in addition to some three or four that beat 2.30 in 1893 Marvin accomplished the remarkable feat of beating with his St. Bel colts every other sire this past season, driving himself the whole number—20—in 2.30 or better. St. Bel, who was foaled in 1882, now has 33 trotters in the list, a very respectable showing for a horse that had but five stud seasons.

Close behind St. Bel comes Wilton, with 19 new ones, Red Wilkes with 17 and Sidney with 16. The other successful sires of the year are Simmons, 14; Nutwood, 14; C. F. Clay, 13; Onward, 13; Alcantara, 11; Robert McGregor, 11; Strathmore, 11; Adrian Wilkes, 10; Axtell, 10; Jay Bird, 10; Baron Wilkes, Chimes, Electioneer, Pilot Medium and Sphinx, 9 each; Alcyone and Nelson, 8, and Director, Epaulet, Gambetta Wilkes, Park's Volunteer (Landmark) and Petrovsky, 7 each.

Of the above sires only three are outside the family of Hambletonian, and it will be noted that the great majority reach the great source of the trotting instinct through George Wilkes. Of the living stallions included in the above list more than one-third hail from Kentucky.

The past season has been especially noted for the large number of horses previously in the 2.30 list which have reduced their records.

A Big Crowd at New Orleans.

New Orleans, Jan. 1.—More mild weather drew out a big New Year's crowd of 7000 persons to the track this afternoon. The program was a good one. The track was heavy.

First race, 5 1-2 furlongs—Matt White, 104, Washam, 100 to 1, 1; Luke Parks, 107, Williams, 11 to 5, 2; Pacolo, 104, Thomas, 30 to 1, 3. Time 1.14 3-4.

Second race, 3-4 mile—Gleesome, 105, Pettit, 6 to 1, 1; Old Dominion, 101, Welsh, 6 to 1, 2; Satinet, 102, Williams, 8 to 1, 3. Time 1.19 3-4.

Third race, 5-8 mile—David, 111, McCue, 3 to 1, 1; Maquon, 102, Clayton, 5 to 1, 2; Birdcatcher, 106, Hill, 9 to 5, 3. Time 1.06 1-2.

Turkeys Shot Off Hand.

The Toronto Off-hand Rifle Club had a turkey shoot yesterday afternoon on Greenwood-avenue range. The marksmen won turkeys as follows: A. Elliott 3, W. J. Gilbert 2, T. S. Bayles 2, J. Thompson 2, J. Davis 2, H. Stewart 1, W. Latimore 1. The monthly shoot of the club for the Miller Cup will take place on Friday next at 2 p.m.

Athletic and General Notes.

A chess match by cable between New York and London experts is now assured.

Monroe Saliabury has arrived at Fresno, Cal., from Los Angeles with the record breakers, Alix, Flying Jib, Robert J., Nightingale and Directly. As soon as the track gets into condition these horses will make an attempt to break their previous records.

A match has been arranged between Jack Dempsey and Tommy Ryan, whose fight was stopped at New Orleans owing to the unfortunate circumstances of the Lavigne-Bowen bout, to take place at the Seaside Athletic Club on Jan. 18 next. On the following night George Dixon and "Young" Griffo will don the gloves. The ring will be padded, so that all danger of accidents from falls will be obviated.

SEWER GAS EXPLOSION.

Seven Injured and a Building Wrecked in Chicago.

Chicago, Jan. 1.—A building was wrecked and seven people were badly injured here this evening by an explosion of sewer gas. The cover was blown off a man-hole at Harrison-street and Fifth-avenue, and the concussion which followed could be heard several blocks. The Lincoln Hotel, a five-story tenement house, was the nearest building to the explosion. Its front walls were badly cracked, windows and floors were twisted out of place, and the structure looks as if it had passed through a severe earthquake. The pavement for 20 feet around the man-hole was torn up.

The tennis hockey men suffered a 9 to 3 defeat by the Limestones at Kingston yesterday. The first half was according to the American rules, each side scoring 3. The visitors were easily outclassed at the Canadian game.

The Granite rinks of Messrs. C. H. Goodeham and J. W. Carroll, having made the best scores in the morning match, played off in the afternoon for the decorated brooms, presented by Mr. C. Boeckh, the latter winning by 14 to 13. G. M. Higinbotham led for Goodeham instead of Cox. The brooms will be presented annually.

A large crowd witnessed the skating races on Orange Lake yesterday, which had been arranged as preliminaries to the National Amateur Association races set for Jan. 15. The principal event was the race between Jas. A. Donoghue of Newburgh and Howard Moshier of Storm King. Moshier won easily.

THE MAYORALTY CAMPAIGN

Continued from First Page.

people's interests had been betrayed, he said, in the matter of the King-street pavement. During 1893 the contractors tried to have their agreement changed whereby they were bound to put testing next the rails any time during the next five years. The past year the agreement had been changed, and the only consideration was that the pavement must be kept in repair along the rails for one year longer, namely, six years instead of five, which meant simply nothing at all. The people's interests had also been sacrificed in reference to the railway company coming down the Don. The Mayor had taken no position upon that question. Mayor Kennedy had taken a great deal of credit for appointing Mr. Meredith city counsel. As a matter of fact, he used his influence in behalf of another firm. (Laughtar.)

Duties Not Merely Social.

The mayor's duty should be to devise means for the benefit of the city; his duties should not be merely social. What had Mayor Kennedy done in this respect? Absolutely nothing. The mayor should be able to compete with any man who went to the City Hall with the intention of getting the best of the city. He believed in the two matters which he had mentioned the parties had been too strong for the Mayor.

There was the question of manufactories. The mayor's duty was to induce manufacturers to locate here. Then there was the water rate question. They were unjust; the small consumers were paying too heavy a burden of the water charges. The Mayor had promised to give attention to this matter but he had done nothing in that direction. The assessment requires reforming; at the present time it was fraudulent. Had he remained Mayor it was his intention to have given special attention to this. He thought a perfect revolution would have to be made in that department before the assessment of the city was put upon a proper basis. (Applause.)

The Treasurer's Department Needs Attention.

Then again the Treasurer's Department at the City Hall required a great deal of attention. He gave as an instance of the weak position which Mayor Kennedy occupied, the matter of the sale of bonds. He pointed out that Mayor Kennedy was kept in entire ignorance of the whole transaction, and asked if that was the position the Mayor of Toronto should be in? "No," shouted the audience. If the gentleman, went on Mr. Fleming, who had the disposal of these bonds had consulted his opinion worth the sixteenth part of a cent they would have consulted the Mayor before the bonds were sold and all the trouble that had occurred since would never have been heard of. He spoke of the way he himself had handled the sale of bonds when he was mayor, keeping in touch with Treasurer Coady in England, and holding consultations with the leading financiers of the city, the result being that there had never been a criticism upon their action from that day to this. (Applause.)

Likened to a Bull in a China Shop.

"The simple fact is," said the speaker, "Mayor Kennedy is as much out of place in dealing with municipal questions as a bull would be in a china shop, that is judging by his record of the past year. (Laughter.) To-day Mayor Kennedy stands in the estimation of the people of the city as wholly unsuited as a business mayor. (Applause.) Because of this there are many business men to-day who supported him last year who have deserted him, and who are anxious to see me returned to the City Hall." (Applause.)

Continuing, Mr. Fleming said the Ashbridge's Bay matter had remained exactly as he left it. The Mayor was a sleigh containing Charles Brooks, aged 60, his daughter Ada, aged about 25, and Tennis Bergeron, a boy about 15, at the Water-street crossing. The occupants of the sleigh were thrown out, all three being instantly killed.

Crossing Fatality in Maine

Bath, Me., Jan. 1.—As the Pullman train approached this station at 1.40 o'clock this morning it struck a hack containing William Thompson, nephew of William Putnam, Miss Catherine M. Patten and Miss Jenny Harvey. The hack was crushed and Miss Patten was killed. Mr. Thompson was badly cut and Miss Harvey was slightly injured.

A Trip to Norway.

A large audience spent a pleasant New Year's night in Association Hall, where Mr. Frank Yeigh gave an admirable lecture on Norway. During the past summer he spent a portion of his vacation in this picturesque country, and his description and the views shown by Mr. Whittemore were graphic and beautiful enough to stimulate interest in this far off northern land.

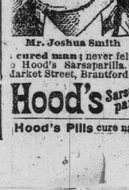
After the Grip



I was in a dreadful state, weak and miserable. Doctor said I had Bright's disease. My kidneys were in dreadful condition. I read about Hood's Sarsaparilla and decided to give it a trial, thinking at the time it was not much use as nothing helped me before. But, thank God, I got relief after the first bottle. I kept on taking it and used five bottles; am now cured and never felt better. I owe my life to Hood's Sarsaparilla. JOSHUA SMITH, 201 Darlet Street, Brantford, Ontario

PHYSICIANS FAILED BUT B.B.B. CURED

DEAR SIRS—After having used Burdock Blood Bitters for Scrofula in the blood, I feel it my duty to make known the results. I was treated by a skilled physician but he failed to cure me. My neck which could not be healed until I tried B.B.B., which healed them completely, leaving the skin and flesh sound and whole. As long as I live I shall speak of the virtues of B.B.B., and I feel grateful to Providence that such a medicine is provided for sufferers.

UNENDURABLE ITCHING

Suffered Three Years—Now Perfectly Cured by B.B.B.

GENTLEMEN—I have used Burdock Blood Bitters for Scrofula in the blood, from which I have been a sufferer for three years. I have used six bottles and am now entirely cured. I have tried other remedies such as Donald's Remedies, but all to no good. I also tried the Cuticura Remedies, but all to no good. I doctored one year with the best physicians in the land, but they pronounced my case incurable. I tried B.B.B. and came on in red blotches. It healed over my body; the skin became dry and formed hard scales. The itching was intolerable, but B.B.B. cured me completely. I am a young man, and I owe it all to B.B.B.
