## ALLOTMENT OF CENTRAL PEWS.

ENTHUSIASTIC MEETING OF CONGREGATION LAST NIGHT.

Opening of New Church Will Probably be on June 14, With Dr. Herridge as Preacher.

A well attended meeting of the congregation of Central Church was held last evening in the school room. Mr. J. J. Evel was chairman, and Mr. W. A. Stewart secretary. Alderman James Dickson presented the report of the Board of Managers in reference to the proposed seat rents in the new church. The report was a comprehensive one, and showed the charges to be so arranged that any member or adherent, rich or poor, could obtain comfortable and convenient accommodation for himself and family at a figure that would not be a burden. In the report it was also suggested that in view of the large outlay incurred in the construction of the new church and the large regular expenses of maintenance that a larger return from pew rents was to be obtained than from the old church.

It was suggested that all pews on the centre aisle be let as complete pews to one person only; such pew holder being at liberty to make any private arrangement with friends for occupying the pew. Any number of sittings desired by an applicant could be secured in any other portion of the church.

The report stated that, as the regulations of the Presbyterian Church call for the payment of the minister's salary in advance, the managers recommended that the payment of pew rent should also be in advance, half yearly or quarterly. The following estimate was submitted as to the value of the seats, and the seating accommodation: The $60 pews will accommodate 168, the $50 pews will accommodate 170, the $7 sittings will accommodate 138, the $6 sittings will accommodate 207, the $5 sittings will accommodate 181, the $4 sittings will accommodate 61, the $3 sittings will accommodate 62, the $2 sittings will accommodate 245; approximate total sittings, 1,222.

The above estimate does not include a number of seats in the rear gallery from which the view of the pulpit is impeded.

Hon. J. M. Gibson, in seconding the motion to adopt the report, referred to the comfort and convenience for both seeing and hearing in the new church, and made a number of practical suggestions as to how the new seats, in his judgment, should be allocated.

It was suggested by Mr. W. A. Wood that a circular showing a plan of the seating be sent to every family, and, as near as possible, their requests for positions should be considered by the special committee appointed for that purpose.

Mr. J. M. Eastwood, chairman of the Board of Managers, submitted a comparative statement of the charges made by other churches, which showed the proposed scale of rates to be lower than several of the leading churches in the city.

Rev. Mr. MacLaren suggested a reduction in the rates if it were found possible to do so.

Plans of the arrangement of seats were then passed among the congregation for inspection, and after careful consideration the report was adopted.

The chairman, Mr. J. J. Evel, followed with congratulatory remarks and the meeting was brought to a close by Dr. Lyle pronouncing the benediction.

The managers held a meeting at the close, and will lose no time in having a circular issued to each member and adherent in order to ascertain their desires in reference to their application for seating accommodation in the new church. It is expected that the opening will be on June 14th, and that Dr. Herridge, of Ottawa, will be the preacher.

## FINE TURNOUT.

Highlanders Had 453 on Parade In the Rain.

Another good turnout for the 91st Regiment last night! Rain has produced no dampening effects on the parades of this regiment, as 453 officers and men in line testify. It seems as if fate was against the local regiments, as almost every parade night there has been rain to keep the men in the hall, hampering the drill. This is bound to have an effect on the inspection, which is drawing near, but the men and officers are working as hard as they can to get in first-class shape. Col. Logie expressed himself as well pleased with the turn-out. He referred to the team that would compete for the Schumaker Challenge Trophy, and stated that the ranges would be closed to other members on the day of this match. They will be open on Monday all day for practice. Col. Logie reminded the men of the parade to St. Andrew's Church on Sunday morning, and asked for a large turnout.

Company drill was indulged in until 9 o'clock, when the guard of honor for the visit of His Excellency Lord Grey, on Monday, the 25th, put in an hour's drill.

The examination of the non-commissioned officers, in writing, was held last evening in the lecture room of the hall, and was attended by about twenty-five men. Lieut. Brown, of the Toronto Garrison, was in charge of the examinations.

The parade state was as follows: Col. Logie, Majors Bruce and Roberts, Capt. Bell, adjutant; Capt. Chisholm, paymaster; Capt. Somerville, Quartermaster; Capt. Dickson and Lieut. McEdwards, surgeons; staff-sergeants 9, brass band 37, buglers 35, pipers 20, bearers 16, signallers 8, A 39, B 45, C 40, D 47, E 37, F 46, G 40, H 43, total 453.

New York City is now growing in population at the rate of about 11,000 a month, which is equal to the annexation of a city the size of Little Falls, N. Y.

## Stocks and Bonds

New York, May 21.—Noon letter.—The market during the morning moved irregularly, with good buying in Con. Gas and other leading issues, but influential selling from interests largely responsible for recent advance. B. O. was weak owing to poor earnings, which suggested that the dividend may necessarily be reduced. There were some offerings of A. N. C. on the announcement submitted yesterday. Nearly half the dividend paid during the year came from surplus.—At present it is figured that the 8 per cent. dividends are being earned with $45,000 to spare. There is some doubt as to whether steel prices will be reaffirmed at the meeting to-night, and doubt as to whether Westinghouse Electric will escape registration. The stockholders must subscribe to the new stock by June 1. Many seem to have held out from the plan. The Republic Steel preferred dividend meeting is due, and there has been talk of suspension of payments, which are cumulative. A. N. has declared a semi-annual cash dividend of 2 1-2 per cent., as compared with 3 per cent. paid in certificates of indebtedness six months ago. It is said that Rockefeller interests accumulated large amounts of Mo. P. around 44. Rates for time money are so low that comparison with investment yield of many dividend paying stocks tends to stimulate purchases. Many buyers during the panic have, it is said, been inclined to take profits.—Ennis & Stoppani.
