Shredded Wheat Banquet a Success

Two hundred banquetters sat down last night to one of the most unique and pleasing banquets ever held in this city.

The Canadian Shredded Wheat Company, represented by Mr. Hewitt and staff, was the host, and to say its efforts were a success would be stating it mildly. Mr. Hewitt clearly demonstrated that shredded wheat is good, either with poultry and meats, or even ice cream. This last named dish is a general favorite.

The following were some of the good things served: Creamed chicken in shredded wheat baskets; triscuits and cheese; fruit sandwich and whipped cream; ice cream with shredded wheat, and many other delightful dishes, all of which were served up by dainty waitresses.

The programme consisted of toasts and songs, the following taking part: "Our Dominion," Mr. Gunn; "Our City," Rev. D. S. Hamilton; "Our Scotch Brothers," Mr. Alexander; "Our Irish Brothers," Rev. Jas. Livingstone; "Our English Brothers," Rev. Mr. McAllister. Mr. Harry Boyce, Mr. Chapman, Mr. Taylor, Miss Upthegrove and the Wesleyan Quartet rendered musical numbers.

The quartet, composed of Mr. Harry Boyce, Mr. J. F. Chapman, Mr. J. E. Fairly and Mr. E. E. Tannery, was the surprise of the evening. Its numbers were not only well rendered, but well selected, and the numerous encores brought down the house.

The banquet closed with a vote of thanks to the host and to the talent.

Sewer for White's Will Be Built

The sewer to the White warehouse in the east end will probably be constructed in the near future. Last night the council gave No. 2 committee the authority to construct it out of the sewer debenture fund.

At the last municipal elections the sum of $60,000 was set aside for the building of the Dundas street sewer, the Ottaway avenue sewer, the London South sewer, and several other sewers.

The work was done and the cost was considerably below that estimated.

The council have awarded contracts to the sum of only $44,000 approximately, leaving about $15,000 to be used for other purposes.

This money will be used for the building of side drains, all of which is returnable. However, even with this there will be sufficient money left for the construction of the sewer for the Whites.

Work will probably be commenced as soon as the details can be arranged.

Ward 3 Won the Bowling Match

Ward Three won the bowling match last night in the Liberal Club series. Some excellent work was done by both teams. The following were the scores:

Dyer Acquitted on Charge of Theft

Twice within a few weeks Robert Mickleboro, a driver, employed by Hunter, the liveryman, has lost and found his overcoat and each time the alleged thief has been acquitted at the bar of justice.

The first man to be tried was Jefferson Slaght, who is now serving sixteen months' on another charge of stealing an overcoat. Slaght was tried the first time before Judge Elliott.

The second man came up this morning in the person of William Dyer, another liveryman of Hunter's.

Dyer pleaded guilty and not guilty in the same breath. He admitted taking the coat, but said that he fully intended to return it. Mickelboro testified that he had left the coat hanging in the harness room of the stable on the 28th of last month, and that on his return a couple of hours later it was gone. Detective Eggleton found Dyer wearing it two hours' afterwards and arrested him.

Dyer admitted having pawned his own overcoat that same afternoon, but denied that he intended to treat the borrowed one in like manner.

Dyer said he had no home and slept at the livery stable. He had been employed there off and on for a number of years.

After addressing the prisoner kindly and impressing upon him the folly of drinking, his honor allowed him to go.

Judge Macbeth said that while the man was technically guilty of theft, he could not take it upon himself to make a thief out of a man on a technicality.

A rather humorous incident occurred when Dyer was discharged. The constable in charge opened the gate and allowed the prisoner to start out of the court room while he himself stood still and looked toward the judge.

"Say," cried Mr. McKillop, "isn't that man serving a sentence for drunkenness down in the jail?" Whereupon the constable with visions of a summons for neglect of duty, made haste to catch up with Dyer and take him back to the jail.

Dr. Niven Against Provincial Idea Favors a Municipal Sanitarium

Thinks the London and Middlesex Scheme Is Better Than Woodstock's

"Woodstock is applying for a provincial tubercular hospital," said Dr. Niven, Chairman of the Board of Health this morning, and are sending a deputation to the Ontario Government to lay the claims of the city before that body. I am not in favor of a provincial hospital here. The one we have in mind is much better. It is sufficient for the needs of the district we are to serve, and we do not care to have to provide for tubercular patients from all over.

"I will not admit a provincial institution might be run more economically, but even that advantage does not out-weight the disadvantages. The matter of a tubercular hospital for London is now in the hands of the people. There can be nothing done further until the people give their sanction to it. I have no doubt they will carry that bylaw by a very large majority. It will be of incalculable benefit to the citizens."

ROBERT BIGGIN SHOT HIMSELF

Terrible End of C. P. R. Agent at Glencoe—No Cause Assigned.

Mr. Robert Biggin, C. P. R. agent at North Glencoe, shot himself this afternoon.

No reason can be assigned for his act, as he was not known to be in any difficulties.

Local Items

—"Chinatown in San Francisco" is the subject of a lecture Rev. David James, at present supplying the pulpit of First Presbyterian Church, is announced to deliver in the lecture hall of the church tomorrow (Wednesday) evening.

—The Young People's Society of St. James' Church, South London, held a tree social on Monday evening, which was enjoyed by about 50. The programme consisted of a tree conundrum contest, and other games, prizes being awarded Miss Ena Blackburn, Miss Chatto and Mr. James Schlichter, the successful contestants. Church history will be the subject of the society's next meeting.

A Vested Choir.

The vote in St. James' Anglican Church, taken last night to determine whether the congregation was desirous of having a vested choir, was decidedly in favor of it by an overwhelming majority.

$500 Damage.

The firemen had a run at 1:45 o'clock this afternoon to the rear of the Home for Incurables. A shed in the rear used as a laundry caught fire, and before the firemen reached the scene damage to the extent of about $500 was done. The brigade soon had the fire under control. The origin of the fire is unknown.

Climbing Canadian Rockies.

At the regular meeting of the A. Y. P. A., of Christ Church, held last evening, an address on "Art in the Home" was to have been given by Miss Powell. It is regretted that owing to Miss Powell's illness this part of the evening's programme was obliged to be postponed. Mr. Tully, of the Western University, however, very kindly favored the society with a vivid account of his experiences in climbing our Canadian Rockies, which proved exceedingly interesting as well as instructive.

Anniversary Services.

Most successful anniversary services were held in Dundas Center Church on Sunday in connection with the Bible school of the church. Rev. Wray R. Smith, a prominent Sunday school worker, preached to large crowds at both services on Sabbath, and last night Rev. W. Moffat, of this city, gave his illustrated lecture on "A Modern Babylon," to a large and appreciative audience that filled the schoolroom. The beautiful colored views gave much satisfaction to all.

Entered Into Partnership.

Mr. J. Lewis Thomas, engineer and architect, of this city, has taken into partnership Mr. Arthur E. Nutter, engineer and architect, of Liverpool, England. Mr. Nutter is a man well-known in professional circles in the old country, and has been responsible for the design of many important and well-known public buildings over there. He will be a desirable acquisition to the professions in Canada. He is a member of the Royal Mersey Yacht Club and an enthusiastic yachtsman. With his family Mr. Nutter will take up his residence in London before Christmas.

Cathcart Street Sewer.

The sewer on Cathcart street will be constructed by Mr. G. H. Backus, the contractor. His was the only tender received for the work, and it was given him. No. 2 committee wanted him to bind himself to commence and finish the work this year. Mr. Backus would not agree to that. He declared himself willing to commence the work, and finish it if the weather is favorable. But, if it turned out bad, he would not agree to finish it at once. His demands were agreed to, and he was given the contract. This morning he accepted the contract, and will begin work immediately. If the weather keeps fine he hopes to complete it in a reasonable time.

At Bell's Cut, on the T. and N. O., an Italian was killed and another fatally injured on Saturday, while thawing dynamite.

STAKE HOLDER "COPPED" MONEY

Humorous Ending of Certain Bets on the Burns-Moir Fight.

"There is many a slip betwixt cup and lip."

Also there are a number of young fellows about this city who are positive that this is a fact, today.

When the Moir-Burns fight was first talked of a number of young east end fellows got together and made up a pool on Burns. This money was coverede by a young Englishman who appointed himself stakeholder.

All went well until this morning and the Burn's supporters were congratulating themselves upon their good fortune. When they went to locate the Englishman, however, they found a note which read:

"I win, no matter who lost the fight."

MAGAZINE APOLOGIZES

Nineteenth Century's References to Sir Frederick Borden.

London, Dec. 2.—The October number of the Nineteenth Century quoted an article in reference to Sir Frederick Borden from the Eye-Opener. In the December number the editor unreservedly withdraws the same and apologizes sincerely to Sir Frederick for any injury which possibly could have occurred to him from such a scandalous story.

PECULIAR MOVE BY RAILWAY

Continued From Page One.

its request to run cars only one way. The bylaw particularly calls attention to the fact that the cars on that line must run both ways. This the company was anxious to evade, as the present system was a money-aver. It cut the number of cars neded to two, and in other ways reduced the expenses of the company.

Ald. Booth Speaks.

"This thing should be looked into carefully," said Ald. Booth, this morning. "The bylaw says that the company shall run cars both directions, and they shoul dbe compelled to live up to the contract. There are many citizens in this district who feel strongly in the matter. People who live in certain sections and who work in the London Rolling Mills, McClary's, White's, and other places, feel it a great inconvenience, and are objecting greatly to this procedure on the part of the company. I am going to object to it strongly. Then there is the other side of it. On Western Fair days and on other occasions the cars run from west to east. Well, then, the derailing switch is too close, and the lives of the citizens are endangered. This is a serious matter and should be carefully looked into."

The citizens in that part of the city feel strongly on the matter, and will take the matter up with the aldermen shortly. They think that a bylaw is a bylaw and should be carried out. The street railway violates bylaws with impunity, and the citizens feel that it is time it was put a stop to.

Quite a Contrast.

A glance at The Advertiser files for 1906 shows a marked difference between the temperature on Dec. 3 last year and conditions today. At this date last year a "cold wave" was advancing, with zero weather in its wake—Quebec and Montreal, 4° below zero; Port Arthur, 6° below; Father Point, 8° below, and Winnipeg, 10° below. Locally the higher temperature was 34°, and the lowest 6° above zero.

A London Man.

The Cuba Review, in an article on the colony of La Gloria, says: "The plantation of Rev. Mr. Stuart, of London, Ontario, is an example of one of the finest plantations in the district, and this year will yield about 3,000 or 4,000 boxes of oranges and other fruit. This output represents about one-third of the entire yield of the colony."

Balm-Zoin

Balm-Zoin is a delightful lotion for healing and softening the skin. We have made it for a long time, we have never heard anything but praise for it, and its sale increases all the time.

It is used by a very large proportion of the ladies of this locality, and is, we believe, as perfect a preparation as can be made.

It heals and soothes, and removes all roughness and redness of the skin. It is not greasy or sticky. Gloves can be worn immediately after applying.

BRAKEMAN KILLED

Hiram Perrin of St. Thomas Crushed to Death at Blenheim.

St. Thomas, Ont., Dec. 3. — Hiram Perrin, of this city, a Pere Marquette brakeman, was caught between an engine and a freight car at Blenheim this morning, and instantly killed. The unfortunate man's relatives live at Tillsonburg.

LONDON PRESBYTERY

The Presbytery of London held its December meeting today in the First Presbyterian Church, with a large attendance.

The sessions opened at 10:30 o'clock. Among those present were Rev. A. Henderson, clerk; H. W. Reede, moderator, Drs. Ross, McDonald, Barnett, Nixon and McCrae and Rev. Messrs. Currie, Kelso, Pidgeon, Moffat, Staurt, Mitchell, Mackay and a large number of elders.

A long discussion ensued in regard to minute anent the licensing of Mr. Stevenson at the July meeting. Rev. Mr. Leitch, of Delaware, tendered his resignation, which is likely to be accepted. This afternoon a call to Rev. W. Laidlaw Nichol, B. A., of Westminster, from Duff's Church and Tait's Corners, Dunwich, will be considered. Business of interest will occupy teh court, and adjournment will not likely be reached before this evening.

H. C. Becher, stockbriker, received the following by private wire from Bartlett, Frazier & Carrington today:

New York, Dec. 3—Noon.—The President's message is out, but most of it has been dilated upon indirectly, and as a market factor it will perhaps be potent after 3 o'clock. Rumors of some foreign complications at Washington in the recalling of the Japanese ambassador, started on the Cotton Exchange, and had some effect on our board. The reaction after the initiatory advance was undoubtedly caused by profit-taking by holders of stocks bought early in November. The currency premium, though slight, and the demand, though nominal, does not create a good impression of New York abroad, and the foreign markets are in a waiting mood. The reaction in the principal stocks was about 2 points, and then dullness intervened. The bond list was fairly active in the early trading. Union Pacific was benefited rather than otherwise by a report that the segregating committee had found legal difficulties. Sales to noon were 448,000 shares.
