Canada Gets Nine Out of Twelve Prizes

In the Shropshire Sheep Competition

Scoring Great Victory at Chicago Show

First Prizes All Go to the Province of Ontario—Many Canadians in Attendance.

Chicago, Nov. 30.—(Special.)—Canadians were busy receiving congratulations at the International Exposition to-day. It was the first day of stock judging. In some cases, especially sheep and hogs, every prize winner from first to last, belonged to Canadian herds. In the Shropshire sheep, for instance in two classes, out of twelve prize winners, nine were owned by Canadians, and the three lost were at the bottom of the list, the first prizes entirely going to Ontario.

300 From Near Guelph.

Three hundred Canadians arrived in one train from the vicinity of Guelph, and they formed an enthusiastic party. The big judging stand of the pavilion was gaily decorated for the occasion. Significant of the warm feeling among the stockmen for Canadians, the biggest flag in sight in the centre was a very handsome silk standard of the United Kingdom. This was contributed by the ex-Canadians on the Stock Exchange. To each side was hung an immense Canadian flag, and the Stars and Stripes. All the Canadians were decorated with Maple Leaf buttons, and every time the colors of their country would show on a new prize winner they would yell in unison. The guying was good-natured.

One westerner shouted across the hall: "Say, you Canucks, you have got everything worth having from the prize list, you might as well take the pavilion. Let the tail go with the hide."

Arguments for Fair Play.

All the local papers devote much space to Canadian exhibits and Canadian affairs, and the Saddle and Sirloin Club sent an open invitation to every Canadian visitor to go around to the headquarters and become an honorary member. The Canadians have shown so much spirit in their informal arguments for fair play in the matter of customs restrictions that the sentiment is being reflected in the editorial columns of the Chicago papers in favor of a revision. One long editorial concludes: "What's the matter with Yankee industry and Yankee cunning if the breeders of blooded stock in the States can't compete on fair terms with the Dominion and her five million people? Do they require tariff exactions and customs favors and other handicaps against the men from Canada to beat them in the live stock game?"

John Campbell of Woodville, Ontario; Richardson Gibson of Delaware, and Lloyd-Jones Brothers of Burford, were the winners of the Shropshire prizes for the first day for Canada. Campbell and Gibson got a first. This list is such a big victory, it is given in detail:

Sheep.

Fat sheep division, Shropshire, class 91—Wether, 1 year and under two; first prize, John Campbell, Woodville; second, Richard Gibson, Delaware; third, John Campbell, Woodville; fourth, Lloyd-Jones Brothers, Burford.

Class 92—First, Gibson; second, Campbell; third, Gibson; fifth, Lloyd-Jones Brothers; sixth, Lloyd-Jones Brothers.

In many other awards the names of Canadians were generously displayed.

Half a Million Visitors.

During the six days' show it is anticipated that half a million people will visit the grounds, a number of them interested in the live stock industry. The subject is attracting more attention, and more capital on this side of the line to-day than all others. The horse show is reserved for the society end of the city, tho the big building is to-night the scene of a fifty thousand gathering.

The sales of prize winners in sheep, swine and cattle are expected to send not less than one hundred thousand dollars cash back to Canada, to say nothing of the added laurels that go with the increased reputation for producing the best animals in the different classes.

G. C. Porter.

NINE OUT OF TWELVE.

Chicago, Nov. 30.—(A.P.)—Canadian sheep and lambs took 9 of the 12 prizes awarded at the National Stock Show for entries in two classes, and exhibitors from the Province of Ontario point to this in connection with the refusal of the St. Louis World's Fair to recognize the Stud and Herd Books of Canada.

Of this international complication, Garnett C. Porter, a prominent visitor from Toronto, Ont., said: "The Canadian exhibitors are much concerned over the proposed changes in the United States customs relating to the entrance of stock from the Dominion. So intense is the feeling in Canada just now that the government has formally declined to make any display at the St. Louis Fair, notwithstanding that $100,000 has been appropriated to pay freight on the animals which were to have been sent to St. Louis."

RAW MATERIAL CHEAPER.

(Canadian Associated Press Cable.)

London, Dec. 1.—Earl Beauchamp, at the Birmingham Liberal Club banquet, said free trade enabled British manufacturers to obtain material at lowest prices than protected countries. Despite protected manufactured paper, Canada, the United States and England, produced 750 thousand tons against 43 thousand in 1861.

PREFERENTIAL JUSTIFIED.

(Canadian Associated Press Cable.)

London, Dec. 1.—President Doxat of the Australian Chamber of Commerce in London, speaking at the annual meeting yesterday, considered that changed trade conditions justified preferential tariffs within the empire, with a certain amount of protection to the native industries.

LYTTELTON TOO BUSY NOW.

(Canadian Associated Press Cable.)

London, Dec. 1.—Lyttelton, Secretary of State for the Colonies, has resigned the position of Chancellor of Rochester diocese. John Talbot, the nephew of the Bishop, succeeds him.

WANT MONEY BACK.

(Canadian Associated Press Cable.)

London, Dec. 1.—Ruben and Ladenburg, stock brokers, are suing the receiver of twenty-thousand pounds, which they borrowed for Rowe when he was secretary of the Great Fingal Company. The plaintiffs paid the money when Rowe absconded.

MISSING "EMERALD" SIGHTED.

Cobourg, Nov. 30.—(Special)—Several volunteer searching parties under the supervision of William Plews, are engaged in the search for wreckage from the schooner Emerald.

The government tug St. Paul, which is wintering at Port Hope, is engaged in the search, as is also McMahon brothers, gasoline launch.

Several sailors of this town and Port Hope have either telegraphed or telephoned to every port on the lake but without any satisfactory result. Mr. Plews has found a staunchion and some cabin ware on the beach here, and expects to locate the missing boat to-day.

Several persons report seeing a wrecked vessel on the shore, about three miles east of here. Several mariners have identified pieces of the wreckage found, as belonging to the Emerald, and there is no doubt now as to the fate that the vessel has met.

This is the spot where the schooner when bringing a cargo of coal from Two Brothers was wrecked last year, Charlotte.

MATE SLIGHT

Of Missing Emerald.

KIDNAPPED THE FRESHIES TO PREVENT THEIR DINING

Only 100 Out of 250 of Columbia's Squad Succeed in Reaching the Table.

New York, Nov. 30.—In order to guard against being kidnapped by the sophomores on their way to their annual class dinner to-night the freshmen of Columbia University were compelled to have recourse to the police.

In spite of this only about 100 of the 250 members of the class reached the Hotel Ansonia, where the dinner was held. Of the rest nearly all, including most of the football eleven, were captured, tied together in twos and threes and confined in sophomore rooms. The football men and about a score of others were imprisoned in a fraternity cellar, but escaped thru a coal hole.

Sixty men found concealment in the residence of Samuel A. Veit of the Standard Oil Company, whose son is a member of the class in which they were besieged until Mr. Veit summoned a strong force of police by whom they were escorted in small squads to the hotel, the police being compelled to use their clubs to keep the crowd of sophomores at bay.

FIVE MILLIONS BAD.

One-Tenth of Northwest Wheat Was Badly Frosted.

Minneapolis, Nov. 30.—Five million bushels of wheat raised in Manitoba and the Northwest Territories last year is of unmarketable quality, and the yield on the whole was somewhat less last season than has heretofore been figured upon. This is the opinion of W. H. McWilliams, formerly of the Minneapolis chamber, now manager of an elevator line backed by Minneapolis men, with headquarters at Winnipeg, who is in Minneapolis to-day.

The tendency, Mr. McWilliams says, is to reduce estimates as the season advances, and based on the showing to date, it is now the opinion in the Canadian grain trade that 50,000,000 bushels is a fair estimate of the total yield. Of this considerable is low grade wheat and about one-tenth so badly frosted as to be worth little.

Within a week there has been a surprising drop in receipts in Winnipeg. Many in the trade jumped at the conclusion that the crop had been largely overestimated and that a total of not over 40,000,000 bushels would be shown in the final crop year figures. But there is a disposition to hold back wheat, which may account in part for the drop. Almost all the farmers above the line, Mr. McWilliams says, are bullish, and, while there is no concerted holding back, there is enough of it in some cases to affect receipts noticeably.

CANADIAN A VICTIM.

Three Bandits in Chicago End Career by Shooting Him.

Chicago, Nov. 30.—(Special.)—Detective Joseph Driscoll died at the Mercy Hospital on Saturday. Deceased was a native of Pilkington Township, near Guelph, and had served for years on the Chicago police force. He was regarded as one of the shrewdest and bravest men in the detective department, and his death in the battle with the three boy bandits has caused profound sorrow thruout the whole force.

The deceased was a son of Florence Driscoll, a well-known and highly respected resident of Pilkington, Wellington County. His father and mother are living on the homestead where he was born. His brother, Michael, left for Chicago Saturday evening, but Joseph was dead before he reached there.

ON TRAIL OF COUNTY THIEVES.

Police Expect to Soon Land the Kingsville Burglars.

The county police are making a great effort to clear up recent robberies that have occurred in the neighborhood of Newmarket and Stouffville, and break up what is thought to be a gang of crooks who have operated for some time.

The capture of the two Forsythe brothers is looked upon as the first step towards that end. The goods found upon them have all been identified as belonging to Jones of Ballantrae. An officer went up to Newmarket last night to make enquiries concerning information in the possession of the police.

The arrest of two more men is expected at any moment. The theory that the Kingsville robbery was committed by the Forsythe brothers is not thought likely by the police. There are others suspected of the offence, and it is to gather these in that the police are visiting Newmarket.

BIT FIFTEEN PEOPLE.

Detroit, Mich., Nov. 30.—A mad St. Bernard dog ran amuck thru the western part of the city Sunday afternoon, ending in a lumber yard at River-road and Twentieth-street, where he was finally killed by a mounted policeman, who had been on his trail for three hours. In this mad three hours of wild running thru the streets the big dog bit 15 people, and sank his teeth into a score or more dogs.

NO STRIKE AT SYDNEY, C.B., MEN DECIDE TO STAY IN

Company to Reduce Rent of Houses and Price of Coal to Employes.

Sydney, N.S., Nov. 30.—The gloom which has rested over Sydney for the last few days, owing to the fact that a strike was imminent at the steel works over the refusal of the management to accept the terms of the P.W.A. request issued on Saturday, was cleared away at 11 o'clock to-night, when it became known that the men had decided not to strike to-morrow morning.

The announcement was made known to a large number of business men and citizens who had gathered in the Council Chamber to hear the report of a delegation comprising Mayor Richardson, Rev. Father MacAdam, parish priest of Sydney, and Rev. Archdeacon Smith, rector of St. George's Anglican Church, Sydney, who had been asked by the men to address them at a mass meeting this evening, and to whom a report of their decision would be made.

When the result of the meeting was made known to the waiting crowd a long and hearty cheer went up, which clearly demonstrated the feeling of the business men and citizens of the town on the matter. The decision of the P.W.A. was reached at a largely attended and spirited mass meeting held at the coke ovens to-night, and was only arrived at after a heated discussion, in which many of the members of the association said that they did not like the idea of a strike being called immediately. One condition only was attached to the accepting of the reduction, and that was that Mr. Plummer be held to his agreement to reduce the cost of rents in the company's houses, and the price of coal to the Steel Company's employes.

To-day notices were issued to the foremen in the different departments of the plant that if the men who went out on strike were not present to-morrow morning they were to order all those who did not report for work to put in their time and return home.

SHOT FOR A MOOSE.

Portage la Prairie, Nov. 30.—Albert Coates, a young farmer south of here, in company with Mr. Moffatt, another resident of the district, started on a deer hunt Saturday morning. They sighted a large moose and became separated. Mr. Moffatt got in a shot and fatally wounded the animal, which, after going quite a distance, dropped dead in its tracks. Some time afterwards Mr. Coates came upon it and began to dress it. His companion shortly afterwards sighted, as he thought, the moose lying down and fired again. His aim was only too true and the bullet, a 'soft-nosed' one, struck Mr. Coates. The shot took effect in the lower portion of the back and resulted in a most serious and lacerated wound. The wounded man was brought into the hospital here. There is some hope of the patient's recovery, as he is of a robust constitution.

Injured While Blasting.

Kingston, Nov. 30.—A serious accident occurred at Kingston Mills today. The Bradden boys were engaged in blasting and had lit the fuse and gone off. As the explosion did not take place they went back and began to drill out the holes to put a fresh charge in. While they were doing so the first charge exploded, and Ed Bradden was seriously hurt about the eyes and mouth. The injured man was brought to the Hotel Dieu.

LOSE TO SWINDLERS.

Chicago, Nov. 30.—The lightning rod game in a new guise is being used among farmers of Western Lake County, and many have lost to the swindlers. An agent secures a contract for equipping house and barns with electric lights for $65, as the farmer believes. Another agent comes to "take measurements," as he says, and calls the victim's attention to the fact that he price is $65 for each light. The farmer usually pays from $15 to $50 for a release of the document.

TYPHOID IN UNIVERSITY.

Chicago, Nov. 30.—President Harper of the University of Chicago has warned the students against typhoid fever epidemic at the university. Several cases of fever have developed in the last few days, and the authorities, fearing a serious siege, have begun the most rigid efforts to stamp out the disease, before it gets a firmer hold among the students.

Wreaths and Floral Designs, "Ford the Florist," 347 Kingstreet West.

TO SEE THE KAISER.

Paris, Nov. 30.—A report is current here that Dr. Albert Robin, the distinguished French specialist, has been called to Potsdam for consultation with the physicians in attendance on Emperor William.

Get your flowers for Patti Concert at "Ford the Florist," 347 King W.

CALLED TO CHATHAM.

Newmarket, Nov. 30.—(Special.)—Rev. Angus McGillivray, M.A., has received a call from the First Presbyterian Church, Chatham. It was a unanimous one.

AGGRAVATING.

THE "COUNTRY": What seems to be the delay, boss?
POLITICAL TRAVELER: Why, that man Hays has neglected to close the Trunk.

EARLY ELECTIONS CERTAIN G.T.P. CHECK DEMANDS IT

Government Can't Afford to Wait to See What Success Hays Has in England.

Ottawa, Nov. 30.—(Special.)—The failure of the Grand Trunk Pacific Railway Company to deposit the $5,000,000 within the thirty days' limit has caused the government much uneasiness. By reason of the financial difficulties which the company has encountered, the government's plans for an election having been hanging in the air. It is now known that the Grand Trunk Pacific Railway Co. has been unable to raise the $5,000,000. Chas. M. Hays has gone to England to try and induce the Grand Trunk Railway Co. to interest itself in the matter. What the result of his exertions will be is doubtful. The shareholders of the Grand Trunk Railway Co. long ago received assurances that the company would not assume obligations such as Mr. Hays will now try to lead them into. Mr. Hays is a determined man. He may be successful, but expressions of opinion in responsible circles are not too sanguine.

But whether Mr. Hays fails or succeeds the general elections will be held at an early date. If the $5,000,000 cannot be obtained, the elections will probably be held within the next forty days. The government will go to the country saying: The Grand Trunk Pacific Railway Co. has met with certain difficulties owing to the unfavorable state of the London money market. These difficulties are purely temporary, and the $5,000,000 will be deposited in plenty of time to satisfy the terms of the contract."

The unlooked-for check which the railway company has received makes early elections imperative. The government cannot afford to wait and perhaps go to the country with a bursted transcontinental railway project on its hands. It must anticipate possible failure of the company to carry out its contract. The announcement of the date of the general elections may be looked for before this week is out.

NOT ON TO LASSA.

British Government Says It Has No Designs on Thibetan Capital.

London, Nov. 30.—It was announced to-day that the British government has no present intention of pushing the Younghusband expedition thru to Lassa, the capital of Thibet, or even to permanently occupy Gyangtse. This repudiation of design on Lassa or of a permanent stay in Thibetan territory is understood to be an outcome of the discussion of the British cabinet last week when the attitude of Russia in relation to the expedition was among the principal matters debated. The Russian press has been loud in its protests against "British aggression" in Thibet, and there is reason to believe that the protest voiced the feeling of the Russian government.

DISMISSED WITH COSTS.

St. Thomas, Nov. 30—Judge Hughes has delivered judgment in the case brought by the Misses McBrayne of this city, against the liquidators of the Elgin Loan Company to recover $400 which they claimed they deposited with Manager Rowley on Jan. 8 last, but of which no entry was made in their pass book or in the books of the company. When Mr. Rowley was brought here from Kingston two weeks ago he appeared before Judge Hughes and denied ever having received the money. The judge dismissed the action with costs.

'TIS THE QUEEN'S BIRTHDAY.

Her Majesty Queen Alexandra to-day celebrates her 58th birthday, having been born in Copenhagen on Dec. 1, 1844.

St. Leon before breakfast gives a clear head and bright eye. All druggists.

Mix House Blows Up.

Carthage, Mo., Nov. 30.—The mix-house of the Independent Powder Plant exploded this afternoon, instantly killing two mixers and seriously, if not fatally, injuring four other men. The cause of the explosion is not known.

Retires From Position.

New York, Nov. 30.—On his own application Charles D. Purdy was to-day retired as chief of the New York Fire Department by Commissioner Sturgis on account of years of service. He will receive half pay during the remainder of his life.

Three Negroes Lynched.

Shreveport, La., Nov. 30.—Three negroes were lynched at Belcher, La., this afternoon for complicity in the fatal shooting of Robert Adger.

DOES JOE USE THE COLONIES JUST FOR A PARTY MOVE?

Lord Brassey Says England's Hope Lies in Tropical Countries, Not in Canada.

(Canadian Associated Press Cable.)

London, Dec. 1.—Lord Brassey, chief speaker at the Colonial Reciprocity debate before National Liberal Club last night, said he was grateful to Canada for the preference, but the tariff and the geographical position of the United States made it nearly impossible to increase British exports to Canada. England's hope lay in tropical countries. England had problems like the submerged tenth, but Canada was booming, and should not have all the trade benefits. He didn't think it desirable for Britain to be self-contained. Canada's crops might fail, and in time of war a neutral flag was safer. Australia had the same trade policy as Canada. When he went to Australia Chamberlain said: "Whatever you see, praise perfervidly; if you do not see anything to praise, keep silent."

HAMAR GREENWOOD.

Hamar Greenwood, formerly of Toronto, said Chamberlain was using the colonies as a party move. The influx of foreigners would make it impossible for Canada to be the granary of the empire.

Sir H. Colon said that in the evolution of the empire the colonies must become great states and fall off like ripe fruit.

BANNERMAN TO BALFOUR.

Would Have Been No War if Liberals Had Ruled.

(Canadian Associated Press Cable.)

London, Nov. 30.—Campbell-Bannerman was escorted thru Newport streets by cheering crowds to-night, and addressed a great meeting at Tredgar Hall. He denied the right of the government to postpone an appeal to the country on the fiscal issue for trade was embarrassed and the public credit was impaired. British exports were increasing fast. The total make of pig iron in Britain last year showed an increase of six hundred thousand tons.

Referring to the strictures of Premier Balfour, he said if the Liberals had been in power there would have been no Jameson raid and no war.

Nothing but the best at Thomas'.

DIED IN LONDON.

London, Nov. 30.—Mr. Arscott, Mount Joy, wholesale fruit merchant of this city, died this afternoon at his home, West London. Deceased had been ailing for some time, but was able to be at his store about two weeks ago. He was seventy-six years of age.

Eat the good food, Life Chips, a large package, ten cents.

ANOTHER STREET CAR STRIKE.

Pittsburg, Nov. 30.—Business Agent Williams of Division No. 85 of the Amalgamated Association of Street Car and Electric Employes of America announced officially that a strike of street car men employed by the Pittsburg Railway Company would be ordered Friday.

HOLD-UP AT HOG'S HOLLOW MAN CLAIMS LOSS OF $480

Charles Winters, Just Married, Walking to Richmond Hill, Robbed by Two Bicyclists.

Charles Winters wandered into the detectives' office last night and told a tale of woe. If he told the truth it is a real hard-luck story. He claimed that he had been held up and robbed of $480, his hard earned savings of many moons.

Here is his story: He had been working for sometime as a farm hand, for Robert Tyndale of Richmond Hill. Last Monday he went to Whitby; on Tuesday he married the daughter of the G.T.R. section-boss in that town. He remained there until yesterday, when he came to Toronto, arriving here at 3.15 p.m. He called into Eaton's to see a cousin of his and then started to walk to Richmond Hill to collect a balance of wages due him from Tyndale.

Two Men on Bicycles.

When he reached Hogg's Hollow at 6.45, he saw two men approaching on bicycles. They rode a short distance past him, dismounted and caught up to him. One of them grabbed him, throwing him down, and the other held a revolver to his head and threatened to blow him full of lead if he resisted. They went thru him, taking his wallet, which he claims contained $480 in bills. They remounted their wheels and rode off towards the city. A man driving a rig came along and brought him to North Toronto, where he told his tale to Chief Walmsley, who immediately telegraphed to Inspector Johnston of the city police at No. 5 station. The inspector at once sent out a number of men to cover the various entrances to the city from the north. Too much time had, however, been lost, as no men answering the description were seen. Winters finally reached No. 5 station, where he was given ten cents for car fare, and directed to the detectives' office, where he told his story.

Surprise for His Wife.

Detective Forrest who was on duty, took Winters to the Clyde Hotel, where he searched him. All the money he found on him was 12 cents, two cents the big wayman overlooked and the ten cent piece the police had given him. Winters was so saving that he would not spend the price of car fare. He says he thought nothing of walking to Richmond Hill, as he had made the journey many times before. No one knew he had the money on him, not even his wife. It came to Toronto for the purpose of furnishing a house in the northern part of the city. Winters is well dressed, and his hands show that he has worked hard for all he claims to have had. He does not drink. When attacked he made no resistance, nor did he even shout.

MAY COMMUTE SENTENCE.

Chinese Murderer Confesses for Price to Be Paid Relatives.

Victoria, B.C., Nov. 30.—Sach Chun, Ah Gum and Gun Tie, three Chinamen sentenced to be hanged at Kamloops next Friday for the murder of Ah Chee, a Chinese, at Bar River gold mining camp, on the Fraser River, were reprieved to-day by Chief Justice Hunter until Dec. 18, and it is probable that the Dominion government, considering the case, will commute the death sentence to life imprisonment. Ah Chee was murdered with a hammer and the body thrown into the Fraser. Sach Chun made a confession, in which he did not implicate others, but evidence adduced showed all three to be implicated. The police believe that Sach Chun made the confession, shouldering all blame, for a price to be paid to relatives in China.

BERGERON FOR ST. JAMES.

Former Member of Parliament Will Make a Fight.

Montreal, Nov. 30.—(Special.)—J. G. Bergeron was renominated this evening to contest St. James' division in the opposition interest. It will be remembered that Mr. Bergeron contested this division before and was defrauded out of his election, the Liberal member, Ald. Brunette, having been disqualified. The meeting this evening was one of the most enthusiastic ever held in this city, and it is believed Mr. Bergeron will accept the nomination.

WORKING MAN'S ISSUE.

(Canadian Associated Press Cable.)

London, Dec. 1.—Mr. Chamberlain has a letter in The Sun pointing out that he tariff reform is a workingman's issue.

Try the decanter at Thomas.

FIREWATER, INDIAN, DEATH.

Montreal, Nov. 30.—An Indian from Caughnawaga, about 45 years old, named Joseph Tanit, shot himself dead in Lamonde's Hotel to-night. He had been drinking heavily.

Captains of Industry There.

New York, Nov. 30.—The 147th annual banquet of the Saint Andrew's Society of the State of New York was held to-night at Delmonico's, fully 450 men being present. Hetchen Potter, Andrew Carnegie, Stuyvesant Fish, General Thomas L. James, President Wilson of Princeton, Sir Percy Sanderson and Charles M. Schwab were among those present.

Mrs. Vanderbilt Hurt.

Newport, R.I., Nov. 30.—Mrs. Reginald C. Vanderbilt, while attending a local theatre to-night, met with a severe fall, the result of which is awaited with anxiety.

Love of King and Country Ruled St. Andrew's Dinner

Presence of Lord Minto, the Lieut.-Governor and Other Distinguished Guests.

The large dining room of the Queen's Hotel was last night a scene of brightness and color such as is rarely seen. The annual banquet of St. Andrew's Society served to fill the hall to its utmost extent, and the arrangement of the tables was such as to create the greatest conviviality and good fellowship. The head table was covered with cut flowers and backed with a large Union Jack and a Royal Standard, while on the walls were ancient banners and pictures of famous Scotchmen. Chrysanthemums were used for the greater portion of the decoration, and the appointments were perfect in every detail.

The rich coloring of the uniforms worn by the many military officers present added greatly to the liveliness of the evening, and a bright bevy of ladies occupying the balcony were the recipients of many toasts and good wishes. There was an intense note of patriotism and loyalty felt thruout, every reference to Canada or to the empire being greeted with ringing cheers and uproarious applause.

The bringing in of the haggis was attended with much ceremony, it being greeted with more than customary enthusiasm. Col. Buchan, with Major Robertson, as aide, led the officers of the society in the parade thruout the dining-room, preceding a pair of stalwart Highlanders bearing aloft the sacred dish, which was decorated with miniature flags of the empire, and accompanied by a quartet of sturdy pipers.

Those Who Were There.

At the head table sat the newly-elected president, Alexander Nairn, supported on the right by His Excellency the Earl of Minto, Governor-General of Canada, wearing the insignia of a Knight of St. Andrew; on the left, the Hon. W. Mortimer Clark, Lieutenant-Governor of Ontario, and also Hon. George W. Ross, Premier of Ontario; Thomas Urquhart, Mayor of Toronto; Col. Otter, C.B.; Col. Buchan, C.M.G.; J. C. Copp, president of St. George's Society; E. T. Malone, president of the Irish Protestant Benevolent Society; Inspector Stark, president of the Colonial Society; Major Robertson; Rev. Armstrong Black, Rev. W. D. Wallace, Rev. R. B. Winchester, and Dr. Fotheringham.

Other prominent citizens present were Prof. Clark, Allan Cassels, H. M. Mowat, K.C.; D. R. Wilkie, Commander Law, Prof. Lang, Chas. Cockshutt, Dr. R. A. Reeve, Rev. J. A. Macdonald, David Carlyle, J. W. Morrison, Noah L. Piper; J. B. Mackay, Dr. Kennedy, Hamilton Cassels, J. L. Blaikie, John Kemp, Walter Cassels, K.C.; David Kent, Dr. Fotheringham, Dr. Caesar, James Hedley, Mr. McLeod, A. Wigmore, G. R. R. Cockburn, Thomas M. Bayne, Frank Arnoldi, K.C.; W. K. McNaught, Robt. Barron, Capt. Donald, Noel Marshall, Ham Gormaly, John MacMurchy, John Lang.

The president called on Assistant Secretary Donald to read a sheaf of congratulations from brother Scots. He then thanked the members for the honor paid him by the elevation to the presidency of the society and asked that an effort should be made to induce more young men to join them. Without delay he asked the assembly to drink to the toast which was being honored in every part of the British empire, that of King Edward the Peacemaker, who had proved himself a worthy successor of his honored mother. After a verse of the National Anthem was sung, the health of the Queen and the members of the royal family was honored with an equal display of patriotism and enthusiasm.

Lord Minto Was Glad.

In proposing the toast of the Governor-General of Canada and the Lieutenant-Governor of Ontario, President Nairn said they were glad that Lord Minto was a brother Scot and not entirely unknown to them; while His Honor Mortimer Clark was a past president of their own society. They were glad to know that Lord Minto's term had been extended, and he hoped they would have him with them on other occasions.

The Governor-General, in replying, said it was a real pleasure for him to be with brother Scots. He had en-

OVERSEER DOWIE ALARMED MAKES AN APPEAL FOR AID

Tells Followers to Deposit Every Cent in Zion Bank or Be Expelled.

Chicago, Nov. 30.—"Put every cent you have into Zion bank and I assure you it will be safe. Even if the bank should collapse, what of it? It would be a comfort to know it was spent in God's service. I am not afraid of the financial condition of Zion. I do not know what fear is."

With this statement "Dr." John Alexander Dowie yesterday startled his hearers in Zion City. He made the most urgent appeal for funds ever heard in the Shiloh Tabernacle. He declared Zion was in a "tight" place, but said he needed only $5000 to-day to "make things all right."

"All told, $150,000 is needed. We have gathered in $140,000 and the rest must be made up to-morrow," said Dowie. "We need a little more money, and I want every person who has not deposited in the Zion bank to march up to me to-morrow between the hours of 2 and 5.30 o'clock. I'll be in the office in the administration building. I have a list of all persons in Zion who have made no deposit since I sent out the 'command,' and I tell you we have no use for them. If they don't show down to-morrow they will be expelled from Zion.

United Effort Will "Pull Them."

"The member of Zion who fears to put his money into our hands for safekeeping is a coward, and we have no use for him here," continued the "healer." "He must get out. We can't have him here, for he is opposing the Lord by refusing to intrust his wealth in Zion. Zion has better financial conditions than ever. Her investments are sounder than any concern in the world, for Christ is back of them all. One of the things every person who joined Zion did was to promise to convert his efforts and his all to help Zion in the time of trouble. That time is now, and with concerted help from every resident we will be able to pull thru all right.

"I should hate to be one of the creditors who has started suit against Zion, for he is opposing the Lord, and the Lord will hold him to account for it. The papers say that all the wealth of Zion is in my name. It is a lie. I have but five per cent. in my name; the rest is all in Zion's."

Give All or Be Expelled.

Dowie declared he would be in Zion City four weeks more, and, during that time would weed out every person found disloyal to Zion and not giving all to the community.

Much of the money put into the bank is not deposited, but given in exchange for coupon books, good only at the Zion stores. Dowie declared his followers have lent the institution at nine and twelve months $500,000 to enable all floating indebtedness due outsiders to be cleared by Jan. 1.

Dowie says he expects to pay all the claims used upon before court opens Dec. 7, and he is "so tired of the ways of the business world in persecuting him" that he intends to pay cash in future as far as possible. He also will refuse to patronize Chicago merchants, he says, because they sued him, and instead he will buy in New York.

UNDERGRADS' DANCE.

The Undergraduates' Union at University College was en fete last night on the occasion of its annual reception and dance. About 350 members and their friends were present and when the last of the throng of merrymakers left at 1 o'clock this morning there was no one who could complain that "Bob" Baird and the members of the executive had overlooked anything that would serve to make the affair an enjoyable one. The floor of the West Hall offered ample scope for the dancers, while the Union had been turned into one huge easy corner for the accommodation of those who wished "to sit out this number." A liberal supply of refreshments awaited the hungry in the dining hall, and it is safe to say that the reputation of the "Union Dance" has been well sustained.

Skating on the Don.

There was good skating on the river Friday and Saturday, and a large number of young people were out for the "first of the season." This means winter in earnest, and it's time to think of your furs. For quality, style, value and fair treatment, try Fairweather's, 84-86 Yonge-street.

Arrived in Washington.

Washington, Nov. 30.—Sir Mortimer Durand, the new British Ambassador, arrived in Washington to-day. He will call on Secretary Hay to-morrow.

Canadian Furs.

Canadian furs stand absolutely alone in the world's catalogue as the richest and most comfortable. Canadian mink, muskrat, sable, fox, etc., to say nothing of Alaska Seal. The Dineen Co. make a specialty of Canadian furs. The company buy direct from the hunter and trapper and manufacture all their garments on the premises. If you are looking for a good Xmas present don't forget there is nothing better than a fur garment of some description.

FAIR, TURNING COLDER.

Meteorological Office, Toronto, Nov. 30.—(8 p.m.)—Rain has fallen to-day in Cape Breton and snow flurries have occurred in Ontario, but generally the weather in Canada has been fair. It has been quite cold in Eastern Manitoba, whilst in other districts milder conditions have been very general.

Minimum and maximum temperatures: Dawson City, 10—12; Victoria, 48—54; Kamloops, 40—46; Calgary, 34—44; Qu'Appelle, 10—24; Winnipeg, 16 below—4; Port Arthur, 14—22; Parry Sound, 18—26; Toronto, 16—30; Ottawa, 16—29; Montreal, 14—22; Quebec, 6—16; Halifax, 28—30.

Probabilities.

Lower Lakes and Georgian Bay—Moderate northwesterly and northerly winds; fair, turning colder at night; some scattered snow flurries.

Ottawa Valley and Upper St. Lawrence—Fair and moderately cold; a few scattered snow flurries.

Lower St. Lawrence and Gulf—Moderate west and northwest winds; mostly fair and cold; light local snowfalls or flurries.

Maritime—Moderate northwesterly winds; fair and colder.

Lake Superior—Fair and quite cold.

Manitoba—Fair weather; milder in western districts; cold in eastern.
