The Law Society Congratulates Chief Justice Burton and Mr. Justice Moss—That Midland Case.

The Court of Appeal chamber was crowded yesterday morning, when Mr. Irving, Q. C., the treasurer of the Law Society, on behalf of the Bar of Ontario, congratulated the new Chief Justice Burton and Justice Moss upon their elevation to their respective positions. The learned judges replied appropriately and the ordinary business of the court then proceeded as if nothing had happened.

That Midland Case.

In Reg. v. McRae the Divisional Court refused the motion to make absolute a rule nisi to quash the conviction of defendant by the Mayor of the town of Midland. This was the case in which three other justices of the peace appeared on the return of a summons issued by the mayor and assumed to act with him. The mayor convicted and the other three discharged the defendant. The court held that when a magistrate issues a summons he becomes seized of the matter and, unless at his request, no other justice has any right to interfere. This court finished its sittings yesterday.

Court of Appeal List.

Thomas F. Dimma, a boy of 16, was tried on a charge of stealing a horse from Joseph Nash of the Township of Georgina. The jury brought in a verdict of not guilty, and the young fellow was discharged.

Before Judge Morgan the case of McFarren v. Taylor was tried yesterday. The plaintiff is a dealer in flour and sued the defendant, a baker, for $109.03, the balance of an account. The defendant entered a counter-claim of like value. Judgment was reserved.

The grand jury brought in a true bill against George Lawford, charged with common assault.

TIPS FROM WALL-STREET.

The market closed firm.

The most active stocks to-day were: Sugar 27,400 shares, St. Paul 10,200, W.U. 1,700, R.I. 2400, N.Y.C. 1000, U.P. 2000, D. & H. 2000, Jersey Central 10,200, N.Q. 4500, Reading 5000, L. & N. 4100, Burlington 10,200, Omaha 1800, Manhattan 7200, Tobacco 800.

McIntyre & Wardwell (John J. Dixon) received the following despatch from New York to-day:

The stock market closed very dull and at a fractional recovery from the lowest prices of the day. The net result of trading is to add a fraction to yesterday's declines in the general list. Jersey Central lost nearly 2 points. On the other hand, the Gould group made gains under lead of a strong market in Manhattan. The "Street" is apprehensive about the action of the Senate on Monday, when it will take up the Cuban question. That was the controlling influence. There was some selling, but no particular pressure. The only news of importance to-day was that the Attorney-General of New York has taken action under the anti-trust laws and has summoned the presidents of the various coal roads to come before him at Albany on May 20. It is hard to see how anything can come of this, as there is no tangible combination of anthracite in this, but only a general understanding. Exchange holds steady at $4.87¼ to $4.87½.

CHICAGO GOSSIP.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago:

The market opened weak on reported rains in California, and the weakness of the San Francisco market. The cables were weak and the foreigners were large sellers. St. Louis sent some bearish reports, accompanied by selling orders. Direct reports from southwest say unusually early wheat harvest, will commence harvesting in Texas next week. The selling was led by Barrett & Farnum, probably for St. Louis account. New York reported 40 loads of wheat worked for export up to midday, and an improved cash demand. Paris sent bull news regarding their crop damage, which had its effect upon this market. Logan is reported as selling 500,000 bushels for a prominent New York speculator late in the session, which caused a further decline. Reports from the Red River Valley say seeding about completed. The flood in the month of April was of short duration, the ground being frozen; the water ran off very quickly; the ground dried up faster this year than ever before. The ground was never in better condition than when the crop was sown; the prospects are very good for a large crop. Weare, Counselman and Carrington were figured among the noted sellers. Armour was thought to have taken on about a million bushels to-day. This is a natural reaction, and we think wheat is a good purchase on this break.

Corn and Oats—Both markets ruled dull and active, the range being very narrow, covering but ⅛c to ¼c. Cash demand rather good. There were no features to mention. The trade was moderate and chiefly local in character. Receipts of corn were 143 cars and oats 146 cars. The close was steady.

Hofbräu.
"A malt tonic of surpassing value in its action on the nerves."
"Admirably adapted to the wants of ladies before and after confinement."
"Highly nutritious, and its use will be found very satisfactory in the rearing of strong, healthy children."
"Ahead of porter or strong ale, whether imported or domestic."
"Endorsed by the medical profession as the standard of perfection."

Provisions—The speculative market for hog products opened lower this morning on a larger run of hogs than expected, 20,000, and ruled very dull and inactive. The feeling manifested was weak. The trade was light, however, being confined solely to local operators, who sold moderately on the opening prices. Buying small and scattered.

McIntyre & Wardwell (John J. Dixon) received the following despatch from Chicago to-day:

Wheat—The disappointing cables and Cuban developments seemed to intensify the bearish sentiment of local traders. They sold very freely and succeeded in forcing out considerable long wheat. The market, however, made a good resistance to pressure, and at the close showed decline from last night of 1¼c. Cash demand again very much in evidence. New York reported 30 loads taken and purchases here will aggregate about 200,000 bushels. California continues to send contradictory despatches about the weather. Some claim refreshing showers, others "no rain." We look upon the decline of to-day as but natural reaction, and think wheat should be bought on all such declines.

Provisions—Opened weak and lower on 5000 more hogs than expected. Packers sold July and September lard, also a moderate quantity July and Sept. ribs. Pork was neglected. Market ruled very dull all day and closes easy. Hogs estimated tomorrow 18,000.
