* The Rev. James Tate, formerly Canon Residentiary of St. Paul's Cathedral, in addition to many other contributions to the cause of literature, was the author of Elements of Rhetoric, and of a Continuation of the Rev. Mr. Crakanthorp's Ecclesiastical History of St. Paul, works all favorably known to men of letters.

One of a small number of pupils, compared with that which annually issues from the great public schools of England, a large proportion distinguished and advanced themselves during their Academical Course, or in after years, at Oxford, Not to mention the attainments of various other College honors by many of them, from twelve to fifteen distinct fellowships at the University; among those who were his pupils, the author of a Greek Grammar, &c., Dr. Peacock, Dean of Ely, Archdeacon Thorp and Malagrowl, and the Archbishop of York.

THRASHING MACHINES.

LETTERS PATENT.

TIME AND LABOR SAVED IS MONEY EARNED.

THE subscribers having secured to themselves the exclusive right of manufacturing and vending to others to use within the territory of Upper and Lower Canada,

SEVERANCE'S CELEBRATED IMPROVED HORSE POWER & THRASHING MACHINE,

one of the most valuable time and labor saving Machines ever invented, and which will greatly infuse the belief, that they have just completed a new and extensive Factory on Wellington Street, extending from Foundry to George Street, which they have fitted up with a variety of machinery, by which they are able to supply the demand, and have on hand a few Thrashing Machines, which they will thrash and clean more grain in a day, with less expense and with greater cleanliness, than any other known invention, for sale at reasonable prices. We now invite farmers and others, to call and see for themselves, and judge for themselves. We are again prepared to furnish them in want of Thrashing Machines with an entire separator area for the same, manufactured by us.

Our long experience in making, and the very liberal patronage we have enjoyed in the sale of our Machines for years past, with a determination to keep on hand articles that will never fail to assist all classes, cannot fail to watch carefully all the improvements that are made from time to time, until now we feel confident in saying, that for quality, quantity of work, and economy of time and money, our Thrashing Machines are unequalled by any in use. And while the grain is thrashed clean, and free of it, broken or wasted, it is, at the same time, perfectly cleaned, fit for the Mill or any Market.

All orders addressed to us, or our Agent, Wm. Jones, Esq., will be promptly attended to.

We will ship free to any port in Canada, and every one represented to be as good as represented.

Liberal terms of payment allowed.

PRICE OF BOARD FOR THE SEASON OF 1851:—FIVE SHILLINGS PER DAY, or FIVE POUNDS PER MONTH.

Caledonia Springs, 2nd June, 1851.

[Extract of a letter from P. J. Lacroix, Esq., of Montreal.]

I beg to state that in July, 1848, I went to the Springs for the purpose of testing the virtues of the Water, of most violent Rheumatism, under which I had been suffering for several years previous. After remaining at the Springs for about three weeks, and regularly drinking the Water, I was so much relieved from my pains, and my health perfectly restored. Several of my friends, to whom I have recommended the Springs, assure me that they have experienced equally as great relief from their use. I consider the Waters of the Caledonia Springs to be most efficacious in cases of Rheumatism.

To the proprietor of the Caledonia Springs.

MONTREAL, 4th June, 1851.

DEAR SIR,—In compliance with your request, I have much pleasure in giving you my opinion of the extraordinary efficacy of the Waters of the Caledonia Springs, so long and highly appreciated by the Public, based on the observations of some twenty-five years' experience, and tested as they have been by a great many patients of mine and others, labouring under Rheumatism, and the different forms of disease to which the human frame is liable, I consider them invaluable. Few persons, except those who have suffered all the pains, fatigue, and anxiety attendant upon their medical attendants, can adequately appreciate their wonderful salutary effects. I have often seen persons unable to the disease, (myself for one during six years,) brought on the Springs, and both in Scotland and on the Continent, resort to the Caledonia Springs walking on crutches, and others that could not walk at all, were cut by prescription of their physicians, and were borne down by mere fatigue, return to their houses free from pain, having tasted (with unspeakable joy) their wives, children, and with health, which for twenty years perfectly restored. Striking as such results are, the curative action of these Waters, the intermittent and Sulphur Springs in particular, have been found equally efficacious in other diseases, such as Lepra, generally called *Scaly Rheum*, and other affections of the skin; in a variety of Dyspeptic Complaints, Chronic Affections of the Liver and Kidneys, and I am sure that a great number of those cases that leave the Springs greatly benefitted, but not completely restored, would, if they could spend a month extended out of the spa. That these Waters have acted in many diseases as a specific, seems to be generally admitted, and so much respectable testimony to this effect has already been laid before the Public, that in my opinion it would be superfluous.

H. MOLSON,
Member of Royal College of Surgeons, London.

To John L. Mills, Esq.,
Proprietor of the Caledonia Springs.

Montreal, 18th December, 1848.

DEAR SIR,—I have to state that I consider the use of the Caledonia Waters a very valuable curative agent in the treatment of many forms of disease. Circumstances unable me to print your Pamphlet Certificate with more than usual propriety, many of my own Patients tested the efficacy, and derived great benefit from the use, of the Waters. Of all diseases, that for which I would say most, in which a preserving fact of the Baths and Waters promises the most beneficial results, Chronic Rheumatism, I can speak in the first, that the cures in this disease have been truly astonishing. I was with a patient last summer, where the individual, a gallant female, was been suffering severely for years, and was pronounced by her and consulting physicians, incurable. She came on with a few steps with great pain and difficulty. After a residence of six weeks at the Springs, she left, free from pain, and strong enough to walk a considerable distance without fatigue. I have also found the Waters useful in Dyspepsia and Urinary Complaints in Gravel, Chronic Syphilis, and some of the forms of Cutaneous Disease.

In conclusion, allow me to add, from a general knowledge of the properties of the Waters, and the well known varied virtues of the Waters, the great entire you have built for it in the improvement of the place, and the unwearied care and attention, that the Springs, under the management of your Son-in-law, justly entitled you to a large share of public patronage and support.

I remain, dear Sir, yours very truly,

GEORGE W. CHAPMAN, A.M., M.D.,
Lecturer on Surgery, McGill College.

To the Proprietor of the Caledonia Springs.

MONTREAL, December 8th, 1848.

DEAR SIR,—I beg to state that I consider the Caledonia Waters efficacious in cases of Chronic Rheumatism, in which the constitution has been impaired by the injurious use of Mercury, and in cases of Syphilis. I would also add, in corroborating the testimony of others, that several of my patients have derived great benefit from the use of the Waters, and I have no hesitation in saying that they have been instrumental in effecting many cures, which I have seen, they have been truly astonished at, and which they have been truly put to, and by the help of many of our other excellent remedies, fail into unmerited disrepute.

I have never visited the Establishment, but I have often heard it most favorably spoken of.

I am, Sir, your obedient servant,

JAMES CRAMPTON, M.D.

To the Proprietor of the Caledonia Springs.

☞ A FRESH SUPPLY of the above WATERS has been received at the Depot, which can be had at the Counter, or sent to order to any address in town or country. Price of the Water very moderate.
