VALVE-IN-HEAD Buick MOTOR CARS

Four-Wheel brakes

another reason for Buick popularity and leadership

Only the great reputation resulting from Buick popularity and leadership makes it possible to carry out expensive tests, and world-over search for four-wheel brakes, practically all drivers in all weather.

Now after two seasons' use, in the hands of practically 400,000 users, four-wheel brakes have convincingly demonstrated their value as an added factor of safety.

Buick four-wheel brakes are but one example of Buick's constant effort to add to the comfort, convenience and safety of Buick owners and to give them the greatest possible value for their money.

Buick four-wheel brakes are a convincing evidence that popularity and leadership are a dollars and cents value to you.
