THE BOARD IS GENEROUS.

THE EXECUTIVE COMMITTEE AIDS ART AND THE BOYS' HOME.

The Exhibition Lease—Changing the Sidewalk Line—A Southern Entrance to Rosehill Reservoir Park—Other Matters of Interest Discussed.

The Executive Committee had some difficulty in securing a quorum yesterday. After a wait of half an hour Chairman McMillan and Ald. Davies, Vokes, Roaf, Denison and Peter Macdonald succeeded in opening up business. One of the first things considered was the proposed grant of $500 towards the Ryerson memorial fund. Ald. Vokes objected to the statue being placed in the Normal School grounds, believing that it should be erected in a public park, as the city was contributing a large portion of the cost. The $500 was recommended without a rider. A grant of $500 was given the Boys' Home for the special accommodation of 12 of the little inmates suffering from a scalp disease, which compelled their being kept apart from the others.

The Exhibition Lease.

Manager Hill of the Industrial Association appealed to the committee to hurry up the renewal of the lease. The application had been in since June last and nothing could be done for the next exhibition until the agreement had passed. He understood that the City Solicitor was ready to report on the Zoo matter now, and he could not see why the lease could not be renewed at once. After some little discussion, in which Ald. Denison got in his little fling at the association, it was determined to get the business through in time for the next meeting of council.

A Prospective Fight.

The report of the Board of Works was adopted without amendment, but the following clause in the waterworks report was sent on to council without a recommendation, Chairman McMillan remarking that Ald. St. Thomas Carlyle and Boustead could fight it out on Monday night:

Your committee beg to report that the Department has been put to considerable unforeseen expense by the action of the Board of Works in changing the sidewalk line on certain streets after water services have been laid, necessitating a change in the location of every stop-cock and box attached to services on these streets. Among other streets on which these alterations were made are Markham-street, 26 services; Leonard-avenue, 34 services; Bellevue-place, 9 services; Spadina-avenue, 29 services; Amelia-street, 23 services; Metcalfe-street, 21 services. The cost of this work is $1,030.39, which your committee recommend should be charged to and paid by the Board of Works.

The Reservoir Park.

In the matter of the expropriation of sufficient land for a southern entrance to Rosehill Reservoir through the grounds of Mr Larratt W. Smith, it was decided to recommend to Council that the Parks and Gardens Committee purchase the required property from Mr. Smith for a reasonable amount. In the waterworks' estimates for 1889 Ald. Davies objected to the sum of $2200 being placed against the name of the superintendent as salary. He thought that $2000 was quite enough. The Chairman agreed with him, but nothing was done pending the usual special meeting to consider the estimates of all the standing committees.

Ald. Roaf announced that to-day the Municipal Committee of the Local House would meet probably for the last time this session, and he therefore asked that permission be given him to withdraw the underground wire matter until next session. He asked this in view of the fact that he had no data on which to go until the return of the delegates from the States. The committee thought that under the circumstances it would not be advisable to allow the permission asked for.

A Pointer.

As every reader of this paper knows, it has become one of the fine arts to write attractive and interesting advertisements—especially medical ones.

Now it seems to us that if, for instance, the world-wide advertisers of Warner's Safe Remedies would adopt a style whereby they could work in a startling story of, say—wolves, we believe the immense sales of their medicines could be still more largely increased. We give them the benefit of the idea at any event. Let it commence like this:

Patter! Patter! Patter!

There it is again. It is not fifty yards from where he last halted. The steps are too light for those of an Indian. A grizzly would rush upon its victim with a roar of defiance and anger. A panther would hurl himself through thirty feet of space, with a scream to unnerve the hardiest hunter. "Wolves," whispers the hunter, as a howl suddenly bursts upon his ear.

Wolves! the gaunt grizzly wolves of the foot-hills—thin and poor, and hungry and savage—the legs tireless—the mouth full of teeth which can crack the shoulder-bone of a buffalo. He can see their dark forms flitting from point to point—the patter of their feet upon the parched grass proves that he is surrounded—yet no more in danger, and no more effectually surrounded than he who trifles with the symptoms of kidney disease. And you, reader, know whether or not you are a victim to its insidious encroachment. If your back aches, if your eyesight is failing, if your appetite is fickle, if your urine is not clear and of a pale straw color, do not hesitate on the prairie of danger, but flee to the nearest haven of safety, and resort to the only known cure for kidney and liver troubles, Warner's Safe Cure. It is a duty you owe, not only to yourself but to your family and society at large.

Delays are dangerous.

Had the traveler not been overtaken in the night, and unarmed, the wolves would have had no terrors for him. We warn you just now, in broad daylight, before the wolves of disease sink their poisoned fangs deeply into your flesh and the night of death settles down upon you, to stop your ears to prejudice and bigotry, and to fly to safety through the means we have pointed out.

Mr. Thomas Ballard, Syracuse, N. Y., writes: "I have been afflicted for nearly a year with that most-to-be dreaded disease Dyspepsia, and at times worn out with pain and want of sleep, and after trying almost everything recommended, I tried one box of Parmelee's Valuable Pills. I am now nearly well and believe they will cure me. I would not be without them for any money."

—Caswell, Massey & Co's Emulsion of Cod Liver Oil with Pepsin and Quinine, is recognized as the best preparation known. Prescribed by the leading physicians. W. A. Dyer & Co., Montreal.

The colored people of the country propose to erect a $200,000 monument to Lincoln, at Springfield, Ill.

Gen. Sherman's son, Thos. Ewing Sherman, has become a member of the Society of Jesus, and is to be ordained as a priest in July.

A conflict between American and Mexican miners appears imminent in the Lower California gold fields, and Mexican troops are hurrying to the scene.

Gloucester (Mass.) despatch: Reports from Newfoundland say the issue of licenses to American vessels for the purchase of bait and other necessary outfits will be refused this season, and that the Government will coincide with the Dominion Government in its policy.

Jay Gould saves about five million dollars a year. This is a lot of money, but it is nothing to what the people of Ontario could save every year if they all bought their clothing at the Army & Navy stores. Ten dollar suits for $6.50 at the Army & Navy; fifteen dollar suits for ten at the Army & Navy; twenty dollar suits for thirteen at the Army & Navy. All goods sold at exact wholesale prices, the profit and expenses come out of the heavy discounts we get for spot cash, and no credit is given at the Army & Navy stores.

The great demand for a pleasant, safe and reliable antidote for all affections of the throat and lungs is fully met with in Bickle's Anti-Consumptive Syrup. It is a purely Vegetable Compound, and acts promptly and magically in subduing all coughs, colds, bronchitis, inflammation of the lungs, etc. It is so palatable that a child will not refuse it, and is put at a price that will not exclude the poor from its benefits.

Funny things we see when we have no gun but there is nothing funny about Dyer's Jelly of Cucumber and Roses curing chapped hands. Druggists keep it. Wm. A. Dyer & Co., Montreal.

TO COME TO TORONTO.

Another Subsidy to be Asked by the Council for a Railroad.

Contractor John Shields and Captain Sylvester Neelon appeared before the Executive Committee to press the claims of the St. Catharines and Niagara Central Railway Co. for a bonus or subsidy from the Dominion Government. They had interviewed Mayor Clarke during the day and had been referred to the committee by His Worship. Captain Neelon laid the matter before the aldermen in his capacity of vice-president, explaining in the course of half an hour's speech what an advantage the new road would be to Toronto. The following letter from President Ille to the Mayor was also submitted:

E. F. Clarke, Esq., Mayor:

I have the honor to call your attention to the petition of this company to the Dominion Government praying for a subsidy to the company's road from the present western terminus in the City of St. Catharines to the City of Toronto, via Hamilton. The road is completed and for some months has been in successful operation between St. Catharines and Niagara Falls—12 miles. This section in operation has a subsidy already granted.

The City of Toronto is deeply interested in the construction of the road through to Toronto, thus giving that great city independent connection with the American railways at the Niagara frontier, and also with the great manufacturing and fruit-raising centres along the line.

The company respectfully request that you will procure the passage of a petition by the City Council of Toronto to the Government to grant the subsidy prayed for.

LUCIUS S. ILLE, President.

The Chairman said that Hamilton was fighting to keep the road from passing that city, and that it would not redound to Toronto's prosperity to bring it down to the city.

The following motion was passed:

That the Council be requested to pass a petition asking the Dominion Government to grant the subsidy, and that a committee consisting of His Worship the Mayor, Chairman of the Executive, and Ald. Denison, Davies and Vokes wait upon the Government and impress on it the great advantage to the commercial interests of Toronto likely to accrue on the completion of that section of the road between St. Catharines and Toronto.

Enormous Fortunes.

Notwithstanding the enormous fortunes accumulated through the use of printer's ink, large sums of money are annually wasted in ineffectual and unremunerative advertising.

The merits of a really valuable commodity properly portrayed in the columns of an influential and widely read newspaper like The World will speedily become generally known and appreciated, while the returns reaped by the advertiser will more than justify the amount expended.

Clearness, attractiveness, brevity and sincerity must characterize any announcement intended to catch the public eye and appeal to public confidence. An advertisement inserted in a London journal a few days ago brought instant and multitudinous replies accompanied by an almost unlimited supply of bank notes, simply because it touched the chord of nature which makes all mankind akin. Its simple pathos and self-evident truthfulness appealed to every heart.

The advertiser sought for a lost relative, and, giving his name, said: "I am ill and friendless. My last half crown is expended in paying for this advertisement. Write me at"—(giving the address). As already stated, nearly every one who read the announcement hastened to relieve the necessities of the sufferer.

Thus it is with a really meritorious commodity or preparation; if its virtues be properly and truthfully set forth in the public press, its success is prompt and certain.

On the other hand, the public is quick and unerring to detect deception and charlatanry; and, accordingly, no amount of "puffery" will force a vile nostrum into public esteem and patronage.

Valuable medicines, like Warner's Safe Remedies, carry their own best commendation in their power to cure the particular diseases for which they are a specific.

They require no labored panegyric to convince the people of their power and efficacy, for they have been tried and found perfect.

The World Moves!

Don't disgust everybody with the offensive odor from your catarrh just because some old fogy doctor who has not discovered and will not believe that the world moves tells you that it cannot be cured. The manufacturers of Dr. Sage's Catarrh Remedy have for many years offered in good faith $500 reward for a case of nasal catarrh, no matter how bad or of how long standing, which they cannot cure. They are thoroughly responsible financially, as anyone can learn by proper enquiry through druggists (who sell the medicine at only 50 cents), and they "mean business." 25

Holloway's Corn Cure is the medicine to remove all kinds of corns and warts, and only costs the small sum of twenty-five cents.

The Fortune of the Hammer.

The Canadian Express Company's sale of unclaimed freight took place yesterday morning at the rooms of C. M. Henderson & Co., 183½ Yonge-street. Some of the bidders were made happy and some the reverse as various packages of mysterious shapes were knocked down to them. Opinions were freely hazarded as to the nature of the contents of trunks and boxes and barrels that to the uninitiated might have contained oil or whisky. Here might have been seen a man that looked like a college professor carrying off a band saw, and there a farmer wrestling with a parcel of fashion plates. Everything from the expression of the auctioneer's face down to that of the bidders wore an air of mystery.

That tired, debilitated feeling, so peculiar to Spring, indicates depraved blood. Now is the time to prove the beneficial effects of Ayer's Sarsaparilla. It cleanses the system, restores physical energy, and infuses new life and vigor into every fibre of the body.

There is nothing equal to Mother Graves' Worm Exterminator for destroying worms. No article of its kind has given such satisfaction.

An Increased Grant Wanted.

Chairman McMillan is in receipt of the following letter:

Alderman McMillan,

DEAR SIR,—I have been requested to write you in regard to the city grant for the Convalescent Home. You obtained for us last year a grant of $100 for which we were very grateful. The Home is becoming better known and appreciated, and the number of patients has been large all through the winter, the small charge of $2.40 per week does not cover the cost of maintenance; convalescents requiring good, nourishing food, plenty of milk, etc. As the work increases we need, of course, more money and if the council would increase our grant, we would be extremely thankful. Will you kindly use your influence to obtain this for us?

M. R. GRIZIO, Treasurer.

To Real Estate Men,

If you propose getting out a lithographic plan of your properties call at the Ontario Lithographing Co., World Building, for samples and prices. tf.

At this season of the year people should bear in mind that Dr. Hodder's Burdock and Sarsaparilla Compound is the best spring medicine known. It purifies the blood, regulates the liver and kidneys, and invigorates the whole system. Try it. All dealers, 75c., with Dr. Hodder's Little Liver Pills $1. 46

Dominion Sheep Breeders' Association.

This is the title of another Agricultural Society which has been initiated in this city. These officers have been elected: President, Robert Miller, jr.; Vice-Presidents, James Russell, Ontario; William Thompson, Manitoba; Wm. Kirkland, British Columbia. The other provinces were not represented. Directors, John Campbell, John Jackson, Wm. Whitlaw, John C. Snell, Capt. Rolph, R. Bailey, Peter Arkell, Wm. Walker, Thomas Palmer; Secretary, F. W. Hodson; Treasurer, F. Shore.

"Ayer's Medicines have been satisfactory to me throughout my practice, especially Ayer's Cherry Pectoral, which has been used by many of my patients, one of whom says he knows it saved his life."—F. L. Morris, M.D., Brooklyn, N.Y.

Superior to all others is the opinion expressed by thousands who have used Dr. Hodder's Little Liver Pills. They cure indigestion, sick headache and constipation, even where others fail. Ladies should remember they improve the complexion wonderfully. Very small, 1 or 2 a dose. All dealers, price 25c. Try them. 46

The Jesuits Estates Act to be Vetoed.

Said a prominent citizen yesterday, who had his information direct: The Jesuits Estates Act will be disallowed on the constitutional objections raised to it by Mr. Douglas Armour in his article in The Week. The Government may not do it during the session, but they will do it soon after, and if it is done you may look out for a general election.

FINANCE AND COMMERCE.

A Dull Day in Commercial Circles—Stock Exchange Dull.

THURSDAY EVENING, March 14.

On the local Stock Exchange but little interest was manifested. In the morning the transactions were 20 and 10 British America at 52½, 12 do at 90; 8 N. W. Land Co. at 72½, 55, 100 and 50 do at 72½. In the afternoon—50, 50 and 20 Commerce at 121; 50 N. W. Land Co. at 72½ (reported).

OSWEGO BARLEY MARKET.

OSWEGO, March 14.—There is no change in prices to note to-day.

LIVERPOOL MARKETS.

LIVERPOOL, March 14.—Wheat quiet; demand poor; holders offer moderately. Corn steady; fair demand. Spring wheat, 8s; red winter, 7s 8d; No. 1 Cal., 7s 8d; corn, 4s 4d; peas, 5s 7d; pork, 65s; lard, 36s; bacon, short and long cleared, 33s 6d and 34s 6d; tallow, 25s; cheese, white and colored, 57s.

BEERBOHM'S REPORT.

LONDON, March 14.—Floating cargoes—Wheat nil; corn steadier. Arrivals—Corn 2. Sold—Corn 3. Waiting orders—Corn 2. Cargoes on passage—Wheat quiet; corn steady. Mark Lane—Spot good No. 2 Club Cal. wheat, 33s 6d was 34s; present and following month, 31s 3d was 32s. Good cargoes mixed American corn off coast, 20s was 20s 6d. Weather in England colder. Liverpool — Spot wheat quiet and steady; corn neglected.

As mad as a hatter means a good deal just now; the Army & Navy stores have knocked the bottom out of the hat trade. Every hat is sold at exactly the manufacturer's price by the Army & Navy stores. We get ten per cent. off for spot cash in case lots. Remember the Army & Navy will sell you a dollar hat for 50c, a two dollar hat for $1.00, a three dollar hat for $1.50 and a 50c hat for 25c. This is hard to believe, but we can prove it. At any rate take a look at the hats at the Army & Navy stores before you buy elsewhere.

A DILAPIDATED PHYSIQUE may be built up and fortified against disease by that incomparable promoter of digestion and fertilizer of the blood, Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. It counteracts Biliousness and Kidney complaints, overcomes bodily ailments special with the feebler sex, causes the bowels to act like clockwork, and is a safeguard against malaria and rheumatism.

City Hall Small Talk.

Ald. McMillan and Bell got in from Grand Lodge at Hamilton yesterday.

The chairman of the Executive is rather glad that the Don bungle has got into the courts, as it will help to straighten out matters.

Ald. Galbraith thinks something will have to drop shortly in the Works Department, and it will not be a small drop either.

A building permit has been granted W. Briggs for the erection of two brick stores in Yonge-street, near Maitland, to cost $4200, and W. C. Rundle for the erection of a two-story dwelling in Jarvis-street, near Gloucester, to cost $8000.

Contractor A. W. Godson is building for himself a $25,000 mansion in St. George-street.

If the present cold snap had not come along, it is the opinion of the Works Department that the Don would have been a roaring flood yesterday.

City Solicitor Biggar is getting ready to fight the Don injunction before Mr. Justice Ferguson to-day at the Hall.

The 1385 acres of marsh land in Ashbridge's Bay belonging to the city have been surveyed by City Surveyor Sankey.

City Clerk Blevins has recovered sufficiently to attend to his duties, but Ald. Crocker remains seriously ill.

Dr. Wm. Roberts, Professor of Medicine in the Owen's College, Manchester, Eng., in writing of Bright's disease, says: "The blood becomes specially deteriorated by the unnatural drain through the kidneys. It becomes more watery and poorer in albumen, while urea, uric acid and the extractives are unduly accumulated in it." Warner's Safe Cure will restore the kidneys to a healthy condition and purify the blood.

PROGRESS OF METHODISM.

Opening of Another New Church in the West End.

Clinton-street Methodist Church was formally opened yesterday. It is situated on the west side of Clinton-street, immediately north of College-street. The church and congregation originally worshipped in Wesley Church, Dundas-street and also in Spadina-avenue Church and was under a joint board of management which existed for about ten months, till Rev. G. Langford's appointment by the conference last June. Before that time Jubilee Hall was occupied for about one and a-half years as a Sunday school, with services by local preachers. The Sabbath income was $15 weekly, out of which had to be paid the rent, amounting annually to $265, and the pastor's salary.

The new church is a neat rough-cast building 75x54 feet, with graded floor and low gallery in front of the choir. Three good-sized class rooms are separated from the body of the church by a passage way. The seats, which have reversible backs, were supplied by Messrs. Charles Rogers & Sons, who also manufactured the pulpit. The church will be used largely as a Sunday school, 225 scholars being the average attendance. The building will accommodate 800 persons, and on special occasions 1000. It will cost $13,000, including the land. Mr. Charles Moss was the builder and Mr. J. Gemmell the architect. These gentlemen constituted the building committee: Ald. Miles Vokes, John Douglas, John Harvey and Rev. C. Langford (chairman). The building is well lit by gas and the seats are free. Three furnaces, built by John Douglas, serve to heat the church. The trustees are: Messrs. Miles Vokes, John Douglas, A. Chard, A. Middleton, Frank Denton, Henry Nafe, John Reilly, J. J. Withrow, Edward Gurney, John Thompson, John Harvey, James D. Roberts.

Dr. Stafford, President of Conference, preached an admirable opening sermon, and Revs. Dr. Stafford and Dr. Stone and a number of ministerial brethren assisted in the dedication service.

Frederick T. Roberts, M.D., Professor of Clinical Medicine at University College Hospital, London, England, says: "Bright's disease has no symptoms of its own and may long exist without the knowledge of the patient or practitioner and no pain will be felt in the kidneys or their vicinity." Ordinary common kidney diseases, many times unrecognized as such, will become chronic and terminate in Bright's (organic) disease of the kidneys, unless taken in hand. Warner's Safe Cure is the only recognized specific that has ever been discovered for this disease. The late Dr. Dio Lewis said over his own signature: "If I found myself the victim of a serious kidney trouble I would use Warner's Safe Cure."

CHAT ACROSS THE CABLE.

The proposed duel between Belimara-Kovics, one of the regents of Servia, and Mihokovics, chief of staff, was prevented by the intercession of ex-King Milan.

Le Bourse of Paris, a fervent supporter of the copper ring, admits that the crisis is appalling, and announces that all mines have consented to stop their output for two months.

Advices just received at Auckland from Samoa show that there was no basis for the sensational rumor of an engagement between the United States man-of-war Nipsic and the German Olga. German officials on the island have entirely given up their aggressive policy.

At the Colonial dinner in London Wednesday night, at which there were 270 guests, the Prince of Wales who presided referred to his visit to Canada, and said the changes and immense development since were such that he should not know the country now. The services of the Canadian voyageurs on the Nile would never be forgotten.

Jesuits, Methodists, Presbyterians, Anglicans, Catholics, Baptists, Congregationalists and all other 'ists, throw aside their prejudices and mix up together when buying their clothing at the Army & Navy store. All are served alike, no matter what your creed, your color, your nationality, your trade or your size, you can be fitted at the Army & Navy stores. No man is too rich to buy at the Army & Navy. No man is so poor that he cannot get a suit at his price at the Army & Navy stores.

Those of the gentle sex who have experienced the pain and annoyance caused by excoriated nipples and inflamed breasts, can well appreciate the value of a remedy which removes the trouble. This is precisely what *Dr. Thomas' Eclectric Oil* does, besides curing, when used internally, asthma, croup and other maladies.

About Turpentine and Linseed Oil.

The greater part of the time of the County Court yesterday was taken up in the hearing of the case of A. G. Peuchen & Co., manufacturers of paints, oils and varnishes, against Sussman, Sons & Co. to recover $139.47, the difference between a purchase of turpentine by the defendants from the plaintiffs and of linseed oil by the plaintiffs from the defendants. The dispute arises chiefly out of different measurements by the parties. The case will be continued to-morrow.

Merrick v. Matthews (Dun, Wiman & Co.), a suit to recover a commission for securing subscribers to the Mercantile agency, was settled out of court.

Pimples, Boils,
And Carbuncles result from a debilitated, impoverished, or impure condition of the blood. Ayer's Sarsaparilla prevents and cures these eruptions and painful tumors, by removing their cause; the only effectual way of treating them.
Ayer's Sarsaparilla has prevented the usual course of Boils, which have pained and distressed me every season for several years.—Geo. Scales, Plainville, Mich.
I was badly troubled with Pimples on the face; also, with a discoloration of the skin, which showed itself in ugly dark patches. No external treatment did more than temporary good. Ayer's Sarsaparilla effected
A Perfect Cure,
and I have not been troubled since.—T. W. Boddy, River st., Lowell, Mass.
I was troubled with Boils, and my health was much impaired. I began using Ayer's Sarsaparilla, and, in due time, the eruptions all disappeared, and my health was completely restored.—John R. Elkins, Editor *Stanley Observer*, Albemarle, N. C.
I was troubled, for a long time, with a humor which appeared on my face in ugly Pimples and Blotches. Ayer's Sarsaparilla cured me. I consider it the best blood purifier in the world.—Charles H. Smith, North Craftsbury, Vt.
Ayer's Sarsaparilla
Is sold by all druggists and dealers in medicine. Ask for Ayer's Sarsaparilla, and do not be persuaded to take any other.
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Price $1; six bottles, $5.

GRATEFUL—COMFORTING.
EPPS'S COCOA.
BREAKFAST.
"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.
Made simply with boiling water or milk. Sold only in packets, by grocers, labelled thus:
