CONFIRMATION.

On last Sunday, after Morning Service, the Lord Bishop of Toronto held a confirmation in Trinity Church, King-street, when thirty-one persons received that sacred and holy ordinance of the Church, whereby they publicly bound themselves, of their own free will and record, to be the servants and soldiers of their Saviour unto their lives' end. The sight of so many young Christians taking upon themselves the promises and vows made for them by their godfathers and godmothers in their baptism, was truly imposing and gratifying. The serious and solemn feelings manifested by the candidates; the lively interest shown by an unusually large and respectable congregation;—prove how deeply-seated the sacred ordinances of our beloved Church are in the hearts and affections of her members. His Lordship preached an able and eloquent discourse, and his admonitory address to the newly confirmed was most feeling and touching. We have never upon any former occasion been more forcibly impressed with the appropriateness and beauty of this solemn and sacred rite; and we trust that the feelings produced on those present may never be obliterated.

The choir of Trinity Church executed the vocal parts of the service in a very efficient and admirable manner.

"TORONTO DAILY EXPRESS."

Under the above title, a daily newspaper has made its appearance in Toronto, of which we have much pleasure in recording our favourable opinion. It is of a respectable size, and is got up generally in a business like manner. The experiment is a bold one and is attended with no small difficulties, which we sincerely trust will be successfully grappled with, by the interprising projectors.

The Lord Bishop of Toronto intends (D. V.) to hold a Confirmation in St. John's Church, York Mills, on Sunday the 3rd day of March next.

SUBSCRIPTIONS
TO THE
CHURCH UNIVERSITY.

THE Churchmen of the Diocese of Toronto must bear in mind that we cannot, with any reasonable hope, make a successful appeal to our brethren in the Mother Country for assistance in establishing an University worthy of the pure Church to which we belong, till we can prove by our own exertions that we are in earnest.

Besides, therefore, signing the Petitions to the Queen and the two Houses of Parliament, it is hoped that the members of the Church will subscribe liberally in money and gifts of land as God has prospered them.

It is a glorious work, which ought not to be delayed; and a better investment for time and eternity it is impossible to conceive.

Treasurers:

The Honourable GEORGE CROOKSHANK,
The Honourable WILLIAM ALLAN,
The Honourable JAMES GORDON.

Banker:

THE BANK OF UPPER CANADA.

To be continued.

Notice.

Our Subscribers Eastward will shortly be called upon for their dues to THE CHURCH Newspaper, with which it is hoped they will be prepared. The great unavoidable expense of collecting by a travelling agent, will we trust induce all who are in arrears to be ready, so as to make it as little expensive as possible.

Communication.

[We deem it necessary to follow the example of the London Church periodicals, and to apprise our readers that we are not responsible for the opinions of our Correspondents.—ED. CHURCH.]

To the Editor of the Church.

SIR,—I have but a moment to send a memorandum. Having just seen the excellent petitions and subscription list brought to me by my Minister and Churchwarden,—an idea which may help my fellow Churchman has just struck me, by which many who may otherwise sorrowfully pass it by, will be able to do that which may prove of great benefit to the Institution, and meet the wishes of the well disposed to aid in so important a cause.

Let any who feel that at the present moment and perhaps for some years to come, they may not be able to pay a large amount, place any sum down they please and state in the proper column, "if not paid on demand, a mortgage on landed or household property will be given with interest, annually."

The advantage to be derived from this method will at once be seen to be that it affords to many an opportunity of shewing their zeal for the cause, in an easy way. The slight per centage on amount, that will be required for building and establishing the University will be light, and the balance will prove a secure endowment as safe as any in the Province. The trouble of collecting this annual interest throughout the country of course will be cheerfully borne by the ministers and Churchwardens of each Parish; Thus:—

A—— B—— £100
A small instalment on demand, for balance a Mortgage on property until redeemed.

This will give time, and entails (in case of being unpaid at decease) on our immediate descendants a direct interest in that which we pray will prove of vital interest to their future welfare. Yours obedient,

Lake Erie. A SUBSCRIBER.

CANADA.

DIOCESE OF TORONTO.

PAROCHIAL ASSOCIATION OF ST. PHILIP'S CHURCH, WESTON, IN CONNECTION WITH THE CHURCH SOCIETY OF THE DIOCESE OF TORONTO.

The first Annual Meeting of this Association was holden at Weston, on Thursday, the 21st of February, instant.

The appointed prayers having been offered, the Chair was taken at half-past seven o'clock by the Rev. H. C. Cooper, who read a brief report, shewing the number of members, and the amount of funds collected for the past year.

Several Resolutions were then passed, among which were the following:—

Moved by the Rev. T. P. MEYERHOFFER, seconded by Mr. J. HETHERINGTON, and

Resolved,—That this meeting sees much reason to be thankful to Almighty God for the degree of success which has attended the formation of this branch of the Church Society.

The mover spoke at some length, urging with much force and warmth the necessity which lay upon every Churchman to give of his worldly portion for the service of God—to give systematically; he instanced the cases of spiritual destitution and religious privation which had fallen under his notice in the course of a long extended ministry in the Province; and remarked upon the blessings which seemed to rest upon the labours of men, when they were willing to offer the first fruits of their gatherings to the glory of God. He spoke also of the great extent of country over which the labours of individual clergymen were necessarily spread, and the hardships they had to undergo, while their numbers were so disproportionate to the number of souls needing their ministrations.

It was moved by Mr. ROBERT COOPER, seconded by Mr WM. BELLAS, and

Resolved,—That this meeting responds most willingly to the call of our venerable Diocesan in his late Pastoral Letter, on the subject of a Church University, esteeming it an undoubted duty on the part of the members of the Church, to forward, by every means in their power, the establishment of a collegiate institution, in which religious education and the worship of God shall be duly cared for, under the superintendence of the Bishop and Clergy of the Church.

The mover adverted briefly to the many good and Christian objects of the Church Society—the great want of Clergymen to supply the ministrations of religion in the new settlements of the Province, and the increasing necessity, for fresh exertions on the part of Churchmen. He then brought forward, as falling legitimately under the second specified object of the Society—namely "Religious Education,"—the subject of the University and the Bishop's Pastoral Letter: showing how utterly opposed to the intention and meaning of the original Charter and the Act of 1837, the late University Act was, by reason of its destroying, by the express words of its enactments, all vestiges of religious worship and Christian instruction, and forbidding such things to be named within its walls, notwithstanding the endowment had been emphatically set apart and the Charters granted, for the express purpose, among other things, of affording the blessing of the "education of youth in the principles of the Christian Religion."

After several other resolutions had been passed, the Chairman read to the meeting the Petitions to the three estates of the realm, on the subject of the University which were signed by all the heads of families present; and the meeting was then closed with the Prayers appointed for the purpose.

It is gratifying to find, that the several branches of the Church Society, appear inclined to second the movement of the Venerable Bishop, in the all-important matter of the proposed University.

ARRIVAL OF THE STEAMER AMERICA.

New York, Feb 25.

The steamer *America* arrived at Halifax on Saturday night with advices from Liverpool to the 9th inst. Breadstuffs were much depressed. Corn had declined 6d.; yellow, 1s. 6d. Flour dull, and good brands are 1s. to 1s. 6d. lower, with downward tendency.

The frost had disappeared, and continental ports were shipping. Money market depressed; accounts from the manufacturing districts are favourable. Cotton remains without change, with sales during the two weeks of 92,300 bales. The bullion in the Bank had decreased.—American securities in request.

The British Parliament was opened on the 31st ult. The Queen's speech was favourably received.

Lord Dudley Stuart, in the House of Commons, moved for various papers relating to the demand of Russian expatriation of the Hungarian refugees from Turkey, the Hungarian war, the capture of the Principalities of the Danube by Russian troops, &c. After a debate, the motion was adopted.

The new Navigation Law is working well.

Another expedition in search of Sir John Franklin has been resolved on.

Ireland remains as disturbed as ever.

FRANCE.—On and since Monday, Paris has been in a state of siege, in consequence of a series of disturbances created by a mob of the Rue St. Martin and the Rue St. Antoine, where the police came and cut down some trees of liberty which were planted after the Revolution. During the disturbances, seven men were wounded. One hundred thousand men were under arms on Monday.

An attempt is soon to be made by rival factions to amend the constitution. The advices from Paris on Thursday night, the 7th inst., says that the city was quiet.

PRUSSIA.—All the articles of the proposed constitution, except the one making ministers responsible to the King, have been agreed on by the Chambers, and the King takes a solemn oath to the constitution on the 6th.

RUSSIA.—Accounts from the Dardanelles state that the Circassians have gained some advantages over the Russians on the Orfa. The Russians had been compelled to retreat with great loss.

TURKEY.—The escape of Madame Kossuth, and the fact of her having joined her exiled husband, are confirmed. The extradition question is nearly settled.

GREECE.—Advices from Athens to the 16th and 19th ult. inclusive state that a serious rupture had taken place between the English and Greek Governments, and that a total suspension of relations had been the result. It appears that some old claims upon the old government remained unsettled, and also in reference to some islands belonging to the Ionian group, which were usurped by the Greek government.

SWITZERLAND.—A joint note from Austria and Prussia has been addressed to the French cabinet, calling on the government to assist in obliging Switzerland to expel the revolutionary leaders who are there sheltered. Should France refuse, these governments are determined on compelling the Swiss government to accede to their demands, even by an armed intervention.

Some of the German papers publish a letter, which contains the following:—"I can give you important news. The Pope has come to an arrangement with the [Roman] Catholic Powers relative to the constitution. The States are to be divided into four legations, each of which will have at its head a Cardinal as political chief. A member of the Sacred College is to be President of the Council of Ministers, with the title of Cardinal Secretary of State."

From our English Files.

A vegetarian eating-house has been established in Manchester, under the auspices of Mr. Brotherton, M.P. A vegetarian banquet was given on the occasion.

It is estimated that the naval claimants for the war medals exceed 17,000, and the cost of the medal is about 18s. 6d.

On the 4th of February the costly furniture belonging to the late Queen Dowager, at Marlborough House, will be sold by auction.

A beggar was captured in the streets of Paris last week who had in his possession property to the amount of £15,000. He was a Hungarian.

Some time since, a person who had paid a visit to a lunatic Asylum in Cornwall, said to one of the inmates, whom he knew, "Why, Richard, your head is getting grey." It is only blossoming for the next world," was the beautiful reply.

Mr. Thomas Randel, who steered the Victory during the battle of Trafalgar, on the 21st of October, 1805, in which Lord Nelson fell, is living on the Strand, at Topsham, in Devonshire, and has lately received a medal for that action.

It is stated that Mr. James L. O'Ferral, brother of the Governor of Malta, has been appointed the second salaried Commissioner of the Nation Board of Education. The salary of each of the resident Commissioners is £1000 per annum.

A duel lately occurred at Madrid between two young ladies. One was ultimately shot in the leg; and the combat ceased *pro tem.* Finally, a reconciliation was effected by the gallant senora whose charms had evoked the apple of discord.

The Paris correspondent of the *Literary Gazette* states, that a professional lithographer of that city has discovered a method of reproducing, by mechanical means, aquarelless or designs, with the greatest exactitude, and with the preservation of the colours in all the freshness of the original. It is, in fact, stated that the copies are not easily distinguished from the originals.

The Manchester *Guardian* states that Dr. Wilberforce, Bishop of Oxford, has been appointed tutor to His Royal Highness, the Prince of Wales.

RENUNCIATION OF POPERY.—On Christmas-day, Mr. Thomas O'Reilly, late a student of Maynooth College, abjured the errors of Popery in St. Thomas's Church, Dublin, under the spiritual direction of the Rev. Thomas Scott, and has been taken into connection with the Priests' Protection Society for Ireland.

REFUSAL TO RECEIVE CONVICTS AT MELBOURNE, PORT PHILLIP.—We have, through the kindness of a gentleman in town, been put in possession of a letter which he has just received from Melbourne, Port Phillip, dated the 17th of August, which says:—"The other day a vessel arrived at our port with 300 convicts on board. They were not allowed to land, but were sent off to Sydney. There is to be another great anti-transportation meeting held in the theatre here on Monday next."—*Scotsman.*

DEATH OF LIEUTENANT WAGHORN, R. N.—We regret to announce the sudden and unexpected death of the gallant pioneer of the overland route, at his residence, Golden Square, Pentonville, on Tuesday, in the 49th year of his age. Mr. Waghorn had returned only on Christmas day from Malta, where he had been residing a short time for the benefit of his health, which had been considerably impaired by anxiety of mind, arising, chiefly from pecuniary engagements, contracted in his prosecution of the Trieste experiments in 1846, and which liabilities the devotion of all his means and the sacrifice of his entire property were inadequate to liquidate. Independent of the main incidents of his history in connexion with the Indian overland enterprise, which has immortalized his name as one of the greatest practical benefactors of the age, his career had been a most extraordinary one, full of the strangest vicissitudes, and abounding in evidences of character in every way worthy of enduring commemoration. Of the pension lately awarded him by Government he lived to receive only one quarter's payment, but we make no doubt that the same considerate feeling which originally prompted that grant to so eminent a public servant will suggest the propriety of its continuance to his widow, whose now straitened circumstances are principally attributed to her husband's high-minded endeavours to discharge, in his private capacity, obligations incurred on the faith of what he believed to be a permanent retention of his services by the Executive and on behalf of the community. His death was occasioned not so much by any specific disorder as by the general break-up of the system, though the wreck of his iron constitution, and his irrepressible energy, offered no great resistance to the inroads of debility that it was thought to the last he would rally, and his dissolution was attended with great pain and suffering.

Colonial.

ST. JAMES'S BURIAL GROUND.—At a meeting held in the City Hall on Saturday last the following resolution was adopted:—

Moved by the Hon Henry Sherwood, seconded by Geo. Duggan, jun., Esq., and

Resolved—"That George Monro, Angus Bethune, Wm. Wakefield, George Duggan, Alexander Burnside, George T. Denison, and Thomas Bronskill, Esquires, be a Committee to take the necessary measures, through the Rector and Churchwardens of St. James's Church, (or otherwise if necessary,) to obtain an early meeting of the Vestry of that Church, to reconsider the proceedings of the last meeting relative to the re-building of the Parish Church of St. James, in connection with the determination to lease the consecrated ground of the said Church; and in the event of non compliance with the request of the said Committee, then that the said Committee, as members of the Vestry of St. James's Church, do convene a meeting thereof in pursuance to the Church Temporalities Act."

Dr. Scott, son-in-law of Mr. Rosal, has been appointed Medical Superintendent of the Asylum.

STAGE ACCIDENT.—The Kingston Stage, which ought to have arrived here about nine o'clock on Sunday night, was upset a quarter of a mile at this side of Duffin's Creek, and one of the passengers, we understand was badly hurt. The upset which delayed the arrival of the stage here until near 11 o'clock, P. M., is said, by some, to have been caused by the badness of the road; others of the passengers attribute the accident to the carelessness of the driver.—*Colonist.*

MECHANICS INSTITUTE.—On Friday evening last, we had the pleasure of hearing a lecture, delivered by Professor Croft, in the Mechanics' Institute, in this city, on the *manufacture and nature of gas.* Shortly after 8 o'clock the learned Lecturer entered the room, and when the greeting with which he was received was over, he commenced his lecture, which was really interesting and instructive; and in the delivery of which, he showed great research and a perfect knowledge of the subject. In order to illustrate the subject, and to render it intelligible to all, the Professor made some very beautiful chemical experiments.—*Colonist.*

POST OFFICE ARRANGEMENTS.—PAPERS BY THE UNITED STATES.—We have been requested to direct the attention of the public, to the postal arrangement between Great Britain and the United States, in reference to newspapers. All papers sent through the United States Post Office, for Great Britain or Ireland, must be pre-paid 2cents. Many papers from Canada, for England, Scotland and Ireland, have been detained at Lewiston, N.Y., in consequence of the requisite pre-payment of postage, not having been made. The above does not apply to papers from Canada, sent by the regular mail via Montreal, as they need not be prepaid.—*Colonist.*

The Provincial Parliament of Canada is prorogued to the 3rd of April, but not then to meet for the despatch of business. The beginning of April would be an appropriate time, for the Houses to assemble, at the call of their masters.

We regret to state that Mr. Attorney General Baldwin is still in bad health, and so unfit for business that his friends are anxious that he should retire from public life. We are also sorry to state that Mr. Chancellor Blake, has had another severe attack of illness. We are happy to say that he is recovering.—*Colonist.*

FIRE.—On Monday the 15th, during the highest of the gale and snow storm, about midday, the Tavern of Richard Jones, in the 7th Concession of Pickering, was totally destroyed by Fire. As far as we have been informed the fire was purely accidental, and caused probably by a spark from the kitchen fire which had been made up for cooking the ordinary dinner of the house. Fortunately there were four or five men in the house at the time, as otherwise from the extreme rapidity of the fire in consequence of the violent wind, the children's lives would have been seriously endangered; as it was, Mrs Jones's arm and the faces of two of the children were severely frost-bitten before they could be placed in safety. The building and contents are, to about half their value, covered by Insurance—£100 being in the Mutual Branch of our new Insurance office, that of the Provincial Mutual and General Insurance Company. This is the first loss this Company has had.—*Patriot.*

SHERIFF RUTTAN'S PATENT CANADIAN VENTILATOR.—On Tuesday last, we paid a visit to St. George's Church for the purpose of personally inspecting the operation of Sheriff Ruttan's "Patent Canadian Ventilator," for warming and ventilating buildings, and, as far as we can judge, it appeared to be most satisfactory; and we understand that it is also approved of by the Churchwardens, as having answered the purposes for which it was intended, namely, warming and ventilating the Church,—which could not be done by any other method, as we stated some time previously. The system appears to be very simple in its operation; assuming that the air in the Church has a tendency to escape, which is the case in an ordinary dwelling-house, as may be observed by the draught of the chimnies, and that the external air is drawn in to supply the vacuum created, every building may be ventilated by reducing the above effects to a regular system, which Mr. Ruttan appears, in our opinion, to have fully accomplished. The mode of warming and ventilating St. George's Church is as follows:—Two ventilators are placed in the north-west and south-west angles of the church, over an opening of five feet superficial in extent which is also provided with a slide to diminish the extent of the opening, if required. The air thus admitted, which amounts to about *two thousand five hundred cubic feet per minute*, passes over the the iron-work which contains the fuel, and inside of a tin casing, and as heated air has a tendency to rise, it ascends to the ceiling, and according as the air escapes, by means of gratings in the floor of the church, the warm air fills the building. Thus the bad or expired air which is heavier than pure air, is drawn off, together with the dust, insensible perspiration, and other exhalations consequent on a large assemblage of persons. This contaminated or expired air sweeps under the floor, and is drawn of by four air ducts, which terminate in the steeple. This is all the explanation we can offer, without entering into a strictly scientific description. We need only remark further that the above description is borne out by *factor* and we would recommend the public to judge for themselves by a public inspection, as we have done. The use of Mr. Ruttan's patent will promote economy, health and comfort, and it is alike applicable to large public buildings and private dwellings. It has already been introduced with advantage into several dwellings in the province, as well as public edifices, and fully answers the most sanguine expectations of the parties. It insures pure air and a regular supply of heat in the apartments, while the amount of fuel consumed is at least one half less than would be required by the ordinary process of heating by stoves or open fire-places. The Commissioners of the Provincial Lunatic Asylum should direct their attention to this subject with the view of introducing Mr. Ruttan's patent into that building, where it is of the greatest importance to apply proper ventilation.—*Colonist.*

London District.

The inhabitants of London, C. W., of Woodstock, of Brantford, of Chatham, &c., are greatly in favour of the construction of the Niagara and Detroit Rivers Railroad. At a meeting lately held in London, C. W., it was resolved, among other resolutions, "That Parliament be applied to at the coming session, to introduce into the charter of each railroad company such power as will enable all municipalities within the province to take stock therein." The inhabitants of Detroit are also much in favour of this Railroad. The inhabitants of Hamilton however are opposed to it. They are in favour of the Great Western Line.

Newcastle District.

BENEFIT CONCERT.—On Thursday evening last, *Herr Jung*, assisted by some of his pupils and other musical amateurs of this town, gave a Concert of Vocal and Instrumental music, at Hastings' North American Hotel, being for the purpose of raising a fund towards the repairing and tuning the organ of St. John's Church, Port Hope. The performances were in general very good." We were much pleased with the Duet, entitled "Tyrolese Melodies" which was well sung with accompaniments on two Guitars, by Mr. Jung and one of his pupils, a young gentleman of this place. The Duet, "O dolce" with variations was given on the Piano Forte, in the best and most finished style by two young ladies also pupils of Mr. Jung, who indeed deservedly received the rapturous applause of their delighted auditors. We must not omit mentioning the effective and brilliant manner in which the song, with the words "The flag that's braved a thousand years" was sung by a gentleman amateur, and most ably accompanied by Mr. Jung on the Piano Forte.—We rarely happen to hear such good singing and excellent performances on the Piano Forte, as we had the pleasure of listening to on that occasion. In short all went off extremely well, and we have only to regret that so comparatively few of our towns-folks attended. Perhaps the threatening and unfavourable state of the weather prevented many of them from enjoying a rich musical treat, which afforded great pleasure to those that were present; and who all seemed to be delighted with the performances throughout. From what we have heard and know of Mr. Jung's eminent acquirements, and skill, and success in teaching the use of the Piano Forte and Guitar, we would most heartily recommend that all those feeling desirous of learning to play on these instruments with taste and effect, should by no means neglect receiving his skilful and valuable instructions; as such a favourable opportunity may not soon occur again.—*Port Hope Watchman.*

Johnstown District.

THE ORANGEMEN AND ANNEXATION.—At the Annual County Meeting of "the Loyal Orange Institution," of the County of Grenville, in the Johnstown District, which was held at the Victoria Hotel, in Prescott, on the 4th instant, the two following resolutions were unanimously adopted:—

Resolved,—That this meeting as a County Lodge, are unanimously averse to Annexation—and that they deem it their bounden duty—both to God and their Sovereign Queen to discountenance it—and all—who promulgate such alienation from our glorious constitution.

Resolved 2nd,—That this meeting do view with regret and alarm the continuance of Lord Elgin as Governor of Canada, inasmuch as "his acts"—and the "acts" of his "Ministry" have alienated the fidelity of many faithful subjects from their Sovereign—and which if persevered in (it is to be feared) will blot for ever—from among her wide spread "Dominions"—the name of Canada.

From the Brockville *Statesman* of the 20th instant we have learned the above.

The Brockville *Recorder* says that an Irishman and his wife, who reside near Kilmarnock Post Office, on the Rathurst side of the Rideau River, had a little child in a very sickly state, its arms and legs being mere skin and bone, while its belly was large and protruding, which led them to suppose that the child was not their child, but a *fairy* child left to them by *faeries* in place of their own, and, in consequence, they wickedly resolved to throw the helpless infant out of their house. To accomplish this purpose, therefore, in accordance with the fashion of witches they procured a shovel, upon which they placed the little child and put it out of the house on a dunghill, hoping that the fairies would come and take it away and restore them their own; but in a very short time the poor sufferer was killed by the cold. The *Recorder*, we regret, has not published the names of the unnatural monsters concerned in this tragedy, nor does it say whether an inquest was held on the body of the child or not. Surely such a diabolical affair should be inquired into, and, if found to have really occurred, the guilty authors of it should be immediately brought to justice and punished as all murderers ought to be.

Canada East.

The Quebec Board of Trade have deputed Wm. Stevenson, and J. Forsyth, Esquires, to proceed to Washington, in relation to the Reciprocity Bill. They left town last week.

GASPE STATISTICS.—The number of vessels arrived at Gaspe during the year 1849, 113; in 1848, 92; an increase on the year of 21 vessels. The value of the exports from the district during 1848 was £31,880, of imports £32,286 9s. 3d; the amount of duties collected £2,052 8s. 0d.

TUITION.

A GENTLEMAN from England of Classical attainments and experience in Tuition, wishes for an engagement as Teacher to a Family; or he would be willing to commence a select School in any locality where the patronage of a few families could be obtained.

Respectable Testimonials could be shown as to character and qualification. Address (post paid) L. L., Church Society's House King Street West, Toronto.

February, 27th, 1850. 31-tf

For Sale or Exchange.

A CAPITAL STONE MANSION, with Forty-three Acres of fine Land—a good Orchard of Five Acres of choice Trees. The land is beautifully watered, and in a remarkably picturesque situation.

The House is within half a mile of Christ Church, Scarboro', and about a quarter of a mile from the Post Office, from which there is a daily mail both to Toronto and Montreal. It is within a pleasant drive from Toronto, being only Eleven-and-a-half Miles from the City Hall.

The whole property will be sold on very terms of payment, or exchanged for a good House and Grounds within four miles of the city.

For further particulars enquire of Thomas Cameron, Esq., No. 8, King Street West, Toronto.

February 27th, 1850. 31-6in

MEDICAL PROFESSION.

A HOUSE TO LET.

A COMMODIOUS DWELLING HOUSE, with Pump, Stable and other out Offices, Garden and small Orchard of choice Fruit Trees; and immediate possession given.

The locality being in the centre of a populous neighbourhood, renders it a desirable residence, and there is a fair opening for a Medical Practitioner of reasonable importance. Apply at this Office.

Toronto, February 20th, 1850. 30-

BLACK LACE VAIL,

LEFT in the CHURCH OF THE HOLY TRINITY, Yonge Street, Toronto—a few Sundays ago a Black Lace Vail—the owner may have it by applying at this Office, 7, King Street West.

Toronto, February 20th, 1850. 30 3in

NOTICE.

A BAZAAR will be held at VIENNA, County of Middlesex, Canada West, in the month of JUNE next, (D. V.) for the purpose of defraying the balance due on the debt incurred in the building of ST. LUKE'S CHURCH, about Fifty Pounds Currency. The surplus proceeds (if any) to be applied towards the purchase of a Harmonium, Font, and Lamps.

A Sunday School Festival will also be held at the same time.

Lady Patroness:

MRS. W. H. DRAPER, TORONTO.

Committee of Management:

MRS. READ, | MRS. J. W. WRONG,
MRS. DRAPER, | MISS M. A. MCKINNON
MRS. GARNEY, *Treasurer.*

MRS. SATON, and MRS. W. B. WRONG, *Secretaries.*

The Church has been built and Bell purchased at an expense of Four Hundred and Fifty Pounds Currency, chiefly by the exertions of resident Churchmen. Upwards of Sixty Scholars are now enrolled in the Sunday School established in connexion with the Church, and requiring weekly instruction.

Contributions to the award left at the Office of The Church Society, King Street West, Toronto, care of Thomas Cameron, Esq., or to Mrs. Wrong, before the 1st of June next, will be thankfully received and acknowledged by the Committee.

King's College, Toronto.

University, Upper Canada College, and District Scholarships;

Established by the College Council, October 1846.

AT an *EXAMINATION*, held on October 17th, 18th, 19th and 20th, 1849, the following Candidates were elected Scholars:

Names.	Scholarships.	Where educated.
1. Moncrieff, (J. T.)	University Classical.	U. C. College.
2. Maynard, (Wm.)	University Mathematical.	Johnston's Dist Grammar School.
3. Cousins, (R. M.)	Home District.	Brockville. Home Dist Gram. School, Toronto

SUBJECTS OF EXAMINATION FOR 1850.

Homer, Iliad Bb. I. and VI. — Odyssey, B. IX.. Xenophon, Anabasis, B. I. Lucian, Vita, Charon and Timon. Virgil, Eneid, Bb. II. and VI. Sallust, Bell Catilin. Horace, Odes, B. I. Ovid, Fasti, B. I. Translation into Latin Verse and Prose. Arithmetic. Euclid, Bb. I. II. III. IV. Def. V and B. VI. Algebra, to Quadratic Equations inclusive.

The number of vacancies in 1850 will be twenty-four—one for each District, two for U. C. College and two for the University. The U. C. College and District Scholars are entitled to exemption from all Dues and Fees during three years from the date of their election, the University Scholars enjoy, in addition to the above, the privilege of rooms and commons without charge, or in lieu thereof, an allowance for Board and Lodging during the same period. The only qualifications for election are stated in the subjoined extract from the regulations:—

"4. Candidates for the District Scholarships to be required to produce certificates of the residence of their parents or guardians in their respective districts during the year previous to the Examination—of their having themselves received instruction within the district whose scholarship they desire to obtain, during the same period; and of good conduct, signed by the Principal, Head Master, or Tutor under whose charge they have been. The Candidates for the Upper Canada College Scholarships, to be required to produce certificates of attendance at that institution during the year previous to the Examination, and of good conduct, signed by the Principal. The above certificates to be lodged with the Registrar at least one fortnight before the day of Examination."

"9. No Candidate to be elected a scholar, unless he shall have been placed in the first class in one department (either Classics or Mathematics,) and not lower than the fourth class in the other (either Mathematics or Classics.)"

HENRY BOYS, M. D.,
Registrar, K. C.

TUITION.

THE REV. J. G. D. MACKENZIE, B.A. Incumbent of St. Paul's Church in this City, will re-open his PRIVATE SCHOOL on Saturday, the 5th January next.

His School is conducted on Church principles. Whilst every effort is made to teach the usual branches of secular education on a sound and accurate system, the Pupils are diligently trained in "the Churchman's faith and practice."

Terms per Quarter:

	£	s.	d.
The ordinary branches of an English Education and the Mathematics	3	10	0
The same, with the Greek and Latin Classics, ...	3	0	0
The French Language, (extra)	1	0	0
Boarding (washing included)	9	10	0

In the department of the French Language, Mr. McKENZIE is secured the efficient service of Mons. HYACINTHE.

Hours of Instruction, 9, A.M., to 2, P.M., five days in the week.

VACATION.—Ten days at Christmas, a week at Easter, a week at Whitsuntide, five weeks at Midsummer, with a few occasional Holidays.

It is expected that the Dues will be paid in advance, or during the current Quarter.

His Lordship the Bishop of Toronto has kindly consented to be Visitor of the School.

The Bishop of Yorkville is situated in the distance of about one mile and a half from the Jail Hill, and is considered to be a very healthy and pleasant locality.

Toronto, December 28th, 1849. 22-tf

ST. JAMES'S CHURCH.

THE Undersigned beg respectfully to acquaint those parties who may have removals to make from that portion of the Church Yard of St. James's Church, about to be appropriated for the site of the new Church that such portion have marked out by Stakes, a Plan whereof can be seen on application to the undersigned.

The removals are requested to be made with as little delay as possible.

(By order and in pursuance of the resolution of the Vestry.)

THOMAS D. HARRIS,
LEWIS MOFFATT,
Churchwardens St. James.

Toronto, February 2, 1850. 26-tf

ST. JAMES'S CHURCH.
