The mysterious stranger.

Send for copy; only a few left. 25c silver or Postal Order, Address Box 75, St. John, West.

45 Successful Years,—the Last Year the Best of the 45

Thoroughness and progressiveness have always been the dominating ideas in the management of this college; showiness and superficiality the rocks to be avoided. Our reward has been ample and satisfying. St. John's cool summer weather makes study during the warmest months just as pleasant as at any other time. Students can enter at any time.

S. KERR, Principal

The Oxygenor King

NATURE'S LIFE FORCE

Cures Your Ills

No Doctors — No Drugs

Oxygen (or Ozone) sustains life, prevents disease, maintains health. The "Perfected Oxygenor King" is a scientific device based on natural laws. Ill health is due to the devitalization of the blood—the absence of a sufficient amount of oxygen. The Oxygenor supplies this vitalizing element to the blood, which feeds every organ of the body—invigorates the system. Almost every curable ailment in every place yields to its effective power.

The Oxygenor will cure or give Heart, Liver, Kidney, Bladder and Stomach Diseases, Nervousness, Sleeplessness, Nerve Exhaustion, Brain Fag, General Debility, Female Ills, Backache, Colds, Rheumatism, Neuralgia, Blood Impurities, Catarrh, Dyspepsia, Constipation, Nervous Dyspepsia, etc. In the treatment of Tuberculosis the Oxygenor has been wonderfully effective. Simply applied, soothing, delightful, refreshing.

Give us an opportunity to demonstrate on your own person or on any member of your family the marvelous results of our Oxygenor treatment.

Send 2c. stamp for our free 68 page "Journal of Health" illustrated. Gives full explanation. Protected "Oxygenor King" Patented.

Beware of Imitations

Rockland, Me, July 3—Sld, schr Lena White, Waterside (NB).

Salem, July 3—Ard, schr Romeo, St John for Pawtucket.

WEAK, TIRED PEOPLE

Are Usually the Victims of Pale Watery Blood

Anaemia is the medical term for poor or watery blood. It may arise from a variety of causes, such as lack of exercise, hard study, improperly ventilated rooms or workshops, imperfect assimilation of food, etc. The chief symptoms are extreme pallor of the face, lips and gums; rapid breathing and palpitation of the heart after slight exertion; headaches, dizziness, sometimes fainting spells and a tendency to hysterics, swelling of the feet and limbs, a feeling of constant tiredness and a distaste for food. Dr. Williams' Pink Pills are a certain cure for anaemia, because they make new, rich blood, which stimulates and strengthens every organ and every part of the body. The following is one among thousands of cases of this serious trouble cured by the use of Dr. Williams' Pink Pills. Miss Georgina Raymond, St. Jerome, Que., says: "About a year ago my health began to give out. I suffered from headaches, heart palpitation, dizziness and appeared to be threatened with a general breakdown. I was at this time employed in the family of a doctor, who, seeing my condition, gave me medicine. I took this faithfully for some time, but with no benefit, and I grew much discouraged. Then a friend advised me to try Dr. Williams' Pink Pills, saying that she had found a cure through them in similar conditions. I took her advice, got a supply of the pills and took them regularly for some time. Gradually I became strong and in the course of a month or so I was again enjoying the best of health, and have not since had the least return of the old symptoms. I can heartily recommend Dr. Williams' Pink Pills to all weak girls."

Sold by all medicine dealers at 50 cents a box or six boxes for $2.50, or sent by mail, post paid, by The Dr. Williams' Medicine Co.

The death took place at 70 Cedar avenue, Montreal, on Saturday morning, of W. O. Stewart. He was eighty-three years of age and was widely known in the eastern provinces and had a large circle of friends in St. John. His family resides in Montreal. The children are T. McA. Stewart, of Montreal; Rev. Westra Stewart, of Philadelphia, but formerly curate at Trinity church, St. John, and Percy Stewart, manager of a trust company, Montreal; and the Misses Isabelle, Louise and Mildred at home. The funeral will take place at Hampton on Tuesday immediately after the arrival of the C. P. R. express.

MARRIAGES

FOLEY-HENDERSON—At the Church of the Sacret Heart, Waterville, Maine, on June 19, by the Rev. Father James E. Kealy, Nellie Foley, of West St. John, to Robert Henderson, of Boston.

RUSHING WORK ON PAVILIONS AT RIVER GLADE

Dr. Townsend and Dr. McAvenney Report to Government—Mr. Wilmot's Successor Appointed—W. Percy Thomson Here on Immigration Business.

Saturday, July 6.

The provincial government, at its meeting yesterday afternoon, finished up about all the business on hand. Of several appointments to be made, but one was decided upon at yesterday afternoon's meeting. James Gilchrist, of Bloomfield, Kings county, who with L. I. Flower, of McDonalds Corner, was mentioned as successor to Mr. Wilmot, provincial immigration agent, was appointed to fill the vacancy.

Premier Flemming announced after the meeting that no appointment had been made to fill the vacancy on the Public Utilities Commission, caused by the election of O. M. Melanson to the legislature. The premier also said that the members of the Farm Settlement Board which was created as the result of the government's ready-made farm scheme, had not been appointed. Appointments in connection with both, however, would be made at the next meeting of the government.

Hon. Mr. Flemming and Hon. Dr. Landry also had a conference with Dr. McAvenney and Dr. Townsend, the superintendent of the Jordan Memorial Sanitarium for tuberculosis, at River Glade. Dr. Townsend reported that one of the pavilions had been completed, the foundation for the second had been laid, and that work on the third pavillion would be started at once. It was decided to have a meeting of the sanitarium commission with the premier and members of the government at River Glade on the 13th inst., when it is expected that Mrs. J. C. Jordan will be present.

W. Percy Thomson, Norton Griffiths' immigration commissioner, in company with W. W. Hubbard, commissioner for agriculture, had a conference with Mr. Flemming in connection with the plans to bring English farmers to New Brunswick. The intention is to set aside certain sections of land for the purpose of making a beginning and Mr. Flemming will accompany Mr. Thomson to the Blue Bell and other districts in order that the Norton Griffiths man may see the country for himself. He will then be in a position to go back to the old country and speak of conditions as he found them. It is hoped in this way to get a part of the country settled at once by a good class of English farmers. The premier said that in his conversation with Norton Griffiths when he was here, the head of the big contracting firm was enthusiastic over the proposal and desired to send a batch of farmers here by June; in fact, just as soon as farms could be made ready for them.

It is understood that among those spoken of in connection with the Farm Settlement Board is J. P. Mosher, of St. Martins, who has twice been an unsuccessful candidate in the Conservative interests in St. John county.

CHATHAM IS READY FOR OLD HOME WEEK

Three Bands to Be On Hand and Many Other Features Are Included--Fireworks and Prizes--Preacher Tells of His Experiences in the West.

Chatham, N. B., July 7—A large audience gathered in St. Andrew's church to hear Dr. Pringle address the closing meeting of the Presbytery. Dr. Pringle gave an exceedingly interesting talk, saying that it was just thirty-four years since he had last been to St. Andrew's church, and then as a candidate to the ministry. He then proceeded to tell of his work in the far west, showing how men will come to hear religion if they get something to help them, and not as is too often the case, to have some problems thrown at them when they already have too many to trouble them. Dr. Pringle related anecdote after anecdote from his experiences in the west in a very interesting way, holding his audience for an hour and a half and giving them an insight into the way that religion acts with men. His address marked the close of the Presbyterial at which about seventy-five delegates attended, and which seemed to have been highly successful in every way.

Old Home Week.

The preparations for the old home week celebration are now so advanced and definite that there is no longer any doubt but that July 8, 9 and 10, Monday, Tuesday and Wednesday, of this week, will be the greatest in the history of Chatham. Practically every attraction is now assured on a large scale, and the thorough advertising campaign that has been carried on through the country as well as to points as far distant as Vancouver, ensures there being a record crowd on hand to enjoy the entertainment provided.

Three bands from Chatham and Newcastle will be on hand for the celebration. The sports are assured as they are under a capable committee of the M. A. E. A., and will be well conducted. The Socials, the star baseball team of the Nova Scotia league, will cross bats with the Chatham stars on Tuesday afternoon, and the locals who were able to defeat the Crack St. Peter's team will have the assistance of one of the best pitchers in the New Brunswick league for the game. The parade will be one of the big features of the time, and promises to be a record breaker. In addition to many automobiles there will be floats from O'Leary and Montgomery, the Miramichi Foundry, two from the Snowball Co., one from the W. S. Loggie Co., B. M. Moran, A. C. McLean, and probably a log cabin float provided by John Vanderbeck, a guide's outfit by Manderville Bros., a cowboy outfit by John Hare, and some other floats by local firms, and possibly from Newcastle as well. In the parade there will also be the bands, the firemen, and the militia, so that it will be a sight well worth coming many miles to see. The polymorphian features are expected to be very funny, and among the floats will be one made up by John A. Buckley and friends entitled the Backwards. There will be fireworks and excursions on the river steamers, and the $60.00 hung out in prizes for the tugs of war is bringing out a large number of entries for this popular sport.

I. C. R. STATION AT MILLERTON ROBBED AND SET FIRE TO

Burglars Got Away With $350—Miramichi Presbyterial in Annual Session.

Chatham, N. B., July 5—Some time last evening some one broke into the I. C. R. station at Millerton, robbed the safe of something more than $350.00 set fire to the station and made a clean get away.

The interior of the building was gutted pretty badly by the fire before it was extinguished. I. C. R. detectives from Moncton have been put on the case and the police in the surrounding districts have been warned to keep a lookout for suspicious characters. No further details are obtainable yet but it is thought that the robbers must have been pretty well acquainted with conditions around the station.

The opening meeting of the Miramichi Presbyterial which is being held this year in Chatham and attended by about seventy-five delegates took place last night in St. Andrews Hall and many gathered despite the warm weather. Rev. George Wood was chairman and welcomed the delegates to Chatham and introduced Rev. Mr. Label of Point Escuminac who spoke very earnestly and instructively of the work in connection with French evangelization in New Brunswick.

He was followed by Mrs. Carr Harris of Bathurst who gave an inspiring and interesting address on the work in the foreign fields. Business sessions are being held today and will be tonight in St. Andrew's church. Rev. Doctor Pringle will give an address on some phase of his work in the Yukon.

NEW BRUNSWICK'S SMALL FRUIT INDUSTRY

An Open Letter to the Small Fruit Growers of New Brunswick.

To the Editor of The Telegraph.

Sir,—No province in our dominion is better adapted for the growing of small fruits than New Brunswick. Our bright sunshine and other climatic conditions not only puts a sprightly flavor in our fruits, but under a good system of cultivation we grow them sufficiently large and attractive to make them sought after in any market on which they may be placed. The area on which they may be grown in the province is very wide and ample. Our provincial markets take a very large proportion of the small fruits grown and when this demand is met we have the open markets of Halifax, Montreal, Toronto, Quebec and other Canadian cities, as well as those of the United States when their berries are out of the market.

My purpose in this letter is to deal entirely with the market end of the business, hoping that the information it may contain will help all who are interested in its success.

First as to size of package or box: The Fruit Marks Act and fruit packages, as amended in 1907-8, and revised in 1910, requires that the standard berry box shall hold at least four-fifths of an imperial quart, which is practically a wine quart. It also provides that a smaller box may be used, but if used, shall have the word "short" stamped on the side in letters not less than one-half inch.

Unfortunately, I think, some of our small fruit growers are marketing their berries in those small boxes which are not marked and thus making themselves liable under the law to a penalty of twenty-five cents per box for each box placed on the market. Aside from the penalty imposed they are doing very much to depreciate the prices and demoralizing the market, and making everyone feel unpleasant who handles their berries or purchases them for home consumption. While on the other hand those growers who use the full quart box, who pack their boxes full and make them look attractive, are punished in part by the shrinkage in prices occasioned by the use and sale of the small box.

Second, as to straight, honest packing: It is a great pleasure in opening a crate of berries to find them nicely packed, a full sized box, and full to the top and attractive. The grower's name stencilled on his crate with his landing or his post office address as well (I would suggest to put his or her name on the box also.) Such growers are helping to make a name for New Brunswick's small fruit business, and I notice that their berries are the first to find a purchaser.

The fact is that our citizens want quality and honest packing, regardless of price; and those who do not meet the requirements of the market must not complain if their business goes from them. In proof of this statement, a prominent commission merchant in the city market said to me yesterday, "I see a good many berries, patricularly on Saturday evenings. The full size quart box attractively packed and full to the top is always sold first; the small boxes, carelessly packed, are left over and have to be sold at from two to three cents less per box."

It is to be greatly hoped that future shipments will all be up to the standard, not only in size of box and full to the top, but attractively packed.

A great deal of pains has been taken to acquaint the berry box makers and the fruit growers with the requirements of the law governing the sale of small fruits, not only by letter but by personal visiting them at their homes and places of business, and it will be their own fault if any unpleasantness occurs.

I shall hope for the best and will be very glad indeed to assist in any possible way to build up a splendid reputation for New Brunswick small fruits.

It is a very great pleasure to add that the great majority of our small fruit growers are shipping their berries in nice condition, and complying with the requirements of the Fruit Marks Act.

S. L. PETERS,
Dominon Fruit Inspector.

St. John, July 4.

To make celery sightly and crisp cut white tender stalks into two-inch lengths and score the pieces lengthwise amout half an inch from each end until both ends are fringed. Drop them into a pan of ice water in which a sauce of lemon is soaking, and let them stand for an hour before serving. Dry thoroughly before putting on the table.

For a steamed cottage pudding, add a cupful of dates to the ordinary cottage pudding and steam the mixture instead of baking. This will be found excellent, being tasty as well as nutritious.

FROM ALL OVER THE MARITIME PROVINCES

(Continued from page 6.)

Among the pupils of this school who worked the Normal school entrance exams in Richibucto this week were Misses Sarah and Minard Palmer, Agnes McDonald, Annie Orr, Evelyn McInerney, Arvilla McLelland, Maude Livingstone, Eunice Beers, Kate Fahey, Ida Hudson, Alice McLaughlin and Harry Glencross.

W. W. Mitchell spent part of this week in Moncton.

John Shortell, of South Branch, is recovering from the injuries received by being kicked by a horse Tuesday.

James McCarthy, of Kouchibouguac, was also severely injured a few days ago. His horse became frightened by an automobile and the reins broke. He jumped out of the wagon to catch the horse by the head when he was jammed against a fence, breaking a leg. Dr. Mersereau was summoned and set the limb and the injured man is doing well.

Mrs. J. R. Millar and son, of Bass River, have returned home from Macapelia.

Mr. and Mrs. Albert Campbell, of Bramington (Mass.), are visiting friends at Bass River.

Mr. and Mrs. George Thompson, of Boston, are the guests of James Thompson, Bass River.

Miss Mary Fahey, of Reading (Mass.), is visiting her parents, Mr. and Mrs. John Fahey, Main River.

Miss Lizzie Fearon, of Main River, has returned home from Batourst, where she has spent several months.

The death occurred at his home, Bass River, Sunday, of Harry C. McDonald at the age of 26 years. He had been a sufferer from tuberculosis for some time but death was due to an attack of erysipelas. He was a son of the late Roderick McDonald and is survived by his mother, three brothers and a sister, Mrs. Gus Campbell. The brothers are Alexander, in Maine, and Thomas and Stephen, at home.

Herbert Beers, of Emerson, Kent Co., passed away at his home on June 23 after a lingering illness at the age of 61 years. He is survived by two brothers and three sisters. The brothers are John, in the States; James J., of Emerson; and the sisters are Mrs. James McCrae, in Massachusetts; Mrs. C. Pine, of Marysville (N. B.), and Mrs. Howard Ward, of Trout Brook. He also leaves a widow and three children.

Rexton, N. B., July 6—Mrs. Gertie Johnson, little daughter Lucille and son Donald, of Amherst (N. S.), are visiting friends here.

Mrs. Williams, wife of Chief Engineer Williams, of the Prince Ito, is spending the summer here.

Misses Bella and Mary McLean, of Jardineville, left a few days ago for Saskatchewan, where they will reside with other members of their family.

Mrs. Joseph Chamberlain, of Chatham, is visiting friends here.

Mrs. Thomas Perry and children, of Portland (Me.), are on a visit to relatives here.

Miss Celina Masterton, of Moncton, is visiting friends at Upper Rexton.

HOPEWELL HILL

Hopewell Hill, July3—The July session of the Albert county council was held on Tuesday, the deliberations only lasting a few hours, the passing of bills being the principal business transacted.

Miss Mary Newcomb is visiting her brother, F. J. Newcombe, in St. John.

Mrs. R. P. Allen and children, of Fredericton, have taken apartments at the Albert House, Hopewell Cape, for a part of the summer.

Normal School ntrance, college matriculation and High School leaving examinations are being conducted this week at Riverside, under the supervision of A. D. Jonah. There are about thirty candidates in attendance.

The big picnic at Albert on Dominion Day, proved a good success financially, upwards of $200 being cleared. The money will be used in paying off the indebtedness and improvement of the new park.

C. Allison Bishop left on Saturday for Newport (R. I.), where he has three brothers living, and where he will probably locate.

Mr. and Mrs. H. L. Brewster and child, of Moncton, came to the village today to visit relatives.

Mrs. Chas. Livingstone, of Lynn (Mass.) is visiting her parents, Mr. and Mrs. D. O. Woodworth, Chemical Road.

Miss Josephine Moore returned today from Moncton where she spent the past two weeks.

Miss Ruth Best, of Moncton, is
