VERY REMARKABLE GAME

BETWEEN HAMILTON AND TORONTO YESTERDAY.

Victory of the Home Team by 4 to 3—The Season's Work of the Ontario Cricket Association—The Bisons Shut Out the Leafs—The Ontario L. C.

Yesterday's baseball match between the Torontos and Hamiltons was undoubtedly one of the most extraordinary of the season. Up to the eighth innings Toronto apparently had a dead certainty, and then an unfortunate passed ball let in two runs, tying the score. In the ninth neither scored, but from no virtue of the Torontos. The Hams, after having Collins put out trying to get home on Somers' grounder and Kellogg out at first, had Somers on third. Wood made a good his to left field. Unfortunately his vanity led him, Lot-like, to turn round to see where the ball lighted. In doing so he went outside the line and was somewhat surprised on reaching first to find himself out for going beyond the three foot line. That left the score a tie at the end of the ninth innings and made a tenth necessary. The tenth was unproductive on either side and an eleventh was necessary. In that Morrison hit to pitcher, who threw wildly to first. Faatz hit to right field and Morrison got to second. Spill sent a grounder to short, forcing Faatz out and dying himself, but Morrison had got to third. Then Humphries hit to left field and Jonathan jogged home. The Hams made a brave attempt to score but were unsuccessful, a most exciting and interesting game resulting in the Torontos winning by 4 to 3. Features of the game were McGuckin's base running and the batting of Hamilton's two left handers, Wright and Knight, the former of whom made three singles and the latter four. In the third Morrison, of the Torontos, sent a long fly to centre field, which was cleverly taken and thrown in time to catch Mr. Albert straying. It was a brilliant piece of play. Davis did well in the box for the Torontos, pitching a strong game, and Pete Wood was well up to his excellent standard for the Hams. The same teams meet again on Saturday and will play the last league match of the season in this city.

The Bisons Shut Out the Leafs.

BUFFALO, N.Y., Sept. 23.—The Knights of Sleemanville have been tried and found wanting. Pitcher George did splendidly for four innings and then began to weaken. His support throughout was poor, Scheibeck's work at short being decidedly imperfect, and Miller at first missing several chances. Bad fielding on the part of the Guelphs was more or less prevalent throughout the entire game, and their errors were costly. In the eighth Grant sent the sphere over the left field fence for a home run. The hit was the longest seen on these grounds this year. In the ninth innings Stevens relieved George in the box. Walsh pitched finely throughout. Only 300 were present. Brill of the Buffalos was umpire.

A Memorable Game.

NEW BURGH, N. Y., Sept. 23.—Nines of the old Hudson River's, a baseball organization of twenty years ago, and the Tenth Separate Company of the State Militia, played a game here to-day for the benefit of the Charleston sufferers. Among the Hudson River players were Supreme Court Judge Charles F. Brown, Alderman William H. Kelly, Ex-Postmaster John C. Adams, Arthur Wilson, Cashier Highland National Bank; Col. Lindley of Poughkeepsie and James Boyd of Boston. The Tenth Separate Company team was headed by Capt. Wm. H. Smith. Henry B. Lawson of the Hudson River League was umpire. There was a very large attendance. The Hudson Rivers won by a score of 24 to 27. Eight innings were played. The proceeds will increase Newburgh's contribution to the Charleston relief to a thousand dollars.

Fair Balls.

A series of games will probably be played with the Guelph Maple Leafs next week.

Parsons has been released by Rochester and McArthur by Hamilton. They call it cutting down expenses.

Utica is the only team in the International League that has won a majority of the games from Hamilton.

Spill is credited with saying Pete Wood would be pie for the Torontos. That kind of pie is sour and the sugar's run out.

Yesterday's was the first eleven-innings game ever played on the Toronto grounds. Don't forget that the same teams meet again here on Saturday.

Slowly but surely third place fades from Toronto's view. To-day's game will likely settle it.—Ham. Spec. Not so fast. Yesterday's game didn't settle it.

The handsome trophy which Mr. Erastus Wiman gives to the American Association is now on exhibition at Staten Island Baseball Grounds. It is of solid silver, and was made by the Gorham Manufacturing Company at a cost, it is said, of $1200.

On Wednesday afternoon the New York Times Baseball Club, champions of the Newspaper League, and the World picked nine played a game at the Polo Grounds for the benefit of the printers of Charleston, S.C. John L. Sullivan umpired the game and Lawrence Donovan, who jumped from the Brooklyn Bridge, received tickets at the gate.

Umpire Powers was mobbed by the crowd at Detroit on Wednesday for making unpopular rulings in the Chicago-Detroit game and for calling the game when there appeared to be light enough to have finished it. He was hurried into a carriage and driven away, but the carriage was nearly ruined by stones and eggs. Burns and Kelly of the Chicagos also had a tussle with the mob and received some severe bruises. Powers' unpopularity is due to his treatment of Dunlap in a recent game when he fined the latter $70.

Tomney, the short-stop of the Syracuse Club, hired by Director Appleton for the New Yorks, has returned the $300 advanced him and will remain in Syracuse. The clubs of the International League are in high dudgeon because their players are being tampered with by League and American Association clubs, and threaten to organize all outside clubs for war. A scheme looking to the formation of a powerful and relentless opposition has been considered at Syracuse. To make itself strong with the players, it would grant them rights and equities now denied by the older associations. Its motto would be, "Once out of its ranks always out," a policy which would make young players think twice before giving up certainties just to be experimented with in the old leagues. If Tomney has signed a personal contract with Mr. Appleton, the return of the advance money is of no consequence.—New York Sun.

The Ontarios Default.

MONTREAL, Sept. 23.—News has arrived in Montreal to the effect that the Ontarios do not intend to play the Shamrocks on Saturday thereby defaulting from the series. A prominent lacrosse man said to the Associated Press correspondent to-day: "This conduct on the part of the Ontarios is on a par with their conduct of last year with the exception that they had a reason for defaulting last fall on account of the epidemic at that time. This year they have absolutely no excuse outside of the fact that they have played all the games from which they can derive any benefit, and now refuse to keep good faith with the rest of the clubs. The Shamrocks will likely not go up to Toronto, thus making all the Ontario games this year null and void. It really only affects the Shamrock and Toronto clubs, the Torontos gaining by the default. It will be remembered that at the National Association of Amateur Lacrosse meeting last year the Montreal club endeavored to make forfeiture of first-class standing a penalty for default, the motion being fought by the Ontarios, Shamrocks and all other clubs. The baneful results of this opposition are now obvious. It is said that the Ontarios are in debt to the extent of some $7000 and it is hoped among lacrosse men here that this will swamp them, inasmuch as their club has been nothing but a burden to the championship series of the Association since it entered.

Season of the Ontario Cricket Association.

The cricket season of 1886 has come to an end and the most fitting valedictory is the appended match and average list of the Ontario Association, under whose watchful eye five important contests were arranged and carried out. On two occasions United States cricketers were defeated and the Canadian International team of 1886 may well lay claim to the championship of the continent. To beat the United States is always the most desirable of things amongst the younger brood of players, who are at present upholding the honor of Canada in this pastime. In the International contest alone was the full strength of the Association placed in the field and the aggregation composed of players from Halifax to Guelph proved a hard nut to crack. The other teams were weak in comparison, but were thoroughly representative.

The batting averages show Harley well to the fore with an average of 26.5 for 4 innings. His grand batting against the United States at Seabright and the Gentlemen of England in Toronto was a great to many and was declared by good judges to be superior to that of his distinguished opponents in the English match. Vickers creeps up with 14.7 for ten innings, whilst a host follow. The fortunes of cricket are well exemplified in this instance. Jones headed the Toronto batting list with 28, and tumbles to the foot in the present with an average of 4. for nine innings.

W. R. Wilson leads the bowling again. The season was in all respects a successful one, plenty of cricket and that of a good kind.

MATCHES WON.

Aug. 13 and 14, at Seabright—Canada v. United States, by 98 runs.

Aug. 27 and 28, at Toronto—Ontario v. United States Association, by 5 wickets.

MATCHES LOST.

Aug. 25 and 26, at Toronto—Ontario v. West Indians by 16 runs.

Summary—Two won and three lost.

English Versus Philadelphia Gentlemen.

PHILADELPHIA, Sept. 23.—The first of the two great international cricket matches between the English Gentlemen and the Philadelphia Gentlemen elevens was commenced this morning on the Germantown Cricket Club Grounds at Nicetown. The match began at 11 o'clock on a hard and somewhat bumpy crease, the home team winning the toss and electing to go to bat. The innings closed for 168. The Englishmen made 65 for two wickets and will resume batting tomorrow.

Toronto Sailing Skiff Club.

The first class race of the Toronto Sailing Skiff Club has been postponed until Saturday, October 2, when the first class and special class race will be sailed together. This race will be of unusual interest, as Mr. Bath's Gladys won the third-class yacht race of the R.C.Y.C. by 11 minutes over any time allowance, and Mr. Kilgour's Barb won the third-class yacht race of the Toronto Yacht Club by 24 minutes over any time allowance. A special general meeting of the club has been called for Thursday, September 30, at 8 p.m. for the purpose of amending bylaws.

The Aileen does not appear to be quite satisfied with the result of last Saturday, and would like to have the matter out. She is anxious to put up $100 or more against the Oriole and Atalanta for a race in October of fifteen miles to windward and return. If we know Mr. Geo. Gooderham of the Oriole and Mr. Eyre of the Atalanta, this will not remain long in doubt. We may, therefore, anticipate a splendid race between the three flyers at an early date. May the best boat win.

The Norah Was Not Slighted.

The Belleville Intelligencer is away off in thinking that The World forgot the Norah of that city in referring to the prowess of the Oriole. We do not think that the sloop Norah is in the race at all. She won the Fisher cup from the Atalanta in the same way that she wins all her prizes, and in the only way she can beat the Aileen—in the land-locked waters of the Bay of Quinte. If the Oriole, Aileen, Atalanta and Norah come together, as perhaps they may this fall, in a 15-knot wind, the latter would be out of sight at the finish. The careful Mr. Bell, her owner, does not believe in running his yacht outside his own waters, and it is only the yachting enthusiasm shown by Com. Leys and Mr. W. G. Gooderham that allows a yacht like the Aileen to go near such a poor racing ground as the Big Bay near Belleville. Let the Norah come out of her hole and The World will know what she can do.

Scots Wha Hae.

GLASGOW, Sept. 23.—Clyde yachting circles are excited over the challenge issued by James Bell of the Royal Clyde Yacht Club for an international race for the America's Cup next September. If the challenge be accepted the Clyde yachtsmen will construct a boat especially for the race. Her tonnage will be similar to the Mayflower's. She will be Clyde designed, Clyde built, and will carry a Clyde skipper and crew. A committee of the Clyde Yacht Club has raised a guarantee fund of £10,000. A yacht will be built of the model of any selected American vessel provided the latter's length be given.

How it Looks to Win.

From the Utica Observer.

The standing of the Utica team in the race, and the excellent exhibitions to which Utica ball lovers have been treated, is largely due to the energetic work, persistent pegging away, and generous use of money by Manager Dischler. The players were all his friends, and were as sure of commendation for good plays as they were of reproof for neglect and bad playing. Of the boys themselves naught but good words can be said. They have without exception been uniformly gentlemanly, both on the diamond and off duty. Their habits have been such as to avoid criticism, and not one of their number has laid himself open to a fine for improper or ungentlemanly conduct on the field. There have been few changes in the team. Of the original thirteen players T. and M. Griffin, Carroll, Hengle, Shindle, McKeough, Sewed, Pendergrass and Hofford wind up the season—a good showing.

Must Wait for the English Papers.

General Notes.

John L. Sullivan says he will fight anybody in the world with bare knuckles for $10,000 a side. Hearld and Joe Lannon meet shortly in Boston.

The municipal authorities of San Francisco have refused to grant a license for the glove match between Jack Burke and Jack Dempsey until the State elections are over.

There will be a scratch match of the Toronto Rugby Football Club to-morrow at 3.30 pm. sharp, on their grounds, Bloor-street west. All members are especially requested to attend so that the Match Committee may have some chance of choosing the teams for the coming season.

The annual fall races of the Argonaut Rowing Club take place on Saturday. Owing to the number of entries, the first trial heat will probably be rowed to-night, the crews being: No. I.—J. Ince, bow; T. Pepler, No. 2; W. G. A. Laube, No. 3, and A. D. Lengenauer, stroke. No. II.—W. Ince, bow; J. Murray, No. 2; E. Smith, No. 3, and C. C. Macdonell, stroke.

Messrs. McGee, Brock and Lee, representing the Queen's Own Athletic Association, left for Montreal last night to attend the annual meeting of the Canadian Amateur Association. Other delegates from Toronto, Messrs. Lyman Dwight and James Pearson (Toronto Snowshoe Club) and Messrs. Orr, Garvin and Bonnell (Toronto Lacrosse Club) also left.

The imported English stallion Woodstock, who is so industriously run down in the horse notes of a city contemporary, was good enough to win a prize for "thoroughbred stallion best calculated to get hunters, etc., at the New York Horse Show, where he elicited universal admiration. It is really quite probable that the judges here, where Quito was placed second, had sufficient reasons for their decision. It is not likely, however, that they will condescend to announce them. Woodstock is inferior to Quito only in the matter of bone, while in a dozen other essential points he is the superior of the Montreal horse. So far as the improvement of the breed goes, the sire who may be crossed with our country mares is expected to put two handsome ends and quality on the produce. This Woodstock will do.

The Galatea was ruled out of the race for the Citizens' cup at Newport, R.I., for striking the buoy and the race given to the Mayflower. If no English yacht challenges for the America cup next year several United States boats will go over there. The owner of the Purritan has announced that he will go and Commodore Hovey says he will take the schooner Fortuna. There is also some talk of the schooner Gitana being taken over. Lieut. Rhoades on his return to New York said: "It was too bad about that Newport race, wasn't it? Nothing but flukes all the way round, and the Galatea sailed six miles further than the Mayflower in the drift. We shall make the race with the Mayflower just as soon as we get a good whole-sail wind."

The Reformed Episcopal Convention.

The Western Convocation of the Reformed Episcopal Church in Canada completed the business of its first annual session at Christ Church, at Caer Howell and Simcoe streets, yesterday. The business transacted was purely routine. In the evening a tea meeting and general convocation jubilee was held. Speeches were made by Bishop Stephens, Rev. W. H. Barnes of Barrie, Rev. T. J. McFadden of Hamilton, and Rev. Canon Walsh of Ottawa. Rev. D. W. Campbell, pastor of the church, presided. Rev. Mr. Barnes will preach a sermon to-night and Bishop Stevens will conduct both services Sunday.

STILL WITH US.

He Rises to Remark

"Now, by my Halidom," quoth Walker
"As sure as eggs are eggs,
At these hard times I'll have a whack
And lower down the pegs.
I'll hang no circus posters out,
I'll never beat a drum,
But folks shall know what I'm about—
Its prices makes things hum.
"Here, Julius Cæsar Ponto Brown,
Just sharpen up my ax;
Once more I'll cut the figures down,
My folks can't stand the tax;
The times are hard—the workingman
Can comforts ill afford,
But give him my instalment plan
He will not need to board."
Amazement well may pale each cheek,
Well may all dealers groan,
For such small payments week by week
Before were never known.
The long, long busy day is done,
Night's curtain settles down,
Walker's beacons flash up one by one,
His prices rouse the town.
Men, women, children—how they flock
To this midsummer sale;
Walker never had so large a stock—
But prices tell the tale.
And who is there so foolish still
To board or idly roam,
When weekly, if you pay the bill,
You get so nice a home.

Who, indeed! Surely all people yearn for a home of their own, from the cradle to the grave. This one want animates alike rich and poor. The rich can get a home when they please, and so can the poorest man or woman with weekly instalments by going to
