Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

Canadian Club Formed by Former N. S. Residents In Ottawa.

The following clipping from an Ottawa paper will no doubt be of more than passing interest to readers of THE ACADIAN, not only from the significance of the event but from the fact that several of the principals mentioned are from our own town and county:

About 50 citizens of Ottawa, all former residents of the Land of Evangeline,' and graduates and undergraduates of Acadia University, met at the University Club, Elgin street, on Monday evening and formed the Acadian Club. They had present with them Dr. Geo. B. Cutten, president of Acadia University, who delivered one of several fine addresses heard. The work of organization was preceeded by a banquet, with Hon. E. N. Rhodes, K. C., M. P., as chairman, and Lieut. Col. J. W. Margeson, K. C., toast master.

After 'The King,' the toasts were: 'Our Honored Dead,' proposed by Lieut. Col. Margeson, K. C.; 'Our Men and Women in Khaki,' proposed by Hon. E. N. Rhodes, K. C., M. P., responded to by Lieut. M. C. Gregg, V. C., M. V. O.; 'Our Legislators,' proposed by O. H. Cogswell, responded to by Hon. Frederick Shaffner; 'Our Ladies,' proposed by Rev. Neil Herman, responded to by Miss Alward; 'Our Alma Mater,' proposed by Dr. H. P. Whidden, M. P., responded to by President Geo. B. Cutten, D. D., Ph. D., Acadia University.

Apart from the speakers, the Acadia men at the dinner, many of them accompanied by their wives, included: Col. Eric Macdonald, D. S. O.; Dr. Garden Bill, Rev. A. N. Marshall, Rev. Neil Herman, H. E. and R. T. Bowers, D. McR. Minard, James A. Green, Dr. Jost, John Caldwell, Frank Crosby, Charles Bishop, Edgar Archibald, W. P. Copp and several others.

The officers elected are: Chairman, Hon. E. N. Rodes, speaker of the house; vice-president, Lieut. Col. J. W. Margeson, K. C.; secretary, O. H. Cogswell; treasurer, Miss B. Alward, member of the executive, Mr. J. P. Bill.

An Insult to The Soldiers.

The assertion that the returning soldiers will rush to the rescue of the imperiled German beer business is an insult which every friend of these brave men will resent. It is a safe assertion that at least 65 per cent of the men and officers of the American army are prohibitionists, and most of the other 35 per cent are sufficiently intelligent to realize the German nature of the business and consequently are by no means enthusiastic about it.

Anyone who will attend the hearings of the Senate Committee investigating the activities of the brewers and the Germans during and before the war, will realize just how this propaganda tending to create the impression that the soldiers are all champions of booze started. Ten to one it had a German father and a German mother.—Ex

MINARD'S LINIMENT is the only Liniment asked for at my store and the only one we keep for sale.

All the people use it.

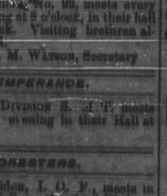
The man who lives for himself alone has not much to live for.

King George has a scuttle made out of a big German shell.

WOMAN'S NERVES MADE STRONG

By Lydia E. Pinkham's Vegetable Compound.



Winona, Minn.—"I suffered for more than a year from nervousness, and was so bad I could not rest at night—would lie awake and get so nervous I would have to get up and walk around and in the morning would be all tired out. I read about Lydia E. Pinkham's Vegetable Compound and thought I would try it. My nervousness soon left me. I sleep well and feel fine in the morning and able to do my work. I gladly recommend Lydia E. Pinkham's Vegetable Compound to make weak nerves strong."—Mrs. Alfred Burness, 602 Olmstead St., Winona, Minn.

How often do we hear the expression among women, "I am so nervous, I cannot sleep," or "it seems as though I should fly." Such women should profit by Mrs. Burness's experience and give this time tried and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For forty years it has been overcoming such serious conditions as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration, or "nerves." It may conserve the standard remedy for such ailments.

Minards' Liniment Cures Diphtheria

Newsy Notes

GLEANED FROM VARIOUS SOURCES.

A hotel proprietor in New York has offered 25,000 for a non-stop flight from New York to Paris or vice versa.

In P. E. Island potatoes are $1 00 a bushel and the supply is limited as immense quantities were feed to stock during the winter.

High heels are not Parisian in origin but Persian. Their introduction to the women was to raise the feet off the burning sands.

Transfer of wounded Canadian soldiers to their home districts from hospitals in Liverpool and vicinity through Portland, Me., will be completed by September 1.

Britain still rules the wave will be conceded when our Yankee cousins come to pay $32,000,000 for transporting 1,000,000 soldiers by the 'King's navee' over the Atlantic.

Sir William Preston, who has retired through illness from the Principalship of McGill University, has received from the Carnegie Foundation a retiring allowance of $4000 yearly.

A one armed blind French officer in a French 'lighthouse' has learned to operate with his left hand all the machines designed for the blind and is giving instruction in electrical mechanics to seeing students.

Great preparations are being made for holding of the Olympic gam s at Antwerp in 1920; nearly $1,000,000 have been subscribed for these games. Germany, Austria, Hungary, Bulgaria and Turkey will not be allowed to compete.

The interned alien enemy population of Canada is now 2,110. Of this number 1,000 are at Kapuskasing in Northern Ontario, 800 at Amherst, and three or four hundred at Vernon, B. C. It is planned to bring those at Vernon east to Kapuskasing.

In Canada we have 400,000,000 acres of arable land of which only 12 percent is now under cultivation and we had agricultural products worth nearly $1,000,000,000. What will be our output when over 8,000,000 people have grown into 100,000,000.

The British Admiralty airship R-34 will probably start on her trans Atlantic flight on June 20. The commander will be Major G. H. Scott, A. F. C., and many high officers are anxious to sign on as crew in order to participate in the noteworthy trip.

It is understood that the matter of the proposed increased sessional indemnity for members of the Commons and Senate was referred to in the Government caucus at Ottawa and that it was officially intimated by ministers in attendance that the Government was not disposed to sanction any change in the indemnity at present. The proposed increase was from $2,500 to $4,000 per annum.

Be Ready For Emergencies

The best way is to always keep a bottle of Dr. Chase's Syrup of Linseed and Turpentine in the house, ready for emergencies. Then when croup, or colds come suddenly they can be promptly cured before they have time to reach an acute and dangerous stage. To meet the requirement we have put thesyrup up in family size bottles which contain nearly three times as much as the 25 cent bottle and sell at 60 cents.

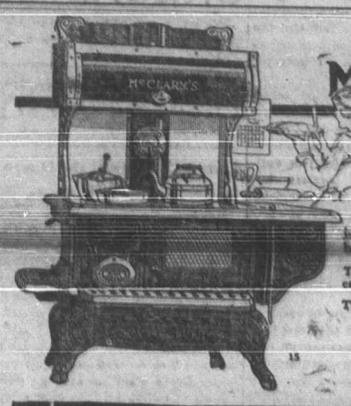
Cut Out The Gab!

Calgary Herald.

As between individuals constant bickering over national records is more than time wasted. There are good as well as bad spots in the records of all nations, and it is an easy matter in the heat of argument to make trouble by reference to affairs that might better remain forgotten. There is a deep friendship existing at the moment between all Anglo Saxon peoples. It is a growth that should be carefully nurtured rather than checked. Companionship in the war brought it about and its development means much for the future of world civilization. What is to be gained by killing it? Is he a patriot who by word or act imperils the spirit of international good will?

Both countries have their boasters and always will have. In each there are and always will be people who, through ignorance, display an intolerance for anything and everything that is not of their own land. But those do not represent truly American or Canadian thought or opinion. Men and women whose opinions are worth while have a very correct appreciation of true values, and among them there is no quarrel. Let the rest of us pattern by these and there will be better feeling generally.

We need the Americans and the Americans need us. If we fulfil our manifest destiny in the scheme of world betterment we must not quarrel, for we shall have to travel together. Should our neighbors in any way offend us let us enter a dignified protest, but without ourselves offending by adding to the protest something calculated to arouse animosity. Certainly we shall have differences, but if we approach them in a reasonable rather than an antagonist spirit their settlement will be easy and our friendship firmer than ever because of them.



McClary's Pandora

THE Boiler doesn't crowd the dinner off the Pandora on wash-days. You can set the boiler either way, across or lengthwise of the top.

There is no guess-work baking either. The oven has a glass door which keeps the baking in full view. The thermometer tells whether the oven is hot enough or not. The oven, as you must have heard, is very evenly heated.

This dependable range has easy-working grates; porcelain enameled reservoir, which may be removed for cleaning.

The Pandora is the sort of range you have always wanted. See it.

Conundrums.

What is the difference between a chatterbox and a looking glass? One speaks without reflecting and the other reflects without speaking.

Why is a madman like two men? He is like one beside himself.

Why is your hand like a hardware store? Because it has nails.

Why does a man who runs in debt remind you of a clock? He goes on tick.

Why is a drawn tooth soon forgotten? It is out of your head.

Why is a jailer like a musician? He fingers the keys.

What relation is your uncle's brother to you, who is not your uncle? Father.

What class of people might we call those who we can't improve? Mend-ients.

Faith boldly flies to a height which human reason can never attain.—St. Augustine.

Used For Shaving.

Many men are troubled, more particularly in the cold weather, with a sort of roughness of the skin or eczema caused by shaving. The application of Dr. Chase's Ointment after the shave soon cures the trouble and by using it after each shave you keep the skin soft and prevent irritation and soreness. Because of its antiseptic qualities this ointment prevents and cures Barber's Itch.

No Need For Haste.

The minister of a parish in Scotland was walking one misty night through a street in the village when he fell into a deep hole. After vainly trying to make his escape from the uncomfortable position, says Harper's Magazine, he began to shout for help. A laborer, passing, heard the cries, and, looking down, asked who he was. The minister told and at the same time evinced much agitation. The laborer, however, took the situation in a very philosophical manner and remarked:

'Weel, weel, ye needus kick up sic a noise, ye'll no be needed afore Sawbath, an' this is only Wednesday nicht.'

First little girl—Your paps and mamma are not real parents. They adopted you.

Second little girl—Well, that makes it all the more satisfactory; my parents picked me out, and yours had to take you just as you came.

Rheumatism Entirely Gone

After Twenty-seven Years of Suffering—Swelling and Puffiness Has Disappeared — Not a Pain or an Ache Left.

A most astonishing cure of rheumatism and eczema has been reported here, and Mrs. Ray is enthusiastic in telling her many friends how cure was effected.

Rheumatism and eczema frequently go together, and in this case caused the most keen distress imaginable. All the swelling and puffiness resulting from many years of rheumatism have disappeared, and there is not a pain or an ache left.

Mr. G. H. Ray, R.R. No. 1, Kincardine, Ont., writes: "Mrs. Ray has been using your Kidney-Liver Pills. She was very bad with rheumatism and eczema, and had had that fearful itch for twenty-seven years. It was simply terrible what she suffered. I persuaded her to try $1.00 worth of Dr. Chase's Kidney-Liver Pills. She is now on the last box, and let me tell you she scarcely knows herself, she is so free from both these diseases. All the swelling and puffiness caused by the rheumatism has gone away, and she has gone down in weight 12½ pounds. She never has an ache nor pain, biliousness nor sick headache all these months. She often says herself now, and I am sure I know what to do instead of paying doctors so much to make me worse."

There is only one way that the poisons in the blood can be cleaned away and the cause of pains and aches removed, and that is by the healthful action of the kidneys, liver and bowels. Because Dr. Chase's Kidney-Liver Pills act directly and specifically on these organs and insure their activity they remove the cause of rheumatism and other dreadfully painful and fatal diseases. One pill a dose, 35 cents a box, all dealers or Edmanson, Bates & Co., Limited, Toronto.

Look for the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, on the box you buy.

Closing the Home in Summer.

Before leaving the home for the summer vacation, a careful inspection should be made of the entire premises. It is well to throw out all electrical light main switches and of the gas meter, also to see that the plumbing is in good condition. Turn off the water at its entrance to the house, avoid any defect in water pipes causing damage by flooding. It is a good plan to pour a small amount of hydro-carbon oil into all traps and water seals to prevent evaporation of the water and the escape of sewer gas. Special attention should be given to the floor oil mops and oily rags. These should be safely stored in metal containers, as they are fruitful sources of fire by spontaneous combustion. When the house is opened again, it should be well ventilated and thoroughly cleaned.

Pruning The English Navy.

Britain is about to scrap no less than 170 of her warships as well as over a hundred of her torpedo boat destroyers. No more striking evidence could have been offered of her sea supremacy, now that the menace of the German fleet has been removed and its principal vessels held safe in Scapa Flow awaiting their ultimate division and disposal. So sweeping a housecleaning of obsolete or out classed ships is only possible in a navy that feels herself secure and can afford so drastic a reduction. It also indicates how rapidly the strength of a fleet deteriorates and how costly a process it is for a nation that must maintain its constructive programme. Today, before a great warship is completed it is in part already out of date. The 'last word' of this year may only point a normal for the designers of the next.

Thrift in the Schools.

In the schools of Canada alone the War Savings campaign is fraught with great possibilities and already the returns show that splendid progress is being made. What has been done in the schools of the United States is a fair indication of what may be done in the schools of Canada.

In the schools of New York there is said to be a little over 750,000 children. During the period, December, 1917, to January 31, 1919, no less than $5,446,000 worth of War Stamps were sold in these schools which means slightly more than $7 for each child.

The Thrift campaign in the schools of the Dominion will produce 100 fold in results. Every child should be enrolled in the War Savings army. Parents should see to this. It will discipline the child in thrift, provide it with a good investment and benefit the country.

Paris, May 31.—The greater part of the objections raised in the German counter proposals have, in the opinion of French diplomatic and political circles, already been set forth in separate notes and duly answered by the Allies. Consequently it is said there can be no modification of the peace terms and there is no necessity for verbal discussion in which the Berlin government desires to involve the Allied powers.

It is understood that the Council of Four will agree in taking this view in answering the Germans.

The German peace delegation has been notified that the period of delay for presenting observations having expired at three p. m., Thursday, no further notes will be accepted from the delegation.

Yarmouth Post: A government inspector has been going the rounds in this neighborhood and a short time ago got a sample of butter from the creamery which show an extra 1 per cent of water than what is allowed. The maker was brought before Stipendiary Magistrate Pelton the other day and was fined or adulteration.

In the year before the war Germany sold goods valued at $825,000,000 to the British Empire. Canada's opportunity to get a large share of this is waiting for Canada's action—that is the opinion of the Canadian Trade Commission.

After Effects of Influenza.

OFTEN AS SERIOUS AS THE DISEASE ITSELF—HOW TO GET NEW HEALTH.

There are few homes in Canada that were not touched by the sorrow that trailed in the wake of the Spanish Influenza epidemic. Estimates of the loss of life caused by this epidemic show that it was almost as great as the losses caused by the war, and these take no account of the baneful after-effects which are sometimes as fatal as the disease itself.

Victims of the disease are generally left with impoverished blood and a weakened system. In this condition they are exposed to many dangers, unless precautions are taken to enrich the blood and strengthen the nerves. The debility that invariably follows influenza is not a disease of any organ. It is a general condition of unfitness. It must be met by a remedy whose good results will be quickly felt throughout the entire system. In this condition Dr. Williams' Pink Pills will be found invaluable. The mission of this medicine is to enrich the blood, and this new, red blood carries renewed health and strength to every part of the body. The case of Mrs. George Crowder, Hamilton, Ont., proves the value of Dr. Williams' Pink Pills in cases of this kind. Mrs. Crowder says:—I had a very severe attack of Spanish Influenza which left me pale and very weak. My appetite completely failed me and the least noise would startle me and make me cry. I was under a doctor's care, and finally he advised me to take Dr. Williams' Pink Pills, and I had not been taking them long before they were helping me. I used altogether nine or ten boxes and am now feeling as well as ever I did in my life. I believe if it had not been for these pills I would have been a chronic invalid.'

Such proof as this must be interesting to everyone who suffered from an attack of influenza, and who still feel in any way weakened as the result of the trouble. It points the way to new health and strength, and if you are one of the sufferers you should avail yourself of this medicine at once. You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for $2 50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Do not listen, young men, to those superficial minds who assume themselves to be profound thinkers because, after the example of Voltaire, they have discovered some difficulties in Christianity; rather, on the contrary, measure your progress in philosophy by that of your increasing veneration for the religion of the Gospel.—Cousin.

Albert Hains, when starting from Philadelphia to Atlantic City by airplane, crashed into a flagpole. Plane and pilot remained stuck there for half an hour until rescued.

If the average man could live his life over he would probably be a bigger fool than eve.
