LIVE HOGS ONLY MARKET FEATURE

LOCAL MARKET.

London, Monday, July, 6.

Had it not been for the shipment of live hogs, everything would have been quiet at the market today, as there were only four loads of hay offered, which sold quickly at $9 and $9 50 per ton; all the loads were old hay

A large load of oats, it was reported, sold at $1 56 per cwt.

About 150 live hogs were purchased by D. McIntyre at $6 50 per cwt for selects.

There should be a lively market tomorrow, and small fruits will, no doubt, be the feature; the demand should be good, especially for cherries and raspberries; potatoes and butter should also sell well, as there was hardly enough offered on Saturday.

HAY MARKET.

DAIRY MARKET.

LONDON.

London, Saturday, July 4.—At the meeting of the London Dairymen's Exchange today the following were offered: Ridgetree 275, Wyoming 100, Yarmouth Centre 250, Farmers' Union 190, North Branch 56, Uttoxeter and Gallabank 180, Lakeview 155, Belmont and Westminster 320, Glanworth 110, North Street 135, Ballymote 45, Dunboyne 180. The following factories sold their offerings: Ridgetree, 275, at 11½, to Mr. Steinhoff; Wyoming, 100, at 11 7-16c, to Mr. Steinhoff; Uttoxeter and Gallabank, 180, at 11½c, to Mr. Ballantyne; Glanworth, 110, at 11½c, to Mr. C. Johnston; Dunboyne, 180, at 11½c, to Mr. J. R. Isaac. Total offered, 2,096 boxes; sold, 845.

At the close of the market it was moved by E. S. Hunt, seconded by J. W. Symington: "That the members of the London Dairymen's Exchange desire to express their deep sorrow at the death of the late Hon. Thomas Ballantyne. He was one of the first interested in our local market, a pioneer in dairying, and untiring in his efforts to promote the dairying interests in Canada. To him largely is due the present high standard of the dairying industry in this country. His family have our deepest sympathy in their bereavement, and we feel keenly that our country has lost one of its grand old men." The motion was unanimously adopted.

LIVERPOOL DAIRY REPORT, WEEK ENDING JUNE 26.

[Hodgson Bros.' Letter.]

Cheese—The demand has been brisk all week, and an advance of fully 2s to 2s 6d per cwt has been obtained, the supply of choicest Canadian and States being limited and holders firm, in view of the higher cables from Canada. English cheese also are dearer, although still quoted at values under those current for American and Canadian. Old cheese are now practically exhausted. Medium grades, skimmed or half-meats, meet no inquiry. We report today's values as follows: Finest new States and Canadian, white and colored, 56s 6d to 58s 6d per cwt; finest old States and Canadian, colored, 60s to 61s; do, white, 64s to 65s; lower grades, States, half-meats and skims, white and colored, nominally 20s to 30s; English cheese, according to quality, 46s to 58s per 120 lbs.

Butter—There has been a good demand on choicest grades at higher prices, but the movement now seems checked, and this week's supplies have not been all cleared. The Copenhagen quotation is cabled unchanged for next week. Secondary grades of butter are in freer supply, and in moderate demand. Lower qualities, for confectionery purposes, are but a moderate sale. We quote today: Choicest Canadian creamery, in 56-lb boxes, none; choicest Finnish, Danish and Swedish, in Kiel casks, 112s to 115s per cwt; choicest Russian and Siberian, do, 106s to 112s; secondary grades, do, 100s to 105s; choicest Australian (New Zealand cleared), 104s to 110s; choicest Irish creamery, 108s to 112s; choicest Argentine, nominally 106s to 108s; choicest States creamery, none; States process, ladles and imitations, nominally 88s to 94s.

HOME BANK OF CANADA

Annual Report Shows Institution To Be in a Solid Condition.

Attention is called to the report of the annual meeting of the Home Bank of Canada, the local branch of which is located on Richmond street, south of Dundas, under the capable management of Mr. Frank E. Karn.

The report shows that during the year six new branches were opened—three besides the London branch—namely, St. Thomas, Thorndale and Ilderton, being in this district.

The net profits for the year amounted to $95,411 31. After paying dividends, $62,705 has been added to the reserve account, and $30,953 32 carried forward into the profit and loss account for the current year.

The statement of the bank's assets show it to be in a splendid financial position. The assets total $6,734,963 03. With the Dominion Government is deposited the sum of $506,284, as security for notes issued.

The policy of the bank is conservative, and this has resulted in the Home Bank being one of the most solid financial institutions in Canada today.

BELL'S AIRSHIP SUCCEEDS.

Bath, N. Y., July 4.—Glenn H. Curtiss, of Hammondsport, today successfully contested for the silver cup offered several months ago by the Scientific American, for the longest flight made by any heavier-than-air flying machine. The flight today was made by the "June Bug," upon which Mr. Curtiss and Prof. Alexander G. Bell have been working for a year. Mr. Curtiss operated the machine. His first flight lacked a few feet of the distance prescribed by the rules of the contest, about 3,500 feet, but the second flight covered over a mile, which was covered in a minute and a fraction.

In former fights with this aeroplane difficulty has been experienced in making a safe descent, but this did not occur today. The machine descended gracefully at the will of the operator. The experiment was witnessed by a large number of scientific men and others interested in aeronautics.

TWO DROWNED IN HUMBER BAY

Well-Known Athlete and Lady Companion Perish By Capsizing of Canoe.

Toronto, July 5.—A traveller for the Parker Dye Works named Farley and a lady companion were drowned in Humber Bay this evening through the upsetting of their canoe.

The two victims, with a party, had been up the river during the day and were returning home. Suddenly they heard Farley shout, but before assistance could be rendered both had sunk.

At midnight neither body had been recovered. Farley was well-known in athletic circles, having been goalkeeper for the Toronto Lacrosse Club in 1902.

NEW YORK CLOCKS MAY BE ADVANCED

American Metropolis Seems To Favor the English Proposition.

New York, July 5.—The supposition in London that New York will follow suit if England adopts the daylight earning device of advancing all clocks 80 minutes at an agreed date during the long day months was laughed at at first, but soon people began to consider it seriously.

It appeals to many as a very sensible notion. One man who gets to his office at half-past nine o'clock worked the scheme out to a group of mn whose hours corresponded to his.

"I am called in the morning at 7:30," he said, "for if I lie abed any later I have to hurry, and I don't like to hurry. I leave my office at 4 o'clock, and if I want to go out of town for a dip in the surf, a game of tennis, or golf or any other recreation, I find that usually it is about half past five before I am undressed for the surf or redressed for the tennis court.

"For only a few weeks in the year there remains enough daylight to give time for what exercise I want and to go back to town for dinner. Now suppose we moved the clocks ahead according to this London scheme, I would still be called at half past seven by the clock, but it would really be 6 o'clock. At 8 o'clock I would be at the office and after I had done the ordinary number of hours' work, I would be putting on my hat at half past two o'clock to go out and get my exercise, to meet friends, to see a ball game or what you like.

Work the Same Hours.

"At actually half past six, but eight by the clocks, the roof gardens would be going; at half past eight or nine we would be having supper, and go to bed at ten. We would sleep and work just as many hours as usual, but we would have a full hour and a half extra daylight to enjoy life in.

"I don't see why it is not a ripping idea. It would work just as much advantage to the man in the shop or factory as to the man in the office. He practically has about an hour of daylight in the long day months to visit with his wife and children, to go to the libraries, the museums, the park, to play ball or do anything else that can be done by daylight. He would work and sleep the same number of hours by the new idea clock, but he would have two hours and a half every day for his amusements. What's the matter with the idea? If London adopts it New York will, and if we do the whole country will. Say, does anybody know where I can buy some shares in a baseball club company? They surely will more than double their dividends if we do the trick with the clock."

FATAL STREET DUEL

Demand for an Apology Leads to Fierce Affray at Buffalo.

Buffalo, N. Y., July 6.—Without the least apparent provocation, Djuro Kordic was cshot and instantly killed by his supposed friend, Paul Relic, in a saloon in West Seneca last night. Relic escaped.

Lazero Sadetti and Charles Burkey are dying at the emergency hospital as the result of a fierce fight at North Ogden and Ludington streets. Shortly after midnight last night, according to the police, Mrs. Burkey, who was walking with her husband, was insulted by the Italian. Burkey demanded an apology, and drew a pistol, but whether he fired before the Italian had felled him to the ground is not known. The Italian was shot in the left side of the abdomen. Burkey is suffering from afractured skull and internal injuries.

LOCATES A TREASURE.

Fredericton, N. B., July 4.—George A. Stewart, of Charlotte County, was in the city the other day and had an interview with Premier Hazen and Deputy Surveyor-General Loggie. Stewart claims he has discovered Capt. Kidd's lost treasure by the seaside in Charlotte County, and as the treasure is buried on private property he wanted a license to search.

He says he has an old pocket-book containing a letter giving directions as to where the money can be found, and that the treasure consists of six barrels of gold and one of diamonds. Stewart has convinced Premier Hazen that he is of sound mind and was not dreaming, and the latter instructed Mr. Loggie to issue a license to prospect.

COMMONS CLOSES ON JULY 18TH

An Agreement Reached Between the Parties—Estimates To Be Pruned.

Ottawa, July 5.—Both Opposition and Government members have, by mutual agreement, fixed on Saturday, the 18th inst., as the day on which the business of Parliament for this session shall be finished, and, with this end in view, it has been agreed that the remainder of the sessional agenda shall be put through with as little delay as possible. The House, by working long hours each day, has a total of about 100 hours for the discussion of the remaining legislation of the session and putting through the balance of the estimates. This time has been allotted as fairly as possible to each item still to be considered, and it is expected that with the limitation of debate agreed upon, the last item on the order paper can be reached on Saturday week, with prorogation probably on the following Monday.

The election bill will probably take up but little more time of the House, and it is understood the Opposition have agreed to let it go through in its present form, with a few comparatively unimportant changes in the wording of some of the clauses.

The supplementary estimates will be brought down this week, and, in view of the fact that most of the summer is now gone and but little time remains this year for the beginning of the construction of public works, considerable pruning has been done on the original list of supplementaries drafted in the spring before the Opposition oostruction on the election bill began.

ONTARIO'S CROPS

Reports to the C. P. R. Indicate That They Will Be Good.

Toronto, July 4.—According to the crop statistics compiled by Superintendent Oborne, of the C. P. R., prospects in Ontario are not behind the optimistic reports sent in from the west.

From 80 per cent of the districts of Ontario, the indications are that the yield of grain, roots and fruit will at least equal, and in many cases surpass, that of last year.

"Excellent, 50 per cent increase," is this year's promise from Pontypool, Caradoc and Markdale.

Milton, Woodstock, London, Ingersoll, St. Thomas, Glencoe, reports show that the grain and root crops are good.

In the Toronto region, increase in the grain yield is predicted by the reports from Streetsville and Weston.

"Good," is the news from the northwest districts, Mount Forest, Owen Sound and Wingham.

From the east, Lindsay and Peterboro, keep up the standard of last year in grain and roots.

Wroxeter, Lorne Road, Burketon Junction, show 30 per cent increase; North Thamesville has 20 per cent increase.

Myrtle is the only place showing a decrease—which is estimated at about 33 per cent, compared with last year.

Burwash, Barnesdale, Parry Sound and Point au Baril report a total failure of crops.

The acreage on the whole is about the same as last year, with slight increase at Lorne Road, Drumbo and other points west.

GOSPEL HALL PICNIC PARTY

Pleasant Time Spent at Springbank—Winners in the Games.

The Gospel Hall people held their annual picnic Friday last, when the merry crowd were conveyed in special cars to Springbank where a very enjoyable time was spent. In the morning an interesting game of ball was played between the boys and men, the juniors winning by a score of 12 to 7. The batteries for both the teams played well.

Batteries for the juniors—P. Hill and R. Hill.

For the men—F. McGillivary and R. Quinn.

The afternoon was taken up in races and rowing, and the following were the winners:

Girls' race, 4 to 8, 50 yards—1 E. White, 2 E. Welch, 3 P. McCoyne, 4 J. Trindill.

Boys' race, 4 to 8, 50 yards — 1, J. Welch, 2 J. Simpson, 3 F. Trindill, 4 N. Hills.

Boys' race, 8 to 12, 75 yards—1 C. Hill, 2, L. Sherwin, 3 R. McLeod.

Girls' race, 12 to 15, 100 yards—1 M. McLeod, 2 W. McDonald, 3 F. Raply.

Boys' race, 12 to 15, 100 yards—1 R. Hills, 2 R. Wills, 3 H. Sherwin.

Boat race—1 H. Sherwin, R. Wills and R. Hill; 2 R. Gardiner, A. Welch and C. Hill.

Shoe race—1 J. Welch, 2 H. Sherwin, 3 R. Wills.

In the shoe race J. Welch, the smallest of the contestants, won easily from the older boys.

Giving evidence before the Lords Committee considering the importation of plumage (prohibition) bill, witnesses from the London Chamber of Commerce urged that, while the importation of plumage into other countries was unrestricted, the wanton destruction of birds would not be stopped, and the effect would be merely to divert trade from this country.

A stately pair of ostriches with full plumage have just arrived at the Zoo. The male stands about 8 feet high; its body feathers are black, its tail and the quills of its wings are pure white.

The construction of the Ottawa-Georgian Bay Canal will take at least ten years.

HAPPENINGS OF A DAY IN BUSY EAST LONDON

PLACE WHERE "THE DEATH ANGEL HAS A VACATION"

Pastor of Adelaide Street Church Speaks on the Subject of Heaven.

In dealing with his evening subject, "The Death Angel's Vacation," Rev. T. T. Shields yesterday took as his text Rev., xxi., 4: "And there shall be no more death." Death is described in the Scriptures as an enemy, a usurper—he has no business here; his presence is the consequence of sin, and all want to be rid of him. In the heavenly city that the Evangelist John describes, death cannot enter. It is a "new city," where God lives. The home of those who have become "new creatures in Christ Jesus." It is a holy city, a city of brightness, for the "Lamb is the light thereof"—the Lamb who is the sinner's substitute; whose presence banishes death, and who has prepared for all who put their trust in him a home where "God shall wipe away all tears from their eyes; and there shall be no more death, neither sorrow nor crying, neither shall there be any more pain; for the former things have passed away."

BURIAL OF COL. WHITE TOOK PLACE SUNDAY

Funeral Services in St. Mary's Church—Remains Taken to Windsor.

The funeral of the late Col. Alex. White, who died at St. Joseph's Hospital Saturday, was held from St. Mary's Church this morning at 8:30, and from there to Windsor on the 11:27 train, where interment will be made.

Col. White was one of the best-known military men in Canada.

He was colonel of the Twenty-first Essex Fusiliers of Windsor, and a brother to Sol. White, ex-M. P. P., of Windsor, but who is at present in New York on business in connection with Cobalt affairs.

About four years ago Col. White removed from Windsor to this city, and took up his residence at 630 Dufferin avenue. He was a French-Canadian

WILLIAM BROOKS REMOVED TO HIS HOME

Was Injured at the Time Harry Baker Was Killed.

William Brooks who was injured in the explosion at E. Leonard & Sons' works last week has recovered sufficiently to leave Victoria Hospital and was taken to his home on Saturday.

He is still suffering considerable pain with his eyes which were blown full of cinders and badly cut and scratched.

It will be some time before Mr. Brooks will be able to see as well as he could before the accident, but his ultimate recovery is assured.

THE PICNIC SEASON NOW IN FULL SWING

Dates Fixed for the Annual Outing of Several Sunday Schools.

The picnic of the Sunday school of the Centennial Methodist Church will be held to Springbank Park Wednesday afternoon.

Adelaide Street Baptist Sunday school will picnic at Port Stanley July 15, a week from Wednesday.

The Sunday school class of the All Saints' Church will hold its annual picnic to Port Stanley tomorrow. A good programme of sports has been arranged by the committee in charge of that branch of the picnic, and the affair promises to be a most pleasing success.

The picnic of the Adult Bible Class of the Dundas Street Christian Church will be held to Springbank Park on Wednesday afternoon. Although the picnic is in charge of the Bible Class, the members of the whole church have been invited. The event will doubtless be a most enjoyable one.

Owing to the fact that the other Baptist Sunday schools of the city will hold their picnics to Port Stanley, it has been decided to hold the picnic of the Egerton Street Church there instead of at Springbank Park as was arranged a short time ago by the sports committee of the Sunday school. Races and other sports will be indulged in by the picnickers. The picnic will be held on Wednesday, the 15th.

STRONG INCENTIVES TO LIVE USEFUL LIFE

Practical Sermon by Rev. T. B. Clark at All Saints'.

The services held at the All Saints' Church yesterday were very largely attended. They were conducted by the pastor, Rev. T. B. Clark, who recently returned from England. The subject in the evening was, "Thy will be done, as in heaven, so on earth."

The preacher spoke of the incentives to do good and to live in accordance with the text. "Our Saviour has given us this form of prayer," he said, "and if we recite it with sincerity there is nothing that he will not grant us. We live in a beautiful country, and have every reason to be proud of it."

The speaker cited many other incentives for living in a pure state—a state which will benefit us eternally.

IMPRESSIVE SERMONS BY REV. JAMES ROLLINS

Various Forms of Sin—How It Mars Man's Life.

Very impressive sermons were preached at both services at the King Street Presbyterian Church yesterday morning and evening. The morning text was taken by the pastor, Rev. Jas. Rollins, from Rev., xxi., 7-8, and was, "He that overcometh shall inherit all things."

"What we have to overcome is sin in its many forms," said the pastor. "Sin stands between man and all good things. Sin in the form of envy prevents us from enjoying the good things in our neighbor's character, in his home, or in his garden. When sin is taken out of our hearts we have pleasure in the things of other people. We do not envy them, and we can appreciate them as much as if we possessed a title deed to that which we were formerly envious of."

The pastor's evening subject was, "Loneliness and Sin." In a very convincing manner he showed that sin is not always the product of bad company. "People refer to what they term social sin. Social sin does exist. All sin is anti-social. It separates men from each other, from the best conceptions of life and from God."

The services were all well attended.

SERMONS OMITTED IN JULY AND AUGUST

Owing to the severe heat, the pastor of St. Mary's Church has decided not to preach any sermons in the church during the months of July and August, at the evening services.

Vespers and benediction were sung at the church last evening, and the attendance was very fair, considering the warm weather.

The priests of London leave on their annual retreat today for Assumption College at Sandwich.

Rev. Father Powell will celebrate mass at St. Mary's Church each morning during the absence of Rev. Fathers McKeon and Tobin.

THE BROTHERHOOD OF ANDREW AND PHILLIP

The Brotherhood of Andrew and Phillip of the Egerton Street Baptist Church held one of the most successful meetings of its career at the church yesterday morning. A very pleasing address was delivered by Mr. Samuel Wilson, "The Five Considers of the Epistle to the Hebrews." The address was a manly talk to the gentlemen of the society, who were greatly pleased with it.

The evening services were conducted by the pastor, Rev. A. J. Bowen. Mr. Bowen preached on the "Christian Race," in an interesting manner. His discourse had three divisions. First, the eligibility of human beings; second, the spectators, of which the greatest is Christ, and third, the reward. Any person showing a desire to gain heaven is eligible to the great race. They strive, watched by those who have run and won. They are encouraged by the spectators, the greatest of whom is Jesus Christ. Those who have already won the glory land are ever watching those who are now fighting the battle of life. The great reward for all winners is a crown of everlasting glory. It is worth the greatest struggle.

After the regular evening service the open air meeting was conducted on the corner of Hamilton road and Egerton street. A large crowd gathered and took part in the services.

EAST END NOTES.

The many friends of Mrs. William Lumley, of 422 Hamilton road, will be pleased to hear that she is recovering from her recent illness at Victoria Hospital.

The regular Sunday services were conducted at the St. Matthews' Episcopal Church yesterday by the pastor, Rev. Mr. Lowe. The attendance was very good, and the sermons interesting.

The choir of the Dundas Street Christian Church rendered a special programme of very beautiful music at the church services Sunday. Rev. E. E. Black, the pastor, conducted all the services, delivering impressive sermons.

The daughter of Mr. Thomas Pitt, the foreman at the Grand Trunk coal chutes, somewhat surprised that gentleman the other evening by returning home, after living for three years in California. She was accompanied by her husband and child.

The postponed vestry meeting of the All Saints' Church will be held this evening at the church, and the officers for the next term elected. The meeting was to have been held some time ago but owing to the absence of the pastor, Rev. T. B. Clark, who was touring England, the meeting was adjourned until his return.

Mr. James Coleman, of Montreal, superintendent of the car department of the Grand Trunk system, was in the city on Saturday and inspected the G. T. R. shops in the East End.

KILLED BY TROLLEY.

Los Angeles, July 6.—Four children and the father of two of them are dead, and six persons are injured as the result of a collision between a farm wagon and an electric car on the Santa Anita line, near this city, last night. The families of Joseph Oler and Peter Kuhner were in the wagon. Joseph Oller, who was driving, saw the car coming and tried to cross in front of it, but the car hit the wagon squarely. Some of the occupants fell under the car, while others were thrown clear of the wreckage. None escaped unhurt.

COUNT NICHOLAS IGNATIEFF DEAD

Famous Jew Baiter Who Played Prominent Part in Russia for Thirty Years.

Saint Petersburg, July 5.—Count Nicholas Pavolich Ignatieff, a widely known politician and diplomatist, is dead.

Count Ignatieff, who after the assassination of Alexander III., was appointed minister of the interior to blot out socialism and nihilism, played a prominent part in Russian politics for 30 years.

He was ultra-conservative in policy, and absolute monarchist and an ardent anti-Semite. He was largely responsible for the Russo-Turkish War, and a persecutor of nihilists and Jews.

Ignatieff, born in 1832, was the son of one of the most trusted generals of Nicholas I.

In 1860, after rising to the rank of major in the army, he was appointed minister to China. A brilliant marriage raised him to the rank of lieutenant-general. In 1864 he became minister plenipotentiary to Constantinople and later ambassador extraordinary. The following ten years were given up to diplomatic work. His hatred of England was particularly marked. After the war of 1877-78 he was not returned to Constantinople, as the policy of the Russian Government had changed temporarily. But he came into power again with the reign of Alexander III., who returned to the absolute policy. Everything not Russian was driven to the wall. Trouble with the Emperor caused his resignation in 1882.

A GRAVE PERIL FOR ROOSEVELT

African Hunter Says President Should Forego Sport in the Jungle.

London, July 4.—J. R. Bradley, who has hunted big game in Africa, Russia, Turkestan and Tunis, and while on a search for polar bears in the arctic regions last year incidentally left a fully equipped polar expedition at a point thirty miles north of Etah, in Greenland, has arrived at the Carlton and as one who has covered the ground does not think President Roosevelt should incur the risk of going to Africa to shoot rhinoceros and other dangerous animals of the jungle.

"Conditions in Africa are against a man of Mr. Roosevelt's age," said Mr. Bradley, "especially in regard to fever. Shooting rhinoceros is attended with great risk and the president, being a man of great physical courage, would not want anybody to get between him and the quarry and nothing but a perfectly aimed shot will stop a big animal of that kind when he is coming at you.

"I am inclined to think the president will take his first try at the big brown "Teddy" bears of Alaska, which is now open to sportsmen.

THORNDALE.

The garden party held on the Methodist Church parsonage grounds, on Dominion Day, was a decided success. The weather was all that could be wished and, despite other attractions, a large crowd gathered in the evening, to enjoy the supper and programme. J. H. Smith's orchestra furnished the music, which was much appreciated Mrs. Grant, of Thorndale, sang two solos in her usual excellent style. Mr. Tovell also sang, and in company with Mr. Smith, gave a duet. Mr. Routledge, of Kintore, sang solos of a patriotic nature. All the singers were highly spoken of. Speeches also were given on suitable subjects by Revs. A. K. Birks, of London; H. W. Snell, of St. George's Church, Thorndale; A. H. Hannahson, of the Presbyterian Church, Thorndale, and J. S. Lochead, of London. Miss Short's recitations were well received and Miss Florence Tolton accompanied the singers very acceptably on a beautiful piano, loaned by Mr. Tovell. Rev. J. W. Hibbert made a good chairman. The total proceeds amounted to about $115 00.

Our school made a good showing at the entrance examination, the following passing: Mollie Drennan, Vernon Hughes, Lizzie Lindsay, Earl Plewes, Leah Plewes, Alma Wiseman, Vernon Hughes took second highest marks in East Middlesex.
