HUDSON OF ROTHESAY IS NEW TENNIS SINGLES CHAMPION

Defeats Thomson in Finals; Other Results at Sackville.

(Special To The Times.)

Sackville, Aug. 10.—George Hudson of Rothesay, is the men's single champion of New Brunswick. He defeated Jack Thomson of Rothesay here this morning, winning three sets out of five. At the opening final day's play the match between Prof. McKiel and Miss McKiel of Sackville, and R. Starr and Miss A. Hazen, carried over from last evening, was continued. The second set ended 10 to 2 in favor of Mr. Starr and Miss Hazen. Prof. and Mrs. McKiel won the third set 6 to 2, and qualified to meet George Hudson and Miss M. Davies this afternoon in the finals.

In the finals in the ladies' doubles Miss Muriel Davies and Miss Doreen McAvity won from Miss Lily Raymond and Miss Althea Hazen. The match ended in two straight sets, 6-4, and 6-8. The match was not a spectacular one, but was remarkable for the steadiness of play and long rallies. Sometimes as many as twenty shots would be played before a point was decided. Miss McAvity, the youngest of the four players, put up a fine game and it is regretted that she is unable to go on to Sydney to compete in the Maritime championships. Miss Margaret Tilley will match with Miss Muriel Davies in the Maritime Championships.

The Singles.

The mens' singles championships were played next. George Hudson and Jack Thomson, both of Rothesay, were the contestants. Hudson chopped his strokes and kept the ball low; Thomson used a smashing style of play. Hudson won the first set. In the second set Thomson won the two first games without allowing Hudson a point and the score went to four all. Hudson, trying to pick up a hard one, slipped and crashed into the net, jamming himself badly. They both took game. Thomson won the next two and set by smashing net play. In the third set Hudson took the first five games, only first and third going to deuce. Thomson took the next game and Hudson the deciding game, winning 6 to 1. In the fourth set Thomson took first three games. Hudson won a hard fought game on his serve. After that the score went to deuce several times, each man winning his serve. The score mounted 4 to 2, Thomson dropped his serve and Hudson won his, score 4-4. Each again won his serve. Thomson repeated and then broke. Hudson won his serve and the game continued until Hudson won 7 to 5. In the fifth and final set both lost the first serve, Thomson then lost a second serve by making three double faults but won on Hudson's serve and the set finished 7 to 5 in Hudson's favor.

The match thus finished 5 to 3 in favor of Hudson making him the single's champion of New Brunswick. The men were very evenly matched. Thomson played a smooth easy game, but Hudson's game, though choppy, was marked by good placements.

This afternoon Mrs. McKiel will meet Miss Muriel Davis in the finals of the ladies singles.

Hudson and Thomson will meet Dr. Bigelow and W. T. Wood in the finals of the men's doubles.

Hudson and Miss Davies will meet Mr. and Mrs. McKiel in the finals of the mixed doubles.

Maritime Series Monday.

Sydney, N. S., Aug. 10.—The Maritime tennis championships will be played on the courts of the Sydney Tennis Club on Monday according to an announcement by L. A. Gastonguay, honorary secretary of the N. S. Lawn Tennis Association. The Nova Scotia tournament will be completed by Saturday.

Professor Mercier of Halifax defeated Walter Rice of North Sydney, 6-4, 12-10, in the semi-finals of the men's scingles of the Nova Scotia championships today.

RESULTS YESTERDAY AFTERNOON.

Mixed Doubles.

Mr. and Mrs. McKiel defeated H. E. Bigelow and Miss L. Raymond 8—6; 6—2; 6—1.

Jack Thomson and Miss Tilley defeated H. Drummie and Miss Sharp, 6—0; 6—0.

George Hudson and Miss M. Davies defeated H. M. Wood and Mrs. March 6—2; 7—5.

George Hudson and Miss M. Davies defeated J. Thomson and Miss M. Tilley,

Mr. and Mrs. McKiel and R. Starr and Miss A. Hazen, match called on account of darkness, 10—8; 10—10.

Men's Singles.

George Hudson defeated J. P. McInerney 6—2; 6—3.

Jack Thomson defeated W. Webster, 6—4; 6—2.

Men's Doubles.

J. H. Drummie and R. Richard defeated D. Glennie and C. Mosher, 6—1; 2—6; 6—3.

W. T. Wood and H. E. Bigelow defeated W. Kirkpatrick and R. Starr, 6—1; 7—5.

G. Hudson and J. Thomson defeated J. H. Drummie and R. Richard, 6—0; 6—0.

Ladies' Singles.

Miss M. Davies defeated Miss A. Hazen, 6—1; 6—2.

$150,000 Loss In Nelson Blaze

Insurance of $105,000 on Lumber Burned — Mill Working Today.

(Special to The Times.)

Chatham, Aug 10.—Fire at Nelson late yesterday destroyed the planing mill of the William Sullivan Co. Ltd., as well as two dwelling houses and a barn, and between three and four million feet of dressed lumber. The loss will be about $150,000, fairly well covered by insurance, so it was reported this morning.

The blaze originated in the planing mill and, fanned by a high wind, jumped the road and burned the houses and dressed lumber. A call for help was sent out and was responded to by volunteers from Chatham and Newcastle but their best efforts were unable to check the flames. A change of wind was the only thing which saved the big saw mill. Today the saw mill was working as usual. It had not been decided whether the planing mill would be rebuilt or not but a start will be made at once on the construction of an office building and warehouse.

The insurance on the lumber was said to be about $105,000 but no figures were available as to the amount of insurance on the buildings.

The buildings destroyed were the Sullivan planing mill, office, boarding house and cook house, a dwelling occupied by Francis Dubois and one occupied by Mrs. Thomas Kelley and a barn. The loss of Mrs. Kelley and Mr. Dubois is said to be covered by insurance.

SEVERAL ACCIDENTS IN CITY TODAY; AN AGED MAN INJURED

Soloman Urquhart, 224 Prince William street, 88 years old, an employe of the McAvity Rothesay Avenue plant, was admitted to the General Public Hospital this morning suffering from a bad cut over his eye, sustained while at work at the plant. Several stitches were put in. He was later taken to his home.

An aged lady who fell in Paradise Row was taken to the Hospital suffering from a cut over her eye. Several stitches were put in in this case also. She fell on the car tracks.

Josephine Lyman, 101 Pitt street, had her finger badly crushed in a wringer in her home this morning. She was taken to the hospital and later taken home.

The condition of Joseph Doherty, injured some time ago in the Atlantic Sugar Refineries, is reported from the hospital today to be serious. There is little or no hope for his recovery.

RED CROSS MEETING

Routine business was transacted this morning at a meeting of the Hospital committee of the Red Cross. Mrs. E. R. Taylor was in the chair. Indents were received and bills ordered paid. Reports were received from visitors at East St. John, Mrs. F. B. Ellis and Mrs. W. H. Shaw and Mrs. Taylor for Lancaster. A letter was received from Dr. Collins of the River Glade sanatorium expressing thanks for the work of the committee. Mrs. Taylor presided.

Como, Italy, Aug. 10—The offices of the Catholic newspaper Ordine were invaded and devastated today by a group of unidentified persons. The Catholic Club was subjected to a similar visitation.

LOCAL NEWS

KITCHEN SHOWER.

Miss Lillian Garnett was pleasantly surprised on Wednesday evening when friends assembled at her home, 42 Murray street, and tendered her a kitchen shower. She was the recipient of many useful gifts. During the evening games and music were enjoyed and refreshments served.

ROWING DATE NOT SET

The date for the Maritime championships at Millidgeville had not yet been definitely settled it was reported this morning but preparations for the event were well under way so far as the course and the club house were concerned. The members of the Millidgeville Rowing Club are practicing dilligently for this event and hope to carry off the honors on their own waters.

NOVELTY SHOWER.

A novelty shower in honor of Miss Stella Bryden, daughter of Mr. and Mrs. Fred Bryden, was given at the home of Mrs. H. L. Thorne, Grand Bay, on Thursday evening in honor of her approaching nuptials. About thirty of her friends assembled and spent a very enjoyable evening with music and dancing. Refreshments were served and many gifts received, including cut glass and silverware.

SON LIVES HERE.

The death of Herbert W. Burnett, which occurred on August 7 at his home Hawkshaw, was heard of with regret by a large circle of friends. He is survived by one daughter, Mrs. O. C. Johnson, Perth, N. B.; three sons, Earle G., at home; Albert S., in Ontario and Edgar F., St. John; two stepchildren, Mabelle E. Miller, Plaster Rock and Willard Miller, Woodstock; two sisters, Mrs. A. Gilman, Pokiok, N. B., and Mrs. George Thompson, Fredericton; and two brothers, Wesley and Foster Burnett, Pokiok, N.B.

NOT SO HUNGRY AT THAT

In Prince William street just after dinner today a husky person confided to a Times reporter that he had drunk not wisely but certainly too well, and his sole ambition now was to get a meal and get back to his job. He was no beggar or bum, but he was hungry and broke. After a rapid calculation in mental arithmetic the reporter decided he could stand the gaff for once, and directed the way toward a restaurant. The exhilaration of motion had a remarkable effect. The husky person's appetite at once began to leave him. Half a block had not been covered when he became confident that fifteen cents spot cash would be better than a meal. Did he get it? Not from the reporter.

COUNCIL'S TRIBUTE

Tribute to a great man was paid by the City Council this morning when that body adjourned for the space of three minutes in memory of President Harding. This was on motion of Commissioner Frink. He referred to the very pleasant visit of Governor Cox to St. John and to the cordial relations which existed between the two countries.

Commissioner Thornton announced that he had given orders to have all the flags on the civic buildings flown at half shaft today out of respect to the late President and flags were at half shaft on the federal buildings and on several of the business houses, among the latter being Manchester, Robertson, Allison's, Ltd., and the Imperial Theatre.

A HAPPY TIME.

Miss Margaret O'Brien was hostess to a number of her friends at her parents' summer residence South Bay last evening. The large verandah was utilized as a dance pavilion, this adding to the success of the evening. Delicious refreshments were served by Mrs. Joseph O'Brien assisted by the Misses Mary O'Brien, M. Morish, Nellie O'Regan and Mrs. John McKinnon.

Those present were the Misses Gertrude Masson, Bessie McCormack, Mary Costlow, Doris McNurray, Helen Ready, Miss Armstrong, New York, Gladys Conboy, Gertrude and Geraldine O'Brien, Madeline and Bernice Sullivan, Loretta Hennessy and Elspeth McKinnon. Messrs. W. Murphy, F. Fitzgerald, J. O'Toole, Harry Carlin, Frank Campbell, Charles Fitzgerald, Joseph Reed, P. Jerry, William McKinnon, Jack Richards, J. McManus, Raymond O'Connor, John Carey, John Donovan and Joseph O'Brien.

Looks For Lower Rate On Alberta Coal

Toronto, Aug. 10—Premier Ferguson is hopeful for a still lower freight rate on the transportation of Alberta coal into Ontario, and, when he has assembled certain facts and figures which he is now preparing, will make a personal visit to Sir Henry Thornton to impress upon him the "business" it means in future to the Canadian National Railways.

"I am hopeful," he said, "that it will be able to persuade the national railways to fix a lower rate than that which has been mentioned. I think I can satisfy them that there is a very satisfactory business to be developed."

The rate fixed is $7 per ton freight for an experimental train load of six thousand tons.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

THE THIRD ALARM DREW BIG CROWDS

Astounding Melodrama of a Fireman's Family, a Faithful Fire Horse and a Conflagration.

That the average theatregoer—to be broader, the average person—likes the good old human-interest story, the yarn with the heart punch and plenty of adventure, was proven beyond a doubt by the way the town turned out to see the Imperial's feature "The Third Alarm" last night, and the afternoon for that matter. The picture is certainly crammed with excitement and fervid love affairs, the love of the son for the high-toned doctor's daughter, the love of the old fireman for his family and his discarded hose-reel horse. How the horse and everybody else get into this tremendous series of climaxes is thrilling enough to make you grip your seat. On again tonight and all day tomorrow.

ROSSLEY KIDDIES RETURN MONDAY

The Rossley Kiddies will play a return or vacation engagement at the Imperial starting Monday afternoon. Their piece is to be a re-vamped and very superior edition of their original show of three years ago, "Red Wing." That was the extravaganza that stamped the children as winners and they have been making hits ever since. "Red Wing" is a little romance of a village lassie and an Indian chief, also the brave boy Tom the Trapper. It is cute and catchy. To give extra vim and snap to the story a number of the outstanding hits of the last three year's other shows will be put on. Mrs. Rossley has overhauled her hampers for the lovliest costumes and her music library for the most whistley songs and dances. Don't forget, next Monday, afternoon and evening.

WAS NOT MISSING ST. JOHN MAN

A message which it was thought might lead to cleaning up the mystery of the disappearance of H. L. Everett at Pamdenec some weeks ago came to the family here yesterday afternoon from Fredericton but inquiry determined that it was hope raised but to be dashed. The message was than an aged man with a little dog had appeared at Barker's Point, near Fredericton unable to give any information concerning himself or place of residence. It was learned that the man was carrying a suit case and this, it was said, was something Mr. Everett was unable to do.

In Fredericton On A 50,000 Mile Hike

Fredericton, N. B., Aug. 10—Mr. and Mrs. R. E. Baxter, who are on a 50,000 miles hike for the benefit of Mr. Baxter's health and incidentally to win a prize of $10,000 if they accomplish the feat in seven years, arrived in Fredericton this morning. Baxter is an ex-service man of the 42nd Division, American expeditionary forces.

They came here from Riviere Du Loup, Que., and are en route to Halifax via St. John and Moncton, and afterwards they expect to visit Prince Edward Island so as to complete the round of provincial capitals of the Dominion. They gave their mileage upon arrival here as 18,391. They started from Washington, D. C., on December 14th, 1921.

PROVINCE WILL LIBEL SHIP OWNER

(Continued from page 1.)

(Canadian Press)

Fredericton, Aug. 10—Advices that the Morrissy bridge across the Miramichi River at Newcastle would be closed for two months as a result of the draw span being struck by the Norwegian steamship Woldingham, were received at the Provincial Department of Public Works here today.

Premier Veniot said that the offending steamer had stopped below the bridge to complete loading and there was still time to have stopped her before she got out of the Miramichi. Experts will have to be brought from Montreal to effect repairs. Chief Bridge Engineer Wetmore who will go to Newcastle tonight will complete arrangements for a temporary ferry service during the period the bridge is out of use.

The accident to the same bidge last year involved an expenditure of upwards of $30,000.

The "Morrissey Bridge," so called after a former Minister of Public Works, Hon. John Morrissey of Newcastle, who is now a member of parliament representing Northumberland in the Dominion House, has been really unfortunate. Some years ago, one Sunday when the bridge was crowded and when no steamers were expected to be navigating the Miramichi river, one of the vessels of the Merchant Marine came slowly upstream and "whistled for the draw." There was consernation on the bridge. People—men, women and children, fled in all directions. The draw tender was not on his job for he did not expect that on Sunday he would be required. He was not far away, however, and hastened to his post of duty. First of all he saw to it that the women and children and men were cleared off the bridge and then, before he could open the draw, the slowly moving big steamer whose course could not apparently be checked by anchors or reversed engines, struck the draw portion of the big bridge and practically demolished it.

The Provincial Government authorities felt that the fault was not theirs nor their cartaker's. The captain of the steamer contended otherwise and there was an investigation held and the court appointed for that purpose by the Marine Department of the Dominion Government heard all the evidence and found that the Provincial Government was at fault because its caretaker was not on hand, and did not open the draw when the signal was given.

MANY MOURN FOR HARDING

(Continued from page 1.)

commissioner, Sir John Henry, accompanied by Lady Geddes, represented the British ambassador to the U. S., Sir Auckland Geddes, who is ill.

The Premier, the members of the cabinet, the Anglo-American organizations in London and the American Clubs and societies throughout England also were represented.

Other Tributes.

These services were not England's only tributes to the memory of President Harding. King George's racing yacht Brittania did not take part in the Cowes regatta events today and the ensign of the royal yacht squadron was half masted as were the colors on the other craft in the solent.

Throughout the British navy the U. S. colors were displayed at half mast, while throughout London and the provincial cities the U. S. emblem flew at half mast. In honor of the late President all business on the Baltic shipping exchange was suspended for half an hour.

Service in Paris

Paris, Aug. 10.—Bishop Kinsolving, who has charge of the U. S. Episcoppal church in Europe, conducted memorial services for the late President Harding in the Church of the Holy Trinity today. He was assisted by twenty clergymen, representing all the Protestant churches in Paris. M. Vignon, secretary general at the Elysee Palace, represented President Millerand, while Minister of Marine Raiberti attended in the name of the French government. All the embassies and legations in Paris sent delegates.

Many To Marion.

Lima, Ohio, Aug. 10.—City officials estimate that automobiles enroute to the Harding funeral stretch out to a distance of eighty miles from Marion. Cars are running two and three abreast and there is not a break of more than ten feet for many miles.

The caravan is being constantly augmented by cars from several directions, all converging on the "Harding highway" to the west.

Fifteen miles an hour is the speed limit.

May Erect Mausoleum.

Marion, Ohio, Aug. 9—Eventually the body of Warren G. Harding may find a final resting place on the top of an old Indian mound just east of this city and overlooking the home where he lived for so many years.

Close personal friends of the late President have started a movement to that end which may include the erection of a suitable mausoleum with funds to be derived from the sale of gold dollars.

The Indian Mound lies just east of the cemetery where the President's body will be entombed Friday and is a beautiful grassy hill some 75 feet higher than the surrounding country. It is studded with many forest trees and is one of the most beautiful spots near Marion.

Funeral Today.

Marion, Ohio, Aug. 10—Slow moving throngs crowded the streets of Marion again today in the last public honors Warren Harding will know.

It seems that not alone Ohio, but every surrounding state from which Marion could be reached before the end had sent legions here to pass beside the bier or to stand silent as the dead president was carried to his rest. Congested sidewalks flanked Centre street where the home of his father stands and where the body lies.

RANDALL PARRISH DEAD.

Kewanee, Ills., Aug. 10.—Randall Parrish, author of many popular books, of fiction and history, died at his home here yesterday. His illness dated from last February, when he was stricken with paralysis. He was born here in 1858. Since 1902 when he published his first novel "When Wilderness was King,' he had given all his time to writing and to lecturing.

Lived In St. John Many Years Ago

Court Proceedings in Portland —Interesting Career of Joseph Coram.

A case of some interest here is before the court in Portland, Me., where Joseph A. Coram has filed a bankruptcy petition listing debts of $200,000.

It was said that 26 years ago Mr. Coram was worth $25,000,000, the greater part of which he lost in the panic of 1907. A little before that he had given his wife $2,500,000 in cash and securities, which she testified had been practically all spent.

Mr. Coram was born in St. John, a son of George Coram, the latter a brother of Hon. Joseph Coram. The family moved from this city when the children were small and have resided in the United States ever since.

The Boston Herald says:

"Joseph A. Coram, for many years a Boston business man, making his home in Brookline, has had a long career in various business enterprises. He was perhaps best known in his mining company ventures and the lumber business. He was born in St. John, N. B. For a time he was Canadian agent of the Northwestern Life Insurance business with his father under the firm name of G. and J. Coram. His next venture was in the soap business in Bangor, Me., which he later moved to Lowell.

"It was while in the latter city that Coram became interested in mica mining in New Hampshire. Then for several years he was a real estate dealer in Minneapolis, Minn. In 1886 he went to Butte, Mont., and organized the Butte & Boston Mining Company. Later he became president of the Alvarado Consolidated Mines Company, the Davis-Daly Copper Company and the Mexico Consolidated Mining & Smelting Company. He was director in the Coram Lumber Company, the Middlesex Safe Deposit & Trust Company, Montanna Coal & Coke Company, and the Bingham Consolidated Mining and Smelting Company. For many years he maintained an office at 60 State street, Boston."

CHIROPRACTIC is based on fundamental, natural laws. The organs of the body are the motors, the nerves are power lines which carry vital energy or life to all parts of the body. Impingement or pinching of the nerves interferes with their life-carrying power and disease is the result. The Chiropractor adjusts with his hands the misaligned vertebrae and the impinged nerves are freed. The flow of life enters the part diseased, normal functions are resumed and health restored. The Chiropractic way is Nature's way.
