### The Hardwick Fires.

Mr. Ammon Savoy, whose losses in the late fires in Hardwick have already been referred to, was in town on Monday. He said that the fire surrounded his two milch cows and six young cattle. They tramped through the hot ashes until their limbs were burnt under them, and then they laid down and died. Mr. Savoy lost 1900 new cedar rails valued at $76.00, field of oats, a lot of potatoes and miles of his fences. Again, on Thursday last the fire became a vast furnace at Dennis Creek. It burned all over some 14 square miles so clear that a plough, could be run through much of it. Robt. Kerr, only saved his property through, good management.

MIRAMICHI MARBLE WORKS:—Now is the time to place your orders for cemetery work and avoid the spring rush. We have now on hand and coming one of the largest stocks of marble and granite monuments, headstones and tablets ever shown on the north shore, all from the latest designs and worked from the best material the market can produce. Call and get our prices. They are right.
JOHN H. LAWLOR & CO.

### S. Mary's Chapel.

At the evening service in S. Mary's Chapel on Sunday last, a very handsome chancel screen which has been erected in memory of the late Miss Hocken was dedicated to the Glory of God, with special prayers and appropriate hymns. There was a large congregation present and a sermon with reference to the memorial was delivered by the Rector.

The screen which is made of ash and walnut is an admirable piece of workmanship and reflects credit upon the builders Messrs J. McDonald and Co., who have skillfully carried out the design furnished by the Rector.

At the base of the screen, in the centre, there is a handsome Memorial Brass bearing the inscription, "This chancel screen is erected to the Glory of God, and in loving memory of Elizabeth Hocken. In Paradise, February 5th. A. D. 1900. O Lord, in Thee have I trusted: let me never be confounded." The Brass is the workmanship of Messrs R. H. Green and Son, German St., St. John N. B., and is highly creditable to that firm. The screen is a very handsome addition to the interior furnishings of S. Mary's; and a memorial worthy of one who was among the most useful and faithful members of the congregation.

Another improvement in S Mary's is the new electric lamp for the pulpit, the gift of a member of the Vestry.

### Weary Brain Workers.

Fagged out, ideas come as slowly as molasses. You think of things just a minute or two too late. Snap's gone! The buoyancy that made work a pleasure—that's gone too. The doctor would tell you that you are run down, not eating enough nor digesting enough. Your stomach needs aid, your digestion needs a bracer too. Your blood requires Phosphorus and Iron that it may be formed readily. Now Ferrozone is a wonderful nerve bracer and blood maker. It's food for the blood and nerves, it will make you strong quickly and permanently. Sold by C. P. Hickey.

### Maritime Board of Trade.

[Continued from 2nd page]

Mr W A Black, seconded by Dr Muir, moved that a vote of thanks be tendered to the Mayor and Town Council of Chatham for the use of their Town Hall in which to hold the present annual meeting of the Maritime Board of Trade, and to the members of the press for their assistance in making the meeting a success. Carried unanimously.

Mr Geo E Calkin, after referring to the pleasure he had derived from his visit to Chatham and predicting a prosperous future for the town, moved a vote of thanks to the Chatham Board of Trade and Senator Snowball for the pleasant and enjoyable manner in which they had entertained the delegates, Mr W S Fisher seconded the motion, and Dr Muir and Mr J E DeWolfe spoke thereto, when it was passed unanimously:

Senator Snowball acknowledged the vote, expressing the pleasure all his experiences in connection with the Board's meeting here had given him.

Mr Geo Watt, of the Committee of Management, also acknowledged the vote in a pleasant and appreciative speech.

Mr M G DeWolfe reported as follows from the Nominating Committee:—

The committee appointed to nominate officers of The Maritime Board of Trade for the ensuing year beg leave to recommend the following names for the several offices:—

President; Mr. W. A. Black.

Vice President for New Brunswick: Mr. W. S. Fisher.

Vice President for Prince Edward Island: Mr. George D. Longworth.

Secretary-Treasurer: Mr. Chas. M. Creed.

Auditor; Mr. F. O. Allison.

Place of meeting, 1902, Sydney, Cape Breton, with power of the Council to name some other place of meeting if occasion should arise.

On motion of Senator Snowball, seconded by Dr D H Muir the above recommendations of the committee were received and adopted, and the gentlemen named declared elected as the officers of the Maritime Board of Trade for the ensuing year. Mr C M Creed was elected Corresponding Secretary, also.

President-elect Black rammed the chair and thanked the Board for choosing him President.

Adjourned sine die.

On Thursday afternoon, at the invitation of the Chatham Board of Trade, the visiting delegates, members of the Chatham and Newcastle Boards, and a number of other guests, enjoyed an outing on the Miramichi river on the steamer St. George, which had been generously placed at the Chatham Board's disposal by Hon. Senator Snowball. Leaving the Snowball wharf at 2.30 p.m. the steamer proceeded down river. An awning of sail cloth, covering the after deck, had been improvised by the committee, and tables were provided under its shelter, Messrs. Geo. Watt, J. D. B. F. Mackenzie, W. C. Winslow and R. A. Murdoch, the working members of the committee, acting with Mr. Snowball, had perfected arrangements by which a fine luncheon was provided by Mrs. Arch. Woods, and, after a run as far as Burnt Church, there was "a feast of reason and flow of soul" at the tables. When "talking time" came—

Senator Snowball proposed the toast of the "Maritime Board of Trade," and in doing so paid a high tribute to the deliberative ability of that body. He declared it was equal to that of any body in which he had ever sat, and his remark drew forth hearty applause.

The toast was replied to by President Loggie, Dr. Muir, ex-President M. G. DeWolfe and ex-President W. M. Jarvis, and all expressed themselves delighted with the beautiful scenery of the Miramichi and with the hospitable manner in which they had been entertained by the local Board of Trade, the Town Council and Senator Snowball.

"The Town of Chatham" was proposed by Mr. W. M. Jarvis and responded to by Mayor Snowball in eloquent words. He spoke of the industrial importance of the Miramichi, and expressed the hope that at some time in the future the convention of the Maritime Board of Trade would again be held in Chatham.

"The Government of New Brunswick," brought Hon. J. P. Burchill to his feet. He expressed the wish that meetings of the character of the Maritime Board of Trade conventions were held more frequently, as they would be a means of drawing the three provinces of New Brunswick, Nova Scotia and Prince Edward Island closer together. He expressed the opinion that it would have been better for the Maritime Provinces if there had been a confederation of them instead of a confederation of the Dominion.

Other toasts were: "The Mayor of Newcastle," "Senator Snowball," "President Loggie," "The Ladies" and "The Press," all of which were duly honored and adequately responded to.

### Neuralgia Almost Drives People Mad.

Only those who have suffered it, know of the darting, distracting pains and aches neuralgia inflicts. Ordinary remedies don't even relieve. It requires an extraordinary strong, penetrating liniment to drive out the pain. To get relief rub Polson's Nerviline into the spot. Pain can't resist Nerviline which has five times the strength of any other liniment. Drives out neuralgia in half an hour. Never fails! Never harms! Always successful. Try a large 25 cent bottle. Sold by C. P. Hickey.

### Chatham Town Council.

Following is the portion of our report of the special meeting of Chatham Town Council held on 15th inst. and crowded out of last week's ADVANCE:

The account of Mr. W. C. Winslow was taken up and ald. Nicol moved payment of items as follows:

Oct. 18—Attending on G. E. Fisher with the Mayor re lands and privileges to be conveyed—a question arising relative to right of way to Fisher across pumping station lot over farm road, agreeing to same until town diverted the road Fisher to give the right of way over farm road, connecting pumping station lot with rear lot, $1.50.

Drawing deed George E. Fisher and Kathleen C. Fisher to town, $5.00.

Ald. Nicol referring to the item of $5 for drawing the Geo Fisher deed, said ex-ald. Watt had told him that Mr. Winslow was instructed to get the deed from Mr. Fisher, and if Mr. Fisher would not pay for it to get it anyway. If Mr. Winslow was so instructed the bill should be paid.

The Mayor asked if Mr. Fisher had refused to pay for the deed?

Ald. Nicol said he was so informed.

Ald. Murray said Mr. Winslow had been asked to attend meetings of the committee to make explanations of his account, but had not done so.

Ald. Nicol also said Mr. Winslow had declined to come to meetings of the committee. [A letter from Mr. Winslow, which had been sent with the account said he would, at any time, explain any item, was here referred to.] Mr. Nicol said he heard Mr. Fisher had wanted $1,000, clear, for his property.

Ald. Murray said if rumors were to be taken, he might state that he had heard Mr. Fisher said he knew the seller should pay for the deed, but if the town was willing to pay for the deed he was willing it should do so. Is was clearly unbusinesslike that those representing the town should wish to saddle this charge upon it.

Ald. Hocken said he was a member of the Council when the option was got from Mr. Fisher, and there was no arrangement that the town should pay for the deed. This Fisher land business had cost the town about $50 for law expenses.

Ald. McIntosh asked ald. Nicol if ex-alderman Watt had not been before the committee and explained the matter? He knew there had been a good deal of trouble over getting the land, and if ald. Watt gave the instructions stated to Mr. Winslow the latter should be paid.

Ald. Maher spoke to similar effect.

In reply to the Mayor, ald. Nicol said he could not say whether Mr. Fisher had told him he had been asked to pay for the deed or not.

Ald. McIntosh objected to a discussion of this kind going on.

The item was moved for payment by ald. McIntosh, seconded by ald. Murdoch.

Ald. Murray moved in amendment that payment of the item be deferred until further enquiry is made. He said there was no evidence that Mr. Fisher had refused to pay the $5.

Ald. Nicol said he had evidence enough from ex-ald. Watt to justify him in voting payment, not that it was right, but because the Council had ordered the work to be done.

The amendment was lost and the motion to pay passed.

The next item was as follows:

Oct. 18.—Attending on George E. Fisher re release of mortgage held on property by Louis P. Fisher, $1.00.

Ald. Hocken said he had the same objections to paying this as the other item.

Ald. McIntosh objected to these items being discussed in Council. They had been passed in committee.

Ald. Murray moved to have the item stand over; he said it was outrageous that the town should pay for the steps taken to release a mortgage on Mr. Fisher's land; it was Mr. Fisher who should pay it.

The amendment was lost and the item passed.

The next item read was as follows:

Drawing release of mortgage to be executed by L. P. Fisher in special form, $4.00.

Ald. Murray made similar objections to this item as to the other two. He said ald. McIntosh had asked him why he did not object to the whole bill; he might retort by asking why ald. McIntosh did not move that the whole bill be paid. He believed in doing these things in a businesslike way.

Ald. Hocken said this item was unnecessary; the charge should be covered by the price of the deed.

Ald. Nicol said the late Council had ordered this work to be done and the bill should be paid.

Ald. Murray asked ald. Nicol whether the resolution of Council was not that the Mayor authorise Mr. Winslow to take the necessary steps to have the transfer effected?

Ald. Nicol said he would refer ald. Murray to the town clerk for information.

Ald. Murray said ald. Nicol was now taking "back water;" he had misstated the facts.

Ald. Nicol resented this and moved in amendment that the $4 be paid. Carried.

The next item was as follows:

Feb. 21—Attending on John McLaggan and W. A. Park and discussing with them form by which water right and privilege should be conveyed—Mr. McLaggan objecting to the grant of water privileges for pumping station, etc., as affecting riparian owners below—and drafting new clause re water right for second deed to be drawn, $1.50.

This passed without discussion.

Item:—

Feb. 23—Attending on Rev. H. T. Joyner for the purpose of getting authority to sign a notice of the intention of His Lordship to apply for authority to sell certain lands in the Town of Chatham, $1 00.

Passed.

The next item read and passed was:—

Attending on George Watt to show plans and enquire if any liability of water overflowing right of way reserved to John McLaggan, he requiring same to be bridged in that event, $1.00.

Ald. Nicol said this might lie over.

The next item was as follows:—

March 1—Attending on Geo. Watt, Chairman of Finance Committee, to get $1000.00 to tender Geo. E. Fisher—Deed of Fisher not having been executed and option about to expire, $1 00.

Ald. Murray asked why ald. Watt could not have handed over the money to Mr. Fisher? How came the other aldermen and the mayor to be so negligent as to require Mr. Winslow to go around after them to get them to do their duty. They might, however, have been doing it, and Mr. Winslow might have gone, of his own motion, to jog their memory and then gone to his office and charged the town for it.

The item was ordered to be paid.

Next item was read as follows:—

Attending George E. Fisher re do, and getting option extended for 10 days by written endorsement, $1.00.

Ald. Hocken thought this item a strange one. Why could the option not have been extended when Mr. Winslow was interviewing Mr. Fisher on the previous occasion?

Ald. Murdoch strongly objected to reflections on members of the old council and said the council had paid lawyers' bills not so well itemized as this.

Ald. Hocken said he had expressed his opinion that aldermen were voting for items in this account which, were it in their own business, they would not pay for.

The item passed.

The following items were read and ordered to be paid, after a little criticism similar to the foregoing:—

Attending Rev. T. H. Joyner to submit a copy of bill to be presented for enactment and letter to Rev. T. H. Joyner re do, $1.50.

Preparing bill for enactment amending Towns Incorporation Act '96 for other acts to conform with notice published, 6 copies—letter forwarding same to Agent at Fredericton and instructing re filling—It being difficult to settle details relative to $15,000 bonus to be paid Pulp Company on certain conditions, Company not being incorporated and conditions not being settled so that same might be incorporated in bill as required, and re extension of town's limits—attending Mayor Loggie and alderman Watt and discussing matter, and attending also on R A. Murdoch, one of the promoters of the company. It having been decided to apply for extension of limits—preparing addition to bill and forward same to agents at Fredericton, $10 00.

Telegram to Hon. L. J. Tweedie for autho ity to use his name as introducing bill, 25c.

Feb. 27—To telegram to Winslow & Allen instructing them to indorse on bills, name of Hon. L. J. Tweedie, 25c.

Preparing notice of bills to authorise Bishop of Chatham to sell certain lands to the town and attending on printers with do, $2 50.

Preparing bill for enactment, $5.00.

The next item was:

Feb. 27.—Attending Town Treasurer to get description of land to be conveyed by the Bishop to the town for insertion in bill not having been provided with plan or description.

Ald. Murray said this should be included in the $5 for drawing the deed. That was the practice with lawyers in Chatham, save Mr. Winslow, perhaps. When he (Mr. Murray) drew a deed he charged $4 or 5, including the acknowledgement, for which there was no extra charge. It was not customary to make such charges. "I have no hesitation in saying" said ald. Murray "that aldermen would not pay such a bill as this were the transactions in their own private business. The transfers for these two properties cost $53.30, or over $26 each. I don't call it dishonesty on their part, but they are too weak in the back to resist payment when they must feel the charges are not right. I shall vote against the item."

Ald. Nicol asked ald. Murray whether he would say Mr. Winslow could not collect that item at law.

Ald. Murray said he would not say, because he had not evidence on the subject before him, but he would say that much of the work should have be done by members of council, who had asked the people to elect them to serve their interests.

Ald. Hocken said he had accounts in his private business from Mr. Winslow for drawing deeds, etc; there were no such items in them. The town had got a property for $5 and it had cost $28 for law expenses connected with it.

The item passed.

The next item was for a letter, 50c., and it passed.

Feb. 27.—Letter to Winslow & Allen, forwarding bill relating to Bishop, 50c.

Passed.

Mar. 1, 1901.—Drawing deed for John McLaggan, changing clause relating to right of way and omitting warranty clause and qualifying grant of water privilege and right to divert the water, and letter to John McLaggan enclosing same, $5.

Ald. Nicol explained that Mr. Winslow had considered that the quickest way was to make a deed covering "all the earth" and to let Mr. McLaggan object. Mr. McLaggan did object and, consequently, the 2nd deed was made.

Ald Murray: I object to this item on same grounds as in the Fisher case. How was it, because it was the town that was buying, the rule of vendor paying for the deed had to be reversed and the town pay?

The item passed.

The following items were next passed:

Mar. 1.—Letter to Mayor re Chatham Electric Light Company, 50c

Letter to W. E. Fish for plan of ½ acre of land to be bought from the Roman Catholic Bishop of Chatham, 50c.

5.—Attending W. A. Park re McLaggan deed, he agreeing to deliver same on payment of money and to pay $5. towards expenses and attending on Chairman of Finance Committee, he agreeing to pay over money on the 9th inst., 50c.

12.—To drawing copy of Town Bill for Mayor Loggie on request, $1.00.

Preparing notice of application to Legislature for additional enactment for publication and attending on Mayor to submit same, $1.00.

Having received instructions from the Town Clerk to prepare additional sections, and forward same to Fredericton: Preparing additional sections, 9, 10, 11, 12 & 13, 6 copies, $5.00.

Letter to agents at Fredericton with instructions to add enclosed sections to Bill, 50c.

Drawing copy of additional sections for Mayor, and attending on him with same, $1.00.

Council having made further changes in sections and having received instructions from Town Clerk relating to same—redrafting sections embodying changes, 1.00.

13—Consulting with Mayor Loggie and submitting to him draft form of petition to Lieutenant Governor and Legislature—he having questioned whether he would sign petition for the passage of the bill, including the first section relating to franchise on ground that as all sections of bill except 1st section had been adopted by Council, and the whole bill being before the Council, Council should take further action on the first section, $5 00.

Drawing petition to Lieutenant Governor and Legislative Assembly setting forth at length the various resolutions of council and the action taken thereon including copies of instructons to solicitor, notices of publication and copies of bill and additions, $5.00

Attending Mayor and presenting petition for signature and corporate seal and letter to Mayor, 50c.

Attending on Provincial Secretary—bill being endorsed as introduced by him, to make enquiries re suspension of rules as affecting last sections of bill to be added, same not having been filed in accordance with rules, and re introduction of bill authorizing Roman Catholic Bishop of Chatham to sell land, $2.50.

After filing bill authorising Roman Catholic Bishop to sell on receipt of reply from W. E. Fish, Surveyor, to my letter of March 1st re correct description of and plan of Bishop's land, drawing definite description of land and forwarding same to Fredericton to have same inserted in Bill (5 copies) $1.50.

Drawing petition from His Lordship the Roman Catholic Bishop of Chatham for passage of Bill, $2.50.

16—Drawing complete copy of petition re Town Bill for Mayor on request, $1.00.

15—Having received Deed from John McLaggan per W A Park, his agent, letter to the Mayor enclosing same. Having received instructions to register same—letter to registrar enclosing deed to be registered—and registrar's fees on deed of $2.40,—$3.00

Extended option on land to be purchased from G. E. Fisher being about to expire—attending on Mayor for instructions and on G. E. Fisher for deed and same not being ready for delivery to get extended option further extended, $1.00.

The Council adjourned.

Chatham Town Council was called to meet on Monday evening in special session at 7.30, but those not of the council who attended were obliged to wait for the termination of the usual committee meeting in the anteroom for just half an hour before the Mayor and aldermen filed in and took their seats, and business commenced.

This appears to have become the rule now. Committee work must be done after the hour at which the council is called for business, instead of in the ordinary way. The gentlemen of the Council appear not to have hit upon the idea that busy men who are required to attend their meetings, ought not to be obliged to sit in idleness while committee work, which could as well be, and ought to be attended to earlier, is transacted. When the Council does not intend to meet for business until 8 o'clock it should not announce that the meeting is to be at 7 30.

When business began at 8 p. m., the minutes were read and confirmed.

Then, a number of communications were filed.

Mr. J. M. Ruddock's tenders for steel smoke stack for the pumping station, $435, and service boxes, at $2.20 each, were accepted.

A tender of Mr. Alex. Robinson for wire fencing of the town property at Morrison's Brook, and one of Mr. Geo, E. Fisher, were read, and that of Mr. Alex. Robinson accepted.

One tender for cast iron suction mains was read, and the Mayor said they would not consider it at present. Ordered that the tender, (T. A. McLean & Sons) lie on the table. Carried.

In reference to the delay of Messrs. Hanscom & Co. in laying sewers, the Mayor said the Council had considered the matter and Messrs. Hanscom's representative here, Mr. Bryan, had agreed that the town should take 25 Italians, who had been working for him but had stopped, and put them to work, which had been done. In view of Mr. Bryan having obtained an increased force since, it had been determined to let him go on and, meantime, the agreement for the town to do part of the work was extended until 3rd Sept.

The Council sanctioned the Mayor's action in the matter, and authorised him to sign the extension of the agreement.

The Mayor said he had had returned to him the agreement with Mr. Miller, signed by his sureties.

The Mayor read communication from R. A. Lawlor, Esq., Q. C., in reference to instruction he had to collect bill of Mr. D. G. Smith against the town.

Referred to the Finance Committee.

Ordered that brick bill of W. S. Loggie Co. $125.40 be paid.

Ordered that the cheque of John McDougall & Co., re contract for pumping machinery, be returned to them, the contract being completed.

Ordered that $300 be paid to Mr. Wm. Lawlor on account of his stand pipe foundation contract.

A letter from Mr. R. S. Lee, recommending that contract be made at once for the intake dam at Morrison's Brook, was read by the Mayor, and it was ordered that tenders be asked for that work and for laying the pipe therefrom to the iron suction pipe, tenders to be opened Sept. 9.

The Mayor read a communication from Hon. Premier Tweedie on the subject of the coming visit to New Brunswick of the Duke and Duchess of Cornwall and York, which intimated that their Royal Highnesses would receive addresses from cities, towns and municipalities of the provinces, same being forwarded to Hon. H. A. McKeown at St. John, to be transmitted to His Excellency the Governor General. When their Royal Highnesses were in St. John the addresses would be taken as read and be replied to by the Duke. It might be well for Chatham to be represented in the presentation of the address of the town at St. John, by two or more members of its Council.

Ald. Nicol said this Council might join with that of Newcastle and of the municipality and forward a joint address in the name of the whole people of Northumberland, and he moved that the matter be referred to the By-Law Committee.

Ald. Murray did not approve of that idea, but thought one address from the province, representing all the people, would be best. As that could not, however, be done he moved that the Mayor and at least two members of Council attend at St. John and represent the Town in the presentation of an address to their Royal Highnesses, to be prepared by a committee of Council.

Ald. Nicol withdrew his motion.

Ald. Murray's motion passed, and ald. Nicol and McIntosh were appointed to accompany the Mayor; also ordered that any other aldermen who could find it convenient to go and represent the town on that occasion, do so.

The Mayor and ald. Murray were appointed to prepare the address.

The Mayor, referring to the large quantity of water found in excavating for the sewer pipes on Queen Street, said an outlet for it was sought by the town through the property of a resident of the locality who had refused in a very ungracious way to permit the necessary crossing of his land. It was, however, gratifying to know that while there were many whose manifestation of their ideas of good citizenship apparently consisted in display of the disposition to take every cent possible out of the town in connection with the public works being carried on, there were some who evinced a different and more commendable and generous spirit. In this connection he was pleased to say that Mr. Peter Gorman and his wife deserved honorable mention for having given a free right of way across their land for a drain to the river of the water-flow he had referred to, and he hoped some record of it would be made to their credit.

After some other business had been transacted, ald. Murray moved that a vote of thanks be passed to Mr. and Mrs. Peter Gorman for the public spirit they had displayed in allowing an under-drain to pass free through their property from Queen St. to the river.

On motion of ald. Maher ordered that the item pass. Yeas: Maher, McIntosh, Murdoch, Morris, Wyse. Nays: Murray, Hocken, Nicol.

The following items was next passed:

Drawing petition and attending on Mayor for signature—being referred to him by the Town Clerk. To attending on Town Clerk re do. to have seal affixed, $1.50.

Having received written instructions from Mayor to prepare bill for amendment of act authorizing bond issue for $10 000.00—for Electric Light purposes—making amount $20,000.00 additional in accordance with resolution of Town meeting, held on the 21st instant under section 15 of Town act. To attending on R. A. Lawlor, Sec'y of Town meeting to get copies of resolutions passed by the meeting to be incorporated in petition, $1 50.

Attending J. F. Benson for certificate of publication in "Commercial" of notice of Town bill, and dictating certificate and letter to Hon. L. J. Tweedie, forwarding petition and certificate, $1.00.

Attending with Mayor Loggie and advising him it would be necessary to call a meeting of the Council to act on the resolutions passed at the public meeting, same being called for Tuesday, March 26, inst., $1.50.

23—Drawing notice of application for authority to issue $20,000 in addition to $10 000 to purchase, establish and equip the Chatham Electric Light Co. plant—attending on Mayor Loggie for signature and on publisher of "World" for notices, $1.00.

Having received from Mr. R. A. Lawlor, Sec'y of Town meeting, held on 21st inst., certified copies of resolution relative to bond issue for Electric Light purposes—there being a difference between it and the published copy, attending on Mayor to draw his attention to same. Attending on George Watt and J. L. Stewart mover and seconder of resolution. Resolution being corrected by the Mayor as Chairman of Town meeting—another attendance on R. A. Lawlor to have him initial correction, $2.50.

Drawing bill for enactment, $5.00.

23—Drawing petition, attending on Mayor for signature, attending on Town Clerk to have Town seal affixed, and letter to Hon. L. J. Tweedie forwarding petition, $1.50.

26—Attending publisher of "World" for certificate of publication of notice re ward system, etc., drawing certificate and letter to Hon. L. J. Tweedie forwarding same, $1.00.

28—Having received directions in writing from Mayor to fill in charges and additions to proposals, specifications and contract re stand pipe with Jas. M. Ruddock, also re special castings, and re bonds to be changed where required, and erasing parts not applicable, sealing and instructing in re execution thereof—attending on Mayor for signature. He having refused to execute contract, there being a change he desired to inquire into, $3 50.

Letter to Mayor, 50c.

Attending on J. M. Ruddock and having him execute both contracts in duplicate and going over same with him, $1.00.

Attending on Mayor with Mr. Ruddock to settle in reference to change from roan to green sand in contracts for special castings—Mayor signing contracts, $1.00.

Attending Town Hall at meeting of Committee of the Whole to submit contracts with Ruddock and to get Town Clerk to sign and affix Town seal, $1.00.

29—Attending with J. M. Ruddock, W. Wilson and E. Hutchison and attesting executions of bonds as security for performance of contracts by Ruddock, $1 00.

30—Hon. L. J. Tweedie having telegraphed from Fredericton that petition against extension of Town limits westerly, largely signed, and advising delegate be sent to explain to committee. To consulting with acting chairman of Public Works and with Mayor re extension to westerly line of Lawlor and McLaggan lands. Attending to telephone to Mr. Tweedie re do., also drafting telegram urging reasons for such extension by instructions of Mayor, and cost of telegram, $1.50.

Referring to the last item, ald. Hocken said that something in the way of advertising matter had been published in regard to a remark he had made at a previous meeting concerning it. He might say that on the day he had made the remark he had a conversation with ex-Mayor Loggie respecting the item and Mr. Loggie had demurred over it, saying he himself was on his way to the telephone office to attend to the matter when Mr Winslow met him and learning what he was going there for, went in his place. Mr. Loggie could have done the telephoning just as well as Mr. Winslow. His objection was not so much to the amount charged, but that Mr. Winslow couldn't allow the Mayor to do this work without his having "a finger in the pie."

The next item passed as follows:

April 25—Drawing deed from Roman Catholic Bishop of Chatham to Town, $4.50.

An item that caused considerable discussion was as follows:

May 4—Attending on April 9th, having received instructions to prepare papers to take over Electric Light Co. property for $25,000 00. Attending on W. B. Snowball to get deeds, $1.00.

Mayor Snowball, in reply to ald. Nicol, said Mr. Winslow had not attended on him, as stated.

Ald. Maher: I move the item be paid.

Ald. Nicol: What! When the Mayor assures us he did not attend on him?

A motion to lay the item over was carried. Ald. Maher withdrawing his for payment.

The next item was read as follows:

Attending on Mayor Snowball with James Miller and consulting with him relative to a proposed change in contract for Worthington Pump, from the 66″ boiler to 60″, and urging acceptance of $2800, therefor instead of $3137, for the 66″, a difference of $337, the offer of James Miller for the 60″ being $225 only and negotiating for low duty pump in lieu of high duty pump, $1.00.

Ald. Nicol said that item had been withdrawn. He read a letter from Mr. Winslow saying that Mr. Miller had agreed to pay it.

The remainder of the items passed as follows:

May 14—To attending at Bishop's residence to submit deed for approval and execution and attesting execution and letter to Mayor, and attending with same and deed, $2.50.

Cash paid Winslow & Allen, Fredericton, for services re bills as per voucher, $5 00.

Cash paid F. E. Winslow for cost of various telegrams as per voucher, $2.31.

Some time was spent in arriving at the balance due. It was stated that the original bill was $195.71; the deductions were one McLaggan item of $5.00, one of $1.00, which Mr. Miller was to pay, and another of $1.00 held over, leaving a balance of $188.71, which sum was, on order of ald. Nicol, seconded by ald. Murdoch, ordered to be paid to Mr. Winslow.

Ald Murray addressed the council, summarising his objections to paying some of the items and moved, seconded by ald Hocken, that as only $1 was in despute, it would be better to pass the amount at $189.71 and be rid of it.

Ald Nicol said he could not conscientiously vote for that dollar changed for attending on the Mayor when the latter stated he was not called on by Mr. Winslow.

Ald Maher said the same thing.

Mayor Snowball said that being told Mr. Winslow had been authorised to attend to the transfer of the Electric Light plant, he had himself taken the papers from his own office to Mr. Winslow's office and delivered them to him. He, therefore, had attended on Mr. Winslow—not Mr Winslow on him.

Ald. Murray's motion was not entertained and after some further disputing the Council adjourned.

TO CURE A COLD IN ONE DAY
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c E. W. Grove's signature is on each box.
