Where is Your Dog?

Up to date the dog-catchers have secured about 40 canines that were not provided with the muzzles requisite to secure their freedom, and have had them housed comfortably in Queen's Park. None of the dogs have as yet been destroyed, and about half of the number have been claimed and taken away by their owners after paying the expense entailed in their keep and capture. A number of the least valuable dogs will be killed some time during the present week, while those that are of any special breed will be kept in hope of finding their owners. The object of the dog-catchers is to scoop in the vagrant curs, while the owners of unmuzzled dogs can be reached through the Police Court.

Strathroy's Celebration.

The Roman Catholic picnic at Strathroy on Dominion Day, under the joint auspices of the Strathroy and Watford congregations, was a success, about 1,500 people being present. Some $900 was realized from the voting. Besides the ball game for $15—won by the Y. M. C. A. Athletics, of London, from Ailsa Craig, and the other game won by the Stars, of London—there were other sports. THE SEWERS.

What Is Being Done by the City to Purify Them—Will the $10,000 Writ Be Issued?

The judgment given at Osgoode Hall, Toronto, recently, requiring the city to abate the nuisance occasioned by the practice of running the city's sewage into the river has occasioned considerable comment in the city especially, as the non-compliance with the ruling of the court means the issuing of a writ for $10,000 to be collected forthwith.

Mayor Taylor was interviewed this morning on the subject and said that the city was still working with the Condor system, but that the result was as yet uncertain. He thought that the City Council should appoint a committee to wait on the Attorney-General and explain the true position of affairs and get a stay in the proceedings. "Every city in the country," he said, "pursued the same plan, and it looked like persecution on the part of the city's enemies that it should be singled out of all the others to be made a test case of. The river was constantly flushed with rains and everything noxious was washed down into the lake before it became a nuisance. The universal practice of disposing of sewage in that way ought to be sufficient guarantee that it was the best. The city would do all in its power to adjust the grievance, however."

City Engineer Tracy was also seen and stated that the Condor system was still receiving attention. The recent rains had taken away the need of working at it, but now that the warm weather had set in the scheme would be pushed. It had not had a sufficient trial as yet to justify an opinion as to its merit, but the city officials would know for certain in a few days just what its value as a deodorizer was.

We have no hesitation in saying that Dr. J. D. Kellogg's Dysentery Cordial is without doubt the best medicine ever introduced for dysentery, diarrhœa, cholera and all summer complaints, sea sickness, etc. It promptly gives relief and never fails to effect a positive cure. Mothers should never be without a bottle when their children are teething.

Among the pains and aches cured with marvelous rapidity with Dr. Thomas' Eclectric Oil, is ear-ache. The young are especially subject to it, and the desirability of this Oil as a family remedy is enhanced by the fact that it is admirably adapted not only to the above ailment, but also to the hurts, disorders of the bowels, and affections of the throat, to which the young are specially subject.

VOLTAIC BELT CO., Marshall, Mich.

The door of summer stands wide open at about an angle of 80 degrees.

Mr. Job Scales, of Toronto, writes: A short time ago I was suffering from Kidney Complaint and Dyspepsia, sour stomach and lame back; in fact, I was completely prostrated and suffering intense pain. While in this state a friend recommended me to try a bottle of Northrop & Lyman's Vegetable Discovery. I used one bottle, and the permanent manner in which it has cured and made a new man of me is such that I cannot withhold from the proprietors this expression of my gratitude.".
