THERE'S a deal of difference between a "cheap tea" and a tea that's the "best for the money." "There are no teas as good as Monsoon." 25, 30, 40, 50 and 60 cents per pound.

MONSOON
INDO-CEYLON TEA

CLOTHES FOR MAN AND BOY.

Abundant and Superb Stock of Seasonable Vestments at "Oak Hall," East King Street.

The proceedings now going on at Ottawa are undoubtedly of great importance to the country at large, but to the individual they are of a secondary consideration wherever the name of the Sanford Manufacturing Company is concerned. The reason is obvious; actuated by a desire to give their patrons the very best value for their outlay, the firm have in consequence secured a world-wide reputation as the manufacturers and retailers of superior ready-to-wear clothing, which must be sustained at any cost.

The public, realizing this fact, have not been slow to take advantage of it, and as a result their trade has increased to such an extent that the firm have opened branches in nearly all the principal cities of Canada, and in each case have adopted the cognomen "Oak Hall" as the distinctive name for their stores.

However, it is with the Toronto "Oak Hall" that this item has to do. Here you will find one of the best appointed clothing stores in the city, and what is of more importance, it contains in abundance all the latest styles of clothing, tailored and trimmed in a way to satisfy even the most critical and particular dresser.

Just now the firm is paying great attention to men's overcoats, the prices of which range from $7.50 to $15. In the finer lines the goods are of grand quality, being full silk-lined to the edge, and are made from superior English black cheviot. Another line in fawn venetian is also proving very popular. It is lined throughout with corticelli silk and is faced with self cloth. The price, too, is reasonable, being $14. Whipcords from $8.50 to $10 occupy a prominent place in the stock, and are made in box-back or Chesterfield style. The tailoring and fit is also in keeping.

In men's suits every imaginable color, style and pattern is found. They come in rough and smooth cloths, and single and double-breasted and frock styles. For the warmer weather, serges will be largely worn, and the stock here is complete in every detail.

The proper costume for wheeling this year is a double-breasted blue serge coat and fancy check bloomers, and up-to-date young men will find in "Oak Hall" exactly what they want. The tastes of those who prefer something not quite so fashionable, but still equally as neat and gentlemanly looking, are well looked after, and they may choose from a range of styles in both sacque and Norfolk that have no superiors in the city.

The little chap's clothing receives just as much attention as the older person's. Waist suits in fast colored cotton and galateas are both stylish and serviceable, and may be had in any style and at any price.

To get a really true conception of the magnitude of this establishment and to appreciate the wonderful value the "Oak Hall" offers, a visit should be made, even if you have no desire to purchase.

27 YEARS A CHURCH.

The Congregation of Parliament-Street Baptist Church Celebrated Last Night.

The twenty-seventh anniversary of Parliament-street Baptist Church was celebrated last night by a pretty social, which was largely attended, despite the rain. A program of selections was admirably rendered by the Misses Maude McAvoy, and M. Selway and Messrs O. B. Dorland, Victor Hutchinson, W. Harper and A. H. Putnam. The singing of "A Dream of Paradise," by Miss McAvoy, was heartily applauded, and the clever artist had to give an encore. Interspersed with the program were short speeches by the pastor, Rev. J. A. Keay, who occupied the chair. Rev. S. A. Dyke, Rev. P. C. Parker, Rev. Dr. Welton and Rev. William Birrell.

The anniversary services were commenced last Sunday, when the church was crowded at both services. In the morning Rev. Dr. Donovan delivered the sermon and Rev. Dr. Stewart spoke in the evening. Both speakers complimented the congregation on the good work they were doing, and expressed the wish that it might long continue. The church is prospering, having a large number of names on the list and a big balance on the right side. Rev. Mr. Keay, who has been laid up for the past few weeks, was able to attend both services.

STRANGERS OBNOXIOUS TO HIM.

Therefore Montgomery Fought—As a Sequel He Spent the Night in the Cells.

Thomas Montgomery, a teamster, of 54 Fenning-street, went down yesterday afternoon to see a friend off on the train. The two loaded up on the way, and after the train departed Montgomery went up Yorkstreet on a jaunt. The appearance of several German Mennonites who had stopped over on their way to the West was obnoxious to him and he told them so. A fight followed and Montgomery was arrested with some difficulty by Constables Sockett and Phillips on a charge of being disorderly.

Montgomery's father visited the station last night and wanted to bail his son out. The prisoner, although being in the cells seven hours, was still in a stupor from the effects of liquor, and could not be aroused. He remained all night.

Patent Rights Suit.

Justice Ferguson for the past two days has been engaged in the non-jury court at Osgoode Hall with the suit of Charles C. Young of Ellsworth, Maine, against James A. Avery and John A. Dwyer for breach of contract in connection with the exclusive right to make and sell a patent skewer in the United States.

Bullet Not Yet Found.

Donald McGillicuddy, son of Mr. Thomas McGillicuddy of the Department of Agriculture, who shot himself in the thigh on Monday evening, is recovering from the effects of the wound. The bullet, however, has not yet been located.

Erysipelas and Salt Rheum.

BURDOCK BLOOD BITTERS CURED MR. EDWARD WHITE OF VICTORIA CORNERS, N.B., FIVE YEARS AGO.

HE HAS NEVER HAD ANY RETURN OF THESE DISEASES SINCE.

The triumphs of Burdock Blood Bitters over diseases that other remedies and even doctors' treatment seem powerless to cure, render it without doubt the grandest and greatest medicine of the times.

The cases being recorded from day to day show how thorough and far reaching are the cures B.B.B. makes and no case illustrates this more satisfactorily than that of Mr. Edward White of Victoria Corners, N.B.

We will permit Mr. White himself, together with his friends and neighbors, to amply verify the statement made on behalf of B.B.B., that when it cures you, you're cured to stay cured. This is the letter Mr. White wrote in 1894:

"For twelve years previous to the past few months I have been a sufferer from the worst kind of Salt Rheum. I tried twelve different doctors, besides many patent medicines, but received no benefit. Last January I was advised to try B.B.B. by the Postmaster here. I soon perceived a decided change for the better and it only took six bottles to make a complete cure."

EDWARD WHITE.

At the same time Mr. E. H. Cox, a neighbor of Mr. White, wrote the following:

"I know Mr. White and am aware that he has suffered for about twelve years from Erysipelas and Salt Rheum and has tried many doctors but all have failed to cure him.

"I had the opportunity of examining his arms, shoulders and breast, and found them covered with sores, but after using one bottle of B.B.B. they had healed up so that large scabs and scales fell off. I advised him to keep on using B.B.B.

"His face was fairly baked and so rough and sore that the skin cracked open. The itching and burning were almost unbearable.

"He continued the use of B.B.B., until now every symptom of the disease is gone.

"I write this in justice to B.B.B. as the facts are true in every respect."

E. H. Cox.

Then Mr. White's wife corroborated his story, she wrote:

"I cannot express in a letter how my husband has suffered during the past twelve years. I have seen the skin all peel off his face three times in a week with that awful Salt Rheum. He ha spent everything for medicines an doctors' bills but nothing did him an good until he took B.B.B. He ha taken six bottles and is now cured. H used to scratch his flesh all night, bu now sleeps well and is free from disease.'

Backing up and endorsing all these state ments made we have the testimony of three o the best citizens in the community.

We have known Mr. Edward White fo the past ten or fifteen years and can certif to the genuineness of his letter and to the facts of his case as stated by himself.

J. B. BOWSER, Merchant and Postmaster;
JAMES W. BOYER, Manufacturer; THOS. W. LETSON, Justice of the Peace.

Now comes the proof of the permanency of this wonderful cure—and we have it in the following letter just received:

"It is now about five years since I was cured of a terrible attack of Salt Rheum and Erysipelas which afflicted me for about twelve years. I had tried almos everything includin doctors' medicine, bu could get no relief unt I took Burdock Bloo Bitters.

"Although my case was so bad it onl took six bottles of the B.B.B. to make thorough cure. Indeed, so lasting an permanent has the cure been, that durin these past five years since I was cur there has been not the slightest sign the disease returning. I believe th B.B.B. has driven it so completely ou of my system that it will never both me again.

"I always praise B.B.B. as the be remedy for any skin or blood diseas and I firmly believe that if it could cure case of Salt Rheum as bad, and as many years standing as mine, that it ca cure sores or skin disease of any kind.

EDWARD WHITE.

And the permanency of the cure is corro borated by well known fellow citizens o Mr. White.

This is to certify that we have know Mr. E. White for a number of years pas and believe his statements with referenc to his cure to be true in every particula and are aware that he has had no retur of the Salt Rheum since he was cure some years ago by Burdock Blood Bitters

J. A. CLARK, Carpenter.
WILBUR BURLOCK, School Teacher.

MR. EDWARD WHITE.

PLAN TO PROTECT CUBANS.

Uncle Sam Proposes to Prevent Mortgage Holders From Pressing Foreclosures.

PAYMENT OF SPAIN'S $20,000,000

Will be Made by a Draft on New York to Anyone Designated by the Madrid Government.

Washington, April 11.—The principal subject of discussion at to-day's cabinet meeting was an elaborate plan of credit extensions in Cuba, which has been presented by Gen. Brooks and his cabinet council. The proposed plan of mortgage extension involves payments in instalments covering periods of varying length up to six years, and is intended to place creditors beyond the reach of foreclosure proceedings until they can, to some extent at least, recoup their fortunes. It is admitted that to authorize peremptory foreclosure proceedings against all property covered by mortgage would result in bankruptcy to a large percentage of the Cuban property owners, and it is not the intention of the Government to precipitate such a condition by authorizing creditors to proceed to foreclosure at once.

The subject of the method of paying the $20,000,000 due to Spain under the treaty was also discussed, and it was decided to pay the amount by a draft on New York, to be delivered to whoever the Spanish Government authorizes to receive it. No designation, however, has yet been made.

THEY ASK A REFUND OF DUES.

Lumbermen Claim to Have Been Overcharged $3000 by the Crown Lands Department.

Hon. Mr. Gibson, Commissioner of Crown Lands, was waited upon yesterday by Messrs. A. McLeod, Bracebridge; W. J. Sheppard, Waubaushene; T. Sheppard, Orillia; T. Irwin, Peterboro, and McCormick, Orillia. They are connected with the McLeod Lumber Company of Parry Sound, and they asked a rebate of about $3000, money which they claimed they had been overcharged on timber dues.

These gentlemen were some of the lumbermen forming the deputation which waited upon the Government at Ottawa to urge the equalization of Canadian and American lumber duties. Mr. McLeod said yesterday that they were not very hopeful of success, yet they did not see how the Administration could refuse so fair a request. He seemed, however, to fear the influence of Hon. Mr. Sifton. So far as he could learn, he said, the only objection to their proposals came from a small part of Manitoba, where the lumber used came from the States. He did not think the proposed duty would, because of excessive freight rates, unduly advance the price of lumber to Manitobans. The C.P.R. was prepared to give preferential rates, and the completion of the Rainy River Railway next fall would itself ensure favorable rates. Mr. McLeod did not think it fair, in any case, that the whole lumber trade of the Dominion should suffer for the sake of six or seven constituencies in Mr. Sifton's home district.

WEST Y.M.C.A RECEPTION.

A Pleasing Time Spent With the Young Men at the Annual Function.

The Y. M. C. A. at the corner of Queen and Dovercourt-road was all ablaze last night at the annual conversazione of the young men. From 7.30 to 8 a reception was held in the parlor. From 8 to 9 a concert was given in the auditorium, at which W. F. Pizer sang, L. J. Lugsdin recited, E. L. Powell sang, G. W. Weese gave a sketch, F. C. Husband played the violin, and Miss Powell and Mr. Pizer sang a duet.

From 9 to 10 an exhibition of physical culture was given in the gymnasium, and an informal musicale of the gramophone in the lecture room.

The curios and collection of coins, etc., in the parlor were inspected from 8 to 11.

Refreshments were served from 9 to 10, at which not the least pleasing were the cups of tea, brewed from Salada Ceylon tea, given gratis.

CALEDONIANS WERE MERRY

At Their Annual Reception and Dance Last Night in St. George's Hall.

Notwithstanding the inclemency of the weather a large crowd was present at the concert and dance of the Caledonian Society, held in St. George's Hall last night. The committee in charge spared no efforts to make the affair a success.

The early part of the evening was devoted to a concert, at the conclusion of which the floor was cleared and dancing began. Throughout the evening refreshments were served in the basement, which was prettily decorated with flowers and tartan bunting.

Those who took part in the program were: George B McClelland, Miss J B Brown, Gilonna's Orchestra, Miss Gertrude Gibb, Miss Marie Whalen, Miss Minnie Ross, David Rennie, George A Weese, Bert Harnley, G D B Dickson and Piper Murray.

"I'M A DETECTIVE," SAID HE.

But P. C. Redford Locked Him Up All the Same for Being Disorderly.

According to Joseph Holmes' own story, he is a detective in the employ of Inspector Stark, and was yesterday spoiled in working on a case by the interference of Constable Redford.

When the constable first saw Holmes, it put him in mind of the experience he had with an unknown man in the doorway of a West King-street bakery shop about a year ago. Holmes at first threw his arms around a horse's neck which was standing at Yonge and Richmond-streets, and then jostled several ladies on the sidewalk. He followed all this up by kicking down a sign board. Then it was that the policeman interfered, and he was locked up at police headquarters on a charge of disorderly conduct.

East York Macdonald Club.

To-morrow night at 8, Conservatives of East Toronto, Little York and the surrounding portions of Scarboro Township will meet in the Fire Hall, Little York, to organize a Macdonald Conservative Club. Organization will be completed and a date set next week for the election of officers; a draft constitution will also be presented by Acting-Secretary "Jack" Patterson. Messrs. Church and Cross will address the meeting. All Conservatives are invited.

Next week a large mass meeting is to be held, at which Messrs. O. A. Howland, John W. Moyes, Thomas L. Church, E. B. Ryckman, John T. C. Thompson (son of Sir John Thompson), and E. F. H. Cross will speak. The Conservatives of the village are very enthusiastic over the success the club promises to be.

Macdonald Club of Yorkville.

The following have signified their intention of speaking at the inaugural meeting of the Macdonald Club of Yorkville, which will be held on Friday evening, 14th inst., in Cumberland Hall, corner of Yonge and Cumberland-streets: J. J. Foy, M.L.A., R. A. Pyne, M.L.A., G. F. Marter, M.L.A., O. A. Howland, A. W. Wright, W. D. Macpherson, E. Bristol, J. A. Ferguson and others. President Symons will also deliver his inaugural address, and an opportunity will be given to all Conservatives desirous of joining the club.

Want Fish Runways.

The Muskoka Lake Association will at an early date ask the Department of Fisheries to have fish runways constructed in the Moon and Bala Rivers, so that sporting fish may be able to get past the falls and into the lakes. The association is composed of Muskoka's summer residents.

Two Points in Dentistry.

When you buy new teeth there are two all-important points to be considered:

"Are the teeth of the best quality?"

"Are the plates well made and perfectly fitted?"

At the Mentha Dental Office the celebrated American Justi teeth—the best the world afford—are used. The plates are skilfully fitted and sold under a positive guarantee, both as regards durability and fit.

The Mentha Dental Office has won the confidence of the people of Toronto. The high quality of work and the moderate prices charged have made this office a busy place. Call or telephone for appointment.

FROM MICHIGAN THEY CAME.

125 Persons Go West to Assiniboia to Found Future Homes in Canada.

From Michigan yesterday 125 immigrants went through Toronto on their way to the Canadian Northwest. They will take up land. W. Richert, ex-Mayor of Detroit, headed the party.

Their destination is Assiniboia, where they will found a town, to be called Alameda, 185 miles west of Winnipeg. This will be on the new line of the C.P.R.

Mr. Richert will return to Detroit next fall, and, if satisfied with the prospects in the West, will encourage others to join the new colony.

A SMASH ON THE G.T.R.

Two Persons Injured and the Engines Wrecked on Monday at Guelph.

A small accident occurred on the Grand Trunk at Guelph on Monday afternoon, which resulted in several passengers being slightly injured. The passenger train from the south was backing into the depot, when the northern express turned sharply into the Y, and the two engines met, both being badly wrecked. A daughter of Mr. Ames of Wiarton was cut on the head and Mr. McGregor, a druggist of Brampton, had his shoulder dislocated. The line was blocked for nearly two hours with the debris.

SEE THAT YOU GET IT.

DOCTOR HOWARD,
Manager Orien's Mfg. Co.,
Carleton Place, Ont.

DEAR SIR,—I have been a great sufferer from Piles. The last attack was the most severe I have experienced. For ten days I could neither sit nor stand, and walking was out of the question, so great was my suffering. I could find no relief anywhere until your Pile Ointment was recommended to me. I got a box. I was relieved by the first application. In two days I was able to resume work and felt perfectly cured within a week. I volunteer this testimonial. I desire that people who suffer as I have done may know where to get such prompt relief as I found in the use of Orien's Pile Ointment.
[Signed] ANDREW JENKINS,
