LOCAL MATTERS.

APPLES.—Schr. Effa, Capt. Estabrooks, arrived at the landing this morning from Cornwallis with 900 barrels apples for J. A. McQueen.

RENOVATION.—The spacious lobby of the Sackville Postoffice has been greatly improved during the past few days by an application of paint and wall paper. Its chief decoration is the legend "Post no Bills."

GEESE KILLED.—Mr. Thomas Estabrooks, of Midgic, recently found thirteen of his geese dead and another goose was missing. It is supposed the slaughter was done by a loupcervier.

A WESTMORLAND SHIPPER.—Mr. John Avard shipped over 400 sheep by steamer "St. Lawrence," from Summerside to Point du Chene, Saturday morning. Of the lot he bought over 300 from one man in St. Peter's Bay.

WESTCOCK SIDEWALK.—The ladies of Westcock interested in building the sidewalk from the crossing to Westcock beg to inform their friends that they will not begin work till next spring—owing to the fact, that the millmen agree to give them nearly double the quantity of material for their money then that they can now. In the meantime any contributions from the generously disposed will be thankfully received.

PERSONAL.—Mr. S. J. King, Post Office Inspector, was in town last Friday on official business.—Rev. W. E. Hall, who has been spending his vacation in Nova Scotia, is expected home the last of this week.—Mrs. John Purdy, accompanied with her daughter, will start for California this week, to rejoin her husband who has leased a large farm a few miles from San Francisco.—Mr. A. W. Bennett, of the law firm of Powell & Bennett, was admitted a barrister last Thursday.

SMASHUP ON THE I. C. R.—The breaking of a drawbar in a special train caused a serious smashup Saturday night at Irishtown crossing about half a mile this side of Moncton. Three coal gondolas, two box cars and a van were derailed and the gondolas were badly wrecked, some sixty tons of coal being scattered about the track. The box cars and van were not much injured. A side track was built to allow trains to pass while the wreck was being cleared away.

JOGGINS RAILWAY.—On Monday a train consisting of an engine and three cars, one of which was a passenger car, passed through Sackville for the Joggins Railway. The cars were built by James Harris & Co., St. John, and the locomontive was constructed by Fleming & Sons, of the same place. The formal opening of the line takes place today, and it is announced that Sir Charles Tupper will be present. Sir Charles is to speak at River Hebert to-night and a train will run to accommodote those who wish to hear him.

HALLOWE'EN.—The ghouls were out in force on Hallowe'en and committed depredations which none but ghouls or fools would think of doing. What object any young man can have in turning over sidewalks, tearing down fences, breaking gates, &c. apart from sheer devilitry is not easy to divine. Several youths of already not very honourable fame, whose names should be published, were caught in their diabolical act, and may be induced through legal suasion to make reparation for damage done, apparently with the mistaken idea that it was smart.

THE CONCERT in Music Hall Tuesday evening was attended by a large and thoroughly appreciative audience and was carried out very successfully. All who were present undoubtedly expected a rich musical treat and their expectations were not disappointed, their appreciation being testified by repeated recalls. The remarkable sweetness and power of Miss Mack's voice had ample scope in the selections with which she favored the audience, and the hearty applause she received was well-merited. Miss Read appeared to be a very self-possessed young lady with a carefully cultured voice, and her rendering of "Money Musk" pleased her hearers so well that they insisted on another exhibition of her skill. Miss Read is undoubtedly destined to acquire more than a local reputation. It is to be hoped that the success attending this concert will induce Mr. Mack and his talented assistants to again favor the people of Sackville at an early date.

Dorchester.

—The advent of a Mantua Maker will be a great convenience to many ladies.

—The book store in the Church building has been closed, Mrs. Chapman having removed to Moncton.

—A moonlight concert was given by Wilbur House orchestra on Hallow eve. The music was celestial. Bell please!

—The prisoner, Legge, who escaped from the penitentiary last week in a remarkably simple manner during the absence of Warden Foster, was captured next day on Conductor Coffey's train going east.

—Dorchester is being thoroughly aroused by a strong temperance movement. Earnest efforts are being made for the suppression of the illicit sale of intoxicants. Last Sunday evening after the close of the usual services a Union Temperance Gospel meeting was held in the Methodist Church. Stirring practical addresses were delivered by Rev. Messrs. Young, Wyllie and Pascoe alive to the Temperance cause.

—At a special meeting held by the Good Templars last week. The lodge formed themselves into a committee of the whole, and called on the land lords of both hotels, and earnestly requested them to comply with the law, and close up their bar rooms. They were received in the most kindly and courteous manner by Messrs. Wallace and McDonald, and considerable discussion took place, but no definite or satisfactory arrangement is as yet arrived at.

—Business very quiet. Only live body seems to be the Army. On Sunday afternoon last there was a full dress parade of the entire corps, including the band. The line of march was from the barracks, through the square, down Sackville street towards the cemetery, returning by the same route. The parade was enlivened by the band, the discipline was admirable, the step perfect, and the general soldier-like bearing of the entire corps beyond praise. By exact count, the rank and file, including the band, consisted of—ONE.

—The annual meeting of the County Liberal Conservative association took place here on the afternoon of Nov. 1st. On roll call, seventy two delegates representing the different parishes answered to their names. The principal officers elected for the ensuing year were as follows:—Joseph L. Black, M. P. P., President, Hon. A. D. Richard, M. L. C., Vice President, George Campbell, Esq., Secretary-Treasurer. A large amount of very important business was transacted in a very satisfactory manner, after which the Convention was addressed by the county representative, Josiah Wood Esq., M. P., Hon. P. A. Landry, Hon. D. L. Hanington and other gentlemen present.

Stock Importations.

Mr. F. E. Page of Messrs. J. E. Page & Sons, Amherst, arrived at St. John on Saturday last from New York, with the best cow and bull that ever came into Canada, having purchased from Messrs. Smiths Powell & Lamb, of Syracuse, N. Y. Their great show cow "Carlotta," H. H. B. 1266, advanced registry 164, 8 yrs. old. She was one of the herd that won the gold medal at the New York State fair in 1882-3. She has a butter record 22 lbs. in seven days and 91lbs. 2oz. in thirty days. She is the dam of five calves which their owners sold for $1000.00 each, thus showing her value as a breeder. Also Bull calf, Artis, 4 months old, a large fine calf, with every indication of producing stock equal to his own breeding which is the best, his dam Clothilde 2nd, H. H. B. 1451, advanced registry 156, whose milk record of 23,602½ lbs. in a year when 4 years old, the most wonderful milk record ever make by a cow of that age, and only excelled by one other and that her mother, Clothilde 1st, who gave 101 lbs. in 1 day and 26,021 lbs. in a year, and made 28 lbs. of butter in 7 days. Clothilde 2nd also has a butter record of 23 lbs. of butter in seven days. She is also grand dam of Duke Clothilde, for which his present owner refused $2,000. This with our Clothilde 2nd Artis are the only two animals of the Clothilds family owned outside of Smiths', Powell & Lamb's herd.

He also imported from the well known stud of J. W. Akin, Scipio, N.Y., a very fine Percheron stallion 2 years old, weighs 1420 lbs., dark gray, fine head and ears, full in the crop, with good back and withers, well sprung ribs, the best of legs and feet, with good action and life. The Holsteins imported by Mr. Page will have to remain ninety days in quarantine at St. John.

John R. Clarke.

The inhabitants of Sackville are, as may be seen by advertisement in this issue, to have an opportunity to listen to this distinguished orator on Tuesday evening next. From the notice of Mr. Clarke's lectures in the papers of the principal places in the Dominion and elsewhere, we judge that those fail to hear him will incur very great loss. The Ottawa *Citizen* says:—

"We attended a lecture in the elegant Dominion Church of this city. The orator of the evening was J. R. Clarke, the Anglo American orator, his theme "To and from London" and the speaker and the theme proud to be wonderfully attractive such mimicry, eloquence, dialect, song, story, and philosophy have rarely been brought before a Canadian Audience."

The Rev. B. Longley, formerly connected with the Academy in this place, says:—

We had great great things of Mr. Clarke, but he surpassed our expectations. He is a marvel of marvels. His versatility is truly wonderful. In each and every lecture he thrills you by his eloquence, he convulses you by his varied and dialectic humor, he moves you to tears by his pathos and poetry and song, and above all he woos and wins you towards a loftier life as he reasons of righteousness, temperance and judgment to come."

Bayfield.

—Our merchants are covering their shelves and counters with new stock for the winter.

—New buildings, here and there, are springing up in the district, very noticeable in the number the fine new farm house erected by Mr. Priestly Allen, now approaches completion. Near the Cape Tormentine station, Mr. J. W. Tucker's new hotel attracts attention, and it is being rapidly prepared to accommodate winter travel. It is said that, also near the station the ground has been obtained on which to erect a Baptist Church.

Point de Bute.

—Miss Ida Fullerton, of Halfway River, who has been undergoing surgical treatment at the hands of Dr. Allen, is happily improving in health.

—One night last week some person tapped two casks of kerosene, which for want of room in the store-house were left standing on Mr. J. A. McQueen's platform, and after presumably appropriating a part allowed the rest to run to waste.

—Miss Ruth Trueman who was stricken with paralysis, as reported last week, died last Thursday, deeply regretted by a large circle of friends and relatives. Her brother, Mr. Howard Trueman, arrived home from the North-West a few hours before her death.

Wood Point.

—Mrs. Henry G. Atkinson is visiting her husband and friends at Portland, Me. Mrs. J. Snowden also left at the same time for Boston.

—Potato digging is finished and farmers are fairly satisfied with results. Rot seems to have been the only drawback to rather an extra crop.

—Mr. Roberts has about closed his summer's work at the quarries here and discharged his men, who have returned to their homes. He has let a new contract of clearing away the bank to Mr. Obadiah Snowdon, preparatory to the work of next spring.

—At close of morning session of Sabbath School on last Sunday Miss Mettie B. Cook was the recipient of a handsome brooch and reference bible, a gift from the School, accompanied by an address, prepared and read by Miss Nettie Evans, expressive of the warm attachment felt for their teacher and appreciation of her faithful and untiring efforts amid such discouragements to render all the assistance possible to make the school a success. Miss Cook, though completely surprised, briefly replied, thanking the school and choir for this testimonial "not as a recognition of her service which did not deserve such a return, but as a mark of good will on their part. Miss Cook left on Monday for Boston to remain the winter with some friends carrying with her the best wishes of the community.

Wallace.

—The quarries have practically closed for the season, through some vessels are still loading.

—The dredge is still here, excavating a channel on the north side of the harbour to make ferrying possible at all times of the tide.

—Sir Charles has visited us and gone again. He spoke in the drill shed on Thursday evening last, to a very large audience and appeared to give satisfaction alike to his political supporters and opponents.

—There appears to be little or no sympathey with the "Third party movement," in these regions. The friends and supporters of temperance look upon it as untimely and non-representative.

—The Frank, Capt. Grant, continues to make regular trips between this port and the Island. A growing trade between Wallace and Charlottetown is being built up to the advantage of all parties interested.

—A colored woman, for over thirty years a faithful servant in the family of Senator McFarlane, died suddenly on Friday last. She prepared breakfast for Sir Charles in the morning, and about the middle of the afternoon was found dead.

—The great need of Wallace at the present time is a cemetery. The burial grounds in connection with the churches are both filled. Two public meetings have been called, but the interest taken in this important matter is limited to a small number of persons.

—There has been unprecedented activity in the building line during the past season. Messrs. L. H. Betts & Co. have moved into their new and spacious shop. C. W Morris is erecting a very fine residence on a most eligible site. Councillor Battye is enlarging his dwelling, increasing it accommodation and greatly adding to its appearance.

BAIE VERTE.—A communication has been received from Baie Verte which emphatically denies certain statements made by the POST's regular Baie Verte correspondent concerning a money-lending transaction at that place. The columns of this paper are always open for the correction of misstatements, but the communication is not published because it is largely made up of malicious personal insinuations which have no bearing on the matter in dispute.

FATAL MILDNESS.—Diphtheria of what is said to be a "mild form" is prevalent at Alma, Albert, Co. Five children have already died of this mild form of the dread disease.

THE TEA SOCIABLE held at Albert Faweett's on Monday evening under the auspices of the "Helping Band" was largely attended, and the receipts amounted to $21.

—The missing notes, amounting to about $3,000, that were stolen a short time ago from Hon. John Lewis's safe, at Hopewell, A. Co., have been found.

Sport on the W. & A. Railway.

A correspondent writes from Windsor as follows:—"Shortly after leaving Beaver Bank Station last Friday the train was brought to a standstill by the accommodating conductor (J. Edwards), to allow of the male passengers getting out to enjoy a bear hunt. The road-bed there now needs more ballast. The bear cub was in a spruce tree, and although excellent marksmanship in the way of shots was displayed, escaped unhurt. "Joe" thinks it will read well in the time tables of the W. & A R: "Twenty minutes for refreshments, and five minutes for bear hunts between stations."

Sunday School Festival.

The friends of Fairfield Sunday School were on Monday evening favored with a grand literary and musical entertainment by the pupils under the able management of Miss Duke, assisted by several friends of musical talent from Sackville.

The programme for the remaining part of the performance was placed in the hands of Mr. Eugene Bowser.

Rev. Mr. Pascoe then gave a very appropriate address, holding out to the pupils their many advantages and complimenting the parents and teachers for having manifested such an interest in the spiritual welfare of their children.

The children carried out their part of the programme excellently, reflecting great credit on their teachers, some of the best musical talent of Sackville being secured for the occasion. Miss Ella Stevens presided at the organ. A duett by Miss Trueman and Miss Doull and a quartett by Miss Doull Miss Trueman and Messrs. A. C. Dennis and Dobson were very efficiently rendered. At the end of the programme an intermission was given for a social chat during which time, apples confectionery and other refreshments were passed around and disappeared rapidly.

Last but not the least important the young ladies of Fairfield presented their superintendent with a large and beautifully bound book. Mr. Bowser responded in appropriate terms, and the audience dispersed after singing "In the Sweet By and By." THORNE.

Editor of Chignecto Post.

SIR:—Your paper of last week contained another article signed as before by Amateur Sportsman. As I propose disproving untrue statements contained in that communication, and also making some references to what is evidently the chief burden of complaint in both letters, viz: lessing grounds, sabbath-hunting, trespassing, and poaching.—I will briefly recapitulate what it is, that has led up to this question. Some time since you mentioned editorially, (and for which I am not responsible) that I, with others, had enjoyed a successful day's duck shooting. The following week a letter relating to the matter, was published, over the assumed name of Amateur Sportsman, alledging various charges against me. This I answered admitting anything that was true), and of the same I am not ashamed) but contradicted untruths, which would be a reproach; and asked the writer, if still in doubt to state his reasons over his real name. But he writes again signing as before, and twists his first misstatement, into another shape; makes additional untrue observations, and intersperses with them a lot of rubbish having no bearing upon the question,—the whole production being a conglomeration of execrable English. I shall disprove but one of these mistatements, it being the only one worth noticing. He says I "lease grounds * * * * for twelve and one half cents per year, per farm." Mr. Editor I forward to you my leases, and you may judge from them concerning the above assertion. But even if it were correct, who has any right to gainsay the transaction? And now in referring to what I have before designated his chief burden of complaint, I do not do so merely in retaliation, but to compare Amateur Sportsman's past practices with his present professions, that we may ascertain whether or not he is consistent; and in order to be so he must always have scoffed in the face of a duck, every day of the seven, if outside the boundary line; and unless his precept and example agree, his moral teaching will be of no avail. Truly he may have been born again in these things, and if so, then let him be duck missionary for the regeneration of sportsmen still in original sin. He says he is "not jealous or selfish, for if so, he would like the Dr., have leased grounds, etc., etc." Amateur Sportsman, do you forget that five years ago you were the very first man to lease grounds and lakes along the winding Missiquash, "for the purpose of shooting, hunting and fishing;" that said leases are still extant and in force; and although being for a less consideration than mine, are absolutely exclusive against all other sportsmen, while I have excluded no person residing in the place? Again, can you not recall the time when you hired the veteran guides you now denounce to conduct you to the still waters of a lake in the forest fastness of Westmorland County, where during a sunny Sabbath day you held high carnival shooting ducks, "standing, sitting and swimming, (forbidden you without a lican on a week day,") And further, do you not remember the occasion when you shot ducks before the eyes of people here; and not only without a license, but also during the close season, ("for poaching and trespassing it is without a license,") simply because others do so. For your promised copy of the game laws, I will send you ours in return; and although you are still liable I do not promise you "the prompt attention of the game wardens." Amateur Sportsman—a word of serious advice in closing: treasure this—"Consistency thou art a jewel," and if ever in the future, you are tempted to make uncharitable statements about, any person, remember, that "those who live in-glass houses must not throw stones,"—at least not too many of them.

Yours truly,
D. C. ALLEN.

Point de Bute, Oct. 1887.

Give them a Chance.

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery if is. Not only the larger air-passages, but the thousands of little tubes cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

Reliable Remedy For Rheumatism.

Procure a bottle of Hagyard's Yellow Oil from your medicine dealer, and use according to directions. It cured Ida Johnson, of Cornell, Ont., of that complaint, and she recommends it as a sure cure. Fer 25 years it has never failed to give satisfaction.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures Dysentery and Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "MRS. WINSLOW'S SOOTHING SYRUP," and take no other kind.

Casualties and Crimes.

A NATURAL RESULT.

A young boy named Malone had the side of his face blown off while out shooting near Halifax on Saturday. He was carrying a gun by the barrel, the butt end trailing. The trigger caught and the charge went off. The doctors took his left eye out.

DISASTROUS FIRE.

A fire took place at the Points, across the river from Bathurst, Friday night, when Mr. Geo. C. Sutherland's barn was burned to the ground with all its contents, including six cows, four horses, all the farming implements, and, it is said, the total season's crop. The loss is estimated at between $3,000 and $4,000. Insurance not known.

A WHOLESALE MURDERER.

It has just been discovered that a ferryman on the lower Danube, who has been in the habit of conveying across the river workmen returning from Roumania, who took this route to avoid producing certificates that they have paid taxes in Roumania, or money in default thereof, has taken them to a small island, where he murdered and robbed them of their savings. A judical enquiry into the case reveals the astounding fact that hundreds of workmen have been dispatched by the fiend, and their bodies buried or thrown into the weeds along the river banks.

Religious Services.

Rev. D. C. Lawson will preach in Cookville next Sunday, the 6th, at 11 a. m.

Service, Presbyterian Church, Sabbath, 6th inst.:—Sackville at 11 a. m., Dorchester at 3 p. m., Rockland at 7.

Methodist Church, Nov. 6th.—Sackville, 11 a. m., Dr. Stewart; 7 p. m., R. Brecken. Upper Sackville, 3. p. m., A. B. Higgins.

Rev. N. McLauchlin will preach at Centre Village Saturday evening, 6th inst.; at Anderson on Sunday, at 10 30 a. m., and at Cookville, at 3 p. m.

Rev. A. B. Calder will conduct a religious service at Rockport on Saturday evening of the sixth, and at 10½ the following Sabbath, also a service at Grand Aunce at 2½.

Rev. Mr. Thomas, will meet the Sackville Baptist Church in Conference next Saturday at 2 o'clock, and will preach in Bethel Sunday morning at 10.30, at Aboushagan Road in the afternoon at 3, and at Midgic in the evening.

A Sad Contemplation.

It is said to contemplate the amount of physical suffering in the world. How many weary broken down invalids there to whom life is burdensome! The nervous debility and general weakness of those afflicted with lingering diseases is best remedied by the invigorating power of B. B.B.

—John Corrigan, carter, has been arrested at Toronto for attempted murder. He coaxed one of his wife's children by her first husband down to the bay and threw it in. The child was rescued.

For Sale at Lowest Market Rates

aug17 **JAMES R. AYER.**

SEAALED TENDERS, addressed to the undersigned, and endorsed "Tender for Anderson's Hollow Work," will be received at this office until Friday, the 11th November, for connecting the Breakwater at Anderson's Hollow, Albert County, N. B., with the shore.

Plan and specifications can be seen at the Department of Public Works, Ottawa, on application to Messrs. Charles W. Anderson, Waterside, Albert, John Wallace, Hillsboro, and at the office of the Department, Custom House Building, St. John, N. B.

Tenders will not be considered unless made on form supplied and signed with actual signatures of tenderers.

An accepted bank cheque payable to the order of the Minister of Public Works equal to *five per cent. of amount of tender*, must accompany each tender. This Cheque will be forfeited if the party decline the contract, or fail to complete the work contracted for, and will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,
A. GOBEIL,
Secretary.

GREAT

Dry Goods Sale

At Cost, for Cash.

The Subscribers offer their entire Stock of DRY GOODS, valued at FIFTEEN THOUSAND DOLLARS,

AT COST!

A GREAT OFFER

Which Embraces all Their

New Season's Importations.

This is a Bona Fide Sale

To be accounted for by two facts:

1st. Our Business has assumed such large proportions that we are unable to give proper attention to the requirements of so many Departments.

2nd. It is the experience of all the larger towns that a General Business is neither so profitable nor so satisfactory to the Merchant or his Customer as when the whole capital and attention is devoted to one Department.

The Subscribers recognize in the rapid growth and progress of their Town that the day of GENERAL STORES is passed, and propose to devote their capital and labor more exclusively to the

Hardware & Grocery Business,

And hope, by giving these Branches their SPECIAL AND UNDIVIDED ATTENTION, that the result will prove mutually profitable and satisfactory, both to their Customers and Themselves. In the meantime we have decided to CLEAR our WHOLE

Dry Goods Stock at Cost, for Cash,

To do so at a Time when

The People want the Goods,

And to Include Alike

Old and New, Good and Bad.

Cottons, Woollens, Silks & Linens,

ALL AT COST.

Carpets, Curtains, Dress Goods, Silks, Satins, Towels, Sheetings, Flannels, Cloths, Hosiery, Gloves, Ribbons, Velvets, Plushes, Buttons, Thread.

SMALL WARES.

The above Great Sale will begin on

MONDAY, OCTOBER 10th,

AND CONTINUE UNTIL

Entire Stock is Disposed of.

☞ Please note that those who come early will secure the selection of the CREAM OF THE STOCK.
