A contusion on the young woman's head was the only mark of injury.

TWO MEN AND A TEAM KILLED.

SATURDAY'S GRAND OPERA.

A large and fashionable audience greeted Marie Tavary's Grand English Opera Company at the Grand on Saturday night, the pit being entirely filled. At the last moment "Carmen" was substituted for "Les Huguenots," the company being better drilled in the former. In "Carmen" Madame Tavary assumed a minor role, but it was sufficient to display to good advantage all her old time brilliancy. She was enthusiastically encored. The bulk of the work fell on Mlle. Theo Dorre, who proved entirely capable. She has a splendid contralto voice and gave a most effective interpretation of her part. She was full of dramatic fire and acted with chic and vivacity. Sig. Michelena made a spirited Don Jose and displayed a resonant baritone voice. Max Eugene, the basso, is a giant in stature and has a robust, hearty voice. The work of the orchestra, under Carl Martens, was superb. There were two curtain calls during the evening.

LOVE LAUGHS AT LOCKSMITHS.

William Hyland and Miss Potter Were United in Wedlock Despite Parental Opposition.

Windsor, Sept. 30.—The gay Lothario never had more trouble in his courtship than had young Wm. Hyland, of Maidstone. Close to where Hyland lives is the farm of Wm. Potter, but for years the two families have not got along. Potter has a daughter, Jessie, who evidently thought pretty well of Hyland, but her parents tried to persuade her that she was doing wrong. For the last 18 months Hyland's efforts to see the girl and Potter's efforts to thwart them were the sensation of the locality. They had a free fight at church, and as a natural consequence the case found its way into the court in this city. Hyland, however, never let up on his determination to have the girl, and Potter was as watchful as ever. Shotguns have been used, but Friday Hyland outwitted Potter, secured the girl, and, driving to Comber, had the marriage ceremony performed. Both families are considered among the most respectable in the township.

KNOW THYSELF.

How important this injunction to every young man. How many ruin their health and future happiness through pernicious practices contracted in ignorance and repented of when too late. Parents, guardians and humanitarians can do no better service to the rising generation than to place in their hands the information and warnings contained in a little book carefully prepared by an association of medical gentlemen, who have had vast experience in dealing with the grave maladies here hinted at, and who feel that they owe it to humanity to warn the young of the land against certain destructive habits which are far more prevalent than any layman can possibly imagine, and which, if persisted in, gradually undermine the constitution and health, and destroy the future happiness of the victim. Cut out this notice and inclose it with 10 cents in stamps (to pay postage), to World's Dispensary Medical Association, 663 Main street, Buffalo, N. Y., and the book will be sent, secure from observation in a plain sealed envelope.
