Wednesday was a busy day among the population of Saint John; so much shopping, so much marketing, we never before witnessed on the occasion of a Christmas festivity. We have endeavoured to collect the amount of produce and poultry sold in the markets on that day, but are informed by the Deputy Clerk of the country market on King's square, that such was the rapidity with which every thing eatable was brought in and disposed of, it was utterly impossible to take account of it, being obliged to "jump" the loads. It is certain, however, that at this establishment alone, over 600 turkeys were sold. This speaks well both for the bodily health of our population and that of their monetary affairs. Competent judges inform us that over treble the amount of business was done on that day than on any former occasion of the kind. We rejoice at this return of prosperity to our community and again wish them, and our patrons in particular "A Merry Christmas and a Happy New-Year;" trusting that each and all will be permitted by a bountiful Providence to enjoy the season at their greatest satisfaction.

☞ The Lectures and Exhibitions of Astronomical Views by means of the Oxy-Hydrogen Microscope will be continued this evening at the Hall of the Mechanics' Institute.

The *Royal Gazette Extra* contains a Proclamation proroguing the meeting of the House of Assembly to Thursday the 29th January; then to meet at Fredericton *for the dispatch of business*

The same Gazette contains the official announcement of the Honorable Judge Botsford's retirement from the Bench, and the appointment of the Hon. George Frederick Street, to fill the vacancy.

The Lord Bishop of Fredericton arrived here on Saturday last, and performed Divine Service on the following day, Sunday, at Saint Luke's Church, according to Public Notice, when Mr. S. J. Hanford, of St. John, was Ordained a Deacon. Mr. Hanford we understand, will officiate as Curate of this parish.—*Woodstock Telegraph.*

ADMISSION OF TEXAS.— In the House of Representatives on the 16th a Resolution passed for admitting Texas into the Union by a vote of 141 to 58. The motion passed without debate, and without objection to the continuance of slavery in the new State.

We had a slight flurry of snow of about 1½ inches last night, to close the Christmas festivities; and the whole quantity that has fallen up to the present time, does not exceed 2 feet. As we turned the corner (passed the winter solstice) a few days ago, and took leave of old Boreas, we got such a hearty shake of the hand that he would not let us pass until he had given a nipping squeeze, to the tune of 0.10 below zero, before he let go his firm grasp, on Wednesday morning last; and promised to bear us still in mind.

ORDINATION.—The Lord Bishop of the Diocese held an ordination in St. Paul's Church, in this city on Sunday morning last, the 21st inst., the Lord Bishop of Newfoundland being present and assisting, when Mr. William H. Cooper, Divinity Student of King's College, Windsor, was ordained Deacon, and the Rev. James Stewart, A. B. was ordained Priest.

The Prayers were read by the Archdeacon, who also presented the Candidates. The Sermon was preached by the Rev. Dr. McCawley, President of King's College, Windsor, from Isaiah, 66-21. "And I will also take of them for Priests and for Levites, saith the Lord." The learned Preacher delivered a learned and most powerful discourse on the subject of the Christian Ministry, which was listened to with intense interest and attention, by a large congregation.

The Rev. Mr. Cooper, preached an excellent sermon in the evening, in St. Paul's Church.—*Halifax Times.*

NEW APPOINTMENTS.—It is generally understood that W. A. Black, Esq., Alex. Keith, Esq., and J. D. Harris, Esq. of Kentville, have been appointed to the Legislative Council.—*Ib.*

COMMUNICATION.—During the past year there have several little unintentional errors, of no material consequence appeared in my communications on the temperature, which are intended to be corrected at the year's end; but in one of the last week it may be advisable to correct it this week, because both the motive and meaning as it stands appears rather *slantingdicular*. In the hurry of copying off I find that a whole line was omitted in the manuscript which your types could not possibly find out; it was originally intended to show that the Nova Scotians enjoy a fortnight's warmth in advance of us at St. John, in both planting and getting in of our harvest, and in this respect some of the northerly counties have a similar advantage over the southerly ones in this Province; paradoxical as it may appear it is the fact. In the remarks of the visit of the ship Pagoda, to the antarctic continent we find the aurora austra lis called the aurora borealis; but no one, surely, that reads the paragraph would ever be led to believe that the error arose from ignorance and not inadvertence of the writer. Indeed several such unintentional transpositions have crept into the Bible which the far famed Adam Clark has pointed out. R.

On Wednesday 24th, by the same, Mr. Milton Barnes, of this city, to Miss Wealthy Ann Blakslee, of the same place.

On Wednesday last, Mr. John Kinnear, aged 32 years, Watchmaker, formerly of Glasgow, leaving a wife and four children to lament their loss.—Funeral to-morrow at 3 o'clock, from his late residence Dock Street.

At Greenwich, King's County, on the 2d instant, aged 22 years, Jemmima, wife of Mr. John Price, and daughter of the Hon. Wm. McLeod, leaving a disconsolate husband and five children to lament their loss.

At his residence, Sharon, Connecticut, on the 7th inst. the Hon. John Cotton Smith, President of the American Bible Society, in the 81st year of his age.

At Long Island, County of Digby, Thomas Roggles, Esq. aged 70 years and six days. He was a man possessed of many estimable qualities; and was respected by a large circle of friends, who appreciated his virtues while living, and who now deplore the loss they have sustained by his death
