LISTOWEL STANDARD.

FRIDAY, APRIL 4, 1879.

TOWN AND COUNTRY.

CATTLE fair to-day.

TOWN fathers meet Monday night.

Dr. BURGESS' professional card will be found in another column.

The G. W. R. station at Clifton was burned down on Wednesday morning.

MR. J. C. KIDD has gone to Harriston, where he has started a first class livery.

R. W. SAWTELL, Esq., Secretary of the P. D. & L. H. Ry. Company, paid Listowel a short visit this week.

NEW ADVERTISEMENTS.—Mr. J. P. Newman and Messrs. Geo. Climie & Son make fresh announcements in to-day's paper.

The Prittie emigrant party arrived at Winnipeg Saturday evening, and another large party on Sunday, (probably the Centralia and Listowel party.)

AND now the newspaper poet has caught the Manitoba fever. His effusions are enough to charm a half-breed into the notion of committing suicide.

PROCTOR & GALL, architects, now occupy office rooms in the Campbell block on Main street. Mr. Terhune's law office has also been moved thither.

ENVELOPES.—Get your envelopes printed at this office. Every tradesman should have his address printed on his envelope. It looks like business.

MRS GOODFELLOW announces the receipt of her spring and summer stock of millinery and fancy goods, which contains the latest novelties in those lines.

SEED GRAIN.—For pure seed wheat, oats, barley, peas, corn, clover, timothy and turnip seed, also shingles, at the lowest prices. Call at J. G. TREMAIN'S.

L. L. C. A.—A meeting of the Listowel Liberal Conservative Association will take place this Friday evening in Martin's hall, at 8 o'clock. Conservatives are requested to attend.

HORSEMEN will find the latest designs in "cuts" at the STANDARD office. If neat, cheap and expeditious printing is required, leave your orders with us.

FOR THE NORTHWEST.—Noble Oliver and James Walker from the vicinity of Molesworth, left for Manitoba this week. They were ticketed through to their destination by J. Livingstone, jr., town agent G. W. R.

FLOWER SEEDS.—Ladies, if you wish to raise beautiful flowers, make your selections from the large assortment of annual and perennial flower seeds just received at Dr. Michener's book and drug store.

THE reeve of Arran met the trustees of the Stratford and Huron Railway on the 27th ult., and delivered their debentures to the amount of $40,000. This now makes $340,000 in the hands of the trustees up to the present time.

GARDEN AND FIELD SEEDS.—Gentlemen, if you wish to purchase garden and field seeds that you can rely upon as being fresh and pure, select them from the large stock to be found at Michener's book and drug store, just received from the most reliable seedsmen.

FOR THE OLD SOD.—Miss Wilson, of Elma, started for Belfast, Ireland, a day or two since. She sails by one of the State Line of steamers from New York. John Livingstone, jr., local agent for this excellent line, supplies through tickets from Listowel.

WALL PAPER.—A large variety of English and American wall papers has been received at Dr. Michener's book and drug store. An unlimited number of patterns to select from, and at the very lowest prices. No trouble to show goods. An inspection invited.

GUN ACCIDENT.—A few days ago as Mr. John Shy was out rabbit shooting, his gun exploded, lodging a quantity of powder in his face, and burning him severely about the eyes. Fortunately his sight is not likely to be seriously impaired.

NEW BUTCHER STALL.—Mr. William McKeever is fitting up a shop in Mr. Knapp's building on Wallace street for a meat mart, which he will open in a day or two. The business on Main street will be carried on by Mr. Geo McKeever, the partnership having been dissolved.

THE bill introduced to amend the act for the repression of betting and pool selling has been given the "six months hoist." The feeling on both sides of the House was strongly adverse to any interference with the Act as it stands at present.

TOWN merchants should order their circulars and hand bills at the STANDARD office immediately, in order to present them to their rural customers who are sure to be in town in large numbers on Thursday next, the day of the E. & W. Agricultural Spring Exhibition.

CLOVER AND TIMOTHY.—S. Bricker & Co. have just received an unlimited supply of first quality clover and timothy seed, which they are selling at the very lowest figures. Agricultural, garden and flower seeds also on hand, fresh and pure. Drop into the mammoth Hardware emporium and ascertain the prices.

PUBLIC SCHOOL.—Report of Listowel Public School for March:—1st department, No. on roll, 59; average, 52. 2nd dept, on roll, 59; average, 51. 3rd dept, on roll, 84; aver, 72. 4th dept, on roll, 63; aver, 51. 5th dept, on roll, 59; aver, 51. 6th dept, on roll, 70; aver, 50. 7th dept, on roll, 82; aver, 43.

BURNS.—The literary society in this place is flourishing "like a green bay tree." It meets once a week—on Saturday evenings—when debates, speeches, readings, etc., are indulged in by the members. A galaxy of orators and *literateurs* may be expected as the outcome of this "mutual improvement" organization.

SPRING ANNOUNCEMENT.—In another column Mr. George Draper enumerates some of the many attractions introduced at the Ontario House for the opening season. The millinery department, now under the management of a lady of experience and taste from Toronto, will be a special feature of attraction for the ladies.

MANITOBA.—Before starting for Manitoba, drop into the STANDARD office and subscribe for a paper that will keep you informed of what is taking place at home while you are far removed from former associations. We will send the STANDARD to any address in any part of the Great Lone Land from now to the 1st January, 1880, for the trifling sum of $1.

MESSRS. CLIMIE, HAY & CO. have removed into their new store, which is unquestionably one of the largest retail establishments in Western Ontario. No doubt this enterprising firm are alive to the advantages which the mercantile business will derive from the National Policy, and are taking this extensive step forward in anticipation of receiving a bountiful share of its generous benefits.

P. D. & L. H. R.—A re-arrangement has recently taken place in the offices of this road. They are now as follows: Superintendent, A. B. Atwater; General freight and passenger agent and Treasurer, C. N. Scott; Secretary, R. W. Sawtell; Auditor and book keeper, A. J. Wood; Travelling freight agent, C. W. Atwater. A. D. Wright and R. Fuller, will be engaged on the survey on the Northern extension.

RETURNED.—Mrs. Lesslie, whose fine millinery and fancy goods establishment over McCosh Bros. store was a favorite resort for the ladies of fashion last season, has returned to town, and we have not the least doubt her lady friends will be exceedingly pleased to learn that she is accompanied with a very superior stock of this season's goods, which were purchased at the best fashionable emporiums in the metropolis. Mrs. Lesslie will be prepared to await upon her lady friends in a few days.

KNOX CHURCH.—This church is now undergoing considerable needed repairs. Part of the interior of the building is being re-plastered, and the walls are being blocked out in marble imitation, which will add much to its general appearance. A great improvement is also being made in the manner of heating, which has hitherto been by stoves. A furnace is being introduced, which will supply hot air from a number of registers. These changes will occupy some little time yet before completion, consequently there will be no service in the church on Sabbath next.

STREET CLEANING.—During the spring-like weather that we were favored with for a few days, the small army of men under Commander Woods did good service with their scrapers on Main and Wallace streets. When spring again opens, attention should be immediately directed to the street crossings in all parts of the town, with special and more immediate application to those crossings near the post office. During the late soft spell, pedestrians were in danger of leaving their boots behind when attempting to navigate their way over on a plank "that wasn't there."

THE BABY CITY.—The formal inauguration of the city of Guelph has been postponed until the 21st of May, owing to the impossibility of His Excellency leaving Ottawa during the session. The deputation that waited upon the Governor-General were informed that both himself and Prince Louise would visit Guelph on the above date, so that the urbans in prospective are jubilant over the honor that is to be conferred upon them, and are going to do something immense by way of celebrating the all important event. "May we be there to see."

FIREMAN'S BALL.—The new fire hall on Mill street was opened on Thursday evening of last week with a fireman's ball, which was pronounced a splendid affair. The hall was tastefully decorated for the occasion, and the floor was waxed for the benefit of the Terpsichorean disciples, of whom there were about sixty couples present. Excellent music was provided by Mr. Clippardt's string band. Refreshments were furnished in the engine room, which was also decorated. The "steamer" was a perfect mirror of brightness, indicating that Chief Woods was not sparing of "elbow grease" while manipulating the polishing brush. The assembly separated at about 2 a.m., after having spent a very pleasant time.

CLASS EXAMINATION.—Result of an examination in spelling held in the Senior Department of the Listowel Public School on Thursday last, maximum 100. E Hess 100, E Ferguson 98, T Watson 98, J Dillabough 97, A Willcott 97, M Walker 96, A Walker 95, W R Climie 95, J Robinson 93, A Forbes 92, J Robertson 92, A Veilie 90, C Sarvis 89, A Dewar 89, M McPherson 89, W Osborne 88, L Dodd 88, P Watson 88, C Stevenson 87, W Freir 87, R E Lillico 87, H McKenzie 87, B Armstrong 86, W Freeman 86, W A Rothwall 85, E Tilt 85, M Tolman 83, R Robertson 82, E Poole 82, B Dixon 80, L Hay 79, W Hay 77, P Brown 77, J Cantmell 77, E Martin 76, D Robertson 75, S Reid 70, F Michener 68, C Kells 68, E Sills 66, S Richardson 65, W Culbert 65, M Bird 64, R Climie 63, H Whitfield 62, J Green 60, G Marzolf 60, W Kay 60, J Austin 59, W Longman 55, W Sutherland 46, J Large 43.

DISMISSAL OF THE MOLESWORTH POSTMASTER.—In the House on Monday Mr. Hesson moved for correspondence relating to the dismissal of Samuel Longhead, postmaster at Molesworth, by the late Government. He learned from enquiry that Mr. Lougheed had not been dismissed for any offence, and that there was a petition signed by about two hundred persons asking that he be retained. No notice had been taken of this and he would like to see the papers. The motion was carried, we shall therefore not remain much longer in the dark as to whether there was any real cause for Mr. Lougheed's dismissal, or whether, as is the opinion prevalent here, he was given his discharge purely on political grounds. If this proves to be the case, we trust that the present Government will lose no time in making proper restitution for the injustice done by their predecessors.

PATTERSON'S PARTY.—Patterson's party left Paris station for Manitoba on Tuesday night, 1st of April, and is without doubt, the largest that ever left Ontario. It required two monster special trains of 15 passenger coaches, two baggage and 30 freight cars. They are all from points on the main line of the G. W. R. between Hamilton and London, and Wellington, Grey & Bruce division. The number of full tickets sold was a few over 500, and the cost for transportation of the entire party and effects over $15,000. They are destined for no particular settlement, but will scatter over the entire Province and the Northwest on their arrival at Winnipeg. An immense crowd was present to see the trains leave. The two town bands were out and furnished music for an hour or two before the start. It is computed that the capital at the disposal of this party amounts to over a quarter of a million dollars.

FIFTY THOUSAND POUNDS OF BEEF.—On Wednesday last Messrs. J. M. & A. Climie, of this town, shipped a drove of fat cattle, 32 head in all, on board the G. W. R. They were undoubtedly the finest drove of animals that ever left this section. The condition of the animals may be inferred from the average weight of each, which was 1,622 lbs., the gross weight amounting to upwards of 26 tons. They were sold to the London Oil Refining Company, and are destined for the Glasgow market. The price paid was five cents per pound, live weight. Messrs. Climie have another drove of 34 head in their possession, the greater portion of which they intend shipping on Monday next. They are also in splendid condition but somewhat smaller animals than the "mountains of flesh" sent off this week. All of them were stall fed animals, purchased by Messrs. Climie since last October. The expense of feeding and attention required to bring them up to their present standard of excellence must have amounted to no small sum, and will no doubt modify the profits considerably.

MR. EDITOR.—Permit me, through the medium of your paper to again call the attention of the Council at its next meeting on Monday evening to the representation, or rather misrepresentation, of the West Ward, by its present unqualified representative, as the acts of the Council are invalid by an unqualified member holding a seat therein. As he don't feel disposed to resign his seat, is it not high time for the Council to look into the matter so as to give legality to their decisions and consult their own dignity by taking action thereon? A ratepayer also feels that the Council is overstepping the bounds of discretion in financial matters by incurring unusual expenses in connection with the fire brigade. How can a Town Council salve their conscience by going into every expense that fancy can dictate these hard times, when economy should be the order of the day, and as little expense incurred as possible? Perhaps these few remarks, through the medium of your paper, will lead our Hon. Council to reconsider their financial projects and endeavor to conduct the affairs of the town in a more economical manner.

RATEPAYER.

SURVEYING.—Wednesday morning, Mr. A. D. Wright, chief engineer of the P. D. & L. H. Ry., with a large company of assistants, commenced a survey of the Northern extension of the Stratford & Huron Railway, from this town. Starting from the present terminus of the road bed on Main street, the line is being located immediately west of the G. W. R. track. The surveyors are already into the heart of Wallace, and it is quite probable that the new line will be located alongside of the G. W. R. until reaching Palmerston. Should it be found practicable, this course will be a great advantage to the Company, as it will materially cheapen the cost, both of purchasing right of way and also in fencing. It will also save the farms from being cut up, which is a matter of very much importance. We understand that Mr. Wright calculates upon having the survey completed to Wiarton, on the Georgian Bay, within three months time, and that the work of construction will be commenced at an early date.

RETIRING FROM BUSINESS.

As the partnership of the undersigned has expired, and the firm is to be dissolved, we have decided to offer the whole of our stock of Dry Goods, Groceries, Boots and Shoes, Clothing, &c., &c., at *cost for cash* or approved notes, maturing 1st October, 1879. Sale to commence at once and continue until 1st of May. As the stock is good, has been well bought and well kept, and this being a genuine sale, the greatest bargains ever offered to the community may be had at the Golden Lion. Notes not taken for amounts under $25.00.

SUTHERLAND—At his residence, Wallace St., Listowel, April 3rd, Mr. George Sutherland, aged 44 years and 6 months.

Deceased was born of Scottish parentage in Ramsay, County of Lanark, Ont. The family removed to Elma township when this section was but slightly advanced from its primeval state. While living in Elma, George met with an accident which resulted in the loss of one of his legs. Coming to Listowel, he engaged with D. D. Hay, Esq., as clerk in the Division Court office, and eventually became a partner with that gentleman in the insurance and conveyance business. Five years ago this partnership was dissolved, and Mr. Sutherland erected an office on Main street, in which he has been engaged in the same line of business on his own account until about seven months ago, when he contracted an illness, partly the result of too close application to business, which confined him to his bed, and despite the best medical skill, terminated fatally on Thursday morning. During the past four or five years Mr. Sutherland held the office of Secretary-Treasurer of the Listowel Public School Board, and last year was appointed to the office of Town Treasurer, the duties of which he discharged with commendable ability. Socially, deceased was highly respected, and his wife and family of little ones have the sympathy of a large community in their sad bereavement. The funeral will take place this (Friday) afternoon at 2 o'clock.
