Chicago Gossip.

Marshall, Spader & Co. to J. G. Beaty at the close of the market:

Wheat market to-day showed steadier tone and indications are that all adverse influences have been discounted. There has been good buying in evidence. Houses with eastern connections, cash and elevator people, the northwest and several of the leading commission houses all prominent on buying side. Selling scattered and largely by pit traders. Easier market due to lower cables, weakness in N. Y. stock market and lower market at Minneapolis. Rally later was on black rust reports in South Dakota.

Melady & Co. had the following at the close.

Wheat—General uneasiness at the outset, induced by the lower prices for securities and the unsettled conditions in the business world was succeeded later on the day by a more cheerful sentiment and prices rallied sharply from the early depression, final figures showing substantial advance for the day. Cash business, while not as large as the previous day, was fairly good and there have unquestionably been large sales of both wheat and flour for domestic export account during the last few days. Our prices are now practically the cheapest in the world and anywhere around the present level it should prove attractive to foreign buyers. Extremely unseasonable weather in the far northwest was responsible for much of the strength late in the day, the temperature at Calgary in the Canadian Northwest Territory being reported only 28. Messages claiming backward conditions sifted in all day and it is claimed that the crop is not making good progress and that a frost by Sept. 10 will surely nip the bulk of it. Wheat is not doing well in other portions of the northwest on this side of the line and there is still plenty of time for damage of a serious character to overtake the North Dakota crop. Altogether conditions, barring outside commercial developments, favor a sharp rally.

Corn—Has been firm and higher with offerings light and a good class of investment buying. The cash demand is taking care of all the available supplies and the farmers are showing no great inclination to sell and won't be until the danger from frost is past. This last item is still a remarkably salient factor in the situation and must not be overlooked.

Oats—There was a further tightening up in this market and the situation is growing more bullish, in spite of the increased receipts. These are grading very poorly and there is little chance that supplies of contract will be burdensome to the big bulls. It is a strong argument based on legitimate conditions and will doubtless go higher.

Ennis & Stoppani wired to J. L. Mitchell at the close:

Wheat—The market passed an irregular session, due to the unsettled financial situation, and closed a quarter higher for the day. The buying was on reports of low temperatures in the Canadian Northwest. The traders followed the financial situation closely and this was responsible for the early decline, lower cables also helped. The northwest contingent were good buyers in the late trading on unfavorable weather conditions and large export sales. A prominent trader stated that December wheat under 90c is a safe purchase.

Corn—After an early stage of weakness the market firmed up and closed strong under commission buying and unfavorable weather conditions and good cash demand.

Oats—Advanced three quarters on Patten buying and poor reports of yields and much higher prices are predicted.

ST. LAWRENCE MARKET.

Receipts of farm produce were light, one load of grain, 8 loads of hay, a few dressed hogs, and several loads of potatoes.

Oats—One load sold at 50c per bushel.

76 CARS AT CITY YARDS GOOD CATTLE ARE HIGHER

Prices Up 20 to 30 Cents Cwt. for Best Grades—Common Prices Unchanged.

Receipts of live stock since Tuesday, as reported by the railways, were 76 car loads, composed of 1033 cattle, 1224 hogs, 1339 sheep and lambs, and 250 calves. Besides the above mentioned hogs, there were 1000 hogs shipped direct to the packers that were not on the market. On Wednesday there were 30 cars of northwest cattle from Strathmore, Alta., and 13 cars of United States cattle, which made 765 cattle, all being fed in transit for export, and not being for sale on this market.

It will thus be seen that the run of cattle on sale was not very large, and there was not 128 car loads of stock on sale, as reported in some evening papers.

The quality of the bulk of the stock, as usual lately, was not good.

Trade was good for the best cattle, better by 20c to 30c per cwt. than on Tuesday, but the common, unfinished class were slow of sale at about the same prices as quoted on Tuesday.

Exporters.

There were no choice, well-finished loads of export cattle on sale. There were some medium lightweight cattle, about 1200 to 1250 lbs. each, that sold around $5, and there was not a single load reported as selling at $5.25 per cwt. Some few export bulls, 1200 to 1800 lbs. each, sold at $3.25 to $4.50 per cwt.

Butchers.

Some lightweight exporters, 1150 to 1250 lbs. each, were bought for butcher purposes at about $5 per cwt. The best lots of butchers' cattle, 1050 to 1100 lbs. each, sold from $4.60 to $4.80, and there were few got these prices. Medium to good butchers sold at $4 to $4.25; common, $3.50 to $3.75; cows, $3.50 to $3.75; common cows, $2.50 to $3.25; canners, $1.25 to $2.25 per cwt.

Feeders and Stockers.

There has been little doing in the feeder and stocker trade, few being offered and few wanted. William Murby reports having bought 80 stockers and light feeders at $2.75 to $3.40 per cwt.

Milch Cows.

Trade in milkers was the worst of the season, some of the commission salesmen reporting them as unsaleable. Good springers were being looked after, but all were slow of sale at much lower quotations, to say the least, and there were several cows reported unsold at the close of the market. The sales made ranged from $25 to $50, and not many at the latter price. See quotations of sales made.

Veal Calves.

There was a good market for good calves, but there were few that could be classed as such, but there was a lot of ill-bred, ill-fed, sour-milk and grass-fed calves that were a disgrace to the farmer that bred and fed them, as well as the drover that would buy such. And we do not know a drover that would want to buy a fillet of veal for his Sunday's dinner out of some of the calves offered. Prices ranged from $3 to $6 per cwt.

Sheep and Lambs.

There was a fair run of sheep and lambs. Export ewes sold at $4.50 to $4.75; rams, at $3.50 to $4 per cwt.; yearling ewes for butcher purposes sold at $5 to $5.50 per cwt.; lambs sold at $5.50 to $6.25 per cwt.

Hogs.

The run was not extra large. Mr. Harris reports the market as steady at present prices. Selects sold at $6.75; lights and fats, $6.50; sows, $4 to $5 per cwt.; stags, $2.50 to $3 per cwt.

Representative Sales.

Maybee, Wilson & Hall sold 14 butchers, 950 lbs. each, at $4.12 1-2; 6 butchers, 980 lbs. each, at $4.25, 4 butchers, 950 lbs. each, at $4.25; 19 butchers, 750 lbs. each, at $3; 20 butchers, 1000 lbs. each, at $3.80 per cwt; one load cows and heifers at $3.40 per cwt. for the cows and $5 per cwt. for 3 extra choice heifers; 2 bulls, 1550 lbs. each, at $4.25 per cwt.; 6 milkers and springers, at $27 to $50 each; 40 sheep, at $4.75 per cwt.; 50 lambs, at $6.15 per cwt.

James Corbett sold one load butchers, 1180 lbs. each, at $4.90; 4 cows, 1260 lbs. each, at $3.25; 6 butchers', 980 lbs. each, at $4.50; 25 butchers, 875 lbs. each, at $3.75; 2 cows, 1050 lbs. each, at $3.50; 6 butchers, 1000 lbs. each, at $4.50; 4 butchers, 800 lbs. each, at $3.65; 12 butchers, 875 lbs. each, at $3.75; 2 cows, 1050 lbs. each, at $3.30.

George Rowntree bought 25 carloads for the Harris Abattoir Company: Steers, 1150 to 1250 lbs. each, at $4.65 to $5 per cwt.; good butchers, $4.25 to $4.60; good cows and medium steers, $3.50 to $4.25; common cows, $2.40 to $3.12 1-2 per cwt.; canners, $1.50 to $2 per cwt.

Thomas Conners bought 10 export bulls, 1200 to 1800 lbs. each, at $3.25 to $4.50 per cwt.

Thomas Halligan bought one load of exporters, 1250 lbs. each, at $5 per cwt.

E. Puddy bought for Puddy Bros. Abattoir Company 300 lambs at $6 to $6.25 per cwt.; 30 calves at $5.25 to $6 per cwt.; 350 hogs at $6.55 per cwt. to farmers at country points.

Fred Bailey bought 21 milkers and springers at $35 to $46 each, amongst which were some of good quality, Mr. Bailey having refused $50 for one of the best.

R. J. Collins sold 9 butchers, 1040 lbs. each, at $4.25 per cwt.; 3 cows, 1100 lbs. each, at $3.40; 10 butchers, 1000 lbs. each, at $3; 10 heifers, 980 lbs. each, at $4.10; 6 butchers, 1000 lbs. each, at $2.50, and bought 5 loads for M. Vincent of Montreal at $3.50 to $4.80 per cwt.

J. H. Dingle bought for the Fowler Company of Hamilton 1 load butchers, 1000 lbs. each, at $4.12 1-2.

H. Hunnisett bought 50 calves at $4 to $6 per cwt.; 5 lambs of select quality at $6.50 per cwt.

Crawford & Hunnisett sold 1 load butchers, 1060 lbs. each, at $4.20 per cwt.; 1 load butchers, 1000 lbs. each, at $3.80; 1 load common cows, 1050 lbs. each, at $2.75; 1 load good cows at $3.80 to $4; 6 calves at $5 per cwt.; 3 calves at $4.75 per cwt.

Wesley Dunn bought 450 lambs at $6 per cwt.; 400 sheep at $4.75 per cwt.; 150 calves at $7 each.

James Armstrong & Son bought 26 milkers and springers at $30 to $52 each.

Fred Rowntree bought 1 load of good to choice springers at $46 each, with one of extra choice quality at $57, which was the highest price recorded for the week. Mr. Rowntree sent this lot to the farm at Weston, awaiting results of the future trade.

Market Notes.

Maybee, Wilson & Hall received 30 car loads of 510 Northwest cattle from Strathmore, Alta., from P. Burns, the cattle king of the west. These cattle were not for sale on this market, merely being fed and watered in transit to the British markets.

Cattle shipped on Wednesday at Thamesville, Ont., were not on the market at noon on Thursday, being more than 24 hours on the road, and the drover was not pleased, to say the least, at missing his market, the last of the week.

Joshua Ingham bought 70 lambs at the live stock market to-day, for which he paid $6.35 per cwt.

British Markets.

The World received a cable from Poels, Brewster & Duckham, one of the largest firms of cattle salesmen in England, who quote prices as follows: States steers, 12 1-2c; Canadian steers, 12 1-4c; Canadian cows, 10 3-4c; Canadian bulls, 10c.

Auction Sale.

Dave Beldam has been engaged to sell for Fred Bailey, at Kennedy's Hotel, Woburn, on Friday, Aug. 23, 1907, 15 milkers, 15 springers, 30 yearlings and two year-old steers and heifers; 2 bulls and several sows in pig. Sale to commence at 2 p.m. sharp.

LARDER LAKE FINDS.

Manager of the Tighe Claims Reports Some Recent Discoveries.

Ed. Dobbins, captain of Thistle claim, Larder Lake, writes Robert Tighe, Cobalt:

I am sending samples of the Thistle claim and would suggest that you have an assay made, as I put them to contain good values in copper, gold and silver. I certainly know that I have struck the right place, for I am on top of the big body of sulphite ore. This sample is off the Thistle claim, where I have opened it at the base of a bluff. It is ten feet wide, and shows three veins at the surface, each vein being from 8 to 14 inches wide, but they all seem to come together. The veins run north and south, so you can see that the Rose claim and Kokomo and Shamrock come in for their share in this big strike.

Highland Mary and Pack Jack are just as good.

(Signed) Ed. Dobbins.

Kendall Vein is Rich.

BOSTON, Aug. 15.—It was recently stated that Nipissing Bonanza vein 49 was found barren where penetrated on the 100-foot level by the cross-cut from the shaft.

General Manager Drummond now informs the management that in a raise from the 100-foot level 18 feet below the level at which he is now stoping, or 41 feet below the level of the old open cut, the vein was cut and consisted of three inches of calcite and three inches of clay gouge. The assays are very low grade. It is planned to raise to connect with the stope and then drift on the vein at the lowest point where the ore is found to be profitable.

The appearance of the vein at this point is rather discouraging in view of the large amount of development work which had been planned from this shaft.

The most promising development in the Nipissing is the Kendall vein. The shaft on this vein is down 37 feet and has at the bottom a four-inch vein of 3500 ounces ore. The vein is as strong at this point as on the surface.

Of the total of $1,137,000 of ore in the Nipissing available for extraction of date Aug. 1, $405,000 is in the Kendall ledge or twice the amount of ore in any other portion of the property.

HONOR LABOR LEADERS.

Buckingham Will Have Big Celebration Labor Day.

OTTAWA, Aug. 15.—Labor Day at Buckingham, Que., this year will have a special significance. They are planning for a monster demonstration and have invited other labor unions from the surrounding towns and the Cities of Hull, Ottawa and Montreal, to attend.

Excursions will be run from Hull to Buckingham under the auspices of the workingmen's union of that city.

The most interesting feature of the celebration will be the unveiling of a monument, which has been erected by public subscription, to the memory of Thomas Belanger and Francis Theriault, the two leaders of organized labor in Buckingham who were killed at the fatal riots last October. The unveiling will be marked by an address by Alphonse Verville, M.P., of Montreal.

ALMOST SUCCEEDED.

Kidnapper Caught as He Was Crossing Gang Plank.

NEW YORK, Aug. 15.—Within a few minutes of sailing time of the steamship Bluecher to-day the Hoboken police arrested Andrew Katrucik, who is wanted in Philadelphia on a charge of kidnapping a five-year-old boy.

Katrucik was leading the child up the gang plank of the steamer when the police arrested him.

SAVED BY COMB.

Bullet Would Have Killed Girl But For It.

CHICAGO, Aug. 15.—Michael De Train, an Italian, shot and instantly killed Alvina Vultmann, seriously wounded her cousin, Alvina Awald, and then killed himself. De Train and Miss Vultmann were said to have been engaged at one time, but the girl had recently refused to marry because of his wild conduct. The man blamed the girl's cousin for his dismissal. Miss Awald received a severe scalp wound, but will recover. The bullet was deflected by a comb she wore in her hair.

WILL ABDICATE

Empress Dowager of China Will Give Throne to Emperor.

SHANGHAI, Aug. 15.—The empress dowager has announced her determination to abdicate at the next Chinese New Year. She desires, it is said, to hand over the cares of state to the emperor.

Commemorating the Founding.

GLOUCESTER, Mass., Aug. 15.—The unveiling of a large bronze tablet commemorating the first settlement of the Massachusetts Bay Colony took place to-day at Stage Fort Park. The tablet is set on the face of a great ledge overlooking Gloucester harbor and is situated close to the site of the first settlement.

A Rescue at Sea.

NEW YORK, Aug. 15.—Officers in the White Star Line steamer Teutonic, which arrived to-day from England, report a record-breaking rescue at sea last Sunday, when William Hodge, a coal trimmer, jumped overboard while crazed with heat.

The big steamer was stopped, a boat lowered and Hodge picked up by crew members within a few minutes after the alarm had been sounded

BLOCK OF PETERSON LAKE BREAKS MARKET PRICE

Heavy Drop in Stock on Sale of 35,000 Shares—Other Stocks Steady.

World Office,
Thursday Evening, Aug. 15.

An order from Hamilton this morning to sell 35,000 shares of Peterson Lake played havoc with the price of this stock in the local mining markets. It is stated that the stock was disposed of on the Standard Exchange, mostly at 6c a share, and later put thru on the Toronto curb at 5c. Most of the block was taken by a leading mining firm of brokers who retailed the shares out during the afternoon session at 3c advance in price. The break in Peterson was not due to any recent news on the property, but heavy selling in a market with almost no outside demand left the offerings at the mercy of traders. The other active stocks showed few changes from yesterday. Foster and Silver Queen sold down a couple of points, and Trethewey about held its own. There were no local dealings in Nipissing, but on the New York curb this issue was steady at yesterday's prices. The mining market continues exceedingly dull with little support except in the active issues.

STRIKING MINERS RESTRAINED

Buffalo Mining Co. of Cobalt Gets an Interim Injunction.

The Buffalo Mines, Limited, yesterday got from Chief Justice Falconbridge an interim injunction good until Aug. 29, restraining Cobalt branch 146 of the Western Federation of Miners, and Robert Roadhouse, Robert Kearns, A. L. Botty, Jas. McGuire, Edward O'Bryne, William Hewitt and John Hopper from interfering with the men employed by the Buffalo Company.

Chief Justice Falconbridge granted the order on affidavits made by Frank Loring and other officials of the company, which declared that the strikers were seriously interfering with operations.

The injunction in part reads: "From interfering and from using violence or intimidation, or from persistently following employes or would-be employes from place to place, or from besetting or watching the buildings or persuading them to break their contracts or to encourage them to continue on strike, or from unlawfully persuading by speech or otherwise would-be employes, or from boycotting any person or firms doing business with plaintiffs."
