To the Trade

August 21.

The Plate Day

To-day we direct your attention to our woollen department, which is fully assorted for the fall trade, and especially to fashion plates just received. Mitchell's New York Fashion Plates, also The Tailor's Review, which contain both gentlemen's and ladies' plates. There is

A Great Run

for these plates.

Filling Letter Orders a Specialty

John Macdonald & Co.

Wellington and Front Sts. East.
TORONTO.

THE CIRCUS IS HERE.

Norris Bros.' Show is Now Quartered at the Old Ball Ground.

The much advertised and talked-of Norris Bros.' big trained animal show arrived in Toronto yesterday morning on the Norris Bros.' own train. The cars were sidetracked near the Don and before the sun had fairly showed his face the work of unloading the cars and hauling the paraphernalia and animals to the old baseball grounds was begun. The work was carried on all day and it was long after nightfall before the last tent was run up and the animals comfortably quartered for the night. To-day the educated dogs, ponies, monkeys, goats, elephants and zebras will be exhibited for the first time in an extensive program of rare excellence. The matinee commences at 2:30 o'clock and the evening performance at 8 o'clock, the same rule being carried out the remainder of the week. The street railway company will run a one minute-and-a-half service on King-street this week in order to accommodate the people going to the show.

The big free spectacular street carnival and parade of the Norris Bros.' show will leave the show grounds—the old baseball park, on East Queen-street, this morning at 10 o'clock, and proceed west on Queen to Sherbourne-street, to Carlton-street, to Yonge-street, to Queen-street to Spadina-avenue, to King-street, back to show grounds.

Wireless Telegraphy at the Fair.

The experiments in wireless telegraphy at the Exhibition will be watched with the greatest interest by shipowners and mariners generally, as there has been a good deal of discussion recently on the possibility of adopting wireless telegraphy for use on the great lakes. By its adoption it is thought vessels could report their whereabouts, thus making possible precautions against accidents besides enabling owners to assure themselves on the safety and progress of their property. It is even said in that connection with this matter Marconi, the inventor, will be invited to visit this continent and confer with the lighthouse board and authorities of the life saving service of the United States. It is well known that the authorities at Washington have for years been trying to obtain a means of communication between moving vessels and the shore, and it is thought wireless telegraphy will solve the problem.

Toronto to Belleville.

The G.T.R. excursion of the Grand Camp, S.O.S., to next Wednesday's meeting of the clans at Belleville promises to be largely patronized. The Highlanders' brass and pipe bands go to Belleville on the 7 a.m. train Wednesday, but the $1.50 excursion rate applies to all afternoon trains Tuesday, as well as all Wednesday's trains, and tickets are good to return until Thursday night.

A Magic Pill—Dyspepsia is a foe with which men are constantly grappling, but cannot exterminate. Subdued, and to all appearances vanquished, in one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument, in which even a breath of air will make a variation. With such persons disorders of the stomach cause from the most trivial causes and cause much suffering. To these Parmalee's Vegetable Pills are recommended as mild and sure. 2-6

Ladies' First Outing.

The Ladies' Auxiliary, No. 62, of St. Mary's Commandery, No. 216, Knights of St. John, held their annual sail on Saturday to Oakville by the White Star. About 200 attended. A concert was given on the boat, at which the Misses Curran, Miss Pendergast, the Misses Kelly and McGahey took part.

SAY FARR WAS UNTRUTHFUL

Sworn Declaration From Two Witnesses in the Matter of the West Huron Election.

NELSON AND MARSHALL SWEAR

To Facts That Completely Exonerate Mr W. D. McPherson From Any Undue Interference.

James Farr of Goderich made a statement which was published in The Globe. In his declaration Farr accuses Mr. W. D. McPherson, Thomas Marshall and James Nelson of certain statements of a reflecting nature.

Below will be found the affidavits from James Nelson and Thomas Marshall respectively, refuting the statements made by Farr.

Nelson's Sworn Statement.

I James Nelson, of the City of Toronto, in the County of York, do solemnly declare:

1. That I am the James Nelson who gave evidence before the Committee on Privileges and Elections at Ottawa in connection with the West Huron election.

2. That I have read over the declaration of James Farr, published in The Globe newspaper of the 16th August, 1899. The statements contained in said declaration relating to what passed between Mr. W. D. McPherson, Thomas Marshall and myself are untrue.

3. The facts are that when Marshall and myself were telegraphed for from Ottawa to attend there for the purpose of giving evidence before the Parliamentary Committee on Privileges and Elections we applied to Mr. McPherson for a loan of thirteen dollars ($13) each to purchase return tickets from Toronto to Ottawa, and he loaned each of us this amount, we at the same time giving him an order in writing directed to the clerk of the Privileges Committee at Ottawa for thirteen dollars, the amount to be paid us by the committee to cover our railway fare from Toronto to Ottawa and return.

4. While in Ottawa both Marshall and myself endorsed the cheques for thirteen dollars each, made out in our favor to cover said railway fare, and we left the same there to be forwarded to Mr. McPherson as arranged, in payment of the money borrowed from him.

5 Mr. McPherson did not accompany Nelson and myself, or either of us, to the train on Sunday evening or at any other time, nor did he know what evidence we intended to give before the committee, nor did he attempt to influence our evidence in any way whatever, either by a promise of money or otherwise.

And I make this solemn declaration conscientiously believing the same to be true, knowing that it is of the same force and effect as if made under and by virtue of the Canada Evidence Act, 1893.

Thomas Marshall.

Declared before me at the City of Toronto, in the County of York, this 18th day of August, A.D., 1899.

Arthur W. Burke, a Commr., etc.

ENGLISH DIVINE IN TORONTO.

Dr. Thornton's Discourse on Conscience in St. James' Square Church Last Evening.

In the absence on vacation of Rev. Louis H. Jordan, pastor of St. James' Square Presbyterian Church, the pulpit yesterday was supplied by Rev. Dr. Thornton, formerly of Toronto, now minister of Camden-road Presbyterian Church, London, England. Dr. Thornton is an able preacher and reads his sermons at a rate which is very unusual in a Canadian church. He is also very fluent at prayer and there is not the slightest trace of the conventional sing-song and pious twang. It was a treat to hear Dr. Thornton read the scriptures yesterday. He was perfectly natural and read the various passages in rapid yet good elocutionary style. His evening sermon on Conscience was a treat owing to the free discussion of the subject. Not only were the scriptures cited, but authors as far removed in style and time as Bret Harte and Shakespeare. Illustrations from sources sacred and profane, ancient and modern, were given in the free treatment of the subject and the testimony of philosophers, poets, novelists and newspapers cited. Conscience—Its indestructibility, deterrent power, diversity, and how by confession to God and restitution to man to obtain a good conscience, void of offence, were appropriate topics, admirably treated.

Dr. Thornton is a middle-aged man, more of military than clerical aspect, good physique, iron-grey moustache and fine voice.

FRIGHTENED BY A WOMAN.

A Would-Be Burglar Skips When She Cries "Murder."

"Murder! Thieves! Help!" were the cries that awoke the neighbors in the vicinity of 126 University-avenue early ' S.horly morning. Mrs. John Shields was the crier. It seems a man, presumably a burglar, got into the house by the front window, opened two back windows, wandered over the house and entered the room where Mrs. Shields was sleeping. There he struck a match, and in the light was recognized as a stranger by the woman. She at once yelled. The burglar skipped, and when the neighbors and police assembled no trace of him could be found. Nothing was missed from the house.

WILLIE BOSWELL'S BODY FOUND.

It Had Floated Two Miles From the Spot Where He Was Drowned.

Bowmanville, Aug. 19.—The body of Willie Boswell, the 10-year-old boy, nephew of Thomas Boswell of the Grand Trunk Hotel in this town, was found to-day by Mr. Daniel Everson on the beach south of Darlington Station, a mile or so west of Buby Head, opposite which the canoe was upset when the drowning occurred a few weeks ago.

Another Important Corner Sold.

Evidence of the value of a corner situation for business is constantly apparent in the large sums paid by men in various classes of business—financial and commercial—for desirable corner situations. The last purchase in this direction is that of the well-known southeast corner of Richmond and Yonge streets, occupied for a number of years by the Hobberlin Bros. Co., Limited, the large made-to-order tailors. Hobberlin Bros.' lease has some six years yet to run and this unexpired term has been purchased by Mr. Alexander Leslie, bookkeeper, at a sum said to represent a snug amount for the Hobberlins.

The Hobberlin Bros. Co. in the agreement of the sale are to vacate the corner by September 10th. To facilitate the removal they start this morning what might fittingly be termed a sensational sale, for the determination of the firm is to make a complete clearance of the stocks on hand before removal.

It is to be remembered that the special business of the Hobberlin Bros. Co. is the making of fine ordered clothing for gentlemen. They have built up an enviable reputation in this direction. Saturday the store was closed that all goods might be marked down and to-day prices are such that should enable practically everybody in Toronto to be well dressed.

It goes without saying as results have proven in the past when this firm have made a special announcement that the next three weeks will be crowded weeks for the Hobberlin Bros. Limited.

At Munro Park.

The International Minstrels (Thompson & Green's) made a splendid hit all last week at Munro Park, the crowds being enormous at both afternoon and evening performances. Ladies and children crowded the grounds at the matinees, and many of them remained for the evening performances also. Notwithstanding the splendid car service, the scenes, especially on Saturday night, at street intersections, where crowds waited for cars, were like Exhibition times, and on the return a minute double-car service was run. The show was declared by all a splendid success. The Thompson & Green Minstrels have been retained for another week, but there will be an absolute and complete change of program, with novelties introduced daily. Everything will be bright and clean and not a dull moment. Those who go on Monday afternoon will witness a rehearsal, which is to take place at 3.30. Several new artists will appear on certain days during the week, and, altogether, the show will be one of the best of outdoor performances ever given in Canada.

Leading Manufacturers and Mill Owners,

To those who are interested in curtailing expenses and securing the best value for their money in the belting line we would draw your attention to the ad. of one of the leading firms of to-day in the belting business. Although the connection is new, this same gentleman has been before the manufacturers for the past eighteen years, but it is only within the past three years we have met him as doing business under his own name, but, although the time has been short, this firm's business now extends from Newfoundland to Vancouver, B.C.

They have recently opened a branch in our city, which, under the direction of Mr. James T. Craig, has proved, as all their enterprises have done, a complete success.

Mr. D. K. McLaren has just returned from a business trip to England contracting for another year's supply of the stock that has helped him so materially to build up a name for his belting, that of "Genuine Oak."

Through Route to the Orient.

The trend of events is making America every year more and more the westward overland route betwixt Europe and the far Orient and turning our own stream of trade and traffic more vigorously, running from the East to the Pacific coast. The New York Central lines are naturally receiving the main body of the new patronage. The wonderful comfort and speed of their trains, the directness of their connections, and their regularity and reliability are the factors that determine this. Nothing so impresses the traveler from abroad as the superiority of our railway travel, and the New York Central is largely entitled to the credit of this good opinion, for that is the trans-continental line they see most of.—Outing, April, 1899. Our illustrated catalogue, a booklet of 32 pages, 4x8, gives synopsis of contents of each of twenty-five books; this catalogue sent free to any address on receipt of a postage stamp, by George H. Daniels, general passenger agent, Grand Central Station, New York.

Thirst-satisfying And health-giving.

Thirst is one of the trials of these warm summer days. What shall we drink? Which do you prefer, a glass of insipid, tasteless water or a cooling, refreshing, effervescing glass of Abbey's Effervescent Salt? A teaspoonful of

ABBEY'S EFFERVESCENT SALT

in a tumbler of water not only satisfies the thirst but keeps the system in good order. It may be taken at any time without any unpleasant after effects.

"I am very happy to be in a position to tell you that I use your Salt with much success. It is certainly a medicine which is destined to render great service. I have already prescribed it to many patients, who have found it without exception most satisfactory."

CONTROLLERS STAND FIRM

Must Have Detailed Statement of the Cost of Keeping Open Branch Libraries.

MAYOR SEEKS LEGAL OPINION.

Crowds at City Hall—$135,000 Taxes Paid in One Day—Bay-street Fire Investigation.

There is a feeling verging on indignation round the City Hall at the decision of the Public Library Board to keep the northern and western branches closed after the reiterated statement that the Board of Control will pay the current expenses till the end of the year. On Saturday, the Mayor, Controllers and Aldermen who were around denounced in strong terms the stubbornness of the Library Board, in holding out for what there is not the slightest prospect of ever being granted—the reinstatement of the amount that was pruned off the original estimates. The Controllers state that they will take no further steps in the matter till they have officially before them a detailed statement of the expenses of keeping open the two branch libraries.

Must be Kept Open.

Ald. Hallam, who is really the father of the Public Library, when spoken to by The World on Saturday, was very indignant at what he termed the babyish conduct of the Library Board. Like spoiled children, because they cannot get all they want, they refuse to take a part. He saw not the slightest chance of the Board of Control or Council receding from the position they have taken. Emphatically, the Alderman said: "I believe, if any aggrieved ratepayer were to enter an action against the Library Board for closing the libraries to the public, the law would sustain him in his demand that they be kept open." Ald. Hallam regarded the proposal to go to law to compel the Council to give the Library Board the money they ask, as ridiculous. The fault is that the members of that Board are not responsible to the ratepayers, and care little for the convenience of the public."

Furnish the Statement.

Controller Woods said: "Personally, I want to see the branch libraries open, but I refuse to be taken by the throat and they have payment demanded by the Library Board. It seems to me that they are afraid to furnish the Board of Control with the statement of the actual expense, which we have twice requested. The Board of Control will not, if I can prevent it, recede from the position it has taken in this matter."

Will Not Recede.

Controller Lynd said he had done all in his power to have these branch libraries reopened. He was content to leave the matter as it stands, with the responsibility of the branches being closed resting on the Library Board. The fault is that if the branches continue closed. I will maintain the position the Board of Control has taken.

Controller Burns, vice-Chairman of the Board of Control, was equally as emphatic that the Board would make no concession to the Library Board, and take no further steps till the statement of the actual expense was forthcoming.

City Solicitor Appealed To.

The Mayor repeated his well-known views on this vexed question. He regards the Library Board as acting foolishly and standing on its dignity. He justified the action of the Board of Control. His Worship added that he had sent a communication to the City Solicitor, asking, "If the City Council furnishes sufficient money to run the branch libraries, can they compel the Public Library Board to open them and keep them open?" The Mayor will be in receipt of this opinion on Monday. There is a feeling, however, around the hall that the matter should not be carried into a court of law.

$135,000 in One Day.

There was more than the customary crowd around the new City Hall Saturday, the majority of the visitors being from places outside Toronto. The clerks at the City Treasurer's Department were busier than ever in receiving the taxes. Never has payment been so prompt, and this is regarded as a sign of the improved times. On Friday above $135,000 was paid in.

Coroner Received First Pay.

After the grants to charities, the first money paid out at the City Hall was disbursed to Dr. A. J. Harrington, in connection with the inquest on Murty Shea, the newsboy who was drowned at Yonge-street wharf.

Will Investigate the Charges.

Chairman Frankland of the Fire and Light Committee, has decided to call a meeting of the committee for Monday to investigate the charges made against the fire brigade as to their work in suppressing the recent fire on Bay-street.

Who Will be Mayor?

In the absence of any other exciting topic there is a good deal of quiet gossip going on around the City Hall as to who will be Mayor for 1900. August is too far removed from January for any likely forecast to be made. These are names freely canvassed around the hall: Mayor Shaw for a third term, ex-Ald. Crawford, M.L.A., ex-Ald. Scott, Controller Lynd, Ald. Spence, and ex-Ald. E. A. Macdonald. All, however, is speculation so far.

Notes.

City Commissioner Coatsworth on Saturday granted a permit to the T. Eaton Company, Limited, for an addition to their Albert-street premises to cost $700.

The services of a policeman had to be called in on Saturday morning to keep the main entrance to the City Hall clear of bicycles.

The business of the Court of Revision for Ward 5 will occupy both Monday and Tuesday. The court will sit in the Assessment Department.

An Aged Resident Gone.

Mrs. Mary Jane Aird, widow of the late William Aird, died on Saturday afternoon in the city. The deceased was born in Tongree, Ireland, 78 years ago. She resided in Montreal 14 years, and for the past 48 in Toronto, and kept a crockery store on Queen-street. The funeral takes place to-day to St. Michael's Cemetery.

MEN CURED FREE.

A most successful remedy has been found for sexual weakness, such as impotency, varicocele, shrunken organs, nervous debility, lost manhood, night emissions, premature discharge and all other results of self-abuse or excesses. It cures any case of the difficulty, never fails to restore the organs to full natural strength and vigor. The Doctor who made this wonderful discovery wants to let every man know about it. He will therefore send the receipt, giving the various ingredients to be used so that all men at a trifling expense can cure themselves. He sends the receipt free, and all the reader need do is to send his name and address to L. W. Knapp, M.D., 1742 Hull Bldg., Detroit, Mich., requesting the free receipt as reported in this paper. It is a generous offer, and all men ought to be glad to have such an opportunity. 2-6

ONTARIO LADIES' COLLEGE

Will Re-Open Sept. 7th For the 26th Year of Collegiate Work.

Great preparations are being made at the Ontario Ladies' College for the time of reopening, Sept. 7. The main building, known as Trafalgar Castle, is one of the most perfect specimens of Elizabethan architecture in this country. The hall and rooms on the ground floor are models of refined taste and beauty. During the past few weeks a company of skilled decorators have been at work painting the walls in solid colors, and relieving the ornamental niches, cornices, etc.

Various reasons have been assigned for the marked growth and popularity of the Ontario Ladies' College. One chief reason is its acknowledged thoroughness. With commendable enterprise, it has always kept on its teaching staff the ablest specialists in every department of study. Sound scholarship and solid attainment have become its recognized characteristics. Another element of success is its delightful location in an educational town in close proximity to Toronto.

The Fresh Air Fund.

The treasurer of the Fresh Air Fund begs to acknowledge the following donations: M. & F., $5; T. Dunbar, $2; J. G. S., $10; Mrs. Strachan, $5; Mr. Christopher Robinson, $5; Rev. Beech Bazant, per J. Loudon, $3.17; Mr. and Mrs. Freeland, $2; L. M. T., $5; Rev. C. A. Eaton, $5; Mrs. F. Patriarche, Orillia, $25; Mrs. M. A. Thomas, $1; Mrs. Dr. Larkin, $5; Rev. C. L. Ingles, $1; Friend, Brockville, $7; Mrs. Dr. Sheraton, $3; William Sheraton, $3; Dr. Larratt Smith, $2; M. T. A., $5; Planeus, $13; Mrs. Shepperd, $5; Friend, $5; Friend, $2; Well Wisher, Collingwood, $1; Balance of Island Bonfire, $2; A. B. G., per Globe, $1; per Globe, $5; Tithe from Cheerer, per Globe, $5; "A Little Current, $1; Mrs. E. S. and two daughters, $1; Betsy B., $1; Friend, Burnhamthorpe, $1; Dr. H. Walker, $8; O. S., $2; Friend, $1; Secretary, Big Bay Point, per Rev. W. S Westney, $5; One Who Desires to Make Children Happy in the Warm Weather, per Staff-Inspector Archibald, $10; Fred W. Heal, Mitchell, $3; H. Cattle, Collingwood, $1; A. H. Campbell, $20; No Name, $2; Mrs. A. E. Gooderham, $5; A. R. Bain, "Go Home," $2; No Name, $5. Another carload of old people were sent out this week from the House of Industry and three more loads go out this week. The children go out just as the funds admit, a large number going to-day. The workers are desirous of sending many yet that are looking forward to it, but the funds will have to come at once, or the schools will have started.

Games at Oakville.

The White Star carried the employes of Adams Bros., wholesale harness manufacturers, to Oakville Saturday morning, where a very enjoyable day was spent. An exciting game of baseball was played between the married and single men, resulting in favor of the single men. Other games and sports were carried on, for which prizes were awarded.
