YORK COUNTY AND SUBURBS

Rev. F. H. DuVernet Thinks That Fraternal Societies Militate Against Prayer Meetings.

PIANOMAKERS' UNION NUMBER 71.

T. Linton Was Elected President of the Toronto Junction Branch at a Recent Meeting.

Toronto Junction, Feb. 17.—The Pianomakers' Union of Toronto Junction now number 71 members. The officers elected for the year are: President, T. Linton; vice-president, Charles Bond; recording secretary, Charles Johnston; financial secretary, J. S. Boland.

The Oaks Social Club held a very successful at home in Thomson Hall on Friday night. A. Collins' orchestra furnished the music, and the success of the affair was largely due to G. Brimacombe, secretary, and G. H. Townsley and E. Connolly, who were associated with him on the committee.

Mrs. Brown of West Annette-street died yesterday, in her 71st year. Her remains will be taken to Brantford for interment.

At the morning service of St. John's Church this morning, Rev. F. H. DuVernet attributed the falling off in attendance at the Wednesday evening service, not only of St. John's but of all the churches in town, to the encroachments made upon that evening by local fraternal societies. Some time ago concerts, social functions and society meetings were held on other nights in the week, and Wednesday was exclusively a church night. By the number of societies which now meet on this night, it would appear to be society night.

North Toronto.

The choir of Christ Church, Deer Park, will be entertained this evening at the schoolhouse by the rector, Rev. T. W. Paterson.

A non-resident owner of property in the town has written Mayor Davis complaining in severe terms of the vandalism allowed to go on without restraint. The writer owns a large residence on Merton-street, and while vacant a couple of years ago the house was wrecked to the extent of nearly $200. During the present winter the same property has been similarly treated, and it is not to be wondered at that the owner feels keenly the want of proper protection for valuable property.

A definite step in the construction of the new waterworks will be made to-day by the Council. Accompanied by the Engineer employed to oversee the work, the Council will locate the reservoir and power house this afternoon, and immediate steps towards laying the main and erecting the other works will be taken as soon as places are completed.

Thornhill.

While attending a funeral on Thursday Mr. E. Gallanough received a severe injury to his head. The accident was caused thru a drift, the cutter in which he was driving upsetting and throwing him violently against a fence.

The remains of the late Samuel Wilson of Amber were interred on Thursday last at Buttonville Cemetery. Deceased had resided in the neighborhood where he died for nearly his whole lifetime of 74 years, and was a highly-esteemed member of the community. Mr. Warren Wilson and Mrs. Johnston of Amber are the only surviving children.

Tenders are being taken for a complete renovation of the Methodist Church.

The social at the rectory of Trinity Church on Thursday evening was a most enjoyable affair, a large number of the congregation and friends participating in the now annual event. The receipts of the evening will lessen the church debt by nearly $40.

McCaul-street Euchre Club, about 25 strong, spent a pleasant time at the Queen's on Thursday night.

John Stephenson, the son of Mr. and Mrs. J. Stephenson, of Newtonbrook, died on Saturday last. The interment will take place to-day at Thornhill Cemetery.

Mr. and Mrs. J. Comins entertained a large company of friends from L'Amaroux and other points a few evenings ago.

East Toronto.

Mr. Wallace Luke, who for 30 years aas been bailiff of the Division Court of East York, died early on Saturday morning of pneumonia. He was in his 70th year. The interment will take place at St. John's Cemetery this afternoon.

After a lingering illness, Mr. Frank Scott, an old and respected citizen of Scarboro passed away on Wednesday night. He was buried in St. Andrew's Cemetery on Saturday.

Mr. W. A. Langton and Dr. Milliman addressed the congregation of St. John's Church, Norway, at the morning and evening services yesterday, on behalf of the diocesan missions.

The 4-year-old daughter of Mr. Hamilton Gray of East Toronto died of diphtheria on Saturday. The interment was at St. John's Cemetery yesterday afternoon.

Scarboro.

The auction sale on the farm of Mr. Cheesman was held on Thursday last. It was bitterly cold and there was a blinding snow storm, consequently there was only some 80 people present. The sale was opened at 3 o'clock and by 6 p.m. was over. The value of the farm, stock and implements sold is placed at about $1250, and the fact that despite the unfavorable conditions there was not a single article bid in reflects great credit upon the auctioneer, Mr. Beldam.

There was a large gathering at the meeting of the Farmers' Institute, held at Ellesmere last Monday, when the subject of "Winter and Summer Feeding of Dairy Cattle" was discussed. Mr. W. A. Patterson of Agincourt, who has been in the milk business for a number of years, stated that in his opinion unless silo is fed and less pasture turned out it is not a profitable business to engage in. This also seemed to be the opinion of all who were present.

A meeting of the ladies' section of the Farmers' Institute was also held last Monday afternoon, when Mrs. Robert Forfar introduced the subject, "The Cooking of Vegetables in All Their Forms."

On Monday last the annual curling match between the Halfway House and Woodruff House was played off. Twenty ends were played resulting in a win for the team skipped by E. Sanderson, over that skipped by F. Smith, by 21 to 18. The losers provided for the oyster supper which followed.

At Whitevale.

The Sherlock Male Quartet will sing in Whitevale Methodist Church to-night.

Agincourt.

Dr. D. F. Young, veterinary surgeon, has removed his office from Woburn and opened up one here.

MR. ROBLIN'S DEAL.

Continued From Page 1.

two cents per bushel on 10,000,000 bushels of wheat. In other words, if, during the next two or three years, the traffic should be equivalent to 10,000,000 bushels, rates will have to be two cents per bushel higher than they otherwise would be. The question then is, will the volume of traffic on the Canadian Northern system, during the next few years, be large enough to earn interest on this overcapitalization as well as on the capitalization actually required, and yet reduce rates substantially? Will it still be possible for us to get such reductions as we should get?

No Maximum Rate.

"It will be observed, in this connection, that there is no maximum rate. In return for all that we give we do not get a guarantee of any reduction whatever. And no estimate is given of the volume of traffic, the operating expenses, and the rates to be fixed during the first year or two. No provision appears to have been made with regard to freight from the south either from points in the eastern provinces or from points in the United States. Yet it is very important that we should have a winter and alternative route to the eastern provinces. Still more important is it that we should not have the evils of the protective tariff intensified by being cut off from railway communication, at practicable rates, with American manufacturers.

Take Agricultural Implements.

"Take agricultural implements, for instance. The contract gives the Government no power to fix thru rates to or from points in the United States; yet if favorable rates are not given, the price of American implements will be increased, just as they would be by an increase in the protective tariff. The same thing holds good of American lumber, and on lumber rates from points of the Lake of the Woods, or Rainy River. On the Canadian Northern lines the contract gives the Government no control. Government is to fix rates only betwten points in Manitoba and Port Arthur, and on local hauls wholly within this province. It is not to fix rates between points on the Ontario and Minnesota sections and poins in Manitoba. There is, in some previous legislation, a minimum rate on logs to Winnipeg, but that does not begin to meet the requirements of the case. Other important details space forbids us to discuss at present. Is this the best we could do?

From Canadian Northern Standpoint

"Look at the bargain from the standpoint of the promoters of the Canadian Northern. They are badly in need of feeders for their Lake Superior line. How is it they pay, with only the Dauphin line to bring in traffic, and with a gap between the Dauphin line and the Lake Superior line? Investors seem to be in some doubt, for it seems the Canadian Northern were not successful in floating their bonds, and that, in fact, the whole transcontinental scheme was in danger of tumbling to pieces unless they could get feeders, finance their road and get a connection between the Dauphin and Lake Superior lines. We give them the connection, give them a system of branch lines, already important, and capable of large extensions, and additions both in Manitoba and westward, finance their road, place them in a splendid position for their operations in the Saskatchewan Valley, and set the whole enterprise well on its feet.

"Is Not That Enough?"

"Is not that enough, after having already enabled them to make a clear haul of vast land grants, without guaranteeing the overbonding of the road, in order to enable the promoters to pocket a large fortune in cash? S far as the information at present before us enables us to judge, we think that important amendments are very seriously necessary before the contracts can be regarded as a solution of the railway question in Manitoba, or before we can be sure that they embody the best arrangement that the province is now in a position to make, or will be in a position to make within the next year or two."

The Free Press, in an article last night, referred to the bargain in rather favorable terms.

The Telegram strongly endorses it, while The People's Voice, labor organ, edited by Mr. A. W. Puttee, M.P., strongly condemns it.

NEWS NOTES FROM KINGSTON.

Catholic Missionary Going to Central Africa—Ex-Warden Lavell Dangerously Ill.

Kingston, Ont., Feb. 16.—Rev. Father Prezeau of the parish of Rafiton leaves on Feb. 23 for Central Africa, where he will do mission work for the Catholic Church.

Capt. R. M. Vanluven, late of the Mounted Rifles, will enter the Royal Military College on Monday for a long course.

Rev. Dr. Milligan, Toronto, has been again elected president, and Rev. J. D. Boyd, Kingston, secretary, of the Queen's Alumni Association.

The stockholders of the Kingston Light, Heat and Power Company, asked to name a sum for which it would be willing to sell their plant to the city, placed the figure at $350,000.

J. R. Lavell, M.P., is in the city, at his father's bedside. The ex-warden of the penitentiary is dangerously ill.

A Magic Pill—Dyspepsia is a foe with which men are constantly grappling, but cannot exterminate. Subdued, and to all appearances vanquished in one, it makes its appearance in another direction, in many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument, in which even a breath of air will make a variation. With such persons disorders of the stomach ensue, causing much suffering. To these Parmelee's Vegetable Pills are recommended as mild and sure. ed

Victory for Frank Ross.

Quebec, Feb. 17.—A telegram received here announces that the Privy Council has given judgment in the Livingstone-Ross case, dismissing the appeal of Mr. Livingstone, and confirming the judgment in favor of Mr. Frank Ross.

Measles Wiped Out a Family.

Troy, N.Y., Feb. 17.—With the exception of the mother, the entire Turner family of Shaftesbury, Vt., has been wiped out by the measles. Eight died in a month. John Turner, the last victim, was buried Saturday.

Better without a Stomach than with one that's got a constant "hurt" to it. Dr. Von Stan's Pineapple Tablets stimulate the digestive organs. Let one enjoy the good things of life and leave no bad effects—carry them with you in your vest pocket—60 in a box, 35 cents.—48

We are reaping the fruits of our aggressive policy in giving the best imported woollens and the most skilful workmanship at a low cash price. THE PUBLIC ARE READY TO RECOGNIZE progression, enterprise and merit, and have placed the SEAL OF APPROVAL on our Genuine Scotch Tweed Suits $22.50

R. SCORE & SON, 77 King West.

Store Closes 1 p.m. Saturdays.

THE W. & D. DINEEN CO.

NEXT 18 DAYS

For the last three business days we have been advertising a discount sale to extend over 20 days. Our sales during this period have justified our contention that the prices we are selling at are positively very low—they are cost prices. Saturday was a "record breaker" in the way of sales, and we are prepared to show you to-day that we can beat the Dominion for high-class goods at a low price. The discount applies to all furs in the house, with the exception of the $50 fur-lined gentlemen's coats.

FIRE FIEND HAS BEEN BUSY

Valuable Block in Deseronto Went Up in Smoke Along With Business Contents.

CHURCH BURNED IN GEORGETOWN.

Presbyterian Edifice Completely Gutted on Saturday Afternoon—Other Fires.

Deseronto, Ont., Feb. 17.—An alarm of fire was turned in about 2 o'clock this morning, when it was discovered in the Baker Block. This block is occupied by J. J. Kerr, dry goods; Hall & Stuart, tailors, and H. Kellar, saddlery, while the upper portion was used for Naylor's Opera House. The block and contents are totally destroyed. The amount of loss and insurance not yet ascertained.

TWO DEATHS FROM FIRE.

Old Lady of 86 Burned to Death While Alone in the House—Man Died From Burns.

Quebec, Feb. 17.—A despatch to-day from St. Raymond states that Mrs. Reason of Front Range, Bourg Louis, an old lady of 86 years, was found lying dead on the floor of her house last evening. She lived with her son, who, with his wife, left the old lady alone while they went to Point Basse, some distance away, and on their return they discovered the remains of Mrs. Reason lying on the floor with her clothing all burned and the house full of smoke. It is supposed she lit a match to find something, and in some way it ignited her clothing. As the body was not very much burned, it is thought she must have died from suffocation.

Joseph Hudon, late station agent of the Intercolonial Railway, at Trois Pistoles, died this morning, as the result of burns received while endeavoring to rescue his mother-in-law, who perished in the fire which destroyed the railway station there about a week ago.

Serious Loss at Meaford.

Meaford, Ont., Feb. 17.—This morning about 2 o'clock fire broke out in James Sparling's sash and door factory. The main building was totally destroyed. Loss $6000; insured for $2700.

Biscuit Factory Burned.

Baltimore, Md., Feb. 16.—The plant of the Maryland Biscuit Company was destroyed by fire to-night. Loss about $100,000, covered by insurance.

Georgetown Church Burned.

Georgetown, Ont., Feb. 16.—The most disastrous fire here in years occurred to-day, when at 2.30 o'clock it was discovered that the Presbyterian Church was on fire. Despite the best efforts of the firemen the church was completely gutted, and the roof destroyed. The loss will be pretty well covered by the insurance, which is $800 on the church and $1500 on contents.

Blaze at Ridgetown.

Ridgetown, Ont., Feb. 16.—The fire brigade was called out at 11 o'clock this morning to extinguish a blaze in the dry kiln in Coate's mill. It was some time before they got it out, it being a very difficult matter to locate the flames. The loss on building is about $120; on stock, by wetting, between $200 and $250. The loss is covered by insurance.

Beet-Sugar Factory.

Wallaceburg, Feb. 17.—The Wolverine Sugar Company of Benton Harbor, Mich., will establish a factory in this town.

There are but two conditions governing the agreement to erect and operate the factory here, viz.: That a bonus of $30,000 be given by the Town of Wallaceburg; and that contracts for acreage to the extent of 35,000 tons be signed by the farmers of the district.

That this will be done there is not a particle of doubt, and the first beet-sugar refinery in Canada will be shipping sugar in car-load lots from Wallaceburg in October of this year.

Clerk Surprised the Guest.

The hotel clerk was a good-natured, well-dressed young man, and he laughed when the guests would make remarks about him being a dude, etc. He surprised one visitor last night by stating that the suit he wore only cost thirteen-fifty. He had it made by Archambault, 125 Yonge-street, and it certainly looked very nice.

In South Side Presbyterian Church yesterday anniversary services were held. The speakers were Rev. James Murray in the morning, Rev. Wm. Frizzell in the afternoon and Rev. Principal Caven in the evening.

Leo, the Royal Cadet.

A special feature of the recent performances of "Leo, the Royal Cadet," at the Pavilion, Horticultural Gardens, was the children's matinee on Saturday afternoon. Hundreds of happy faces beamed with expectation before the rise of the curtain, and the silence during the performance attested their thoro interest in the proceedings. The fall of the curtain at the close of the different acts was followed by round after round of applause, which was doubly prolonged after the battle scene, when Zulu and Briton had engaged in deadly conflict and the Union Jack had triumphed again in orthodox fashion. It was a creditable production, and was creditably rendered by the several performers.

TO CELEBRATE CRONJE DAY.

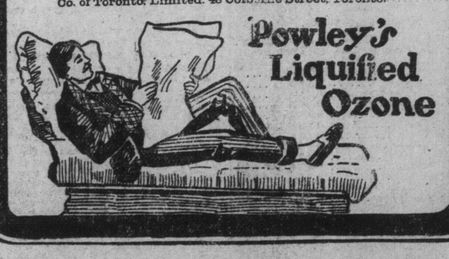
Ottawa Members of First Contingent Propose to Feast on Anniversary of Paardeberg.

Ottawa, Feb. 17.—The Ottawa members of "D" Company, R.C.R., first Canadian contingent, will celebrate the first anniversary of Cronje's capture Feb. 28, by holding a dinner. Comrades from Toronto, Montreal and Quebec have been invited.

Consumption

One of the best ways to cure disease is to prevent it. That's the best way to cure consumption and you can prevent that disease with Powley's Liquified Ozone. It is splendid for the least throat or lung trouble. However, if you have lung trouble of an advanced type, like Wm. McKay of Sutton, who was cured by Powley's Liquified Ozone after he had been given up to die, take the preparation—the condensed oxygen kills the germs and builds up the system. Write us for detail and procure a bottle. It does not cost much.

50c and $1 a bottle, at all druggists. Write the Ozone Co. of Toronto Limited, 48 Colborne Street, Toronto.



THE ROBERT **SIMPSON** COMPANY, LIMITED

Men's Odd Coats at $3.45

"We never ask impertinent questions," remarked the clothing chief in response to a query from the advertising man re these coats. "When a customer desires to purchase the pants and vest only that's his business—ours to sell them, which we do in the same pleasant way as if he took the complete outfit, and that's the reason we very often have a number of odd coats left from some of our best selling suits and these 'lone' ones we're going to sell Tuesday are the best value we've offered this season, being left from suits that sold as high as $16—none less than $12." Here's a description of the coats themselves. Read carefully, then come and be your own judge:
