BODY THAT OF CAMPBELLTON MAN

Man Found in Pond at Tignish Identified as That of George Sargent.

Summerside, P. E. I., May 29—The mystery surrounding the disappearance of George Sargent, of Campbellton, who was presumed to have been drowned at Escuminac when he was shooting wild fowl on November 21, last, has been cleared up by the identification of the body of the man found at Frog Pond, near Tignish, a few days ago, as published in the press on Friday. News of the finding of the body was not published until more than ten days later and B. J. Sargent of St. John, brother of the missing man, upon reading the description found it tallied with that of his brother, and he, accompanied by his father, James Sargent, of Campbellton, came to the island on Saturday and went to Tignish where they got in touch with the authorities. Permission was secured from the Attorney General and the body was exhumed on Sunday and was positively identified by father and brother as that of the missing man. Arrangements were made for the removal of the body and it will be taken to New Brunswick today. Burial will take place at Campbellton, the home town of the drowned man.

Obituary

Mrs. Douglas McArthur

A large circle of friends will learn with regret of the death of Mrs. Flora McArthur, wife of Douglas McArthur, the well known, King street bookseller and stationer, which occurred at her summer home, Pamdenec, yesterday. She leaves to mourn her loss in addition to her husband, two sons, Major Douglas B., of Montreal, and Ronald F., at home, and two daughters, Mrs. S. R. Robinson of Pamdenec, and Mrs. L. G. McFarlane, of East St. John; also a half-brother, Archibald Duncan of this city.

The late Mrs. McArthur was a woman of a kindly disposition and Christian character, and a valued member of Knox Presbyterian church. The funeral arrangements have not yet been completed.

GREATER TEA CONSUMPTION IN GREAT BRITAIN.

The reduction of the English duty on tea by four pence a pound will undoubtedly result in greater consumption on the part of the public of Great Britain, which is now by far the largest tea consuming country in the world. This increased demand will tend to raise the present abnormally high market, and an increase in cost of teas throughout the world may be expected.

AN ACT RESPECTING IMMIGRATION

Under Its Provisions Canada Could Absolutely Exclude Orientals If She Desired.

Ottawa, May 29—A. W. Neill, independent member for Comox-Alberni, introduced "an act respecting immigration" at the opening of the House of Commons this afternoon. He explained that the bill provided that immigrants must apply for entrance to Canada to the Department of Immigration in writing before leaving the country of their origin. The object of the bill was to prevent injustice to immigrants who were frequently excluded at the port of arrival in Canada. If they were required to apply in writing, stating their age, nationality, qualifications and resources, the Department would be able to decide whether or not they should be allowed in. Immigrants would be advised of the decision before leaving their own country.

Mr. Neill said that, although not specifically mentioned, in the bill the question of Oriental immigration would be solved if the measure carried. Under such a bill Canada could absolutely exclude Orientals should she decide to do so. The bill received first reading.

WAS TROUBLED WITH HER LIVER FOR OVER 4 MONTHS

When the liver becomes slow, sluggish and torpid it is not working properly and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow among which are, sick or bilious headaches, heartburn, water brash jaundice, floating specks before the eyes, pain under the right shoulder, coated tongue, bad breath, yellow eyes, etc.

MILBURN'S LAXA-LIVER PILLS

quickly remove the secretions, clear away the effete and waste matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood.

Mrs. Alice Mehill, Napanee, Ont., writes:—"I was very badly run down for over four months. I tried several remedies, but got no relief. One day my husband brought me home a vial of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two vials and I am a different person today.

I can sincerely recommend Laxa-Liver Pills to any one troubled with liver trouble."

Price, 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Died

McArthur—At Pamdenec, N. B., on May 29, 1922, Flora, beloved wife of Douglas McArthur, leaving besides her husband, two sons, and two daughters.

Notice of funeral later.

Says They Are a Wonderful Remedy

ONE WOMAN TELLS OF DODD'S KIDNEY PILLS

Additional Evidence as to why Dodd's Kidney Pills are Known all over Canada as Suffering Woman's Best Friend

Birch Plain, Victoria Co., N. S., May 20th—(Special)—"Dodd's Kidney Pills are a wonderful remedy for kidney trouble." These are the words of Mrs. Ewan McQueen, a highly respected resident here. And Mrs. McQueen speaks out of her own experience.

"I have been taking Dodd's Kidney Pills for some time," she says, "and I can't speak too highly of them. They have been of great benefit to me. I always keep some of them on hand."

All over Canada Dodd's Kidney Pills are recognized as suffering women's best friend. They act directly on the kidneys, making them strong and healthy. Diseased kidneys are the cause of nine-tenths of all the ills women are heir to.

Weak, nervous, run-down women should ask their neighbors about Dodd's Kidney Pills.

A meeting late in June to consider an entertainment during the summer, was also arranged.

Tenders Received By City Council

Will Purchase Granite Blocks for Prince William Street—Tenders for Pipe and Digging Opened.

At the committee meeting of the common council, held yesterday morning, tenders for excavation and back fill in connection with proposed water main extensions were received and also for cast iron pipe. Commissioner Frink was given authority to purchase a quantity of granite blocks.

With reference to the paving of Prince William street Commissioner Frink said 20,000 granite blocks would be required. He said he had asked for separate bids from firms in a position to supply them. A bid from Morrison & Noonan quoted $85 a thousand; from B. Mooney & Sons $85; from the Granite Street Paving Construction Company $80.

The question of the sales tax was discussed and Commissioner Frink said it would amount to a considerable sum during the year. He was authorized to purchase 20,000 granite blocks at $80 a thousand; 6,000 to be delivered at once, some not later than June 15 and the balance one week later.

Commissioner Frink moved that he be authorized to extend a previous order for 144 feet of circular curbing to 309 feet at $1.65 a lineal foot, the cost to be paid out of an unexpended balance voted in 1919. Carried.

An application from Thomas Dean to instal a gasoline tank on his property in City Road was ordered to lie on the table until information regarding the ownership of the property be established. It was pointed out that the city were in possession of a considerable portion of this property and had made improvements thereon.

A report from Henry O. McInerney representing to Lynch estate regarding the condition of a wall was ordered received.

On motion, Commissioner Bullock was authorized to arrange the matter of charges at the city swimming scows.

Commissioner Thornton reported regarding the elevator in city hall and recommended that the bond issue be increased from $15,000 to $16,714.51. On motion this was recommended to council.

Communications were read from the Associated Charities regarding a grant of $350. This was ordered received and answered, explaining the decision of the council.

A communication was received from W. A Doherty asking to be appointed interviewer at the proposed employment office.

A communication was received from W. F. Burditt regarding the Union of East St John to the city. This was ordered received and will be dealt with at a future meeting.

J. A. Barry asked that the Rolling Mills be exempted from taxation until the termination of the year, the city to have access to the company's books, and in event of them making a profit be taxed accordingly. He said that the mill gave employment to between seventy-five and eighty-five men. He was asked to leave his information with the council and to have the owners present their pay roll for some six months back.

A communication from W. B. A. Lawton for further consideration regarding placing a flat roof on the Harding building in Union street was received. It was referred to the commissioner of public safety to be taken up with the building inspector.

Tenders for cast iron pipe and excavation work were then opened.

Baby Specialists.

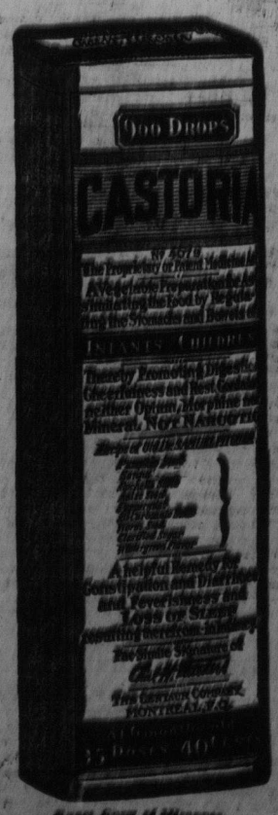
THAT there are Physicians who specialize on Infant ailments you know. All Physicians understand Infant troubles; all Physicians treat them. It is his profession, his duty, to know human ills from the Stork to the Great Beyond.

But in serious cases he calls in the Specialist. Why? He knows as every Mother knows, or ought to know, that Baby is just a baby, needing special treatment, special remedies.

Can a Mother be less thoughtful? Can a Mother try to relieve Baby with a remedy that she would use for herself? Ask yourself; and answer honestly!

Always remember that Baby is just a baby. And remembering this you will remember that Fletcher's Castoria is made especially for Infants and Children.

Children Cry For Fletcher's CASTORIA



The False and the True.

Advertising by the use of large space, the expenditure of large sums of money have placed on the market, have put in your home, perhaps, many articles that today have been discarded, as you will readily admit.

Do you recall anything that has more modestly appealed to the public than has Fletcher's Castoria: modest in all its claims, pleading at all times—and truthfully—for our babies?

The big splurg, the misleading claims may win for a time, but the honest truth-telling advertiser is like the old story of the tortoise that beat the hare.

Mothers everywhere, and their daughters, now mothers, speak frankly, glowingly, enthusiastically in praise of Fletcher's Castoria. Speak of it lovingly as a friend that has brought comfort, cheer and smiles to their little one.

To them; to these true mothers no argument can induce them to set aside their bottle of Castoria, their old friend, that they might try even another and unknown remedy for babies. Then, would YOU think of going to YOUR OWN medicine chest to find relief for Baby's troubles? Can you not separate the false from the true?

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA
