LOCAL AND OTHER ITEMS.

SIR ANDREW SNEWANE, Chief Justice of Quebec, has resigned.

REPORTS from the Northwestern States say there is a general fall of snow with prospect of continuance.

DURING the cold wave which struck St. John, N. B., on Friday last, the thermometer dropped to 22°.

A SPECIAL cable states that the British trade returns for October show a marked increase in Canadian imports and exports.

FIVE thousand immigrants settled in Quebec Province the season, of whom seventy-five per cent. were English speaking persons.

A DESPATCH from Rio Grande to London says the Swedish barque Hilma, from New York, was wrecked there. The captain and some of the crew were drowned.

SHIPBUILDING on the Clyde, according to the returns for October, continues brisk. The output during the past ten months is 40,167 tons in excess of that for the same period last year.

A TEN YEAR old boy named Coyle, was caught by shafting in a mill, in St. John, N. B., on Friday last, and was so horribly bruised and cut that he died the same evening, after much suffering.

AT St. John, N. B., on Friday last, a ship carpenter named Pratt, was struck on the top of the head by a piece of birch plank three feet long and stunned. The mishap was the result of an accident.

ADVICES from New York say that Dr. Wilson, law clerk of the Dominion House of Commons, dropped dead in the street, in that city, on Saturday night last. He had gone to New York for treatment of his eyes.

THE steamer Carroll arrived here from Boston Sunday morning with a full cargo and the following passengers: Miss M. Ryan, Mr. Wm. McIntyre, Mrs. McIntyre and child, Hattie McIntyre (2), Mrs. Hughes.

As will be seen by their advertisement in this issue, HERMAN, Reuben Tuplin & Co., Kensington, are offering their goods at low prices. The firm business done by the late firm, and their determination to continue their business on as large a scale as ever, shows they are made of the right kind of stuff, and deserves encouragement.

DURING the heavy blow, in St. John, N. B., on Friday morning last, a Mrs. McCallum was engaged in hanging clothes on a pully line, and the weight of the clothes broke off the high wind caused the line to break, carrying Mrs. McCallum out of the window. She fell a distance of twenty feet. When found she was unconscious; but no bones were broken.

CIVIL SERVICE examinations took place in this city on Wednesday and Thursday last. There were six candidates who took the qualifying examination, viz: A. L. Fraser, Vernon River; James O'Connell, Montague; W. J. O'Donnell, Avondale; W. A. Thompson, Little York; Ewen Macdonald, Murray Harbor Road; Mary C. Hunt, Summerside.

THE insinuation contained in the statement of the *Examiner* of Thursday last, relative to the HERALD's publishing our contemporary's rejected correspondence is wholly gratuitous. Our contemporary well knows that we are not given to the publication of communications of the nature indicated, and we may further say that we do not take our cue from the *Examiner* as to what we deem suitable matter for our columns.

DAVID CARPENTER, son of a tailor doing business in Montreal, was arrested in New York, on Friday last, on a warrant issued by the Judge of the Court of Sessions, Montreal, charging him with having forged bills to the amount of $16,000. Campbell did business with his father, and was in the habit of selling goods at thirty, sixty and ninety days credit. These bills he duplicated, and had the original and forged duplicates discounted. He was sent back to Montreal.

THE Amherst Record reports two serious accidents of an unusual nature, which occurred near there a few days ago. One was where a woman, who had been washing, and left the room for a short time, was horror stricken to find her girl baby dead in the wash-tub, having been scalded to death by the almost boiling water with which the tub was filled. In the other case, a man, who had been suffering from a severe toothache tried to relieve it by holding some paraffine in his mouth. Disliking the taste of it he spat it out quickly into a stove, where the flame caught it and leaped up into his mouth burning it badly.

THE first of this season's weekly mail boats to arrive at Halifax was the Allan steamer Sardinian. She made port at 6.30 Saturday night and landed 113 passengers and 300 tons of freight. Her mails and passengers were immediately despatched. Her freight is billed as follows: For Halifax 200 tons of weight and 45 tons of measurement; for local stations 21 tons weight and 17 tons measurement; for St. John 21 tons weight and 21 tons measurement; for Upper Provinces one ton weight and 17 tons measurement, making a total of 260 tons altogether. The balance of her Canadian cargo will be landed at Portland, Maine. There were 23 cabin, 20 intermediate and 63 steerage passengers. Mail commenced unloading freight on Sunday at midnight and as soon as ready it was quickly sent off in cars for its destination. It is expected the boats to follow will have a much larger quantity of freight.—*Halifax Herald.*

To Our Subscribers.

The SPECIAL ANNOUNCEMENT which appeared in our columns some time since, announcing a special arrangement with Dr. B. J. KENDALL Co., of Enosburgh Falls, Vt., publishers of "A Treatise on the Horse and his Diseases," whereby our subscribers were enabled to obtain a copy of that valuable work FREE by sending their address (and enclosing a two-cent stamp for mailing same) is renewed for a limited period. We trust all will avail themselves of the opportunity of obtaining this valuable work. To every lover of the Horse it is indispensable, as it treats in a simple manner all the diseases which afflict this noble animal. Its phenomenal sale throughout the United States and Canada, make it standard authority. *Mention this paper when you send for "Treatise."*
