Our I's and.... ....Other Eyes.

Our I's are just as strong as they were fifty years ago, when we have cause to use them. But we have less and less cause to praise ourselves, since others do the praising, and we are more than willing for you to see us through other eyes. This is how we look to S. F. Boyce, wholesale and retail druggist, Duluth, Minn, who after a quarter of a century of observation writes:

"I have sold Ayer's Sarsaparilla for more than 25 years, both at wholesale and retail, and have never heard anything but words of praise from my customers; not a single complaint has ever reached me. I believe Ayer's Sarsaparilla to be the best blood purifier, that has been introduced to the general public." This, from a man who has sold thousands of dozens of Ayer's Sarsaparilla, is strong testimony. But it only echoes popular sentiment the world over, which has, **"Nothing but words of praise for Ayer's Sarsaparilla."**

Two Tragedies.

Suicide of a Young Woman at Stratford.

A Peddler Found Dead in Bed at Galt —The Gas Was Turned On.

Stratford, Ont., July 17.—A girl named Laura Merkins, aged about 20 years, who lived with her mother on Wellington street, this city, procured a pound of paris green yesterday afternoon and took a considerable quantity of it, with suicidal intent. She took an overdose, with the result that that the act was discovered and medical aid procured. A stomach pump was brought into service, but the poison had done its work, and she died in the evening. No cause has as yet been assigned for the deed.

Galt, Ont., July 17.—A peddler about 45 years of age was found dead in bed at the Market Hotel. The gas was turned on. The police were notified, and examined the contents of a pocketbook and valise, but there was nothing to tell who he was. It is supposed that after he had turned the gas off, in his anxiety to shut it off entirely, he turned it on again.

AN AVALANCHE OF FROGS.

Millions of Reptiles Cover the Ground Near Ft. Ogden, Fla.

Arcadia, July 17. A gentleman from Fort Ogden Saturday states that he passed through an avalanche of frogs ten miles south of here Friday. It has been raining terribly for three days, and day before yesterday there was almost a cloudburst in this county, the rain coming down for hours in almost solid sheets. This man started out, and on the way passed through a section where for two miles the frogs literally covered the ground. The road was covered, and the ground in the woods as far as could be seen on either side. They were beneath the horse's feet as he rode along till it became almost sickening. There were three kinds or sizes, most of them being the green, so called "tree frogs," so abundant here. The small ones were about an inch long, the others being one, two and three inches. A few larger were seen. A great many were crippled, and seemed badly hurt, their bodies being broken open as if from a fall. There were millions of them, and the noise they made was deafening. He brought several along as specimens. It is the general opinion here that the cloudburst brought them. This is the first time that such a thing has ever been reported in this section. The man stated that the frogs seemed dazed and hardly moved as he came along. In fact, they couldn't well move much, as they were packed so close that his horse could not walk along without crushing them at every step.

$31,000 IN A POCKET.

Jamestown, Cal., July 17.—This town and the entire country is excited on account of the rich strike in the Tansy mines, operated under the lease of Colby & Beckwith. The mine is located on the mother lode, just this side of Sonora. The workmen struck a pocket, and in ten hours they had taken $31,000 in gold from the pocket, and there is more to follow.

The Bladder

CURED BY

DODD'S KIDNEY PILLS

I was troubled for three years with inflammation of the bladder, the neck of which was nearly closed up. Doctors and medicines gave me no relief until I tried Dodd's Kidney Pills. Seven boxes completely cured me. I work in Tuckett's tobacco factory, and all my fellow-employés know of my disease and can testify to my wonderful cure.

A GOOD GAME.

Mr. Devlin, of Troy, N. Y., walked into the pitcher's box at Tecumseh Park yesterday, wearing a London uniform. He ground his shoes well into the mud, and having secured a firm foundation for his 200 odd pounds avoirdupois, he clutched a new white ball with his left paw and sent it straight at the plate. Just as it reached there it came into violent collision with Hi-Yu Roberts' bat and went scampering into the left pasture. When it reached Mr. Devlin's hands again Hi-Yu was on second base. Mr. Devlin smiled complacently and threw it again at the catcher. This time it met McIlroy's bat and flew back into the same spot in left garden, while Hi-You flew home and McIlroy winged his flight to second. The bleachers were now plunged into deep grief, and gloomily prophesied that the new pitcher was "busted." Then Dark sent a long fly into Cockman's mitten. McIlroy made a bold attempt to purloin the third bag, but Cockman sent the ball straight at Joe Keenan, and Mac perished two feet from the base. Cockman's throw was one of the prettiest of the season. Brown followed with two bagger No. 3, but Congalton retired the side by fouling out. One run for three doubles was a mighty poor showing for the Leafs, and a rare stroke of luck for the pitcher.

In the next inning Mr. Devlin got his steam up and shot balls over the plate so swiftly that Guelph's vision of another picnic at London's expense turned into a nightmare, and the bleachers rapidly recovered their wonted exuberance of spirit. The big fellow exhibited three or four kinds of curves, and managed them so well that only one man drew a complimentary ticket to first base, while five times did the Royal City sluggers swipe the circumambient air in vain.

Barring two or three saffron-tinted errors, it was one of the cleanest games of the year. The Londons put up a fielding combination worthy of the Temple cup. The bright particular star, however, was young Congalton, who gobbled up eight flys—most of them on the run—and caught baserunners from the outfield by some of the finest throws ever seen on the home grounds.

Crowe pitched anything but a Jim Crow game, and had he been backed up like Devlin the score would have been closer. In the first Cockman's three bagger brought in Sippi after two men were out. In the second Ward made a triple, and scored on McIlroy's muff of Reid's grounder. In the third Gunther reached first on a ball, which McElroy allowed to dribble through his fingers, and reached home on a wild throw by Roberts.

In the fifth a double by Gunther and singles by Cockman and Keenan scored an earned run by Gunther. Cockman reached home, but was put out for neglecting to touch the plate. Sechrist got first on Dark's error, and a very amusing play followed. Keenan was on third, and Sechrist determined to give Joe a chance to score by trying to steal second. The ruse succeeded to perfection. Sechrist was caught between Dark and O'Brien, who, between them, let the ball drop to the grass. Keenan at once scored. Congalton, who came in to help catch Sechrist, picked the ball up and put the latter out. A single by Ward and an error by O'Brien brought in another run.

Guelph secured its second run in the sixth, on singles by Dark, Brown and O'Brien. The score:

NOTES.

Devlin is a left-hander. His curves are very wide, sharp and deceptive. He had two strikes called on several before they hit the ball.

Where is Guelph's fly trap, Fischer, gone?

"We're going to start a merry-go-round here," yelled Joe Keenan from the coaching line as the London's started to fill the bases.

McElroy was taken from short and put in right field after he made two yellow errors.

Pfeiffer, when released by London, lost no time in signing with Guelph.

Sechrist made a grand stand catch in the sixth, and was heartily applauded.

Ward's work showed no signs of recent illness.

Devlin and Reid had some trouble with their signs.

With all due deference to Joe Keenan, Andy Reid is one of the best-looking chaps in the league.

Capt. Ward's catch of a hot liner off McElroy's bat in the seventh was a beauty. He improved it by a double play, retiring Roberts at first.

George Bradford was fearfully angry when he struck out for the second time and growled at the umpire like—like Jimmie Dean.

In the last three innings only ten Leafs went to bat, and no hits were made. Devlin finished strong, and wound up by striking out Crowe.

Every local man made a hit.

Weber's umpiring was thoroughly impartial.

After repeated doses of Hamilton kicking, the conduct of the Leafs was refreshing. Roberts was the only offender. The habit acquired in Hamilton has not yet worn off.

Considering the wet condition of the grounds the fielding was superb.

There is yet room for improvement in the Guelph team.

STRATHROY DEFEATS PETROLEA.

Petrolea, July 17.—In the baseball game played here yesterday between Strathroy and the home team, the visitors were victorious. Petrolea 12, Strathroy 14.

FLYS.

The Michigan State League again has been placed on a solid financial basis, and will play out its schedule.

McCreery made three home runs in four times to bat the other day. Jack Taylor was the victim.

The Cincinnatis have lost eight out of fourteen games on Sundays on account of showers, and played ball between showers in two.

Manager Ed. Hanlon, of the Baltimores, will celebrate the 40th anniversary of his birth at Baltimore August 22nd.

Boston is second in both fielding and batting. Philadelphia leads in fielding and Baltimore in batting.

Springfield has released Second Baseman Bobby Moore, and the latter will try to secure a place in some other Eastern League club.

The veteran "Jack" Chapman has been connected with baseball as player and manager for 35 years, having been the left fielder of the Atlantics in 1862. He remained with that club until 1873. His career as a manager began in 1876 in Louisville, and here, after an interval of twenty years, he is still in the harness, admirably handling the Meriden club of the Connecticut State League.

Speaking of of the dispute over the umpires at Wednesday's game here, the Hamilton Herald says: "Just how it happened that Weber was substituted for Reid at the last moment is not known to the Herald, but it is quite certain that the Hams could not have won that day had they umpired the game themselves. Mr. Stroud appreciates this, and will not make any attempt to offset the result."

Keeler leads the outfielders, with a fielding average of .981. "Pop" Anson is high roller among the first basemen with .992.

The first three league batsmen are Keeler, of Baltimore, .397; Delehanty, Philadelphia, .388, and Duffy, Boston, .387.

There is more than one baseball team which has a bird of a name. Everybody knows of the Baltimore Orioles. Then there are the Blackbirds of Rochester, to say nothing of the Bobolinks of Grand Rapids and the Blue Jays of Kansas City.

Sam Thompson, the big outfielder, is ambitious to shine as a minor league magnate a la Comiskey, Manning and Wilmot. It is said that big Sam has $20,000 that he wants to invest in the Detroit club. He will buy the club if he can get Van der Beck out.

Perhaps if the Hams had not got up such a reputation for kicking at nothing, they would get a better show from umpires when there is color for a kick.—Guelph Mercury.

Fisher and Green didn't go to London. Fisher is laid up with a sore leg. Green says he missed the train, but would report in Hamilton tomorrow.—Guelph Herald.

"Dyson, you're a big stiff," said Dean as he wiped the dirt off his clothes after trying to steal second. "Don't get mad because you are foolish, Dean."—Guelph Advocate.

Baseball is picking up in Guelph. The audience there on Thursday was the best seen for many a day.

Ed. Morris, the ex-pitcher, may become a league umpire.

It is possible that Catcher Ganzel, of the Bostons, may be traded to the New York club in exchange for a pitcher.

Four leagues have given up so far this season—the Southern, Southwestern, Ohio-West Virginia, and Maine State.

The Colborne Street Sunday school hereby challenges the King streets or the Centennial Sunday school to a game of ball at their picnic. Please answer through these columns.

Toledo has a fine second baseman in young Beck, who has had 349 chances in 52 games, almost seven to a game, and accepted 92½ per cent of them. In batting he has an average of .345.

Joe Sullivan, who lies ill at Philadelphia, will use the money so generously subscribed by the players in the different league teams to defray his expenses to Arizona, where he hopes to recover his health.

According to league rules, a penalty of $100 should have been imposed upon the Louisville and New York clubs for transferring the game, which the league has thrown out, to the New York grounds.

An interesting game of ball was played between London West Maple Leafs and Robert Harris' Athletic Club, on Ready's commons, which resulted in favor of the Athletic club by a score of 10 to 2. Batteries—For Athletic club, Cox and Steel; for Maple Leafs, Gibson and Thompson.

AQUATIC.

THE HENLEY REGATTA.

London, July 17.—Although it is admitted that there was some falling off in attendance at the regatta owing to the rapacity of the townspeople, there was a splendid meeting at Henley fitting for the jubilee year. Ideal weather prevailed throughout, assisting in making fine records. It is fully a decade since the regatta has been favored with such a perfect three days.

It is worthy of note that in the terrific race between the Leanders and New College crews, the former used oars twelve feet long and six inches across the blade, while their opponents' oars were six inches longer and only five and a half inches across the blades. The prizes were presented last night.

In the final heat for the diamond sculls Teneyck, the American, got away first, slightly in advance of Blackstaffe, an advantage which he never lost. Teneyck, measuring his man, adopted the tactics of keeping just a length ahead, and using no more effort than was necessary to do so. The umpires said he reminded them of Hanlan. He rowed beautifully. There was one solitary yell to encourage Teneyck, while a continuous roar of cheers rose from both banks for Blackstaffe. The half-mile was reached in 3 minutes and 8 seconds. The three-quarters stake was reached in 4 minutes and 40 seconds, when Teneyck led Blackstaffe by a length and a half. The mile was passed in 6 minutes and 22 seconds, Teneyck leading by two lengths. Then Blackstaffe made a spirited attempt to collar his rival, who was now fairly in the Bucks' water, but though the wild encouragement of the crowd spurred on the Englishman, it was useless, for the Worcester boy maintained his position.

DRAUGHTS.

WYLLIE WON.

The Manchester half of the match between the veterans, Wyllie and Martins, finished in a win for Wyllie, the score being: Wyllie, 4; Martins, 2; drawn, 20. Martins was in better health and form than at Glasgow, but taken altogether the play at Manchester has been disappointing. On two occasions Wyllie gave his followers an unpleasant surprise. On the Friday, when eight games had still to be played and Robertson's list had been exhausted, it was decided to allow each player to alternately nominate openings of which two games were to be played, and to decide the first nomination lots were drawn. Martins won and gave Wyllie the choice when, to the surprise and disappointment of everybody, he chose the hackneyed "Old 14th" and, as was expected, both games ended in draws. Martins, on the other hand, named the "Edinburgh," an opening of which he lost both sides at Glasgow. The first game was drawn, and Martins won the second, being greeted with great applause for his play and the pluck he had displayed. After an interval Wyllie nominated the "Souter," again causing disappointment, but not surprise. As was expected, both games were drawn. Financially, the Manchester half of the match did not turn out so well as the Glasgow half. At the close of the match, Mr. Love, of the Lanarkshire Draughts Association, divided £12 equally between the two veterans. In doing so he complimented them upon their play in this encounter, and dwelt upon the life-long service they had rendered to draughts. In returning thanks, Mr. Wyllie remarked that he would rather meet any one in Scotland in a match than Mr. Martins. He stated that if Jordan beat Stewart, he would challenge him for the title and £50. The total score in this match was: Glasgow—Wyllie, 6; Martins, 2; drawn, 13. Manchester—Wyllie, 4; Martins, 2; drawn, 20.

CRICKET.

GUELPH VS. BRAMPTON.

Guelph and Brampton played cricket on Thursday. In the first inning Brampton made 58 and Guelph 109, of which S. Helton made 30, Carter 21 not out, Colson 18, S. R. Saunders 10. Brampton made 67 in the second inning. Guelph made the remaining 17 runs, and won by ten wickets.

THE PHILADELPHIANS IN ENGLAND.

Bristol, July 17.—The Philadelphians were all out yesterday in their first inning for 181 runs. They followed on, and at the close of play the Philadelphians had scored 66 runs for 1 wicket down in their second inning.

AT BISLEY.

How the Kolapore Cup Was Won—Canada and Cape Colony Tied for Fourth Place.

Bisley Camp, July 17.—For the Kolapore cup ten teams were entered, the largest number that ever shot in this competition. The entries were: The mother country, Canada, India, Victoria, New Zealand, Cape Colony, Queensland, Natal, Jersey and Guernsey.

The match is called after the Rajah of Kolapore, who established the event in 1871. In addition the National Rifle Association adds a colonial prize of £80 for the Indian or colonial team making the highest aggregate score. The cup is shot for at 200, 500 and 600 yards, seven rds at each distance, the highest possible attainable being 840 marks. The competition is restricted to efficient volunteers in teams of eight.

The cup was won by the Australians from the colony of Victoria, New Zealand being second and the mother country third. Canada and Cape Colony were at tie for fourth place.

The following are the scores:

	200 yds.	500 yds.	600 yds.	T'tl
Victoria	253	259	239	—751
New Zealand	247	265	236	—748
Mother Country	244	260	228	—732
Cape Colony	244	254	233	—731
Canada	239	254	238	—731
Natal	244	249	232	—725
Jersey	247	251	216	—714
Queensland	233	253	202	—688
India	230	232	208	—670

The Canadian team's showing at each of the stages is given below:

	200 yds.	500 yds.	600 yds	T'tl
Sergt. Blair	30	22	28	—80
Sergt. Drysdale	31	34	31	—96
Capt. Davidson	31	33	29	—93
Lieut. Ross	31	31	29	—91
Sergt. Broadhurst	29	32	28	—89
Corpt. Windatt	34	29	32	—95
Lieut. King	28	31	31	—90
Tr. Langstroth	25	32	30	—87

The cup was won in 1896 by Canada, with 656 points, England being second with 644.

Trooper Langstroth lost four points to the Canadians by firing at a wrong target.

Another report gives the Canadian team third place, Victoria being first, and New Zealand second.

In the Hopplestone competition Corrigan, Ross and Swain won 30 shillings each. King and Ross won 34 shillings each in the Wilmot competition. Broadhurst won £6 in the Pixley, and Brisdale £1 in the golden penny competition.

MARRIED HIS HOUSEMAID.

Philadelphia, Pa., July 17.—Dr. G. F. Cadwallader, the head of one of Philadelphia's oldest and most exclusive families, was married yesterday in St. Paul's Episcopal Church to Bridget Mary Ryan, his former housemaid. The bride came to this country five years ago from Tipperary, Ireland, and three years later entered the doctor's employ as housemaid. The doctor took more than an employer's interest in the fair Irish girl, and finally proposed marriage. The young lady accepted. She is 21 years old. Dr. Cadwallader is 50.
